## Section one

## Introduction

### This report summarises:

- the key issues identified during our audit of North West Leicestershire District Council's (the Authority's) financial statements for the year ended 31 March 2013; and
- our assessment of the Authority's arrangements to secure value for money (VFM) in its use of resources.

#### **Financial statements**

Our *External Audit Plan 2012/13* presented to you in March 2013 set out the four stages of our financial statements audit process.

**Planning** 

Control Evaluation

Substantive Procedures

Completion

This report focuses on the second and third stages of the process: control evaluation and substantive procedures. Our on site work for these took place in two tranches during April 2013 (interim audit) and August 2013 (year end audit). We carried out the following work:

Control Evaluation

- Evaluate and test selected controls over key financial systems
- Review work of internal audit
- Review accounts production process
- Review progress on critical accounting matters

Substantive Procedures

- Planning and performing substantive audit procedures.
- Concluding on critical accounting matters.
- Identifying audit adjustments.
- Reviewing the Annual Governance Statement.

We are now in the final phase of the audit. Some aspects are also discharged through this report:

Completion

- Declaring our independence and objectivity.
- Obtaining management representations.
- Reporting matters of governance interest.
- Forming our audit opinion.

#### VFM conclusion

Our *External Audit Plan 2012/13* explained our risk-based approach to VFM work, which follows guidance provided by the Audit Commission. We have completed our work to support our 2012/13 VFM conclusion. This included:

- assessing the potential VFM risks and identifying the residual audit risks for our VFM conclusion:
- considering the results of any relevant work by the Authority, the Audit Commission, other inspectorates and review agencies in relation to these risk areas.

### Structure of this report

This report is structured as follows:

- Section 2 summarises the headline messages.
- Section 3 sets out the key findings from our audit work in relation to the 2012/13 financial statements.
- Section 4 outlines the key findings from our work on the VFM conclusion.

Our recommendations are included in Appendix 1.

### **Acknowledgements**

We would like to take this opportunity to thank Officers and Members for their continuing help and co-operation throughout our audit work.

# Section two

# **Headlines**

This table summarises the headline messages. The remainder of this report provides further details on each area.

Proposed audit opinion	We anticipate issuing an unqualified audit opinion by 30 September 2013. We will also report that the wording of you Annual Governance Statement accords with our understanding of the arrangements in place at the Authority.	
Audit adjustments	We are pleased to report that our audit of your financial statements did not identify any material adjustments. The Authority made a small number of non-trivial adjustments, most of which were of a presentational nature. There was no impact on the General Fund.	
	There were a small number of presentational amendments, relating to the notes to the statements. The Authority have agreed that all of these will be amended.	
	We have raised a number of recommendations arising from our work, which are summarised in Appendix 1.	
Accounts production and audit process	The Authority has adequate processes in place for the production of the accounts and good quality supporting working papers. Officers dealt efficiently with audit queries and the audit process has been completed within the planned timescales.	
	We have worked with Officers throughout the year to discuss any issues that occurred during this year's audit. The Authority addressed the issues appropriately.	
Control environment	The Authority's organisation and IT control environment is effective, and controls over the key financial systems are sound. However, we have raised a recommendation in Appendix 1 regarding the need to update the current IT strategy.	
	We are satisfied that internal audit are compliant with the Code of Practice for Internal Audit in Local Government and have been able to place reliance on their work where this was relevant to our work.	
Completion	At the date of this report our audit of the financial statements is substantially complete. Before we can issue our opinion we require a signed management representation letter.	
	We confirm that we have complied with requirements on objectivity and independence in relation to this year's audit of the Authority's financial statements.	
VFM conclusion	We have concluded that the Authority has made proper arrangements to secure economy, efficiency and effectiveness in its use of resources. We therefore anticipate issuing an unqualified VFM conclusion by 30 September 2013.	

# Proposed opinion and audit differences

We have identified no issues in the course of the audit that are considered to be material.

The wording of your Annual Governance Statement accords with our understanding of the arrangements in place at the Authority.

### **Proposed audit opinion**

We anticipate issuing an unqualified audit opinion by 30 September 2013.

#### **Audit differences**

In accordance with ISA 260 we are required to report uncorrected audit differences to you. We also report any material misstatements which have been corrected and which we believe should be communicated to you to help you meet your governance responsibilities.

We did not identify any material misstatements..

There were a number of presentational errors identified in the notes supporting the statements and these have been amended in the final version of the accounts. The main amendments related to the presentation of information in the note supporting Property Plant and Equipment (Note 15). These amendments have a nil net impact on the disclosure.

