Licencing Application REF: Ashby War Memorial Club

The following views are made on behalf of over 100 members of the Ashby de la Zouch Civic Society. As you are aware there is an ongoing problem of late night crime and disorder, public nuisance and violence in Ashby de la Zouch town Centre.

This has been contained by the imposition of a special saturation policy for the Town Centre.

We wholeheartedly support this policy which would normally refuse all new licences.

We would conclude on the information available that there is no justification, especially in light of the saturation policy to allow this change of licence application.

The authority seeks to achieve a balance between leisure and entertainment and the needs of local residents. The key licensing objective of late night alcohol and music license is the prevention of crime, disorder and public nuisance.

A late night licence extension for these premises will encourage disorder and anti-social behaviour by concentrating crowds of young people exiting this premises and Ciro's nightclub which are now effectively co-joined.

The co-joined clubs have a capacity of 560 young people and the impact of all these people leaving the premises at the same time would cause disorder and public nuisance. The police manning levels would not be sufficient to control such crowds.

Experience of Ashby shows that, when young people having consumed alcohol, meet in the street, there occurs threatening behaviour, violence and damage to property. These extended premises would be a focus for these people.

There are several residential, over shop flats and residential houses in this area who would be subject to disturbance and the trading hours allowed should reflect this. The impact on residents in the vicinity of a late licence and people congregating in the street is disproportionate and unreasonable.

The proposed closure of Apollo's night club in the town will lead to a concentration of young people attending these premises.

We are of a mind that to maintain the 1.00am licence for this club would allow for a phased closure of the two premises and thus reduce the impact of a 2.00pm closure of both premises on the town centre.

We would also remind the committee of Ashby Town Council's position to object to licence extensions past 11.00pm.

We therefore request that this late licence extension application is refused.

Yours sincerely

Dear Sirs

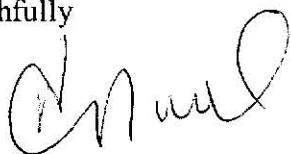

We wish to object to the current application by the War Memorial Social Club of North Street Ashby for permission to sell alcohol for consumption off the premises.

Young adults and children already use the garden area in front of the library/museum for drinking parties: similar use is made of the car park at the rear of these premises. We already have to clear large numbers of wine & spirit bottles and beer cans from behind and in front of the museum premises each week. Our property has been subject to significant vandalism.

Adding another off-sales outlet will further aggravate the problem because

- 1) It is opposite the museum/library, car park and Hood Park.
- 2) Ashby has numerous off-licences and supermarkets selling alcohol during the day and evening.
- 3) Sales of alcohol in this area could lead to further disturbances in Hood Park.

Yours faithfully

Robert Jones, Vice Chairman of Trustees.

Dear Sir/Madam

I am a resident at Court 19, North Street, Ashby De La Zouch.

I am writing to object to the proposal of extended hours, increased sale of alcohol and extended occupancy figures of Ashby War Memorial Club, North Street, Ashby De La Zouch.

Living directly opposite the club I feel this extension to Ciro's nightclub will bring unacceptable levels of noise from the music and clientele, well into the early hours. This is a residential area and I feel it is unacceptable to allow development of a nightclub only meters from my home.

I trust that you will consider my objections to the licensing extension

Yours Faithfully,

Jane Mummery

Dear Sirs

**RE: LICENSING ACT 2003 - APPLICATION FOR VARIATIONS
 ASHBY WAR MEMORIAL CLUB, NORTH STREET, ASHBY DE LA ZOUCH, LE65 1HS**

We act on behalf of a number of individuals and businesses who are listed on the attached sheet who qualify as interested parties being people living in the vicinity of the premises in question and/or involved in a business in the vicinity of the premises.

The dwellings at 1-4 Court 19, Market Street lie within 14 – 16 metres of the building including an elevation of the application building with opening windows. The premises are within 65 metres of the Lewis Charlton school in North Street which is residential and accommodating children with special educational needs. Further, one of our clients has recently obtained planning permission to extend the dwellings in Court 19 to provide 2 new flats which would be within 20 metres of the proposed site. They further have an application in with the Council for planning permission for semi detached dwellings which would be within 10 metres of opening windows within the application building.

