Meeting	CABINET
Time/Day/Date	5.00 pm on Wednesday, 31 January 2024
Location	Abbey Room, Stenson House, London Road, Coalville, LE67 3FN
Officer to contact	Democratic Services (01530 454512)

AGENDA

Item	Pages
1. APOLOGIES FOR ABSENCE	
2. DECLARATION OF INTERESTS	
Under the Code of Conduct members are reminded that in declaring interests you should make clear the nature of that interest and whether it is a disclosable pecuniary interest, registerable interest or other interest.	
3. PUBLIC QUESTION AND ANSWER SESSION	
4. MINUTES	
To confirm the minutes of the meeting held on 9 January 2024	3 - 6
5. ROBUSTNESS OF BUDGET ESTIMATES AND ADEQUACY OF RESERVES	
The report of the Strategic Director of Resources Presented by the Corporate Portfolio Holder	7 - 24
6. CAPITAL STRATEGY, TREASURY MANAGEMENT STRATEGY AND PRUDENTIAL INDICATORS 2024/25	
The report of the Strategic Director of Resources Presented by the Corporate Portfolio Holder	25 - 78
7. GENERAL FUND BUDGET AND COUNCIL TAX 2024/25	
The report of the Strategic Director of Resources Presented by the Corporate Portfolio Holder	79 - 128

8.	HOUSING REVENUE ACCOUNT (HRA) BUDGET AND RENTS 2024/25	129 - 148
	The report of the Strategic Director of Resources Presented by the Corporate Portfolio Holder	
9.	FORMER TENANT RENT ARREARS, CURRENT TENANT RENT ARREARS, COUNCIL TAX, NON-DOMESTIC RATES AND SUNDRY DEBTS	149 - 152
	The report of the Strategic Director of Resources Presented by the Corporate Portfolio Holder	
10.	MINUTES OF THE COALVILLE SPECIAL EXPENSES WORKING PARTY	153 - 160
	The report of the Strategic Director of Place Presented by the Business and Regeneration Portfolio Holder	
11.	HOUSING IMPROVEMENT BOARD & SCRUTINY TASK AND FINISH MOULD AND DAMP RECOMMENDATIONS	161 - 174
	The report of the Strategic Director of Communities Presented by the Housing, Property and Customer Services Portfolio Holder	
12.	EXCLUSION OF PRESS AND PUBLIC	
	The officers consider that the press and public should be excluded during consideration of the following items in accordance with Section 100(a) of the Local Government Act 1972 as publicity would be likely to result in disclosure of exempt or confidential information. Members are reminded that they must have regard to the public interest test and must consider, for each item, whether the public interest in maintaining the exemption from disclosure outweighs the public interest in making the item available.	
13.	APPOINTMENT OF HOUSING CONTRACTORS	175 - 180
	The report of the Strategic Director of Communities Presented by the Housing, Property and Customer Services Portfolio Holder	

Circulation:

Councillor R Blunt (Chair)
Councillor M B Wyatt (Deputy Chair)
Councillor T Gillard
Councillor K Merrie MBE
Councillor N J Rushton
Councillor A C Saffell
Councillor A C Woodman

MINUTES of a meeting of the CABINET held in the Abbey Room, Stenson House, London Road, Coalville, LE67 3FN on TUESDAY, 9 JANUARY 2024

Present: Councillor R Blunt (Chair)

Councillors M B Wyatt, T Gillard, K Merrie MBE, N J Rushton, A C Saffell and A C Woodman

In Attendance: Councillors A Barker, T Eynon, J Legrys and S Sheahan

Officers: Mrs A Thomas, Mr J Arnold, Mr A Barton, Miss E Warhurst, Mr P Stone and Mr T Devonshire

63. APOLOGIES FOR ABSENCE

There were no apologies received.

64. DECLARATION OF INTERESTS

There were no interests declared.

65. PUBLIC QUESTION AND ANSWER SESSION

There were no questions received.

66. MINUTES

The minutes of the meeting held on 12 December 2023 were considered.

It was moved by Councillor T Gillard, seconded by Councillor K Merrie and

RESOLVED THAT:

The minutes of the meeting held on 12 December 2023 be approved as an accurate record of proceedings.

67. COUNCIL TAX BASE 2024/25

The Corporate Portfolio Holder presented the report.

It was moved by Councillor N Rushton, seconded by Councillor T Gillard and

RESOLVED THAT:

- 1) The calculation of the Council Tax base for each Parish and Special Expense Area for the Financial Year 2024/25, as detailed in appendix 2, be approved and recommended to Council for adoption at its meeting on 22 February 2024.
- 2) It be noted that, in accordance with the Local Authorities (Calculation of Council Tax Base) (England) Regulations 2012, the amount calculated by North West Leicestershire District Council for the Financial Year 2024/25 shall be 37, 079.
- 3) Authority be delegated to the S151 Officer to submit the calculations on Non-Domestic Rating Income and other amounts required by Government by 31 January 2024 for the forthcoming financial year.

Reason for decision: Statutory requirement to facilitate the setting of Council Tax for the forthcoming year.

68. DRAFT ROBUSTNESS OF BUDGET ESTIMATES AND ADEQUACY OF RESERVES

The Corporate Portfolio Holder presented the report.

It was moved by Councillor N Rushton, seconded by Councillor K Merrie and

RESOLVED THAT:

The advice of the S151 Officer, as set out in section 7, be noted and carefully considered as part of proposing the Draft Budget for consultation.

Reason for decision: To ensure the Council meets its statutory requirements when considering its budget.

69. DRAFT CAPITAL STRATEGY, TREASURY STRATEGY AND PRUDENTIAL INDICATORS

The Corporate Portfolio Holder presented the report.

It was moved by Councillor N Rushton, seconded by Councillor A Woodman and

RESOLVED THAT:

The draft 2024/25 Capital Strategy, Treasury Management Strategy Statement, Minimum Revenue Provision (MRP) Strategy and non-Investment Strategy, as set out in Appendices 1-4, be approved for statutory consultation.

Reason for decision: required as part of the 2024/25 budget setting process.

70. DRAFT GENERAL FUND BUDGET 2024/25

The Corporate Portfolio Holder presented the report. He noted that this was currently a draft budget, and he thus encouraged the people of North West Leicestershire to write in to register any issues or suggestions that they might have.

The Chair echoed the Portfolio Holder's receptiveness to ideas from outside parties. The Portfolio Holder advised that he was meeting the opposition in in the coming days to discuss the draft budget and see whether there were points of agreement.

It was moved by Councillor N Rushton, seconded by Councillor R Blunt and

RESOLVED THAT:

- 1) The Draft General Fund Revenue, Capital and Special Expenses Budget, the Medium-Term Financial Plan (MTFP) for 2024/25 to 2028/29 and the budget proposals contained within the report and the proposed fees and charges for 2024/25 be proposed for statutory consultation.
- 2) The key risks to the Council's budget be noted.
- 3) Responsibility be delegated to the Chief Executive in consultation with the Strategic Director of Resources (S151 Officer) and the relevant Portfolio Holder to spend £500k from the Medium Term Financial Plan (MTFP) Reserve on the Transformation Programme.

Reason for decision: required as part of the 2024/25 budget setting process.

71. DRAFT HOUSING REVENUE ACCOUNT (HRA) BUDGET AND RENTS 2024/25

The Housing, Property and Customer Services Portfolio Holder presented the report.

The Chair emphasised that getting the Housing Portfolio in order was a key Alliance priority.

It was moved by Councillor N Rushton, seconded by Councillor A Woodman and

RESOLVED THAT:

The following be proposed for consultation:

- The Draft 2024/25 Housing Revenue Account Budget
- The rent increase
- The Draft MTFP for 2024/25 to 2028/29
- The Draft 2024/25 Budget Proposals
- The Draft 2024/25 Fees and Charges

As contained within the report.

Reason for decision: To allow Cabinet to consider the Housing Revenue Account Budget 2024/25.

72. INVESTMENT PROPERTY LEASEHOLD DISPOSALS

The Housing, Property and Customer Services Portfolio Holder presented the report.

It was moved by Councillor A Woodman, seconded by Councillor K Merrie and

RESOLVED THAT:

The grant of the lease detailed in Table 2.1 be approved.

Reason for decision: To enable the letting of a Council owned commercial property to proceed and rental income to be generated.

73. KEGWORTH PROJECT

The Business and Regeneration Portfolio Holder presented the report.

The Chair reviewed the history of the project, why it had presented some challenges, and noted the value the project would bring. He commended those who had worked on the project for resolving the issues and bringing the project to a conclusion.

It was moved by Councillor T Gillard, seconded by Councillor R Blunt and

RESOLVED THAT:

- 1) The progress on the Kegworth Project along with the proposed implementation method and anticipated costs be noted.
- 2) Authority be delegated, to the Head of Property and Economic Regeneration, to spend the allocated budget on the Kegworth Project and to negotiate and enter into any necessary agreements with Leicestershire County Council (as the delivery body) to complete the works.
- 3) The comments of the Community Scrutiny Committee (7 December 2023) particularly those relating to parking enforcement, be noted.

