Describe the steps you intend to take to promote the four licensing objectives:

**a) General - all four licensing objectives (b, c, d, e) (please read guidance note 9)**

The plan which accompanies this application indicates the proposed position for the display and storage of alcohol. The alcohol may be displayed or stored, from time to time, in different positions within the store.

**b) The prevention of crime and disorder**

1. A CCTV system will be maintained which is fit for the purpose. The system will incorporate a camera covering the entrance door and be capable of providing an image which is regarded as identification standard.
2. The CCTV system will incorporate a recording facility and any recording will be retained and stored in a suitable and secure manner for a minimum of one calendar month. A system will be in place to maintain the quality of the recorded image and a complete audit trail maintained.
3. The CCTV system will be maintained and fully operational throughout the hours that the premises are open for any licensable activity.
4. The precise position of the cameras may be agreed with police from time to time.

**c) Public safety**

The applicant will at all times maintain adequate levels of staff. Such staff levels will be disclosed, on request, to the licensing authority and police.

**d) The prevention of public nuisance**

Adequate waste receptacles for use by customers shall be provided in and immediately outside the premises.

Signage will be displayed at the exit of the premises requesting customers leaving the premises late at night to do so quietly and with consideration so as not to disturb nearby residents.

**e) The protection of children from harm**

All staff will be trained to request evidence of age from any person seeking to buy alcohol and appearing to the member of staff to be under the age of 18. Such evidence is to be of a photographic nature such as a passport or photographic driving licence until other effective identification technology, such as thumbprint or pupil recognition, is introduced.

Re: Application No. EMF/29640/6/RPB

Dear Sir,

I wish to object to the above application that has recently been submitted by Whitwick Filling Station for the licensing of alcohol sales and extended trading hours.

Currently:

The wall outside of the filling station and to the left, which is adjacent to my property, has become a popular hangout for local youngsters. There are regularly groups of youths sitting on the wall, eating and drinking and playing football etc. in the yard after the garage car washing has finished for the day. There has been no apparent action by the garage to stop this. The result is that there is a great deal of litter in the area - both in the street and in residents' gardens. There are noise disturbances to residents in the vicinity from these congregations and there have been incidences of intimidation and harassment to residents made by these groups (refer to Police Crime No.: \_\_\_\_\_), including attempting to menace one of our neighbours to purchase alcohol for them.

With this application I believe that:

Extended trading hours at the garage will encourage youngsters to spend more time there, thus increasing the nuisance through more litter and more noise. In particular litter as discarded bottles/cans and food from late night drinking and snacking is inevitable. In addition to this, extended trading hours will encourage groups to stay later into the night and will create noise late at night and into the early hours. The boundary between my property and the garage is currently just a conifer hedge; this does not cut out noise or stop litter from blowing into the garden. The car wash area of the garage premises is right next to my house and there is already an existing problem with noise during the day (refer to Noise Complaint Reference: \_\_\_\_\_). I do not wish to be disturbed during the evening and nighttime too. There is also a fear that groups and gangs will be of further menace to the public and local residents.

I would also point out that the application has an incorrect name for the premises in question. The address on the application notice is "Whitwick Service Station & Convenience Store, 20 Talbot Street, Whitwick, Leicestershire, LE67 5AW". The correct title for the premises appears to be just "Whitwick Filling Station" as confirmed on the attached documentation from Royal Mail and the Land Registry Office.

Please also note that the address of "20 Talbot Street" is incorrect as this is my address. To me this suggests that the applicant is unfamiliar with the garage or it's running. Surely changing the name of the business for this application suggests that the retailers are attempting to play up the significance of the shop attached to the garage? I query whether the application is valid given that it has been made under an incorrect name and address?

I would feel more positive about this application if the garage owner had approached the local residents informing them of the proposal and wanting to work with the local community to find win-win solutions to the above issues. These solutions could be in the form of full street coverage by CCTV, extra litterbins along the street and noise barrier fencing replacing the conifers along the garage boundaries, etc.

Yours faithfully,

A handwritten signature in black ink that reads "Adrian Carlin". The signature is written in a cursive style with a large initial 'A'.

**Application Ref:-EMF/29640/6/RPB**

Dear Sir/Madam,

We understand that the petrol filling station on Talbot Street Whitwick has applied for a licence to:-

- a) Open their shop and sell petrol 24hrs/day
- b) Have a liquor licence to sell alcohol between 08.00 and 23.00 daily.
- c) To provide late night refreshments between 23.00 and 05.00 daily.

