QUESTIONS FROM COUNCILLORS

QUESTION FROM COUNCILLOR J LEGRYS TO COUNCILLOR R D BAYLISS

“Following announcements that the current Coalville Market site will close; as will its public toilet facilities. This also follows the announcement that the current private toilet facilities within the Coop Supermarket will also be closed.

I’ve been contacted by Ward residents seeking clarification of future NWLDC Public Toilet facilities within Coalville Town Centre. The lack of clarity has caused distress for elderly, disabled and people with responsibilities for children and adult care.

Can I please be informed of what public toilet facilities will NWLDC provide on closure of the current market site?”

RESPONSE FROM COUNCILLOR R D BAYLISS

“We are currently considering the range of options available for the Market Hall building once the market has relocated to its new home on Marlborough Square, and this process will include evaluating all of the options available regarding public toilets. As part of this process one of the constraints on future use will be the extensive repairs required to the existing market hall roof to make it fully watertight again, which have been estimated to exceed £240,000 to complete. Prior to any final decision being made we will consult on the options and a report will be brought before the Corporate Scrutiny Committee prior to consideration at Cabinet, to allow members to input into this process.”

COUNCIL – 25 FEBRUARY 2020**BUDGET AND COUNCIL TAX 2020/21****AMENDMENT TO THE BUDGET SUBMITTED BY COUNCILLOR S SHEAHAN**

I move the amendments to recommendations to Item 11. BUDGET AND COUNCIL TAX 2020/21 as set out in tracked changes below.

Should these changes be agreed, members will need to be mindful of the consequential changes to agenda item 13. THE TREASURY MANAGEMENT STRATEGY 2020/21 AND PRUDENTIAL INDICATORS 2020/21 – 2022/23, also listed in tracked changes below.

AGENDA ITEM 11. BUDGET AND COUNCIL TAX 2020/21

Recommendations	COUNCIL IS RECOMMENDED:
	1. TO NOTE THE MEDIUM TERM FINANCIAL STRATEGY APPROVED BY CABINET ON 4 FEBRUARY 2020. 2. TO NOTE THE S151 OFFICER'S COMMENTS ON THE ROBUSTNESS OF THE ESTIMATES AND ADEQUACY OF RESERVES 3. TO APPROVE THE GENERAL FUND REVENUE BUDGET FOR 2020/21, <u>SUBJECT TO THE CHANGES SHOWN IN THE ALTERNATIVE GENERAL FUND BUDGET SUMMARY, SUPPLEMENTARY APPENDIX A.</u> 4. TO APPROVE THE SPECIAL EXPENSES REVENUE BUDGET FOR 2020/21. 5. TO FREEZE INCREASE THE DISTRICT COUNCIL TAX IN 2020/21 <u>BY 1.7%.</u> 6. TO SET THE SPECIAL EXPENSES BAND D COUNCIL TAX AS APPENDIX 6 TABLE C FOR 2020/21. 7. TO APPROVE THE GROUND RENT INCREASE AT APPLEBY MAGNA CARAVAN SITE OF 2.6% ON THE ANNIVERSARY OF EACH INDIVIDUAL RENT AGREEMENT IN 2020/21. 8. Capital Strategy

Introduction

- 1.1 This Capital Strategy sets out the Council's priorities and approach to capital investment. It provides a mechanism by which the Council's capital investment and financing decisions can be aligned with the Council's corporate priorities over a medium term (five year) planning timeframe.
- 1.2 The purpose of the Capital Strategy is intended to perform a number of functions;
 - Maximise capital resources to fund corporate and community priorities, strategies and plans.
 - Support effective and timely investment in the Council's assets, to ensure they are efficiently and effectively used.
 - Prioritising the Council's own investment requirements, and determining which can be funded by the authority, how and when.
 - Enable the identification and optimisation of all sources of capital funding and ensure its effective utilisation.
 - A capital programme that is financially affordable, prudent and sustainable, and integrated with the Council's Medium Term Financial Plans (MTFP).
 - Impact of investment decisions on revenue budgets.
 - Effective performance reporting and management of the Capital programme.
- 1.3 The Strategy sets out the corporate framework within which capital investment is planned, procured, prioritised, managed and funded. The Strategy has direct links to the Council's Asset Management Strategy and forms an integral part of the Council's Medium Term Financial Strategy (MTFS).
- 1.4 The aim of the Capital Strategy is to provide a clear context within which proposals for new capital expenditure are evaluated to ensure that all capital investment is targeted at meeting the Council's priorities, including the assessment of project outcomes, budget profiling, deliverability and achieving Value for Money.
- 1.5 Capital projects will focus on the delivery of long term economic growth and or financial return benefits to the District in the form of:-
 - Spend to save
 - Spend to earn income or other financial returns
 - Attracting significant third party or private resources to the District
 - Addressing major infrastructure investment
- 1.6 The Strategy sets out how the Council identifies, programmes and prioritises capital requirements and proposals arising from business plans, the Planned Preventative Maintenance (PPM) Schedule and other related strategies.
- 1.7 The Strategy also considers options available for funding capital expenditure and how resources may be maximised to generate investment in the area and to determine an affordable and sustainable funding policy framework, whilst minimising the ongoing revenue implications of any such investment and to identify the resources available for capital investment over the MTFP planning period.