Reason for decision: To enter into an agreement with Leicestershire County Council for delivery of the Market Place public realm works and London Road accessibility improvements, to enable completion of the Kegworth Project.

74. EXCLUSION OF PRESS AND PUBLIC

It was moved by Councillor R Blunt, seconded by Councillor T Gillard and

RESOLVED THAT:

In pursuance of Section 100A(4) of the Local Government Act 1972, the press and public be excluded from the remainder of the meeting on the grounds that the business to be transacted involves the likely disclosure of exempt information as defined in Paragraph 3 of Part 1 of Schedule 12A to the Act and that the public interest in maintaining this exemption outweighs the public interest in disclosing the information.

Reason for decision: To enable the consideration of exempt information.

75. CONTRACT PROCEDURE RULES/FINANCIAL PROCEDURE RULES - EXEMPTION REQUEST - URBAN DESIGN POST

The Planning Portfolio Holder presented the report.

A brief discussion was had.

It was moved by Councillor T Saffell, seconded by Councillor K Merrie and

RESOLVED THAT:

The recommendations within the report be approved.

Reason for decision: To note the exemption as required by the Constitution.

76. APPOINTMENT OF HOUSING CONTRACTORS

The Housing, Property and Customer Services Portfolio Holder presented the report.

A brief discussion was had.

It was moved by Councillor A Woodman, seconded by Councillor K Merrie and

RESOLVED THAT:

The recommendations within the report be approved.

Reason for decision: to comply with the Council's Contract Procedure Rules.

The meeting commenced at 5.00 pm

The Chairman closed the meeting at 5.20 pm

NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL

CABINET – WEDNESDAY, 31 JANUARY 2024

Title of Report	ROBUSTNESS OF BUDGET ESTIMATES AND ADEQUACY OF RESERVES	
Presented by	Councillor Nicholas Rushton Corporate Portfolio Holder PH Briefed Yes	
Background Papers	Final Capital Strategy, Treasury Management Strategy and Prudential Indicators 2024/25 Report (Cabinet 31 January 2024)	Public Report: Yes
	Final General Fund Budget and Council Tax 2024/25 Report (Cabinet 31 January 2024) Final Housing Revenue Account Budget and Rents 2024/25 Report (Cabinet 31 January 2024)	Key Decision: Yes
Financial Implications	In accordance with statutory requirements the report provides the Section 151 Officer's advice on the robustness of budget estimates and the adequacy of reserves in the draft budget.	
	Signed off by the Section 151 Officer: Yes	
Legal Implications	The Council's Section 151 Officer is required to prepare this report under Section 25(1) Local Government Act 2003.	
	Signed off by the Monitoring Officer: Yes	
Staffing and Corporate Implications	None.	
	Signed off by the Head of Paid Service: Yes	
Purpose of Report	To advise Cabinet on the robustness of the estimates in the budget and the adequacy of the proposed financial reserves.	
Reason for Decision	To ensure the Council meets its statutory requirements when considering its budget.	
Recommendations	THAT CABINET NOTES THE S151 OFFICER'S ADVICE SET OUT IN SECTION 7 OF THE APPENDIX, AND CAREFULLY CONSIDERS THE CONTENT OF THIS REPORT AS PART OF PROPOSING TO COUNCIL THE	

	GENERAL FUND BUDGET REPORT 2024/25, HOUSING REVENUE ACCOUNT BUDGET 2024/25 REPORT AND THE CAPITAL STRATEGY AND TREASURY MANAGEMENT STRATEGY 2024/25
--	------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND

- 1.1 Section 25(1) of the Local Government Act 2003 (the “2003 Act”) requires that the Chief Financial Officer (Section 151 Officer under the Local Government Act 1972) reports to the Council when setting its Council Tax on:
- the robustness of the estimates in the budget.
 - the adequacy of the proposed financial reserves.
- 1.2 Section 25(2) of the 2003 Act requires the Council to have regard to this report in approving the budget and Council Tax.
- 1.3 The Chartered Institute of Public Finance and Accountancy (CIPFA) Financial Management Code reinforces this requirement stating that the statement in relation to the proposed financial reserves should consider whether the level of general reserves is appropriate for the risks (both internal and external) to which the Council is exposed and give reassurance that the authority’s financial management processes and procedures are able to manage those risks.
- 1.4 While the statutory local authority budget setting process continues to be on an annual basis, a longer-term perspective is essential if local authorities are to demonstrate their financial sustainability.
- 1.5 The Report from the Director of Resources (Section 151 Officer) to Council is set out in Appendix A.

Policies and other considerations, as appropriate	
Council Priorities:	The report encompasses the Council’s budget, therefore, is relevant to all Council Priorities: <ul style="list-style-type: none"> - Planning and regeneration - Clean, green and Zero Carbon - Communities and Housing - A well-run council
Policy Considerations:	None.
Safeguarding:	None.
Equalities/Diversity:	There has been equality impact assessments conducted by services on relevant proposals during the budget setting period.
Customer Impact:	Customers are likely to be impacted by the changes to fees and charges, Council Tax increase and special expenses precepts set out in this report. Equalities Impact Assessments will be undertaken where necessary.
Economic and Social Impact:	The General Fund capital programme allocates £7.9 million to investing in Coalville Regeneration

	<p>Projects over five years.</p> <p>£3.7 million is being invested in Council owned land to support regeneration and bring employment to the district. The Council has been awarded £1.3 million in government grants to undertake regeneration projects in the district. This includes refurbishment of Moira furnace and provision of office spaces.</p>
Environment, Climate Change and Zero Carbon:	The budget sees investment of £1.5m in the replacement of council vehicles and reducing our carbon emissions. There's £0.8m investment in bins and recycling containers to increase recycling from households. The Council also has a permanent Climate Change Programme Manager post.
Consultation/Community/Tenant Engagement:	The draft budget was considered by Corporate Scrutiny and has been the subject of consultation with the public. In addition, the Housing Revenue Account draft budget has been subject to engagement with the Tenants Forum.
Risks:	This report provides the Section 151 Officers view on the robustness of budget estimates and adequacy of reserves. The report identifies the key risks, provides an assessment of these and proposed mitigating actions to manage those risks.

Purpose of Report	To advise Cabinet on the robustness of the estimates in the budget and the adequacy of the proposed financial reserves.	
Reason for Decision	To ensure the Council meets its statutory requirements when considering its budget.	
Recommendations	THAT COUNCIL NOTES THE S151 OFFICER'S ADVICE SET OUT IN SECTION 7 AND CAREFULLY CONSIDERS THE CONTENT OF THIS REPORT AS PART OF APPROVING THE GENERAL FUND BUDGET REPORT	

1.0 BACKGROUND

1.1 Section 25(1) of the Local Government Act 2003 (the “2003 Act”) requires that the Chief Financial Officer (Section 151 Officer under the Local Government Act 1972) reports to the Council when setting its Council Tax on:

- the robustness of the estimates in the budget.
- the adequacy of the proposed financial reserves.

1.2 Section 25(2) of the 2003 Act requires the Council to have regard to this report in approving the budget and Council Tax.

1.3 The Chartered Institute of Public Finance and Accountancy (CIPFA) Financial Management Code reinforces this requirement stating that the statement in relation to the proposed financial reserves should consider whether the level of general reserves is appropriate for the risks (both internal and external) to which the Council is exposed and give reassurance that the authority’s financial management processes and procedures are able to manage those risks.

1.4 While the statutory local authority budget setting process continues to be on an annual basis, a longer-term perspective is essential if local authorities are to demonstrate their financial sustainability.

2.0 CONTEXT

2.1 The Council is setting its budget at a time when it continues to face a range of issues to contend with. In broad terms these can be split into three categories: economic, local government and locally in North West Leicestershire. Each of these is explored below:

Economic

2.2 The recent report by the Office of Budget Responsibility (OBR) in respect of the Economic and Fiscal Outlook describes how the economy has proved to be more resilient to the shocks of the Covid pandemic and energy crisis than anticipated. GDP stood nearly 2% above its pre-pandemic level and around 3% above the OBR March forecast but is now expected the economy will grow more slowly over the medium term.

2.3 Inflation was expected to fall below 5% the end of the calendar year, which was achieved with Consumer Price Index (CPI) being confirmed at 4.0% in December 2023. However, it is not forecast to return to its 2% target until the first half of 2025.

Local Government

2.4 High inflation, energy prices and pay awards have put substantial financial pressure on councils. The Local Government Association has estimated that councils face a funding gap of £2.4bn in 2023/24 and £1.6bn in 2024/25. These gaps relate to funding needed to maintain services at their current level.