We would like to express our grave concerns over and total opposition to the above application and would not like the licence to be granted. Our reasons are given below.

The filling station is, quite unusually these days, situated in the middle of a residential district. The station is currently closed from late evening until the morning. During the hours the station is closed the road outside our house is generally very quiet with very low levels of traffic. We cannot see that the volume of night-time traffic warrants any extension of current opening hours and the only way this would prove to be commercially successful would be if more traffic was encouraged by the extended opening hours to travel down our residential road. More night-time traffic would cause more noise and vehicle emission pollution at a time when most people are trying to sleep often with windows open. Currently it is very quiet here over night and this would be a very

unwanted change to our environment. ***This constitutes a public nuisance and we believe is contrary to the licensing objectives.***

In the close vicinity of the filling station we already have one public house and a corner shop both selling alcohol. We do not see the need for yet another outlet for alcohol purchase.

The publican obviously has to control the behaviour of his customers and sell alcohol responsibly. The shop is a small family concern having personal connections with the local villagers delivering their newspapers and selling groceries etc. to local people and thus if there is a problem being caused by for instance people buying alcohol and drinking it in the street there is a good chance this can be resolved locally. We do not believe that the filling station can be as responsible in its sale of alcohol. We fear an increase in street drinking and corresponding problems, which ultimately will cause more problems and expense for the local council and police. ***We feel this has implications for crime and disorder, again not in line with the licensing objectives.***

We have, from time to time, been troubled by youngsters sitting on the garage wall, eating and drinking and dropping litter. This is already therefore been shown to be an area that some children have been attracted to. I feel that the sale of alcohol here increases the risk that older people can buy it and then give it to under age children to drink it in the street. This application increases the risk to children. ***We believe this licence could increase the risk to children and is therefore contrary to the licensing objectives.***

There are also many supermarkets in the area that sell alcohol and things the shop is likely to sell. Supermarkets are placed on major non-residential roads. We would not like to see more traffic on our already crowded road caused by more people driving here just to pick up alcohol and shop goods which they could have driven to a supermarket for. If they are that desperate I believe Tesco in Ashby are open 24 hours already, so the facility already exists within a reasonable distance of here and in a position less likely to cause annoyance and environmental pollution, i.e. ***public nuisance to local residents.***

Having a licence to sell refreshments between 23.00 and 05.00 we find very disturbing. Again the small amount of traffic currently using our street in these hours is unlikely to support this so again we fear that extra-unwanted traffic will be enticed in to our residential street. Once a licence has been granted for this who knows what form it could eventually take

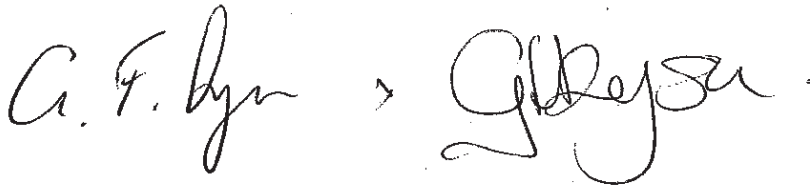

and the litter and smell that could be associated with such a venture is not wanted near to our home. I.e. *public nuisance*.

The application for this licence must surely be to increase the trade of the filling station. This would mean more traffic, more shop deliveries and more petrol tanker deliveries with the associated fumes than at present - again more pollution near our home. More traffic on an already busy day-time road means *a less safe road outside our home*.

The filling station is just as it states, predominately a petrol station i.e. a garage and this has been its main trade for many years, the very small shop attached has always been small. *I understand that a garage whose main trade is thus is excluded from having a liquor licence.*

We hope you will seriously consider our objections and refuse to grant an extension of the trading hours of the Talbot Street Filling Station or a liquor licence as they have requested.

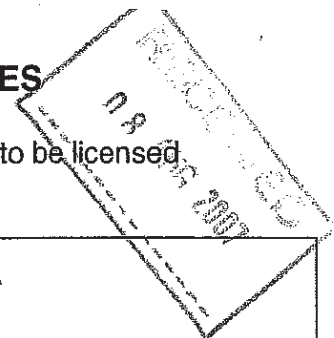

Yours sincerely

Re – Licence application EMF/29640/6/RPB

We live on the street overlooking the petrol station and are concerned at the proposed licence application made by the Whitwick Filling Station on Talbot Street.

We cannot see the need for the filling station to have a liquor licence when there is a public house across the road and an off licence a little way down the road. There is enough noise from the public house and gatherings of youngsters near the petrol station and on the green nearby late at night without them congregating after 11 for food and or alcohol. It is sometimes impossible to get to sleep in the early hours of the morning due to gatherings of youths and young adults making lots of disturbance.