2 CAPITAL PROGRAMME NEEDS AND PRIORITIES

- 2.1 Capital expenditure involves the acquisition, creation or enhancement of fixed assets with a long term value to the Council.

- 2.2 Fixed assets shape the way services are delivered in the long term and create financial commitments for the future, including capital financing and ongoing revenue costs. The classification of assets are as follows:

Category	Asset Type
Intangible Assets	ICT Software
Property, Plant and Equipment (PPE)	Land and Buildings
	Vehicles, Plant and Equipment
	Infrastructure Assets (eg. housing paths)
	Community Assets (eg. country parks or historic buildings)
	Surplus Assets
	Assets Under Construction
Investment Assets	Investment Properties - ie. held for income earning or capital appreciation
Assets Held for Sale	Assets actively marketed for Disposal
Heritage Assets	Assets held that contribute to the knowledge and history of the area

- 2.3 The Council applies a de minimis level of £10,000 for individual items to be charged as capital expenditure. Items below this limit are charged to revenue in the year that it is incurred.
- 2.4 Financial resources available to meet corporate priorities are constrained in the current economic and political climate. Central government support for capital investment has reduced significantly over recent years, and the Council now recognises that it must rely more on internal resources and seek ways in which investment decisions can be either self-sustaining or generate positive returns both in terms of meeting corporate objectives and producing revenue savings.
- 2.5 The 5 year 2020/21 – 2024/25 General Fund capital programme totals £37,684,390. The programme is funded by a combination of Section 106 developer contributions, Government grants, capital receipts, revenue, reserves and internal and external borrowing.
- 2.6 The 5 year 2020/21 – 2024/25 Housing Revenue Account capital programme totals £58,961,736,661,556. The programme is primarily funded through contributions from the Housing Revenue Account, either in the form of depreciation on our properties which is used to fund home improvements work, or revenue contributions to capital outlays. The programme also receives capital receipts from the sale of properties, either through the Right to Buy initiative or as general sales.
- 2.7 The Council's PPM identifies the total capital investment need in relation to the Council's asset portfolio. The PPM includes significant backlog maintenance issues across the Councils property portfolio.
- 2.8 The approach to developing the capital programme is based upon the following:
- 2.8.1 **Economic Investment** – The Council will continue to seek investments that generate longer term growth in projects that yield a combination of revenue generation (business rates, rent or interest), jobs and capital infrastructure investment. Based on sound business cases the Council will assist in acquiring strategic sites for the delivery of major investment projects.
- 2.8.2 **Self-Sufficiency** – The Council will seek to invest in assets that support the Council's self-sufficiency agenda and create a maintainable ongoing revenue position.

- 2.8.3 **Corporate Property** – To reduce its backlog maintenance liability the Council will rationalise its asset base. This is either in the form of the sales of surplus assets or the outsourcing of management arrangements. These will contribute to ongoing revenue savings and /or capital receipts respectively.
- 2.8.4 **New Supply** – The Council will seek to build or purchase new homes for use as affordable rental properties.
- 2.8.5 **Home Improvements** – The Council will continue to invest in its council housing to maintain the Government's Decent Homes standard.
- 2.8.6 **Car Parks** – The Council owns and manages 27 car parks within the District. The Council will continue to minimise the ongoing delivery costs, whilst seeking to maximise income. More details with regards to car parks can be found in the Council's Car Parking Strategy.
- 2.8.7 **Culture & Tourism** – The Council owns two scheduled monument assets: Moira Furnace, a tourist museum operated by an external third party; and the War Memorial Tower, a listed war memorial in the centre of Coalville.
- 2.8.8 **ICT** – The Council will undertake appropriate investment into ICT hardware and software on a case by case basis. The primary focus is to improve technologies on a spend to save basis.
- 2.8.9 **Leisure** – The Council continues to own 2 leisure centres, Hood Park Leisure Centre in Ashby and Hermitage Leisure Centre in Whitwick, Coalville, following the outsourcing of the provision of these centres in May 2019. Under the new contract with Everyone Active, the Hermitage site will close and a new replacement facility in Coalville (funded by the Council) will open in March 2022.