2.5 The Autumn Statement 2023 announced in November 2023 was silent on wider issues in respect of local government funding for 2024/25 and beyond, including council tax referendum principles, grant funding and total increase in spending power. However, there were announcements welcomed by district councils including:

- Increasing the Local Housing Allowance (LHA) rate to the 30th percentile of local market rents from April 2024. The LHA is designed to ensure that people receive enough housing benefit to cover the cost of renting a typical home in their area that is large enough for their needs.
- £120m funding for local authorities in England and the devolved administrations to invest in homelessness prevention, including to support Ukrainian households who can no longer remain in sponsorship arrangements
- Extending 'thank you' payments for Homes for Ukraine sponsors into a third year
- Creating the flexibility for Local Planning Authorities to charge a locally-set premium fee for major planning applications, allowing them to recover the full cost
- £110m Local Nutrient Mitigation Fund for councils to mitigate the impact of nutrient pollution in waterways and deliver thousands of homes that have been on hold. The Council would use monies secured from the Local Mitigation Fund to appoint specialist consultants to develop a detailed mitigation strategy and to identify short, medium and long term potential mitigation measures that could enable phosphate nutrient neutrality to be achieved for anticipated new housing and economic development in the River Mease Special Area of Conservation catchment.

2.6 Ahead of the Provisional Local Government Finance Settlement, the Government released a Policy Statement 2024 to 2025 on 5 December 2023. It set out the Government's intentions for the Local Government Finance Settlement 2024/25. It confirmed the Council Tax referendum principles for 2024/25, this being a principle of up to 3% or £5, whichever is higher, for shire district councils.

2.8 In addition, the Statement confirmed that all local authorities will see at least a 3% increase in their Core Spending Power before any decision they make about organisational efficiencies, use of reserves and Council Tax levels through a funding guarantee. Core Spending Power includes revenue from Council Tax, business rates, grants and other sources.

2.9 The Provisional Local Government Finance Settlement was announced on the 18 December and has been incorporated into the budget position for 2024/25. There are no details of funding streams for 2025/26 onwards.

Local – North West Leicestershire

2.10 North West Leicestershire District Council continues to face increased costs from high inflation and pay awards.

2.11 In recent years the Council has seen growth in its business rate income as new companies have moved into the area due to its location and excellent communication links. This has led to the Council being the largest beneficiary in England from the business rates growth retention scheme. The business rates growth has enabled the Council to fund services without increasing council tax.

- 2.12 This continues to present the Council's highest financial risk as government has indicated that it is looking to reset the business rates growth baseline and redistribute resources to councils across the country with a fair funding review which is expected to be implemented in 2026.
- 2.13 Recognising the wider context within which the budget is being set, the Council made improvements to financial management in the last 12 months and has continued to use processes to develop its draft budget plans for 2024/25 and over the medium term. This recognises the greater focus within the organisation on its finances. The process, coupled with that used in previous years, has involved:
- Services completing budget proposals to justify the need for any changes to the budget.
 - Budget STAR Chamber sessions between Directors and Heads of Service.
 - Regular reporting to the Corporate Leadership Team on the Council's overall budget position.
 - Engagement with councillors through Portfolio Holder briefings, Strategy Group and an all-councillor budget briefing.
 - Engagement through scrutiny, consultation with the public and the Housing Revenue Account (HRA) tenants' forum.

3.0 DRAFT FINANCIAL STRATEGIES AND POLICIES

- 3.1 To ensure the Council has clarity on its financial management objectives it is imperative to have a clear financial strategy in place for the short, medium, and long term. As part of setting the Budget for 2024/25 and beyond the following guiding principles have been developed for the budget setting approach:
- Financial Stability and Sustainability
 - Resources Focussed on Priorities
 - Maximising Sources of Income
 - Managing Risk

Capital Strategy

- 3.2 The Capital Strategy has been significantly enhanced to make it fit for the future. To provide greater accountability, governance, and due diligence of the capital programme the Capital Strategy was updated in 2022 to improve the way the Council manages its capital schemes through their life cycle by splitting the programme into an Approved Programme for 'in flight' schemes and a Development Pool for schemes at business case stage. A Capital Strategy and Investment Group, Chaired by the Director of Resources has been in operation for over 12 months and oversees this process and proposes schemes through the Council's governance for formal approval by Cabinet or Council in line with the Council's Constitution.

Treasury Management Strategy

- 3.3 The Treasury Management Strategy has been refreshed and improved in line with required national guidance to ensure the Council is appropriately managing risk in both its borrowing and investment portfolios. The introduction of the liability benchmark indicator which measures the Council's future borrowing liabilities to fund its capital investment against how these will be financed either through external borrowing or by using our surplus cash resources (internal borrowing).

Corporate Charging Policy

3.4 The Corporate Charging Policy, which contains the Council's fees and charges, reflects the Council's financial strategy and provides greater clarity for service users on the rationale for future changes in levels of fees and charges. The draft budget includes a range of proposed amendments to fees and charges, where it is appropriate to do so, in line with the Policy, which includes an inflationary increase in line with the Consumer Price Index.

4.0 DRAFT GENERAL FUND BUDGET 2024/25

4.1 High levels of inflation, recruitment and retention, high interest rates present a challenging and uncertain economic environment.

4.2 There will be a one-year funding settlement for 2024/25 with a core referendum principle of 2.99%. Despite the financial pressures experienced by local authorities because of high inflation and rising demand for services, the local government sector is not expecting these costs to be funded.

4.3 The forecast outturn position for the general fund revenue budget 2023/24 is an operating deficit of £252k. This is largely due to the pay award for 2023/24, agreed in November 2023, being higher than originally estimated. There are overspends in other service areas such as property, planning and leisure services, however, these are offset by additional investment income.

4.4 In setting the budget for 2023/24, key strategies were applied to budget development and these have continued for the budget process for 2024/25. These include:

Guiding Principles	Key Strategies for Developing Budget 2024/25 and MTFP 2024-29
Financial Stability and Sustainability	<ul style="list-style-type: none">• Plan ahead for potential Government funding changes (including Business Rates Reset)• Do not become overly reliant on Business Rates funding for on-going service provision• Use future surpluses in Business Rates funding for future one off investment to reduce ongoing revenue costs or generate income
Resources Focussed on Priorities	<ul style="list-style-type: none">• Align resources to Council Delivery Plan objectives
Maximising Our Sources of Income	<ul style="list-style-type: none">• Fees and Charges maximised in accordance with the Corporate Charging Policy (increased by inflation)
Managing our Risks	<ul style="list-style-type: none">• Acceptable level of risk tolerance• Review of reserves strategy and position

4.5 The forecast medium term position is set out in the table below.

	2024/25 £m	2025/26 £m	2026/27 £m	2027/28 £m	2028/29 £m
Net Revenue Expenditure	18.156	17.673	17.792	17.988	18.128
Funding	18.156	17.293	17.193	16.719	16.243
Surplus/(Deficit)	0.000	(0.380)	(0.599)	(1.268)	(1.885)

- 4.6 The position shows a balanced budget for 2024/25 and a forecast funding gap of £0.380m in 2025/26 rising to £1.885m per annum, equivalent to 10.4% of net budget by 2028/29. This is an improved position over the medium term compared to last years forecast, largely as a result of the work completed during the Autumn, to identify a range of budget options to close the funding gap.
- 4.7 The primary reasons for the forecast funding gap are pay, inflationary, and service demand pressures on the Council's cost base and anticipated changes to its funding streams arising from promised Government funding changes to local authorities as a result from a reset of growth from the business rates retention scheme, fair funding review and New Homes Bonus. The Government has promised a review of the funding mechanism for local authorities; however, no timeframes have been set for this.
- 4.8 There still remains a significant risk facing the Council on its revenue budget which is the potential Government funding changes, particularly in relation to a reset in growth from the business rates retention scheme. This is due to the fact that North West Leicestershire has seen the biggest growth above its business rates baseline in all local authorities in England.
- 4.9 The latest indication is that the earliest a business rates reset could happen is 2026/27. The Government has been delaying implementation for several years now, so there is no certainty as to when it is likely to happen. When this funding change is implemented, there is likely to be an element of transitional protection to assist those councils like North West Leicestershire, to manage reduced funding over a period of time. This transitional protection is included in the medium-term forecasts show in paragraph 4.5 above.
- 4.10 The Council will continue to use the guiding principles set out in paragraph 4.4 above to plan for any potential Government funding changes and ensure that the funding gap this could create in its revenue budget is appropriately managed.
- 4.11 The Draft Revenue Budget for 2024/25 is balanced.
- 4.12 At the time of publishing the final budget for 2024/25, the Final Local Government Finance Settlement has not been announced. The figures included for the funding are estimates based on the Provisional Local Government Finance Settlement and latest intelligence.
- 4.13 The Capital Programme has been developed in line with the guiding principles and a substantially improved Capital Strategy:
- The existing capital programme has been split into Approved schemes and Development Pool schemes as per 2023/24.