We already have problems with litter from the two fast food outlets a short distance away without more being added from the petrol station.

Yours sincerely

Dear Sir / Madam,

We are very concerned by the planning application that has been put forward by the local filling station.

Reference number EMF/29640/6/RPB.

This is a nice area, and we do not need to attract more people for the purchase of liquor and alcohol, especially with a public house and off-licence within 100 yards of each other.

There are also enough 'toy-racers' speeding in and

around the streets, during  
the day, never mind the  
night as well.

Thringstone meets Whitwick  
at the filling station, there  
is a very busy junction, bus  
stops and local schools,  
people who reside in and around  
have enough to put with.  
So please reject this on our  
behalf. Thank you.

Yours sincerely,

J. J. Brownwick.

Dear Sir or Madame

Re Application of HKS Retail for Whitwick Service Station

We strongly object to this application on two counts.

License to sell alcohol to be consumed off the premises from 08.00 – 23.00. There are already many outlets of this nature, as well as numerous pubs and clubs in Whitwick and Thringstone. We live on the main route that the noisy drunks take between the two villages. This outlet would be yet another opportunity for those without any social conscience to make the lives of residents of North Street unpleasant.

Serve light refreshments from 23.00 – 0500. In effect this would be an all night takeaway. This is not acceptable in a residential area. Already, as mentioned above we suffer from noise. This application would only extend the problem through the night. My house is directly adjacent to a speed-bump which you will appreciate adds to the noise of passing traffic. If this license were granted the volume of traffic passing past my house through the night would be greatly increased along with the resulting noise pollution

Yours sincerely

To whom it may concern

I would like to object to the application for a licence at Talbot Street Filling Station Whitwick ~ (Ref EMF/29640/6/RPB).

I have been resident at my address for 30 years, almost opposite the Filling Station and am aware of the problems it could cause with 24hrs opening and for the sale of Alcohol on the premises.

As there is a Public House within a short distance of the named premises, and also a corner shop selling alcohol, I think this is enough for peoples needs.

I am concerned about the noise levels of trying to sleep if hours were extended, as most of the properties opposite are bungalows, where people are sleeping on ground floor level.

Another concern is the yobbish noisy behaviour which could occur, as reported by the Leicester Mercury on 2<sup>nd</sup> August as is the case on Greenhill Estate, where young people are getting drunk, and intimidating passers by who could be young or elderly.

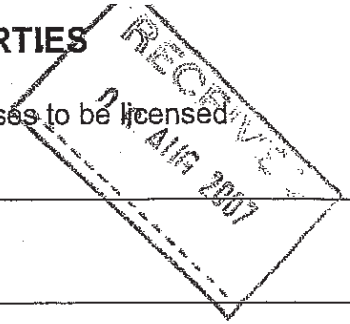

The wall outside the Filling Station has already been damaged several times, and this could also increase with extra traffic.

Yours faithfully,

Patricia Pallett (Ms)

We wish to raise concerns of the proposed application for Whitwick Filling Station.

We thoroughly object to 24hr opening, there would be too much noise in this built up area.

Our life style dictates shift work, and our sleep is important. The constant noise of people coming and going, car doors shutting, occasional alarms going off. People trying to be quiet, "which doesn't happen".

We experience a lot of noise when the pub shuts, only to find out that the garage wants to encourage people to buy more alcohol, "who could even be driving".

The sale of hot food, which comes with smells, litter, people hanging about eating this food.

We really find it worrying as we don't know what people are getting up to.

The litter that is piling up on the grass verge and also on peoples fronts. This will also encourage youths to be sitting on the wall, throughout the night.

My husband has installed CCTV as we do feel vulnerable with youths hanging about the garage.

We do feel that the pub on the corner, and the off licence at the top of the dumps road. is more than enough sales.

We bought our house with the garage opposite, we feel that this will affect the value of our house.

Please take these points into consideration as it affects peoples lives,

**Re: Application reference HKS Retail Ltd, 20 Talbot Street, Whitwick**

Dear Sirs

I have read the application for an Alcohol licence and, for the proposed staying open of the Garage premises from 11.00 pm until 5.00 am for the sale of snacks.

### **Issue 1**

There is a public house almost opposite the premises and there is a corner shop 3 or 4 doors away from the premises, the corner shop is licensed.