2.9 The following material investments will be undertaken between the period of 2020 and 2025:

- 2.9.1 **New Leisure Centre** – As detailed in 2.8.9 above, the indicative value of the new facility is £23.6m and will be funded through a mixture of internal and external borrowing and capital receipts arising on the disposal of Cropston Drive, one of the Council's remaining significant land holdings. Construction is to commence on site from July 2020. Bridge and access works will start from February 2020. The overall project completion is now programmed for March 2022 (from August 2021). The Council is requesting a further £400k to support the total cost for the design and build of the bridge at the new Leisure Centre Coalville.
- 2.9.2 **Appleby Magna Caravan** - The Council plans to invest a further £435k in Appleby Magna Caravan Park, in addition to the £175k already included within the capital programme for 2020/21. This includes planning to redesign the site to allow space to be freed up to enable redevelopment.
- 2.9.3 **Council Offices refurbishment** – A significant number of new schemes have been identified by property services within the condition

surveys, this work will be undertaken over the five years and is primarily Council Offices refurbishment works of £3.8m, representing the costs associated with maintaining the council offices to a modern day standard.

2.9.4 **New Supply Programme** – We plan to spend £24.5m over five years buying and building new council homes to rent at affordable rent levels. This is expected to fund the purchase or building of up to 168 new homes.

2.9.5 **Home Improvement Programme** – We plan to invest £22.40.1m over five years to ensure our existing homes ~~continue to meet~~ an enhanced ~~the~~ Government's Decent Home standard.

3 RESOURCING

3.1 The Capital Programme is resourced as follows:

3.1.1 **Central government** – Grants are allocated in relation to specific programmes or projects. An example of a Government Grant in the current programme is the Disabled Facilities Grant.

3.1.2 **Third Party funding** - Capital grants represent project specific funding for capital projects, in addition to that from Central Government, which is more usually received from quasi-government sources or other national organisations. In developing capital proposals the Council will always seek to maximise such external contributions, subject to any related grant conditions being consistent with the Council's policy aims and targeted outcomes. Frequently such funding, which enhances the Council's investment capacity, will also be linked to match funding arrangements.

3.1.3 **Developer contributions** – these represent contributions from developers towards the provision of public assets or facilities. Sometimes these are to mitigate the impact of their development on communities and often referred to as Section 106 contributions. These contributions are usually earmarked for specific purposes in planning agreements and often related to infrastructure projects.

3.1.4 **Unsupported borrowing** – under the Prudential Code the Council has discretion to self-finance the capital programme by undertaking borrowing to fund capital projects with the full cost of that borrowing being funded from within Council resources, as identified in the MTFS and annual budgets. This discretion is subject to complying with the Code's regulatory framework which essentially requires any such borrowing to be prudent, affordable and sustainable. Unsupported borrowing does provide an option for funding additional capital development but one which has to be funded each year from within the revenue budget or from generating additional ongoing longer term income streams.

3.1.5 **Capital receipts from property asset disposal** – the Council has a substantial property estate, mainly for operational service requirements and administrative buildings. This estate is managed through the PPM which identifies property requirements and, where appropriate, properties which are surplus to requirements and which may be disposed.

3.1.6 **Right to buy capital receipts** – The Council's tenants have a right

to purchase their homes from us, and we retain a proportion of the sale receipts. One element of these receipts, known as the right to buy one-for-one receipt, comes with strict criteria for how it can be used: it can only be used to contribute 30% of the costs of building or purchasing new homes to be let at affordable rent levels; and must be spent within 3 years of receiving the receipt or returned to Central Government with interest of 4% above the Bank of England base rate, which is currently 0.75%.

3.1.7 Capital Receipts from Vehicle, Plant and Equipment disposal – the Council has reduced its leasing commitments on vehicles and plant over a number of years and currently all Vehicle, Plant and Equipment is owned by the Authority. The rolling programme of fleet replacement generates capital receipts which are then utilised against future purchases of fleet equipment.

3.1.8 Revenue and Reserves – Capital expenditure may be funded directly from an in-year revenue contribution (RCCO – Revenue Contribution to Capital Outlay) or by specific revenue funds previously set aside, such as repairs and renewal funds. However, the pressures on the Council's general fund revenue budget and Council Tax levels limit the extent to which this may be exercised as a source of capital funding. In contrast, this is the primary source of funding for the housing revenue account capital programme – funding 62% of the five year programme.