- No new borrowing, over and above that approved in the 2023/24 budget, is proposed to fund the capital programme. This is to ensure the Council does not create additional revenue pressures in the future arising from interest and capital repayment costs.
- The funding source for schemes over the medium term is capital receipts (£48k), government grants (£6,374k), business rates reserve (£11,105), revenue contributions (£34k) and borrowing (£4,348k).
- Schemes in the Development Pool will be worked up in more depth through the governance arrangements set out in the Capital Strategy and Constitution.

4.14 The draft budget is based on the Council having the following levels of reserves.

	Estimated Balance 1/4/24 £'000	Change during 2024/25 £'000	Estimated Balance 31/3/25 £'000
General Fund - Minimum Level of Reserves	1,544	0	1,544
Earmarked Reserves	2,639	(680)	1,960
MTFP Reserve	7,937	(793)	7,144
Business Rates Reserve	3,081	(34)	3,046
Total	15,201	(1,507)	13,694

4.15 As part of preparing the reserves for the draft budget the following should be noted:

- The minimum level of reserves has been risk assessed and is considered to be set at an appropriate level.
- Earmarked reserves have been reviewed to assess if the risks/commitments continue to exist and if the amounts are still appropriate.
- The MTFP Reserve will be used for managing risks over the medium term, investing in projects to make the Council more efficient, reduce its revenue costs, generate income and fund the capacity for the Council to deliver its financial plans
- The Business Rates Reserve includes the additional business rates revenues from growth in the district (including contributions from Business Rates Pool and Freeport) in excess of that included in the revenue budget to fund on-going services. This additional growth will be prioritised to fund the capital programme and projects.

5.0 DRAFT HOUSING REVENUE ACCOUNT BUDGET 2024/25

5.1 The Housing Revenue Account (HRA) is a ringfenced account for the operation of the Council's housing stock. The Council has 4,181 homes. The budget for the HRA is also experiencing the inflationary pressures seen in other areas of the Council's budget, particularly on its staffing, maintenance, and capital budgets.

5.2 In 2012, the Council took on the debt associated with its housing stock under the nationally HRA Self Financing initiative. As part of this a 30-year business plan was developed. A core component of the business plan is for the HRA to repay the self-financing borrowing by 2042. The Council should continue to make provision in its HRA to repay this outstanding borrowing.

5.3 The forecast outturn position for the HRA budget 2023/24 is an operating deficit of £436k due to the pay award and an adverse variance for rent income. If no action is taken reserves will be less than anticipated when the budget was set. The service will

seek to recover the budget position through vacancy management and use of reserves.

- 5.4 The position shows a balanced budget for 2024/25. The table below provides a summary of the changes.

	2023/24	2024/25	Movement
	£'000	£'000	£'000
Income	-20,139	-21,613	-1,474
Operating Expenditure	17,077	20,226	3,149
Operating (surplus)/deficit	-3,062	-1,387	1,675
Appropriations	7,541	4,005	-3,536
Net (surplus)/deficit	4,479	2,618	-1,861

- 5.5 The draft HRA budget for 2024/25 shows an operating surplus of £1,387k. This is a £1,675k reduction from 2023/24.
- 5.6 To deliver the HRA Capital Programme in 2024/25 and ensure sufficient monies are set aside for future debt repayment an overall deficit £2,618k is being budgeted for. This will be paid from accumulated surpluses of £3,618k which have been built up in reserves. This leaves a minimum operating balance of approximately £1 million for unexpected events. This minimum balance is considered adequate for the size of HRA and risks faced.
- 5.7 The HRA Capital Programme is planned to spend £15,925k in 2024/25. Based on previous years' experience this is an ambitious level of estimated spend. The area of the capital programme at greatest risk of delay is the Housing Improvement Programme.
- 5.8 To mitigate the risks of the capital programme not delivering to budget the draft Capital Strategy proposes a number of improvements to manage schemes through their project lifecycle.

6.0 ROBUSTNESS OF BUDGET ESTIMATES AND ADEQUACY OF RESERVES

- 6.1 The table below provides an assessment of the key risk areas to determine the robustness of the estimates and adequacy of reserves included in the General Fund and Housing Revenue Account budgets:

Area	Y/N	Comments
Is performance against the current year's budget on track and where variances are evident, ongoing and unavoidable, are they appropriately reflected in the plans?	Y	The 2023/24 financial monitoring is showing a projected overspend of £252k on the General Fund and £436k on the HRA. Work is currently on-going within services to mitigate these pressures and minimise any drawdown from reserves.

Area	Y/N	Comments
		The on-going and unavailable pressures, alongside potential reductions in reserve levels, have been factored into budget plans for 2024/25 and the medium term.
Are arrangements for monitoring and reporting performance against the savings plans robust?	Y & N	<p>In recent years the Council has not been required to make significant savings to maintain its financial position. Therefore, clear savings plans and delivery has not been required. With such a significant funding gap estimated for 2024/25, there are a range of budget options proposed for the General Fund Budget 2024/25. Where it is appropriate, delivery of savings/efficiencies will be monitored throughout the financial year and reported to stakeholders alongside the financial monitoring reports on a quarterly basis.</p> <p>As part of the Council's Transformation Programme, project management principles will be adopted with a suite of guidance and templates to support good practice, which, in turn will help the Council manage and monitor largescale transformation programmes.</p>
The reasonableness of the underlying budget assumptions	Y	<p>All budget proposals have been justified by service managers, reviewed by finance and subject to budget challenge sessions in the new process.</p> <p>External review has also been undertaken by the treasury advisers, Arlingclose, on the Treasury Management Strategy.</p>
The alignment of resources with the Council's service and organisational priorities	Y	<p>Resources are aligned to the current priorities of the Council.</p> <p>A new Council Delivery Plan (CDP) has been developed and was approved by Council on 14 November 2023. The CDP is aligned to the resources available, and risks faced by the Council.</p> <p>The Council's ambition to be carbon neutral by 2030 is likely to require additional investment, however, the Council will look to maximise grant funding made available to it to support this priority. An exercise to identify the costs of getting to net zero will be completed in 2024/25.</p>
A review of the major risks associated with the budget	Y	The major risks within the budget have been assessed and are set out in the budget report, including mitigations and strategies about how these are being managed.
The availability of un-earmarked reserves to meet unforeseen cost pressures	Y	The Council has a minimum level of reserves for both its General Fund (£1.5m) and HRA (£1m). In the Audit Commission's 'Striking a Balance' report published in 2012,

Area	Y/N	Comments
		<p>the majority of Chief Finance Officers at the national level regarded an amount of between three and five per cent of council's net spending as a prudent level for risk-based reserves. Over the medium term the Council's forecast figure is 8%.</p> <p>The General Fund position has been risk assessed to take account of potential unforeseen pressures.</p>
<p>Have realistic income targets been set and 'at risk' external funding been identified?</p>	<p>Y</p>	<p>An assessment of income targets has been undertaken as part of the development of the draft budget.</p> <p>The income areas which have the greatest risk (including business rates, council tax, planning and leisure) have had greater focus for this work and focus on the budget challenge sessions.</p> <p>Fees and charges have been increased, where it is appropriate to do so, in accordance with the Council's Corporate Charging Policy.</p>
<p>Has a reasonable estimate of demand cost pressures been made?</p>	<p>Y</p>	<p>The enhanced budget process used in the development of the draft budget has improved the reasonableness of estimates.</p>
<p>Has a reasonable estimate of future income been made?</p>	<p>Y</p>	<p>The budget proposals presented by services were reviewed by finance and subject to budget challenge sessions.</p>
<p>Have one-off cost pressures been identified?</p>	<p>Y</p>	<p>All pressures have been reviewed to assess if they are one-off or ongoing in nature. One-off proposals are to be funded from reserves. Services will need to ensure exit plans exist for one off expenditure.</p>
<p>Are arrangements for monitoring and reporting performance against the budget plans robust?</p>	<p>Y</p>	<p>For 2023/24, quarterly financial reporting to Cabinet and Scrutiny Committee has been introduced.</p> <p>The new finance system is intended to bring enhanced financial reporting for budget holders to support robust and regular monitoring of budgets.</p> <p>The Council will also need to enhance its development, monitoring and delivery of its plans to deliver balanced budgets over the medium term.</p>
<p>Is there a reasonable contingency available to cover the financial risks faced by the Council?</p>	<p>Y</p>	<p>The Council has incorporated estimates for pay award, inflation and demand pressures into its budget. It has also made provisions for key income streams not materialising for business rates and council tax.</p>
<p>Is there a reasonable level of</p>	<p>Y</p>	<p>The Council has a range of earmarked,</p>

Area	Y/N	Comments
reserves, which could be used to mitigate any issues arising and are they reducing as the risks decrease?		MTFP and minimum levels of reserves to ensure its financial stability.
The strength of the financial management function and reporting arrangements?	Y & N	The Council implemented a new financial system in April 2023 to improve its reporting. Further enhancements to the system are required in the short-term to deliver this. A review of the Financial Procedures Rules is planned.
Have the previous years Accounts been signed off by external audit to verify balances?	N	The Council's Accounts for 2021/22 are currently being audited. The audit for the 2022/23 accounts will commence in Summer 2024. Budget estimates and reserves balances for 2024/25 and beyond are based on the latest information incorporated into the 2021/22 and 2022/23 accounts.
Has there been a degree and quality of engagement with colleagues and councillors in the process to develop and construct the budget?	Y	There has been a continuation of the improvements introduced to the budget setting process last year. This has included a series of budget challenge sessions between the Directors and Heads of Service, as well as engagement with Corporate Leadership Team, Portfolio Holders, Strategy Group and an all councillor briefing.