Our clients have instructed us to object to the following: -

1. The proposed variation to the hours for the sale of alcohol, the provision of regulated entertainment and the provision of late night refreshment.
2. The proposed variation to the opening hours.
3. The proposed variation to allow off sales.
4. The proposed increase in the capacity of the various rooms and the total capacity.

The reasons for the objections are set out under the headings below by reference to the licensing objectives.

In this context we would emphasise that the premises are in the Ashby de la Zouch special policy area which, according to the Council's Licensing Policy, establishes a presumption to refuse unless an applicant can demonstrate that there would be no negative cumulative impact on one or more of the licensing objectives: -

2/Cont...

Promoting the Prevention of Crime and Disorder

The variations are intended to enable premises of a quite different character to become established. Based on current promotions for forthcoming events envisaged by the applicant it is apparent that the applicant seeks to attract substantial numbers of new customers into the area. The potential for attracting new custom to what is in effect a wholly new venue will not, we believe, promote the prevention of crime and disorder. Quite the reverse we think it will be likely to exacerbate petty crime and disorder in the vicinity and to extend it to a wider part of the town than experiences it already; in particular the area to the north of Market Street including North Street.

The Promotion of Public Safety

We are concerned that the capacity is proposed to be increased from 350. We note that the maximum of 560 is put forward but that the capacity increase proposed for the 3 individual rooms in the building totals 700. The figures do not seem to add up.

In any event we are concerned that there is apparently no change to the plan and query whether public safety is being promoted by increasing the capacity by either 60% or 100% without any provision of additional emergency exits.

Further, there is no indication in the application or in any condition proposed as to what measures there might be put in place to ensure that the capacity is not exceeded either overall or in the individual rooms.

We have a more general concern about the provision of facilities within the premises catering for 560 (or 700) with the existing bar, toilet and other facilities. We say this in the light of the fact that a new plan is not being submitted.

Promoting the Prevention of Public Nuisance

There is in our clients' view no doubt that public nuisance will increase by virtue of the increase in the numbers attending the premises and the increase in hours proposed for the various licence activities.

In practice the change in the numbers, the increase in hours and the change in the format of the premises is clearly intended to result in a change in the character. Whilst operating as the War Memorial Club the premises have primarily been a drinking establishment with weekly dancing. The proposal is clearly intended to result in a substantial nightclub venue whose clientele, character and impact will be drastically different.

The War Memorial Club is an established feature in the town and whilst giving rise to a limited degree of nuisance to nearby residential occupiers it is clear that the proposals including the change in format, the increase in numbers and hours would result in an increase in public nuisance wholly contrary to the licensing objective. We envisage this would be from music played at the premises, by customers using the premises and by vehicles used by those customers.

3/Cont...

In this context whilst we recognise that with a variation there is no requirement for a new operating schedule we are still surprised that there has been no consideration in the application of a risk assessment in accordance with paragraph 9.2 of the Council's Licensing Policy and that the issue of noise break-out and impact has apparently been given no consideration whatsoever.

Our clients are also concerned that the application to allow off sales will permit drinking outside in a smoking area or in the car park and the opening and closing of doors will allow further noise break out causing further public nuisance. Individuals drinking outside in smoking areas or in the car park or indeed further afield, having bought their drinks on the premises, has the potential for causing very substantial public nuisance.

In all the circumstances we can see no way in which the proposal will promote the licensing objectives and would urge the Council to refuse the variations proposed.

We anticipate that a hearing will be necessary and would welcome the opportunity of making representations personally to the Committee.