We consider the existing provisions for the sale of alcohol in the area to be perfectly adequate. Also, we feel that having a garage as an alcohol outlet will encourage underage persons to "try it on" and will cause the area to be a focal point for youths to congregate, which to an extent it already is. We feel that this will also encourage drinking in the streets. I can testify that the latter is currently a problem as evidenced by the number of beer cans and beer bottles deposited along North Street and adjacent gardens.

## Issue 2

North Street is a busy road from about 8.00 am to 8.00 pm. The suggested opening of the Garage for snacks during late night and the early hours will attract traffic during those extended hours. The North Street area is already acknowledged as having a traffic problem. The proposal is totally unjust to the local residents from a noise and nuisance point of view. In addition we think that it will become a place for persons to congregate after public house closing times. This will again attract undesirable persons to the neighbourhood and the attendant litter problems.

We feel that this application by HKS retail to be totally unacceptable in what is in the main a residential area.

Should there be further developments please let me know.

Yours Faithfully

Steve Camamile

Dear Licensing Section,

**RE: Application to Supply Alcohol/Provide Late Night Refreshment  
Whitwick Filling Station, Talbot Street, Whitwick  
Ref: EMF/29640/6/RPB**

I am writing to object to the above application to provide alcohol and late night refreshment.

My primary concern with regard to the sale of alcohol is that there will be no control of the supply once it has left their premises. The lack of control will give rise to an increase in under age drinkers in particular and seems to go against the governments concern for limiting alcohol intake.

It will also increase the amount of litter we already collect from the common ground in front of our premises. We regularly pick up and dispose of cans of beer that have been purchased from the local shop which already sells alcohol. The local corner shop is 100 metres from the garage so I can see no advantage for another outlet to sell alcohol during normal shop opening hours and for any 'emergency' purchases there is a 24 hour supermarket a few miles away. Excessive alcohol consumption is hazardous to our health and to sell it like a commodity such as bread and milk seems madness in the current climate of health awareness.

As a licensee I am very much aware of the problems that alcohol causes and I am constantly amazed at how many people try to buy alcohol when under age or try to buy it for under age drinkers. Only recently we had a 13 year old girl on the premises who had been supplied with alcohol from a shop and I am worried that this type of incident will increase if you allow more off sale licences to basically unsupervised premises.

With regard to the sale of late night refreshment, my concern would be the type of people they are targeting to sell to. We have very few shift workers in the neighbourhood so only source of customers would be drinkers coming from the local town centre and it would encourage unemployed youngsters to congregate in front of the premises.

I will be happy to attend the Council Offices if you wish to discuss the matter any further with me, or you can telephone me on the number above.

Yours sincerely,

*Dear Steven*

**Licensing application – Whitwick and Ibstock Filling Stations**

I have been contacted by several constituents regarding the proposed licence application for the sale of alcohol at the above premises.

My Ibstock constituent informs me that various incidents occurred on Ashby Road during the late evening of Friday 3<sup>rd</sup> August including a gang of young people congregating around the kiosk creating a noise, car engines revving, car doors slamming, and someone repeatedly kicking security shutters after apparently being refused sale of cigarettes.

My Whitwick constituent reported similar problems of youths congregating near the petrol station late at night causing a disturbance and they already have problems with litter from nearby fast food outlets. They cannot see the need for the filling station to have a liquor licence when there is a public house and off licence in the vicinity.

My constituents are concerned that granting a liquor licence for these premises will further exacerbate the problems already experienced. I therefore support the residents' concerns in opposing these applications.

Yours sincerely

Dear Sir,

We most certainly do object to a licence being given to Whitwick Filling Station, when there is a licenced shop not 100 yds along the road, plus a public house across the road from the garage. Also the premises being open all night, would be very worrying at our age due to increased noise levels and unwanted extra activity.

Yours faithfully

With regards to the application by HKS Retail Ltd. for a licence to extend opening hours and commence sales of alcohol from Whitwick Filling Station, we the undersigned wish to object for the following reasons:

- Public safety - Exacerbation of the current situation with youngsters sitting on the wall of the filling station, creating a visibility problem to motorists leaving the premises and causing accidents and "near misses" on the stretch of road outside.
- Protection of young people - with regards to the above encouraging youngsters to congregate in an unsafe area.
- Public nuisance - Increase in the current litter problem surrounding the filling station caused by discarded sweet and cigarette wrappers and soft drinks bottles, to include drinks cans and glass bottles.
- Crime and disorder - An increase in antisocial behaviour both of groups already congregating on, and outside, the premises when alcohol is available to them, and after-hours revelling followed by discarding of litter and food remains in the early hours.