6.2 There are a number of specific actions arising from the table above that the Council needs to undertake, alongside the delivery of its draft budget, to ensure risks and issues associated with the budget are mitigated. These actions are:

Financial Strategy

- The financial strategy set out at paragraph 4.4 above is followed. This underpins the draft budget 2024/25 and provides a stable platform from which to build over the medium term.
- A robust corporate and financial plan is required to bridge the funding gap and ensure the Council can balance its budget over the medium term. This plan is reliant on the delivery of a transformation programme which will focus on being more efficient with the aim of having the same service outcomes at a lower cost. However, it needs to be flexible enough to adapt to potential national changes to local government funding which may require reductions in service levels in the future.
- To ensure this plan is developed and delivered the Council will need to invest in the transformation programme to ensure a structured approach to achieving the desired outcomes.
- Special expense budgets must be in a balanced position for 2024/25.

Financial Reporting

- Continue to present a quarterly financial report to Cabinet and Scrutiny to promote transparency and accountability of the financial position.
- Ensure the 2021/22 and 2022/23 Accounts are signed off.

Financial Management and Control

- Implement enhancements to the new financial system to support enhanced reporting for budget holders and improve financial systems and processes
- Services need to develop exit plans for government grant funding and one-off proposals funded by reserves.
- Continue to review and improve the Council’s governance arrangements.

7.0 CONCLUSION

7.1 Based on the assumptions made in its Final Budget 2024/25 and MTFP 2024-29 for income and expenditure, the Council can set a balanced draft budget for 2024/25.

7.2 However, there are a number of risks. The most significant of these for the Council is the timing of a potential reset in business rates and associated changes to the local government finance system with no indication from the Government as to when these will happen.

7.3 Whilst the Council’s financial position is currently stable and sustainable there are several uncertainties. As such the Council will need to ensure it makes the right decisions in the short term to ensure it is financially stable and sustainable over the medium to long term. This includes maximising all income streams, being more efficient, growing its financial management capability, influencing the risks faced to optimise the Council’s future financial viability and delivering on the actions set out at paragraph 6.2.

7.4 The single most important action is for the Council to recognise the future risks ahead and start to develop, implement and, most importantly, deliver a medium-term financial plan.

7.5 Provided the Council carefully considers and acts upon the analysis in this report, and officers robustly manage the implementation of the Revenue and Capital Budgets, a positive opinion can be given under Section 25 of the Local Government Act 2003 on the robustness of budget estimates and the level of reserves.

Policies and other considerations, as appropriate	
Council Priorities:	The report encompasses the Council’s budget, therefore, is relevant to all Council Priorities: <ul style="list-style-type: none"> - Planning and regeneration - Clean, green and Zero Carbon - Communities and Housing - A well-run council
Policy Considerations:	None.
Safeguarding:	None.
Equalities/Diversity:	There have been equality impact assessments conducted by services on relevant proposals during this period.
Customer Impact:	Customers are likely to be impacted by the changes to fees and charges, Council Tax increase

	and special expenses precepts set out in this report.
Economic and Social Impact:	<p>The General Fund capital programme allocates £7.9 million to investing in Coalville Regeneration Projects over five years.</p> <p>£3.7 million is being invested in Council owned land to support regeneration and bring employment to the district. The Council has been awarded £1.3 million in government grants to undertake regeneration projects in the district. This includes refurbishment of Moira furnace and provision of office spaces.</p>
Environment, Climate Change and Zero Carbon:	The budget sees investment of £1.5m in the replacement of council vehicles and reducing our carbon emissions. There's £0.8m investment in bins and recycling containers to increase recycling from households. The Council also has a permanent Climate Change Programme Manager post
Consultation/Community/Tenant Engagement:	The draft budget was considered by Corporate Scrutiny and has been subject to consultation with the public. In addition, the Housing Revenue Account draft budget was subject to engagement with the Tenants Forum.
Risks:	This report provides the Section 151 Officers view on the robustness of budget estimates and adequacy of reserves. The report identifies the key risks, provides an assessment of these and proposed mitigating actions to manage those risks.

NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL

CABINET – WEDNESDAY, 31 JANUARY 2024

Title of Report	CAPITAL STRATEGY, TREASURY MANAGEMENT STRATEGY AND PRUDENTIAL INDICATORS 2024/25	
Presented by	Councillor Nick Rushton Corporate Portfolio Holder PH Briefed <input type="checkbox"/> Yes	
Background Papers	Capital Strategy, Treasury Management Strategy and Prudential Indicators – Council 23 February 2023 Draft Capital Strategy, Treasury Strategy and Prudential Indicators – Cabinet 9 January 2024 Draft Minutes of the Corporate Scrutiny Committee – 4 January 2024	Public Report: Yes Key Decision: Yes
Financial Implications	The report sets out the annual update of the core strategies which underpin the council's approach to managing its capital investment. Signed off by the Section 151 Officer: Yes	
Legal Implications	There are no direct legal implications arising from this report. Signed off by the Monitoring Officer: Yes	
Staffing and Corporate Implications	For Cabinet to approve the draft 2024/25 Capital Strategy, Treasury Management Strategy and Prudential Indicators for statutory consultation. Signed off by the Head of Paid Service: Yes	
Purpose of Report	For Cabinet to review the 2024/25 Capital Strategy, Treasury Management Strategy and Prudential Indicators and recommend to Council for approval.	
Reason for Decision	To meet the requirements of the Chartered Institute of Public Finance and Accountancy (CIPFA) Prudential Code for Capital Finance in Local Government.	
Recommendations	THAT CABINET: 1. ENDORSES THE ATTACHED COUNCIL REPORT (APPENDIX A) AND RECOMMENDS IT TO COUNCIL FOR APPROVAL AT ITS MEETING ON 22 FEBRUARY 2024.	

	<p>2. DELEGATES AUTHORITY TO THE SECTION 151 OFFICER, IN CONSULTATION WITH THE CORPORATE PORTFOLIO HOLDER TO MAKE AMENDMENTS TO THE COUNCIL REPORT PRIOR TO CONSIDERATION AT COUNCIL ON 22 FEBRUARY 2024.</p>
--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND

- 1.1 The 2024/25 Capital Strategy, Treasury Management Strategy and Prudential Indicators are due to be approved by Council on the 22 February 2024.
- 1.2 Cabinet is requested to review the Council Report Capital Strategy, Treasury Management Strategy and Prudential Indicators (Appendix A) and recommend it to Council for approval.
- 1.3 Delegation is also sought to enable the Section 151 Officer, in conjunction with the Corporate Portfolio Holder, to make amendments to the Council report prior to consideration at Council on 22 February 2024.

Policies and other considerations, as appropriate	
Council Priorities:	The Capital Strategy and Treasury Management Strategy Statement help the Council achieve all its priorities:
Policy Considerations:	None
Safeguarding:	Not applicable
Equalities/Diversity:	Not applicable
Customer Impact:	Not applicable
Economic and Social Impact:	Not applicable
Environment, Climate Change and Zero Carbon:	The Council aims to be a responsible investor and will consider environmental, social and governance (ESG) issues when investing. Where practical, when making investment decisions ESG will be considered and counterparties with integrated ESG policies and commitments to carbon.
Consultation/Community/Tenant Engagement:	Draft Budget: Corporate Scrutiny Committee – 04/01/24 Cabinet – 09/01/24 Public consultation between 10 January and 23 January 2024 Parish and town councils, trade unions and the Federation of small business between 10 January and 23 January 2024
Risks:	Borrowing and investment both carry an element of risk. This risk is moderated through the adoption of Treasury and Investment Strategies, compliance

	with the CIPFA Code of Treasury Management and the retention of Treasury Management advisors (Arlingclose) to offer expert advice
Officer Contact	Anna Crouch Head of Finance anna.crouch@nwleicestershire.gov.uk

DELEGATE AUTHORITY TO THE S151 OFFICER TO MAKE ANY NECESSARY CHANGES TO APPENDICES 1-4 IF ANY AMENDMENTS ARE AGREED TO THE GENERAL FUND AND HOUSING REVENUE BUDGETS AT THIS MEETING.</p>
--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND

