Please summarise your concerns about this application:
<p>I write in my capacity as Licensing Officer for the Leicestershire Constabulary on the authority delegated to me by the Chief Constable Simon Cole.</p> <p>I am satisfied that allowing the premises to be used in accordance with the notice would undermine the Licensing Objectives.</p> <p>NWL has adopted a Special Policy in relation to applications for new licences and material variations. The effect of this policy is set out in the Council's own policy document. It creates a rebuttable presumption against the grant of any further licences or variations.</p> <p>The Bulls Head is within the "saturation zone" identified in the Council's policy.</p>

It is the police view that granting this application will add to the existing, late night, problems in the Town centre as the proposed late night selling of alcohol will cause revellers to drink more, drink for longer and linger in the area longer than they otherwise would.

Paragraph 13.25 in the current Guidance, issued under section 182 of the Licensing Act, states,

“In some areas, where the number, type and density of premises selling alcohol for consumption on the premises are unusual, serious problems of nuisance and disorder may be arising or have begun to arise outside or some distance from licensed premises”.

In my view this describes the situation which will arise if the application is granted.

Supplementary evidence will be submitted to support this objection.

SUBJECT: Bulls Head & CCTV Log

Sir

As an addition to our objections against the variation of licensing hours for the Bulls Head PH situated at 67 Market Street Ashby I have the following to report.

Details at the end of this report demonstrate that CCTV monitoring appears to record a significantly higher number of incidents occurring *in Market Street* than those actually reported to the Police.

While it may be legitimately argued that a lot of these incidents outlined do not actually occur in the Bulls head PH they evidence significantly demonstrates to the licensing committee that the vast majority do occur *in or around* the applicant's location in Market Street. All directly impact on crime and disorder, public nuisance and safety.

Licensing law was never intended to be used a mechanism for the general control of anti-social behaviour by individuals once they are beyond the direct control of the individual business holding the licence.

However the Licensing Authority expects every holder of a licence to be responsible for minimizing the impact of the activities aligned to the licensing objectives and anti-social behaviour by patrons within the immediate vicinity of their own premise. It also requires licence holders to demonstrate that they have taken appropriate action.

This application fails to demonstrate any of the above criteria and seems reliant of the fact they have considered the potential but do not feel there will be a problem if the application is granted.

In terms of CCTV log operators are required to record in their log book what is being viewed. Material footage is only retained for a period of 30 days and is then over written. Initially while preparing this report I looked at x6 days in the December 2011 chosen because they represented temporary event notices concerning another licensed premise within the saturation zone that had sought to increase its hours. This application was rejected by the committee.

I did increase the period to include all CCTV logged incidents occurring in Market Street Ashby up to the 18th March 2012 (18th of March was chosen as an end date simply because I have not had access to material after this date in preparing my report and for no other reason).

I only included incidents recorded in Market Street and the initial six days used represent 9th, 16th and 23rd of December which fell on Friday evenings while one covered the 25th which was a Sunday and the other covered the 31st which represented a Saturday.

The Bulls Head seeks to increase their opening hours between Thursday and Saturdays until 2.30am so the above days represent an important consideration.

From the 9th December until the 18th March a total of 92 incidents were recorded in Market Street and are documented in the CCTV operator's log. (A copy is attached in our opposition bundle). The dates and incidents within the log were then compared to actual times and dates on Leicestershire Constabularies Forces incident reporting system.

Almost all of those logged entries involve disorderly behaviour, collapse, drunkenness or assault and clearly do not support the primary licensing objectives with only x7 of these documented log entries occurring after midnight actually correlating to Police reports.

Delving further into this information x7 recorded incidents in 92 logged reports amounts to only 7.6% of the total number of incidents actually reported to Police during the specified period.

This demonstrates that over 92% of incidents actually viewed by CCTV operators go unreported to the Police. A significant number of these occur in Market Street as opposed to linking directly with licensed premises. At the conclusion of this report are details of these log entries that correlate to reported incidents we have on our systems but only include those occurring after midnight.