Yours faithfully

Roger Etchells

Dear Sirs,

We recently placed an objection to the extension of the licence on The War Memorial premises. It has since been made clear to us that the information we were given that led to us placing that objection was in fact incorrect. We were told that our car park would be used, that coach loads of people would be arriving in the town and noise levels would go on throughout the night. We were also led to believe that there would be an increase in antisocial behaviour. We did not realise that the document we signed would be used in court. Since then, we have come to understand that in actual fact The War Memorial itself is being converted into a functions room and the only extension of Ciro's Nightclub will be in the room previously known as The Red Rooms. We have viewed the Dispersal Procedure and in light of all of the above wish to withdraw our objection. We would also like to mention that we feel that Ciro's is a much safer and pleasant environment than the other nightclub in Ashby, Apollos.

Yours Sincerely

Dear Lisette,

I was very surprised to see the objection to your licence for Ashby social club. I was approached by a gentleman one day last week who's exact words were "Ashby social club will be filled with 600 black people, and all our car parks will be full of their cars. The noise will be horrendous, and that you have made no provisions for dispersal off the venue."

I have been in Huntington court for over 15 years, and have never in all that time had any problems with either Ciro's nightclub, or Ashby social club. I am more than happy for Ashby social club to have a 2am licence, in fact I believe Ashby needs more controlled areas to socialise in, and am looking forward to it. I am willing to attend any hearing to voice my support.

Yours truly,

Dear Andy,

Many thanks for your patients.

I have enclosed a revised mission statement and impact statement for Ashby social club. I have also enclosed dispersal procedure, and letter from "just for you" from Suzanne Wootton, to be included in the hearing documents.

I don't know whether you can submit it but I have enclosed an article in the Publican, relating to a licence granted in a cumulative impact zone, due to evidence showing the bar was well run and had no previous history of problems.

I have been to see some of the people on the objection letter from Roger Etchells, The people who I have spoken to seemed to think they were signing a petition rather than personally objecting by name on a document.

In the case of Caring hands a petition was put in front of them they were then told old people were having to move out, because of Ciro's (not Ashby social club) so they just signed. The manager is on holiday at present, but I have an appointment to see her on Wednesday 2nd September.

I have sent all objectors a copy of all documents enclosed with a covering letter inviting them to contact me or come and visit the premises, at their convenience.

Kind Regards

Lisette Bell-Simmonds

Mission Statement for Ashby social club.
Incorporating Ciro's & VIP Rooms

Ashby war memorial club would like to extend its premises to incorporate part of Ciro's nightclub.

The upstairs bar formally known as the red rooms has now been extended by taking down one office. The other 2 offices upstairs have been converted to ladies & gents toilets, and the fire exit has been extended to 2 double fire exits. A bar, DJ box and stage have been built in to accommodate Live bands and local D.J.s.

There is a terrace leading off the main room which will accommodate our smokers.

The main stairs to the upstairs room will lead directly off Ciro's smoking patio area.

This room has a 1am license Friday and Saturday, it also has 50 capacity on the license which was assessed by the fire department many years ago. This is no longer relevant as the onus is now on the company to do a risk assessment. This I have done with an independent risk assessor, he has given me a capacity of 150, providing I put in double fire doors.

We would also like to have a VIP area and a relaxing room, this we could do at the rear end of the Ashby social club, formally known as the family room.

We would like to build in some VIP booths, and have lots of relaxing sofas and chairs.

This room also leads directly on to Ciro's patio area.

This room also has a license on Friday and Saturday till 1am with a 100 capacity on the licence. I will not be asking for an increase in numbers in this room, only an extension from 1 am till 2 am on a Friday and Saturday..

Neither of these two areas will enter or exit from North street, but would enter through Ciro's main entrance at the Queens Head Hotel.

Every Friday & Saturday night Ciro's has queues of 100 to 150 people in a controlled area in a queuing system. These queues start approximately at 11pm and are still there at 1.30am, at which time we have to turn everyone away as we close at 2am and cannot accommodate them.

At the present time Ciro's employs 5 registered door staff on a Friday and Saturday night, This is three more staff than any other licensed venue in the town, even though we are smaller than most of them.

We do this because we want to be able to control most of the situations that arise in the licensing trade.

We adhere to the ID 21 policy. And do random searches. Our customers know this so we have very little trouble.