- 1.1 The Local Government Act 2002 and supporting regulations require the Council to ‘have regard to’ the Chartered Institute of Public Finance and Accountancy (CIPFA) Prudential Code and the Treasury Management Code of Practice and to prepare, set and publish prudential indicators and treasury indicators that ensure the Council’s capital expenditure plans are affordable, prudent and sustainable in the long- term.
- 1.2 The prudential indicators consider the affordability and impact of capital expenditure plans and set out the Council’s overall capital framework. The prudential indicators summarise expected treasury activity, introduce limits upon that activity and reflect the underlying capital programme. Therefore, a Treasury Management Strategy is prepared which considers the effective funding of the capital expenditure decisions and complements the prudential indicators.
- 1.3 The Council is required to operate a balanced budget, which broadly means that cash raised during the year will meet cash expenditure. Part of the treasury management operation is to ensure that this cash flow is adequately planned, with cash being available when it is needed. Surplus monies are invested in low-risk counterparties commensurate with the Council’s low risk appetite, providing adequate liquidity initially before considering investment return. The Council is required to calculate its budget requirement for each financial year to include the revenue costs that flow from capital financing decisions. This, therefore, means that increases in capital expenditure must be limited to a level whereby charges to revenue remain affordable within the projected income of the Council for the foreseeable future. These increased charges may arise from:
- increases in interest charges and debt repayment caused by increased borrowing to finance additional capital expenditure; and
 - any increases in operational running costs from new capital projects.

- 1.4 Treasury Management is, therefore, an important part of the overall financial management of the Council's affairs and is defined as: "The management of the local authority's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risk associated with those activities; and the pursuit of optimum performance consistent with those risks."
- 1.5 Specific treasury indicators are prepared and included in the Treasury Management Strategy which requires Member approval. These are detailed in Section 2.
- 1.6 The Council's treasury activities are strictly regulated by statutory requirements and guidance, including:
- CIPFA Prudential Code for Capital Finance in Local Government
 - CIPFA Treasury Management Code of Practice
 - Department for Levelling Up, Housing and Communities (DLUHC) Investment Guidance
 - DLUHC Minimum Revenue Provision (MRP) Guidance.
- 1.7 The Council's Constitution (via the Financial Procedure Rules) requires full Council to approve the Treasury Management Policy statement for the forthcoming year at or before the start of the financial year. The statement is proposed to the full Council by the Cabinet. The Council's Section 151 Officer has delegated responsibility for implementing and monitoring the statement. The Section 151 Officer is responsible for reporting annually to the Cabinet on the activities of the treasury management operation and on the exercise of his or her delegated treasury management powers. Reports on treasury management are also required to be adequately scrutinised and this role is undertaken by the Audit and Governance Committee.

2.0 CAPITAL AND TREASURY MANAGEMENT STRATEGIES

- 2.1 The following strategies are attached as appendices for Council to approve:
- Appendix 1 - Capital Strategy 2024/25;
 - Appendix 2 - Treasury Management Strategy Statement 2024/25;
 - Appendix 3 - Minimum Revenue Provision (MRP) Statement 2024/25; and
 - Appendix 4 - Non-Treasury Investment Strategy 2024/25.
- 2.2 There are no major changes compared to the 2023/24 version of the strategies, other than the updating of the financial values and economic forecasts.

3.0 PRUDENTIAL INDICATORS

- 3.1 The CIPFA codes require a prescribed set of prudential indicators to be produced annually and monitored throughout the year and the Council also has the option to add locally set indicators, these are detailed shown below with further explanation to their meanings:

1(a). External Debt - Operational Boundary (Treasury Strategy – Appendix 2)

The most likely, prudent view of the level of gross external indebtedness. External debt includes both borrowing and long-term liabilities (e.g. finance leases). It encompasses all borrowing, whether for capital or revenue purposes. This indicator will be subject to the level and timing of borrowing decisions and so the actual level of borrowing can, therefore, be below or above this initial estimate. However, what cannot be breached without a further report to Council is the authorised borrowing limit.

1(b). External Debt - The Authorised Limit (Treasury Strategy – Appendix 2)

The upper limit on the level of gross external indebtedness, which must not be breached without Council approval. It is the worst-case scenario. It reflects the level of borrowing which, while not desired, could be afforded but may not be sustainable. Any breach must be reported to the Audit and Governance Committee executive decision-making body, indicating the reason for the breach and the corrective action undertaken or required to be taken. This limit is a statutory limit required to be set by the Council under Section 3(1) of the Local Government Act 2003.

1(c). External Debt - Actual External Debt (Treasury Strategy – Appendix 2)

The indicator for actual external debt will not be directly comparable to the operational boundary and authorised limit since the actual external debt will reflect the actual position at one point in time.

2. Capital Financing Requirement (CFR) (Treasury Strategy – Appendix 2)

The Capital Financing Requirement (CFR) replaced the ‘Credit Ceiling’ measure of the Local Government and Housing Act 1989. It measures an authority’s underlying need to borrow or use other long-term liabilities, to pay for capital expenditure.

3. Capital Expenditure (Capital Strategy – Appendix 1)

The level of capital expenditure incurred and likely to be incurred in future years. This is to be based on an accruals basis and on the definition of capital expenditure.

4. Gross External Borrowing and the Capital Financing Requirement (Treasury Strategy – Appendix 2)

The level of external borrowing is required to be compared to the Capital Financing Requirement which represents the underlying need to borrow. Requires that borrowing in the medium term can only be for capital purposes.

5. Maturity Structure of Borrowing (Treasury Strategy – Appendix 2)

Local Authority debt portfolios consist of a number of loans with differing maturities. Setting limits assists in ensuring any new borrowing in particular when combined with existing borrowing does not result in large concentrations of borrowing maturing in a short period of time.

6. Principal sums invested for greater than one year (Treasury Strategy – Appendix 2)

This indicator measures the exposure of a local authority to investing for periods of greater than one year.

7. Ratio of Financing Costs to Net Revenue Stream (Capital Strategy – Appendix 1)

This indicator is a measure of affordability of historic and future capital investment plans. It identifies the trend in the cost of capital financing which include:

- interest payable on borrowing
- penalties or any benefits receivable on early repayment of debt
- prudent revenue budget provision for repayment of capital expenditure paid for by borrowing.

This is calculated for the General Fund and Housing Revenue Account (HRA). For the General Fund, the net revenue stream is the amount to be met from non-specific Government grants and Council Tax, whilst for the HRA it is the amount to be met from rent payers. An increasing ratio indicates that a greater proportion of the Council’s budget is required for capital financing costs over the planned Capital Programme period.

It should be noted that these figures include a number of assumptions such as:

- no new approvals of additional borrowing apart from that currently proposed over the period of the programme
- estimated interest rates

- the level of internal borrowing and timing of external borrowing decisions and capital expenditure.

Policies and other considerations, as appropriate	
Council Priorities:	The Capital Strategy and Treasury Management Strategy Statement help the Council achieve all its priorities:
Policy Considerations:	None
Safeguarding:	Not applicable
Equalities/Diversity:	Not applicable
Customer Impact:	Not applicable
Economic and Social Impact:	Not applicable
Environment, Climate Change and zero carbon:	The Council aims to be a responsible investor and will consider environmental, social and governance (ESG) issues when investing. Where practical, when making investment decisions ESG will be considered and counterparties with integrated ESG policies and commitments to carbon.
Consultation/Community Engagement:	Draft Budget: Corporate Scrutiny Committee – 04/01/24 Cabinet – 09/01/24 Public consultation between 10 January and 23 January 2024 Parish and town councils, trade unions and the Federation of small business between 10 January and 23 January 2024 Final Budget: Cabinet – 31/01/24
Risks:	Borrowing and investment both carry an element of risk. This risk is moderated through the adoption of Treasury and Investment Strategies, compliance with the CIPFA Code of Treasury Management and the retention of Treasury Management advisors (Arlingclose) to offer expert advice
Officer Contact	Anna Crouch Head of Finance anna.crouch@nwleicestershire.gov.uk

Capital Strategy 2024/25

1. Background and Scope

- 1.1 The Chartered Institute of Public Finance and Accountancy (CIPFA) Prudential Code requires local authorities to produce a Capital Strategy to demonstrate how capital expenditure, capital financing and treasury management activity contribute to the provision of desired outcomes and take account of stewardship, value for money, prudence, sustainability, and affordability. The Prudential Code has been significantly updated to incorporate changes which restrict councils using borrowing to finance commercial property solely for generating yield. The Capital Strategy reflects the new requirements and compliance to them.
- 1.2 The Capital Strategy forms part of the framework for financial planning and is integral to both the Medium-Term Financial Plan (MTFP) and the Treasury Management Strategy Statement (TMSS). It sets out how capital investment will play its part in delivering the long-term strategic objectives of the Council, how associated risk is managed and the implications for future financial sustainability.
- 1.3 The Capital Strategy maintains a strong and current link to the Council's Priorities and to other key strategy documents as shown below:
 - Corporate Plan
 - HRA Business Plan
 - Asset Management Strategy
- 1.4 All capital expenditure and capital investments decisions are covered by this strategy. Decisions made this year on capital and treasury management will have financial consequences for the Council for many years into the future. It is refreshed annually in line with the MTFP and TMSS to ensure it remains fit for purpose and enables the Council to make investments necessary to deliver its strategic aims and objectives.
- 1.5 The Capital Strategy is considered by the Council as one of the foundations of good financial management and reflects the requirements under the CIPFA Financial Management Code.