There were a further x9 incidents reported to Police (marked) at the end of this report that all occurred after midnight during the same time frame. These incidents relate to matters managed by Police and are additional to those actually documented by the operator reflecting that Police actually deal with considerably higher numbers of incidents linked to alcohol consumption and NTE in Ashby than those actually reported.

Increasing the Bulls Head licensable hours will only add to the increasing problems faced by officers in managing crime and disorder within Ashby.

It is obvious and apparent based by what has been presented that there are a significantly higher number of incidents involving Crime and Disorder, Public safety and Nuisance occurring in Market Street in or around the Bulls Head public house that go unreported.

I believe that any extension to licensing hours for the Bulls Head public house will simply increase and directly impact against the licensing objectives and it is for this reason I urge the committee to refuse this application.

SUBJECT: Incidents over 48 Weekends 2011 Market Street – Bulls Head

Sir

The purpose of this document is to highlight the type of incidents dealt with as a direct result of current licensing hours in force in Ashby De La Zouch. They reveal a picture to the Licensing Committee of unruly behaviour that significant contributes to Crime & Disorder, Public Nuisance and against Public Safety and range from Criminal Damage, Assaults, Theft, Indecent Exposure, & Violent Public order offences that have occurred inside licensed premises and in particular Market Street in close proximity to the applicants premise.

The information only includes detail concerning Market Street as opposed to other areas within the "Cumulative Impact area" included in NWLDC licensing policy.

I selected 8 days per calendar month covering Friday & Saturday evenings between the hours of 11pm-8am during a 12 months period equalling 4 weekends a per month less Sundays.

Below are the details of incidents recorded on Leicestershire's Crime Intelligence System as opposed to those recorded on Leicestershire's dispatch system which is the system where calls are taken and recorded during these periods but may not necessarily require a crime record creation.

January 2011	(x9 Incidents)
February 2011	(x7 Incidents)
March 2011	(x8 Incidents)
April 2011	(x3 Incidents)
May 2011	(x4 Incidents)
June 2011	(x6 Incidents)
July 2011	(x2 Incidents)
August 2011	(x5 Incidents)
September 2011	(x3 Incidents)
October 2011	(x5 Incidents)
November 2011	(x3 Incidents)
December 2011	(x10 Incidents)

During this period there were a total of 59 reported crimes and of those 33 crimes representing a figure of 55% occurred in Market Street in or around the applicants premise. 2 of the 33 crimes occurred in the Bulls Head.

55% is a huge contributory factor to Crime and Disorder, Public Nuisance and Public Safety given that the applicants premises sites within the fray of these problems and also within the cumulative impact area of Ashby.

It is worth noting that 88% of the total recorded crimes occurred after midnight and this application seeks to extend licensing hours well into the morning.

Agreeing to this variation of hours will certainly risk increasing this type of crimes which impacts on public safety & nuisance associated with alcohol consumption.

Further documentary evidence submitted by way of NWLDC (CCTV Logs) reflects that an even larger proportion of crime and disorder in Market Street already goes unreported to the police which further undermines the licensing objectives and presents a disturbing picture of alcohol fuelled violent behaviour.

The CCTV detail is contained within a separate report by me (see 'Bulls Head & CCTV Log Incidents').

SUBJECT: Opposition to Bulls Head extension of licensing hours

Sir,

I refer to the recent application for the Bulls Head public house situated at 67 Market Street Ashby de la Zouch Leicestershire.

The applicant seeks to increase its current licensing hours by extending them until 2.30am Thurs – Saturday including the terminal hour and for certain non standard other licensable activates until 3am. Additionally the applicant also seeks to increase trading hours a further 1 hour period to cover BST change over.

Our opposition to this application for variation of license is based on the principles of licensing law paying specific regard to: The Prevention of Crime and Disorder, Promotion of Public Safety, Preventing Public Nuisance and Preventing Harm to Children.

There are currently 72 licensed premises in Ashby 19 of these are already operating within the cumulative impact zone as identified by the special provision within the NWLDC statement of licensing.

The Bulls Head is situated within a very popular location of Ashby Town and enjoys a large volume of clientele. It sits within a minute's walk of several late night refreshment houses and is located almost directly opposite and adjacent to other busy licensed premises.