There is no net impact on the General Fund as a result of audit adjustments.

In addition, we identified a small number of presentational adjustments required to ensure that the accounts are compliant with the Code of Practice on Local Authority Accounting the United Kingdom 2012/13 ('the Code'). We understand that the Authority will be addressing these where significant.

#### **Annual Governance Statement**

We have reviewed the Annual Governance Statement and confirmed that:

- it complies with *Delivering Good Governance in Local* Government: A Framework published by CIPFA/SOLACE; and
- it is not misleading or inconsistent with other information we are aware of from our audit of the financial statements.

# **Accounts production and audit process**

The Authority has good processes in place for the production of the accounts and good quality supporting working papers.

Officers dealt efficiently with audit queries and the audit process could be completed within the planned timescales.

Not all members completed their requested annual "Declarations of Interest" returns.

### **Accounts production and audit process**

ISA 260 requires us to communicate to you our views about the significant qualitative aspects of the Authority's accounting practices and financial reporting. We also assessed the Authority's process for preparing the accounts and its support for an efficient audit.

We considered the following criteria:

Element	Commentary
Accounting practices and financial reporting	The Authority has good financial reporting arrangements in place.
	We consider that accounting practices are appropriate.
	As part of our work on related parties we reviewed the Members "Related Party Transactions" returns made at the end of the financial year. We noted that three Members had not completed these returns.
	We have made a recommendation, in Appendix 1 of this report that all members complete these returns.
Completeness of draft accounts	We received a complete set of accounts for audit on 28 June 2013.
Quality of supporting working papers	Our Accounts Audit Protocol, which we issued on 20th February 2013 and discussed with Ray Bowmer – Head of Finance, set out our working paper requirements for the audit.
	The quality of working papers provided met the standards specified in our <i>Accounts Audit Protocol</i> .

Element	Commentary
Critical accounting matters (key audit risks)	We have discussed with officers throughout the year. Any issues identified during the audit have been addressed. There are no matters to draw to your attention.
Response to audit queries	Officers resolved audit queries in a reasonable time scale.

## **Control environment**

The Authority's organisation and IT control environment is effective, and controls over the key financial systems are sound.

However, the Authority's IT strategy expired in September 2011 and this should be reviewed and updated.

We are satisfied that internal audit are compliant with the Code of Practice for Internal Audit in Local Government and have been able to place reliance on their work where this was relevant to our work.

During April 2013 we completed our control evaluation work. We did not issue an interim report as there were no significant issues arising from this work. For completeness we reflect on key findings from this work.

### Organisational and IT control environment

Controls operated at an organisational level often have an impact on controls at an operational level and if there were weaknesses this would have implications for our audit. We therefore obtain an understanding of the Authority's overall control environment and determine if appropriate controls have been implemented.

The Authority also relies on information technology (IT) to support both financial reporting and internal control processes. In order to satisfy ourselves that we can rely on the use of IT, we test controls over access to systems and data, system changes, system development and computer operations.

We found that your organisational and IT control environment is effective overall.

However, the Authority's current IT strategy expired in 2011. An IT strategy is key to ensure future system development needs are identified and addressed in a co-ordinated manner.

We have included this as a specific recommendation in Appendix 1.

#### **Review of Internal Audit**

We work with your internal auditors to assess the control framework for certain key financial systems and seek to rely on any relevant work they have completed to minimise unnecessary duplication of work.

Where we intend to rely on internal audit's work in respect of the Authority's key financial systems, auditing standards require us to complete an overall assessment of the internal audit function and to evaluate and test aspects of their work.

We reviewed internal audit's work on the key financial systems and did not identify any significant issues with internal audits work.

Based on the self-assessment performed by internal audit, our

assessment of their files, attendance at Audit and Governance Committee and regular meetings during the course of the year, internal audit continue to comply with the Code of Practice for Internal Audit in Local Government.

Since April 2013, the United Kingdom Public Sector Internal Audit Standards (PSIAS) apply across the whole of the public sector, including local government. These standards are intended to promote further improvement in the professionalism, quality, consistency and effectiveness of internal audit across the public sector.

Internal Audit reported to the Audit and Governance Committee in March 2013 outlining the requirements of the new Public Sector Internal Audit Standards. These come into effect from 1 April 2013 and the Authority is aware of the requirements.

### Controls over key financial systems

Where we have determined that this is the most efficient audit approach to take, we test selected controls that address key risks within the financial systems. The strength of the control framework informs the substantive testing we complete during our final accounts visit.

Based on the work of your internal auditors, and our own work on controls over the year end process, the controls over the financial systems are sound.