2. Economic

- 2.1 The national economic position has been influenced by a number of factors in recent years including the Covid-19 pandemic, Brexit, Russian invasion of Ukraine and the cost-of-living crisis. The government has provided unprecedented support through these events. The key economic challenges faced by the Council are inflation, lower economic growth and a potential recession.

3. Capital Expenditure

- 3.1 In contrast to revenue expenditure which is spending on the day to day running costs of the services such as employee costs and services, capital expenditure seeks to provide long-term solutions to Council priorities and operational requirements. Capital expenditure is technically described as: expenditure on the acquisition, creation, or enhancement of 'non-current assets' i.e., items of land, property and plant which has a useful life of more than one year. Expenditure for capital purposes therefore gives rise to new assets, increases the value or useful life of existing assets or generates

economic and social value and an income stream to the Council via non-treasury investments.

- 3.2 The five aims of the Capital Strategy are:
- i. To take a **long-term perspective of capital investment** and to ensure this contributes to the achievement of the Council’s Delivery Plan, emerging Local Plan and key strategies such as the Corporate Strategy.
 - ii. To ensure investment is **prudent, affordable, and sustainable** over the medium term and adheres to the prudential code, Treasury Management Code and other regulatory conditions.
 - iii. To maintain the **arrangements and governance for investment decision-making** through established governance boards.
 - iv. To make the **most effective and appropriate use of the funds available** in long term planning and using the most optimal annual financing solutions.
 - v. To establish a **clear methodology to prioritise capital proposals**.
- 3.3 The MTFP sets out the key principles and this strategy will support the achievement of the right blend of investment in key priority areas to enable the following:
- Financial Stability and Sustainability
 - Resources Focused on Priorities
 - Maximising Income Streams
 - Risk Management.
- 3.4 In 2024/25, the Council is planning capital expenditure of £27.8 million as summarised in the table below and future years are shown in Appendix A.

Table 1: Prudential Indicator: Estimates of Capital Expenditure in £ millions

	2022/23 actual	2023/24 forecast*	2024/25 budget
General Fund services	5.8	9.4	11.9
Council housing (HRA)	6.7	10.2	15.9
TOTAL	12.5	19.6	27.8

* 2023/24 forecast is based on the draft outturn position and may be subject to change

4. Principles for Capital Planning

- 4.1 Like most public sector bodies the Council has experienced delays on the physical progress of projects against the approved profile and cost over runs. This can be directly linked to the size of the programme, capacity to deliver and over optimism on the project in terms of cost, time and external factors outside the project sponsor’s control.
- 4.2 When capital schemes are approved their inclusion into the capital programme is based on best estimates and slippage is measured against the approved profile at the end of the financial year. The Council will need to significantly improve its performance to ensure that all projects being proposed for inclusion can be delivered within the timeframe and budget stated prior to programme entry. Resource capacity and size of the programme will need to be assessed annually as part of the budget setting process and a range of optimism bias tolls that are available should be utilised in business case assessments of delivery of major projects, as well as at a programme level.

4.3 Delivery of the programme will be overseen by the established governance boards as outlined in Section 6. The Council will operate a clear and transparent corporate approach to the prioritisation of capital spending. The investment principles are set out below:

a) Invest to improve and maintain Council assets

The Council will improve and maintain the condition of its core assets to extend their life where appropriate.

b) Investing for sustainable, inclusive, economic growth

The Council will expand its capacity to grow the economy in an inclusive manner, whilst delivering whole system solutions to demographic, social and environmental challenges sustainably

c) Invest to save and to generate income

The Council will invest in projects which will:

- Reduce running costs
- Avoid costs (capital or revenue) that would otherwise arise
- Generate a financial return

d) Risk awareness

The risks of the project have been fully assessed, consulted, communicated and are at an acceptable level.

4.4 Although capital expenditure is not charged directly to the revenue budget, interest payable on loans and Minimum Revenue Provision (MRP) are charged to revenue. The net annual charge is known as financing costs; this is compared to the net revenue stream i.e. the amount funded from Council Tax, business rates and central government grants. In developing subsequent capital schemes, it will be with a view to ensuring the capital financing costs are less than 15% as a proportion of General Fund net revenue budget over the medium and long term. Table 2 shows the proportion of financing costs to net revenue stream, future years are available in Appendix A.

Table 2: Prudential Indicator: Proportion of financing costs to net revenue stream

	2022/23 actual	2023/23 forecast	2024/25 budget
<u>General Fund</u>			
Financing costs (£m)	1.8	1.8	1.9
Proportion of net revenue stream	11%	10%	11%
<u>Housing Revenue Account</u>			
Financing costs (£m)	1.2	1.6	1.3
Proportion of net revenue stream	7%	8%	6%

5. Financing the Capital Investment Programme

5.1 The Council's capital programme is approved as part of the annual budget setting process. The capital programme is scrutinised by the Corporate Scrutiny Committee, recommended to Council by Cabinet, and then approved by Council. The capital programme is funded from a range of sources, principally:

- Grants
- Developer Contributions

- Capital Receipts
- Revenue and Reserves
- Prudential Borrowing

5.2 The first call on available capital resources will always be the financing of spending on live projects, including those carried forward from previous years.

5.3 For the General Fund, in the medium term, for 2023/24 onwards there will be no new borrowing to fund capital investments that are not yet in the live approved capital programme. This is due to the budget pressures facing the Council in future years and the repayment of debt whether internal or external have a revenue implication. For a capital investment to move from the Development Pool to the 'Active' capital programme, a funding source other than borrowing will need to be identified. This is to ensure the Council does not create additional revenue pressures in the future arising from interest and capital repayment costs.

5.4 The planned financing of the capital expenditure in Table 1 is summarised in the table below and full details are available in Appendix B:

Table 3: Capital Financing in £ millions

	2022/23 actual	2023/24* forecast	2024/25 budget
External sources	0.9	1.3	3.8
Capital receipts	1.1	3.1	6.2
Revenue resources	5.4	15.2	14.0
Debt	5.1	0	3.8
TOTAL	12.5	19.6	27.8

* 2023/24 forecast is based on the draft outturn position and may be subject to change

Grants

5.5 The Council receives grants from government, partners, and other organisations to finance capital investment. Grants can be split into two categories:

- Un-ringfenced – resources which are delivered through grant that can be utilised on any project (albeit that there may be an expectation of use for a specific purpose).
- Ring-fenced – resources which are ringfenced to a particular service area and therefore have restricted uses.

Developer/External Contributions

5.6 Significant developments across the district are often liable for contributions to the Council in the form of S106 contributions. If contributions reduce the funding, timing of the planned programme will need reviewing. Following achievement of the targeted contributions, the Council can consider further projects with which to utilise this funding stream.

Capital Receipts

5.7 Capital receipts come from the sale of Council's assets. The Council will adhere to statutory guidance in relation to capital receipts. In considering asset disposals, the Council will comply with its Asset Management Strategy and Disposals Policy.

- 5.8 If the disposal is within the Housing Revenue Account (HRA) land or property, then not all of the receipt is available to support the capital programme as a percentage has to be paid over to the Department of Levelling Up, Housing and Communities (DLUHC).
- 5.9 The current strategy is for the assumed receipts from sale/disposal of assets to be taken into consideration when assessing the total value of receipts targeted to fund the overarching capital programme and planned flexible use of receipts (Appendix B).
- 5.10 Where the asset has been temporarily funded from prudential borrowing a review will be undertaken to determine whether the most cost-effective option is to utilise the receipt to repay the debt, considering the balance sheet position of the Council.
- 5.11 Where the sale of an asset leads to a requirement to repay grant the capital receipt will be utilised for this purpose. Once the liability has been established and provided for, the residual capital receipt will be available to support the capital programme as a corporate resource.
- 5.12 Appropriations of land between the General Fund and HRA will be considered on a site-by-site basis. The HRA 'pays for the land through an increase in the HRA Capital Financing Requirement (CFR). The General Fund benefits from a corresponding decrease in its CFR. The CFR adjustments should be based on the market value of land but taking into account of the intended use for social or other sub market housing. The Council has the discretion whether to appropriate land on this basis or sell it on the open market. More information on the Council's CFR is available in the Treasury Management Strategy Statement 2024/25.