Were we to get the licence extended from 1am to 2am on a Friday and Saturday, we would employ another 3 door staff making a total of 8, which would also enable us to carry out the dispersal procedure to the full.

(See attached)

Impact statement for Ashby social club.
Incorporating Ciro's Club

Ashby Social club, when it is full will potentially have a capacity of 450 with both the family room, (to be chill out area) which has a licence of 100 capacity, and the top room (billiard room) capacity now 50 but to be 150, And the function room now 200 to stay the same. Only open for functions.

The family room & the billiard room will join with Ciro;s which would increase Ciro's to 560.

At present Ciro's turns between 100 & 150 people away every Friday & Saturday night, these people wander around the streets with no where to go, and they are queuing from approximately 11 pm through to 1.30 am, both within our premises and on the street. Should we gain the extra capacity these people, as opposed to being on the street, would be controlled within a queue system inside our premises and would be monitored through our door staff.

When inside our premises we will regulate each area of our premises by security and number clickers. We will employ a total of 8 specially trained door staff for each of the week end nights.

The security employed is working to become an accredited company, and are of the highest standard. They attend pub watch meetings, and monthly meetings with me, so they are always aware of any problems in the community.

Therefore, with the proposed closure of Apollo's night club, we strongly feel that a larger venue would facilitate in reducing crime and disorder, by pulling these people off the streets and creating a contained and controlled environment.

As to the noise pollution I have boarded up all the windows, with two layers of MDF board filled with British standard fibre glass insulation.

I have installed another 16 ctv cameras making a total of 29 cameras altogether, in line with recommendations from the prevention of crime and disorder officer, these to include car park on North street..

We have an Ashby Social (Ciro's club)dispersal policy, which we implement at 2am. Please see attached.

VIP Rooms Ashby social club

This area of the Ashby Social club, we would like to keep as it is. We would like to renovate the room, but still offer this club to the people of Ashby as a function room, we would like to specialise in Weddings, Funerals, Anniversaries, Quiz nights, Comedy nights, and birthday parties.(not 18th birthday parties).

This would be run separate from Ciro's, and would only be open when we have bookings. The customers would enter from North Street and exited from North street. Depending on the event we would still have security over seeing everything, and responsible people on the premises at all times.

At present like the other bars this has a 1am licence on a Friday and Saturday. It also has a 200 capacity on the licence, this we would not want to change, as this amount has been assessed the same by our own assessor.

Although we have asked for a 2am licence, we would be happy to keep this area of the Ashby social club at a 1am licence, this would then have the staggering effect I believe the people and authorities of Ashby would want.

Dispersal Procedure for Ashby social club. (Incorporating Ciro's nightclub).

Introduction

It is acknowledged by Lisette Bell-Simmonds (the proprietor) that there may be a conflict between the legitimate right of Ashby social club to provide alcohol and other licensable activities and the equally legitimate right of neighbours to enjoy their homes and businesses without disturbance.

Ashby social club also acknowledges that popular venues are potential sources of nuisance, antisocial behaviour and crime which may create concern for the immediate neighbourhood, its residents and the relevant authorities.

Definition

The Dispersal Procedure is not to be confused with The Evacuation Procedure, any design standard, any other operational policies or any agreed/enforced rules or guidelines.

The Dispersal Procedure (around the terminal hour) is dedicated to make the maximum contribution by exercising pro-active measures, towards and at the end of trading, to move customers from the venue and its immediate area in such a way as to cause minimum disturbance or nuisance to neighbours, both residential and business, and to make the minimum impact upon the neighbourhood in relation to potential nuisance, antisocial behaviour and crime.

The relevance of the time of closure is recognised as meriting this special attention and concern.

This procedure document is specific to Ashby social club & Ciro's nightclub and its locality.

The Dispersal Procedure has been formulated by Lisette Bell-Simmonds in conjunction with police, senior representatives and security of the venue. It will be discussed with the licensing officers of the local council and police.

The Dispersal Procedure is subject to review and will address problems and concerns as they are identified in order to establish a permanent reduction or elimination.