Where weaknesses have already been reported, Internal audit included recommendations in their reports as appropriate.

# Completion

We confirm that we have complied with requirements on objectivity and independence in relation to this year's audit of the Authority's financial statements.

Before we can issue our opinion we require a signed management representation letter.

Once we have finalised our opinions and conclusions we will prepare our Annual Audit Letter and close our audit.

### Declaration of independence and objectivity

As part of the finalisation process we are required to provide you with representations concerning our independence.

In relation to the audit of the financial statements of North West Leicestershire District Council for the year ending 31 March 2013, we confirm that there were no relationships between KPMG LLP and North West Leicestershire District Council, its directors and senior management and its affiliates that we consider may reasonably be thought to bear on the objectivity and independence of the audit engagement lead and audit staff. We also confirm that we have complied with Ethical Standards and the Audit Commission's requirements in relation to independence and objectivity.

We have provided a detailed declaration in Appendix 3 in accordance with ISA 260.

### Management representations

You are required to provide us with representations on specific matters such as your financial standing and whether the transactions within the accounts are legal and unaffected by fraud. We have provided a template to the Head of Finance and s151 Officer, which is reproduced in Appendix 4. We require a signed copy of your management representations before we issue our audit opinion.

#### Other matters

ISA 260 requires us to communicate to you by exception 'audit matters of governance interest that arise from the audit of the financial statements'.

There are no others matters which we wish to draw to your attention in addition to those highlighted in this report relating to the audit of the Authority's 2012/13 financial statements.

## Section four – VFM conclusion

## **VFM** conclusion

Our VFM conclusion considers how the Authority secures financial resilience and challenges how it secures economy, efficiency and effectiveness.

We have concluded that the Authority has made proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

### **Background**

Auditors are required to give their statutory VFM conclusion based on two criteria specified by the Audit Commission. These consider whether the Authority has proper arrangements in place for:

- securing financial resilience: looking at the Authority's financial governance, financial planning and financial control processes; and
- challenging how it secures economy, efficiency and effectiveness: looking at how the Authority is prioritising resources and improving efficiency and productivity.

We follow a risk based approach to target audit effort on the areas of greatest audit risk. We consider the arrangements put in place by the Authority to mitigate these risks and plan our work accordingly. Our approach was set out in more detail in our *External Audit Plan* 2012/13.

#### Risk assessment

Our initial risk assessment identified the following key business risks which are also relevant to our VFM conclusion:

- the Authority's approach to the general economic environment
- the approach taken by the Authority in addressing the financial and systems issues caused by the increased housing expenditure

We are satisfied that in all cases, sufficient work in relation to these risks had been carried out by the Authority, the Audit Commission, other inspectorates or review agencies to mitigate the audit risks for our VFM conclusion. We concluded that we did not need to carry out any specific additional detailed work ourselves.

#### Conclusion

We have concluded that the Authority has made proper arrangements to secure economy, efficiency and effectiveness in its use of resources.

VFM criterion	Met
Securing financial resilience	✓
Securing economy, efficiency and effectiveness	✓

# **Appendix 1: Key issues and recommendations**

We have given each recommendation a risk rating and agreed what action management will need to take.

We will formally follow up these recommendations next year.

## Priority rating for recommendations

- Priority one: issues that are fundamental and material to your system of internal control. We believe that these issues might mean that you do not meet a system objective or reduce (mitigate) a risk.
- Priority two: issues that have an important effect on internal controls but do not need immediate action. You may still meet a system objective in full or in part or reduce (mitigate) a risk adequately but the weakness remains in the system.
- Priority three: issues that would, if corrected, improve the internal control in general but are not vital to the overall system. These are generally issues of best practice that we feel would benefit you if you introduced them.

Risk	Issue and recommendation	Management response / responsible officer / due date
2	Not all Members returned their annual "Related Party Transactions" returns.  These form part of the basis of Officers identification of possible related party transactions and should be completed annually.	Officers will continue to work closely with elected members to ensure they are in a position to submit their Related Party Transaction returns on time. The assistance of Group Leaders will be considered if requests and reminders prove to be ineffective.
		(Head of Finance) March 2014
2	The Authority's current IT strategy expired in 2011. An IT strategy is key to the assessment of current and future IT needs and would ensure that these are achieved in a coordinated way across the Authority.  The IT strategy should be updated.	The ICT Strategy is currently being refreshed. The strategy will outline technical strategy, commercial (procurement & vendor management) strategy and staffing over the period 2013/14 to 2017/18. # **Appendix 2: Declaration of independence and objectivity**

The Code of Audit Practice requires us to exercise our professional judgement and act independently of both the Commission and the Authority.