3.2 How the General Fund Capital Programme is financed over 2020/21 to 2024/25:

	Government Grant	Developer Contributions	Borrowing	Capital Receipts	Revenue or Reserves	Total
2020/21	670,310	0	9,135,000	3,000,000	115,000	12,920,310
2021/22	670,310	0	7,434,000	0	0	8,104,310
2022/23	670,310	0	1,392,000	0	0	2,062,310
2023/24	670,310	0	1,409,000	0	0	2,079,310
2024/25	670,310	0	1,645,000	0	0	2,315,310
Total	3,351,550	0	21,015,000	0	1,373,000	27,481,550

3.3 The Housing revenue account has a different profile of funding, as shown by the table below:

	Government Grant	Developer Contributions	Right to buy receipts	Capital Receipts	Revenue or Reserves	Total
2020/21	200,000	255,018	3,836,279	1,068,950	4,803,611	10,605,858
2021/22	200,000	45,570	5,587,514	400,000	6,841,736	13,074,817
2022/23	200,000	3,780	2,780,378	400,000	8,574,265	11,958,423
2023/24	200,000	0	2,597,846	400,000	8,624,727	11,822,573
2024/25	200,000	0	2,642,356	400,000	8,257,709	11,500,065
Total	1,000,000	304,368	17,444,373	2,668,950	37,544,045	58,961,736

3.4 Utilising unsupported borrowing impacts on the revenue budget from ongoing costs to finance the debt. This is both the interest cost of the borrowing and the Minimum Revenue Provision that is set aside to repay the debt on the general fund. Given the pressure on the Council's general fund revenue budget in future years, investment will be limited to cases where there was a clear financial benefit, such as "invest to save",

“spend to earn” or major regeneration schemes which provide a net return over and above the borrowing cost. Such schemes will focus on the Council’s priorities and generate revenue benefits in future financial years in the form of income such interest on loans, rents, council tax or business rate yield will be favoured.

- 3.5 The Council will continue to consider on a cautious and prudent basis the extent to which prudential borrowing may be undertaken to fund new capital investment, which generates returns over and above the revenue costs of the debt.
- 3.6 Capital receipts from asset disposal represent a finite funding source and it is important that a planned and structured manner of disposals is created to support the priorities of the Council. Cash receipts from the disposal of surplus assets are to be used to fund new capital investment as and when received.

4 GOVERNANCE AND MONITORING OF THE CAPITAL PROGRAMME

- 4.1 The Council reviews its capital requirements and determines its Capital Programme within the framework of the MTFS and as part of the annual budget process. Resource constraints mean that the Council continually needs to prioritise expenditure in the light of its aims and priorities and consider alternative solutions.
- 4.2 The Council’s capital investment falls within, and needs to comply with, the “Prudential Code for Capital Finance in Local Authorities” (The Code). Under the Code local authorities have greater discretion over the funding of capital expenditure to determine, within the regulatory framework of the Code, the level of borrowing they wish to undertake to deliver their capital plans and programmes.
- 4.3 To ensure that available resources are allocated optimally, capital programme planning is determined in parallel with the service and revenue budget planning process within the framework of the MTFS.
- 4.4 The main forum for reviewing financial, risk and governance aspects of the capital programme is the Asset Management Group. This group reviews the strategic direction of the programme, ensures outcomes are aligned with the Council’s priorities, significant projects have a viable Business Case and that Value for Money is delivered for the Council. It also monitors the expenditure and funding requirements of the capital programme and subsequent revenue impacts.
- 4.5 The Council has various mechanisms in place which seek to ensure that there is an integrated approach to addressing cross-cutting issues and developing and improving service delivery through its capital investment in pursuance of the Council’s over-arching aims. These include:
- 4.5.1 Democratic decision-making and scrutiny processes which provide overall political direction and ensure accountability for the investment in the capital programme. These processes include:
- The Council which is ultimately responsible for approving investment and the Capital Programme;
 - The Cabinet which is responsible for setting the corporate framework and political priorities to be reflected in the Capital Programme; The Cabinet will continue to receive quarterly monitoring reports.
 - The Audit and Governance Committee which is responsible for scrutiny of the Council’s statement of accounts and can make recommendations to Cabinet and full Council.
- 4.5.2 Officer Groups which bring together a range of service interests and professional expertise. These include:
- Departmental Senior Management Teams (SMT’s), responsible for development of investments;
 - The Asset Management Group, responsible for overseeing an

- approving reports for investments prior to Cabinet approval;
 - The Corporate Leadership Team which has overall responsibility for the strategic development, management and monitoring of the capital programme.
- 4.5.3 An integrated service and financial planning process where all proposals for capital investment are required to demonstrate how they contribute to the achievement of the Council's aims and priorities.
- 4.6 Quarterly reports will continue to be submitted to Cabinet that identify changes to this programme to reflect:
- New resource allocations
 - Slippage in programme delivery
 - Programmes reduced or removed
 - Virements between schemes and programmes to maximise delivery.
 - Revisions to spend profile and funding to ensure ongoing revenue costs are minimised.