Neighbours Charter

As there are residential neighbours in the local area they will be given a copy of the venue's 'Neighbours Charter'.

This charter explains the existence and aims of The Dispersal Procedure and gives clear communication lines so any neighbour can draw attention to a matter which causes concern (these may relate to customers departing or any other issue).

Should there be a need, a committee which comprises representatives of the venue and residential neighbours, along with other persons as appropriate, will be established to create good and close relations.

Dispersal Procedure Document

1. Relevance of Licensing Conditions:

We will ensure that the conditions of the Premises Licence, around the terminal hour, are strictly adhered to. This will be operated to encourage the dispersal of patrons gradually, both during the last part of trading and following the end of bar service.

During the last 30 minutes of bar service the points in each bar will be reduced and certain staff re-allocated to collecting glasses or offer customer service in the cloakroom to assist customer departure. A series of measures will be implemented to assist dispersal throughout this period and the 'drinking-up' time.

2. End of Evening Operational Policies:

We will use reduction of volume levels, type of music played and variation of increased lighting levels to encourage the gradual dispersal of patrons during the last part of trading and during the drinking-up period.

DJ announcements may be used to both encourage a gradual dispersal and to remind customers of consideration for neighbours.

3. Cloakroom:

The cloakroom is situated in order to assist the swift return of coats. Management and operation of the cloakroom plays an important part in the dispersal process. (Staffing and control systems are increased in the period prior to bar closure.)

4. Notices at Exit:

In line with Ashby social club/ Ciro's policies, highly visible notices are placed in the foyer requesting exiting customers to leave quietly and to respect neighbours and their property.

5. Door Supervisors:

will encourage ♣ customers to drink-up and progress to the exit within the venue throughout the latter part of drinking-up time;

will draw the ♣ attention of exiting customers to the notices in the foyer and ask them to be considerate;

will ensure the ♣ removal of all bottles and glasses from any customer who attempts to leave the venue carrying one. A table and bottle skip will be positioned just inside the venue by the door to the foyer to collect glasses/bottles.

will actively ♣ encourage customers not to assemble outside the venue;

will direct ♣ customers to the nearest taxi ranks or other transportation away from the area.

will wear high ♣ visibility Jackets from 9pm on the door on all trading nights.

6. Food is available at discounted rates from the venue until the last guest exits Ashby social club/ Ciro's, either in the form of the late night snack menu or Hot Dogs and Large Burgers from the Food area, this is provided to relieve the pressure on the fast food outlets on the street and allow people to head straight to the taxi ranks.

7. Marshalls:

Ashby social club/Ciros will contribute to the funding of the Town Centre Taxi Marshal Service, should this become relevant.

8. Rubbish Patrol:

The area patrolled would be from Ciro's to the right of The Chip shop and to the left of the Co-op.

The venue will send out a 'Rubbish Patrol' following closure. They pick up bottles and food wrappings in a designated area. (These are likely to be from sources other than our venue – but will be collected and disposed of.)

On rare occasions this patrol may be faced with the result of antisocial behaviour such as vomiting and urination. This will be cleared by use with a mop and bucket containing a disinfectant solution.

9. Staff:

Consideration will be given to procedures for staff departures.

10. Training:

Training at all levels will be conducted to ensure understanding and implementation of the venue specific Dispersal Procedure.

Hours: Sunday – Thursday 9 am till 12 Midnight

Friday – Saturday 9am till 2:00am

Ashby social club/Ciros operates an established policy to ensure due consideration is given to neighbours by customers dispersing from our premises.

(OJAR MEMORIAL) ASHBY SOCIAL CLUB: PROPOSAL

News **This Week**

OWLED OVER BY KAI'S

Adam Smith receives the Ashes trophy from Pope Jones with Toby Kheng, *The Publican's* manager Martin

A PUB that based an innovative promotion around the recent ICC World Twenty20 Tournament has scooped the Pepsi Cricket Pub 2009 prize.

Manager Adam Smith and colleague Toby Kheng picked up the award, which was run in association with *The Publican*, on behalf of Kai's Bar in Louth, Lincolnshire, at the World Cup Final at Lord's last week.