### Requirements

Auditors appointed by the Audit Commission must comply with the *Code of Audit Practice* (the Code) which states that:

"Auditors and their staff should exercise their professional judgement and act independently of both the Commission and the audited body. Auditors, or any firm with which an auditor is associated, should not carry out work for an audited body that does not relate directly to the discharge of auditors' functions, if it would impair the auditors' independence or might give rise to a reasonable perception that their independence could be impaired."

In considering issues of independence and objectivity we consider relevant professional, regulatory and legal requirements and guidance, including the provisions of the Code, the detailed provisions of the Statement of Independence included within the Audit Commission's Standing guidance for local government auditors (Audit Commission Guidance) and the requirements of APB Ethical Standard 1 *Integrity*, *Objectivity and Independence* (Ethical Standards).

The Code states that, in carrying out their audit of the financial statements, auditors should comply with auditing standards currently in force, and as may be amended from time to time. Audit Commission Guidance requires appointed auditors to follow the provisions of ISA (UK &I) 260 Communication of *Audit Matters with Those Charged with Governance*' that are applicable to the audit of listed companies. This means that the appointed auditor must disclose in writing:

- Details of all relationships between the auditor and the client, its directors and senior management and its affiliates, including all services provided by the audit firm and its network to the client, its directors and senior management and its affiliates, that the auditor considers may reasonably be thought to bear on the auditor's objectivity and independence.
- The related safeguards that are in place.

■ The total amount of fees that the auditor and the auditor's network firms have charged to the client and its affiliates for the provision of services during the reporting period, analysed into appropriate categories, for example, statutory audit services, further audit services, tax advisory services and other non-audit services. For each category, the amounts of any future services which have been contracted or where a written proposal has been submitted are separately disclosed. We do this in our Annual Audit Letter.

Appointed auditors are also required to confirm in writing that they have complied with Ethical Standards and that, in the auditor's professional judgement, the auditor is independent and the auditor's objectivity is not compromised, or otherwise declare that the auditor has concerns that the auditor's objectivity and independence may be compromised and explaining the actions which necessarily follow from his. These matters should be discussed with the Audit and Governance Committee.

Ethical Standards require us to communicate to those charged with governance in writing at least annually all significant facts and matters, including those related to the provision of non-audit services and the safeguards put in place that, in our professional judgement, may reasonably be thought to bear on our independence and the objectivity of the Audit Partner and the audit team.

## General procedures to safeguard independence and objectivity

KPMG's reputation is built, in great part, upon the conduct of our professionals and their ability to deliver objective and independent advice and opinions. That integrity and objectivity underpins the work that KPMG performs and is important to the regulatory environments in which we operate. All partners and staff have an obligation to maintain the relevant level of required independence and to identify and evaluate circumstances and relationships that may impair that independence.

# **Appendix 3: Declaration of independence and objectivity (continued)**

We confirm that we have complied with requirements on objectivity and independence in relation to this year's audit of the Authority's financial statements.

Acting as an auditor places specific obligations on the firm, partners and staff in order to demonstrate the firm's required independence. KPMG's policies and procedures regarding independence matters are detailed in the Ethics and Independence Manual ('the Manual'). The Manual sets out the overriding principles and summarises the policies and regulations which all partners and staff must adhere to in the area of professional conduct and in dealings with clients and others.

KPMG is committed to ensuring that all partners and staff are aware of these principles. To facilitate this, a hard copy of the Manual is provided to everyone annually. The Manual is divided into two parts. Part 1 sets out KPMG's ethics and independence policies which partners and staff must observe both in relation to their personal dealings and in relation to the professional services they provide. Part 2 of the Manual summarises the key risk management policies which partners and staff are required to follow when providing such services.

All partners and staff must understand the personal responsibilities they have towards complying with the policies outlined in the Manual and follow them at all times. To acknowledge understanding of and adherence to the policies set out in the Manual, all partners and staff are required to submit an annual Ethics and Independence Confirmation. Failure to follow these policies can result in disciplinary action.

#### **Auditor declaration**

In relation to the audit of the financial statements of North West Leicestershire District Council or the financial year ending 31 March 2013, we confirm that there were no relationships between KPMG LLP and North West Leicestershire District Council Council, its directors and senior management and its affiliates that we consider may reasonably be thought to bear on the objectivity and independence of the audit engagement lead and audit staff. We also confirm that we have complied with Ethical Standards and the Audit Commission's requirements in relation to independence and objectivity.