It is within a 30 second walk of a vibrant nightclub where it can be shown that a significant proportion of Crime and Disorder, Public Nuisance and public safety issues have already occurred.

Many of the licensed premises near the Bulls Head currently serve alcohol and remain open from 11am in the morning until 1am or 2.30am. This provides ample opportunity for locals or visitors to Ashby plenty of opportunities to socialise, drink, and entertain without the need for extended licensing hours.

Increasing licensing hours at the end of the evening simply encourages large groups of people to pour into the street and either loiter near fast food outlets or visit other licensed premises and continue to consume more alcohol. This behaviour often and routinely results in sporadic flash points for crime and disorder, nuisance and public safety.

Our representations are made in line with and support the NWLDC statement of licensing policy drawing particular reference to the cumulative Impact (saturation zone) and in respect of three of the aforementioned licensing objectives.

There are already significant risks of violence (i.e. crime) and anti-social behaviour (i.e. disorder) as well as Nuisance in the locality of this premise as outlined in our complaint objection.

If the licensing committee were to grant this application I believe that they would be failing to carefully consider paragraphs 3.15 of their own statement of licensing policy in specific regard to the cumulative impact which places the onus on the applicant to demonstrate that any variation to hours will not impinge on the licensing objectives

At present we have seen nothing from them that warrant this application or support any justification to vary their current licensing hours.

While Police routinely patrol Market Street in Ashby town in order to prevent or minimise potential for drink related violence associated to disorder I have demonstrated in additional documents submitted to this committee there are many incidents occurring in or around the vicinity of the Bulls head (Market Street). All of these impact against the primary licensing objectives and range from fights and skirmishes in to assaults and violent public order.

Members of the public should be afforded a degree of protection from hostility and nuisance while socialising in Ashby. However by granting this application it will merely encourage others to drink for longer periods and loiter or congregate thereby increasing the risks of alcohol related violent confrontations.

Longer drinking hours incites discord that almost always terminates in fights after closing hours. Innocent parties are subjected to abuse and nasty assaults and this mindless drunken mentality is catalyst for significant flash points of violence associated with crime and disorder and anti social behaviour.

Alcohol consumption and disorder is extremely topical at present and as such further measures including the PRSR Act 2011 (Police Reform and Social Responsibility Act) have been introduced by the Government.

It is worth noting that this legislation was introduced to tackle and drive down alcohol fuelled Crime and Disorder, Nuisance and Public Safety linked to N.T.E (night time economy) and is part of a strategy designed to improve our communities.

The councils own CCTV operators have recorded significant increases of crime and disorder that already goes unreported to the Police and I have outlined these in an additional report. (See report Bulls Head CCTV log).

I have 25 years service in Leicestershire Constabulary all of which has been undertaken as a front line operational Police officer. I have been a Sergeant since 1994 representing 18yrs in this rank. From 2007 until the end of 2009 I was the Sergeant responsible for all licensing matters in Loughborough Town centre and the night time economy within this area. I also hold the British Institute of Innkeepers NCPLH certificate as a qualification and during my service I have worked in all areas of Leicester City and most of the county covering public order linked to N.T.E.

I can say that where licensing hours are increased particularly where there are saturations zones in force increases Crime and Disorder, Public Nuisance and ASB increase.

Concentrations of young drinkers leaving clubs in order to purchase food or obtain lifts home results in queues which in turn leads to conflict, disorder and anti-social behaviour. While more flexible licensing hours may well reduce this impact and allow a more gradual dispersal of customers, increasing this premise (Bulls Head) licence hours will have the opposite effect and creates concentrations of individuals likely to cause disorder, damage and nuisance affecting others safety.

Nearby shop entrances are often used as urinals by both sexes. Vomit and urine can be seen in the streets and on the pavements well after these premises have closed which promotes Public Nuisance and Public Safety.

I am deeply disturbed that the impact of increasing licensing hours for this premise will promote the problems aligned to the licensing objectives and the applicant has not demonstrated in any way how they will rebut this.

It is my belief that the extension to this club's licensing hours will increase crime & disorder, public nuisance and public safety and it is on this basis I submit this report for your considered attention and seek the licensing committee refuse the application.