Judges were impressed by a Kai's Bar promotion that saw customers given vouchers when buying food and drink which could then be redeemed for prizes when boundaries were hit during Twenty20 matches.

Adam said: "It is fantastic to win this award and we had a brilliant day at Lord's. It just goes to show that cricket is a great way to drive footfall into pubs."

RURAL PUBS MAKE WAY FOR HOUSING

A CHRONIC shortage of affordable housing in rural areas is causing an "unprecedented" number of pubs and village shops to close, a coalition of groups have warned.

The National Housing Federation has joined forces with the British Beer & Pub Association (BBPA) and the Rural Shops Alliance (RSA) to call for urgent action, after new figures revealed up to 650 country pubs and 400 village shops will close over the next year.

The BBPA estimates 54 rural pubs will close a month if current trends continue, while the RSA says 33 village shops a month could shut. More than 600 rural pubs closed last year, the BBPA said, and warned there was little sign of this slowing down.

Mark Hastings, the BBPA's director of communications, said: "All too often, pubs are one of the last community facilities in many villages.

"Across a range of fronts, we badly need policies from the government that support pubs."

ERT HELP TO DISPUTES

BAR WINS IN HOURS CASE

It had been hoped the government would pay for the service but BII chief Neil Robertson told *The Publican* the bid for funds had not been successful.

However, he said he was encouraged by signs that trade bodies are working closely together.

"The industry is speaking together and it is so important to be united," Robertson said.

"There are still some differences of opinion but people are now starting for opportunities to work together rather than amplifying differences."

As well as the rent

scheme, Robertson, who took over as chief executive of the organisation in January, has also identified areas where he wants to see the BII improve its services.

This includes offering better support to licensees when they first join the industry, helping tenants and lessees access training and helping them obtain government funding and providing literacy and numeracy assistance to licensees.

"The question is often asked why do some people not do stock takes," he said, "and sometimes this can be because they just don't have the confidence or good numeracy and literacy skills."

BII boss Neil Robertson: "It is so important to be united"

A BAR owner has won a major legal victory by being granted extended hours at his venue despite it being in a cumulative impact zone.

Garry Mallen, owner of Tonic Bar in Beckenham, Kent, previously had his application to extend his hours to 2am at the weekend and 1am during the week rejected by Bromley Council.

The decision was based on the bar being in the town's cumulative impact zone - areas where councils refuse new licence applications due to a high number of venues.

But magistrates overturned the decision due to evidence showing the bar was well run and had no previous history of problems. Evidence from licensing officers on predicted crime and disorder was described as "highly speculative" by the court.

Mallen said: "If you are a good operator with a well-run bar and evidence to support that, then you should not be denied a fair hearing."

Nick Bish, chief executive of the Association of Licensed Multiple Retailers, who worked with the company on the case, said: "The ruling upholds the principle that licensing decisions should be based on fact and evidence not assumption and prejudice.

"It also emphasises that cumulative impact policies can never be absolute."

Application Summary

This document is intended to explain exactly what the applicant is applying for in the variation application dated 30 July 2009. During discussions with the Licensing Authority and some interested parties who have made representations, it has become clear that some people misunderstand the nature of this application.

1. This is not an application to vary the layout of the premises. The documents filed by the applicant which explain the proposed relationship between the War Memorial Club and Ciro's, are just that – proposals. Any structural/layout changes will be the subject of appropriate further application under the Licensing and/or Planning regimes.
2. In order to avoid any further confusion, this document applies solely to the licensed premises known as Ashby War Memorial Club; Premises Licence number NWL200192.
3. There is no plan attached to the application because it is not an application to vary the layout of the premises (as mentioned above).
4. There are three internal public areas at Ashby War Memorial Club.
 - I. Function Room (facing outwards towards North Street and separated from it by the car park);
 - II. A Family Room (so called on the existing plan); and
 - III. The Billiard Room. The Billiard Room is shown as Section 'D-D' on the drawing number 273/3 already attached to the licence. For ease of reference we attach to this document an excerpt from that plan, and reiterate that no structural changes are proposed and the excerpt is attached simply for information purposes only. Section D-D was previously clarified as being included within the ambit of the licensed premises by the Licensing Authority itself.
5. Unfortunately, the capacity limit at condition 4 of the existing licence refers to rooms which do not exactly match those shown on the plans. This clearly has been the situation for many years. It is not the applicant's job to amend previously confusing capacity figures on a licence, but the applicant has applied to amend those figures and the application has since been amended itself in the light of some of the observations and representations received. In a nutshell, therefore, we are applying for the following:
 - I. The Function Room – capacity remains as already on the licence at 200;
 - II. The Family Room capacity to remain as 100;
 - III. The First Floor (known as the Billiard Room on condition 4 of the existing licence) to increase from 50 to 150.

In other words, a net increase of 100 on the existing capacity. In order to assist with future references and to avoid further confusion, the Committee may wish to indicate the exact delineation of these respective areas by reference to coloured lines. For that reason, and that reason only, we have marked the attached excerpts in a similar way – **however the attached drawing is simply for information purposes only to assist all parties and is not to be construed as a "plan" attached to the application.**

6. We refer to the existing Dispersal Procedure and Neighbours Charter which address, in our view, the more fundamental concerns of some of the objectors. Substantial efforts have been made to liaise with them and resolve their concerns.
7. It is a pity that the existing premises licence upon which this variation application is based is slightly confusing, but it is a licence that we inherited in its present state. We can only apply to vary what is there.

8. We have previously offered a site visit (which we believe would help immensely) but this has been declined by the Licensing Authority.

We trust the above is of some assistance in clarifying some of the issues before the Committee.

To whom it may concern,

This report relates to the noise pollution coming from Ciro's Nightclub. Unfortunately the deadline for the documentation for the committee is earlier than the report can be finished, thus we wish to include this preliminary report. The report, as you can see, has been shown to Steve Layland of North West Leicestershire District Council, environmental health. He has agreed with the findings, that Ciro's Nightclub is not adding any additional noise to the current background environment. He will confirm this in writing as soon as the finished report is presented to him.

Yours sincerely

Dear Ms Thacker

Re: Ciro's night club – Interim results and revised proposal

I have processed the interim results from my measurements at the club last Thursday. A brief summary of the BS4142 assessment is shown below;

Club noise + other sources (including chip shop) at residential -	51 dB L _{Aeq}
Residual (other sources including chip shop) only at residential -	46 dB L _{Aeq}
Specific noise (Club noise only) at residential -	49 dB L _{Aeq}
Acoustic feature correction	0 dB
Rating level (Specific noise plus feature correction)	49 dB L _{Aeq}
Background noise (including chip shop) at residential -	46 dB L _{A90}
Excess of rating over background -	+ 3 dB

BS4142 gives the following guidance regarding the excess of rating over background,

- Excess of rating over background less than -10, complaints are not likely.
- Excess of rating over background + 5, marginal significance.
- Excess of rating over background +10 or more, complaints likely.

I have spoken to Steve Leeland at North West Leicestershire District Council regarding the above results and the local authority are satisfied with an assessment which is below the level of marginal significance, hence the noise break-out from the club is acceptable.

I have not added an acoustic feature correction, as I don't consider the noise to be 'out of character' with the surrounding noise climate on a typical Friday night.

I don't anticipate the background level to drop significantly below that measured above providing the chip shop remains open whilst the club is operating. If the surrounding noise climate is significantly louder on a Friday or Saturday night it may be that the background will increase slightly.

The above assessment will be finalised and incorporated into a full report when the background noise survey has been completed.

For your information levels on the dance floor of the club were measured as 101 dBA. Although I didn't measure at working positions behind the bar or the DJ booth if levels are similar in these locations the implications for Noise at Work Regulations 2005 are that employees will exceed the lower exposure action value if exposed to the noise levels for more than 19 minutes per week. Employees will exceed the upper exposure action value if exposed to the noise levels for more than 60 minutes per week.