Revenue and Reserves

- 5.13 The Council may choose to utilise revenue contributions to capital and finance its capital investment. This would be through contributions from the Council's revenue budget or from reserves.
- 5.14 Two reserves will be available to finance the capital programme:
- a) MTFP Reserve - will be used for managing risks over the medium term, investing in projects to make the Council more efficient, reducing its operating costs (e.g. making our building more energy efficient to reduce on going costs), generating more income and funding the capacity for the Council to deliver its financial plans.
 - b) Business Rates Reserve –The Business Rates Reserve includes the additional business rates revenues from growth in the district (including contributions from Business Rates Pool and Freeport) in excess of that included in the revenue budget to fund on-going services. This additional growth will be prioritised to fund the capital programme and projects. The reserve will also be used to manage the cashflow implications between the timing of payments received into the collection fund and government grants for business rates relief announced HM Treasury in recent years to support businesses through Covid-19 and cost of living crisis. The growth in business rates will not be used to fund the capital programme until the growth has materialised.

Prudential Borrowing

- 5.15 Table 3 above sets out how the Council will finance its capital expenditure (Table1). These capital plans provide a guide to the borrowing need of the Council, essentially the longer-term cash flow planning to ensure the Council can meet its capital spending obligations. The management of longer-term cash may involve long or short-term loans, or using cash flow surpluses, and on occasion any debt previously drawn may be restructured to meet Council risk or cost objectives.
- 5.16 In planning for long term capital investment it is essential the long-term revenue financing cost is affordable. Any long-term investment is paid over the life of the asset. It is essential the Council is able to meet the costs of borrowing and MRP over the life of the asset.
- 5.17 Debt is only a temporary source of finance, since loans and leases must be repaid, and this is therefore replaced over time by other financing, usually from revenue which is known as MRP. More information is available in the Council's Minimum Revenue Provision Strategy. Alternatively, proceeds from selling capital assets (known as capital receipts) may be used to replace debt finance. Planned MRP and use of capital receipts are as follows and future years are available in Appendix C.

Table 4: Replacement of prior years' debt finance in £ millions

	2022/23 Actual	2023/24 Forecast	2024/25 Actual
Minimum revenue provision (MRP) – General Fund	1.4	1.4	1.6
Minimum revenue provision (MRP) – HRA	1.2	1.6	1.3
Capital receipts	0.0	0.0	0.0
TOTAL	2.6	3.0	2.9

- 5.18 In taking out new external borrowing, the Council will consider a range of different options such as Public Works Loan Board (PWLB), Market Loans, Private Placement and Bonds (Public, Pooled, Community Municipal Investment and Retail). More information is available in the Council's Borrowing Strategy which is included within the Treasury Management Strategy Statement 2024/25.
- 5.19 Any borrowing taken out is secured against the Council as an entity rather than against specific assets for which it is borrowed for. The Council is required to demonstrate to the PWLB in advance of borrowing that is affordable.

Housing Revenue Account (HRA)

- 5.20 The HRA Capital and Revenue Investment Programme is entirely funded from the ring-fenced HRA. The investment programme is driven by the 30-year HRA Business Plan. Key areas of housing include planned and cyclical works, zero carbon works and new supply. The programme also includes development and special projects. The HRA capital programme is funded from:
- HRA Self-Financing (the Major Repairs Reserve)
 - Capital Receipts (HRA – Right to Buy and other asset sales)
 - Revenue and Reserves (HRA contributions from revenue)
 - Capital grants from government and other bodies

- Borrowing.

- 5.21 Prior to 2018 the HRA had a limit to how much it was allowed to borrow, known as the HRA borrowing cap, which is tighter than the value of their assets, in order to control public borrowing levels. The HRA borrowing cap was abolished in late 2018. Further borrowing may be undertaken within the HRA subject to overall affordability and requisite business cases which should consider all risks including loss through right to buy.
- 5.22 The Council can use one for one element of Right to Buy (RTB) receipts to fund up to 40% of building new homes, the receipt must be used within five years. If not, the receipt is paid to DLUHC with interest. The removal of the cap means additional borrowing can be used to meet the remaining 60% of new home building.
- 5.23 Generally capital expenditure would be funded from capital sources however in exception revenue resources are able to be used to fund capital. The main exception is the use of housing rents to fund capital expenditure within the HRA.

6. Governance of the Capital Strategy

Approval of Capital Strategy and Capital Programme

- 6.1 The Capital Strategy is agreed annually alongside the TMSS. The Capital Programme is agreed annually by Full Council as part of the budget setting process. Variations to the Capital Programme or in-year additions, subject to delegation by Full Council, will be agreed by Cabinet including moving schemes from the Development Pool to the Approved Programme as long as the scheme is within the budget approved by Council and there are sufficient reserves available. Quarterly monitoring of the Capital Programme will be presented to Corporate Scrutiny and Cabinet.

Strategic Oversight and Delivery

- 6.2 The Capital Strategy Group (CSG) leads on the development and maintenance of the Capital Strategy that is consistent with the relevant code of practice, Corporate Strategy and core regulatory functions, MTFP and TMSS.
- 6.3 The CSG has an oversight and stewardship role for the development and delivery of the Council's capital expenditure within affordable limits, which will include both the Capital Programme and capital investments; as well as providing strategic direction to the programme and projects where necessary.

Capital Programme and Project Delivery

- 6.5 The delivery of individual capital projects and programmes are managed through project boards in each directorate and for services which do not have a specific projects board delivery is managed through the CSG. The Project Boards are responsible for developing, managing and progressing capital projects; as well as reporting into the CSG.

Scrutiny

- 6.6 The formal scrutiny process will be used to ensure effective challenge via the quarterly Performance Report. The Corporate Scrutiny Committee is also engaged when setting the Capital programme prior to its consideration by Cabinet and approval by Full Council. It should be noted business cases seeking Cabinet approval will follow the standard decision pathway and as such can be subject to Scrutiny as part of that process.

Managing Schemes Through Their Capital Lifecycle

- 6.7 The management of capital schemes through their lifecycle is an important aspect of delivering a successful capital investment programme. The approach should balance cost/funding certainty, risk, clarity of commitment to scheme, robust governance and transparent decision making.
- 6.8 An important aspect of the Council's capital governance framework is at which point schemes are in their development stage and when they are sufficiently developed to enter the approved capital programme. The capital programme is split into three broad components:
- Mandate. The initial concept and need for a capital scheme. Schemes will require prioritisation to ensure strategic fit and there are sufficient resources/capacity/capability to deliver the scheme.
 - Development Pool. A priority capital scheme in its early/developmental stages, typically outline business case (OBC) and full business case (FBC). At this stage costs/funding/risks are uncertain, gaining certainty as more in-depth work is undertaken.
 - Approved Capital Programme. This refers to a capital scheme which has been through OBC and FBC stages and is developed to an acceptable level of certainty to be formally approved in the programme for delivery/implementation.

Key Decision-Making Considerations

- 6.9 All capital investment decisions will be underpinned by a robust business case that sets out any expected financial return alongside the broader outcomes/impacts, including economic, environmental and social benefits.
- 6.10 Throughout the decision-making process the risks and rewards for each project are reviewed and revised and form part of the monitoring of the capital programme. The CSG receives monthly updates detailing financial forecasts and risks.
- 6.11 There may be occasions when the nature of a particular proposal requires additional support in the production of the business case or for example in performing of a value for money or due diligence review. In these circumstances the Council may seek external advice.
- 6.12 The capital programme is reported to Cabinet and Council as part of the annual budget setting process which will take into consideration any material changes to the programme and the investment. The in-year position is monitored monthly, with quarterly budget monitoring reports to Cabinet with capital reports incorporated. Within that monitoring report minor new investment proposals will be included and variations such as slippage and need for acceleration. Major new capital investment decisions will be subject to an individual report to Cabinet.
- 6.13 The Chief Finance Officer (Director of Resources) should report explicitly on the affordability and risk associated with the capital strategy. Where appropriate the Chief Finance Officer will have access to specialised advice to enable them to reach their conclusions and ensure sufficiency of reserves should risk or liabilities be realised.

7. Risk Management

- 7.1 One of the Council's key investment principles is that all investment risks should be understood with appropriate strategies to manage those risks. Major capital projects require careful management to mitigate the potential risks which can arise. The effective monitoring, management and mitigation of these risks is a key part of managing the capital strategy. All projects are required to maintain a risk register and align reporting to the Council's reporting framework.
- 7.2 In managing the overall programme of investment there are inherent risks associated such as changes in interest rates or credit risk of counter parties.
- 7.3 Accordingly, the Council will ensure that robust due diligence procedures cover all external capital investment. Where possible contingency plans will be identified at the outset and enacted when appropriate.
- 7.4 No project or investment will be approved where the level of risk - determined by the Cabinet or Chief Financial Officer as appropriate - is unacceptable.

8. Skills and Knowledge

- 8.1 The Council employs professionally qualified and experienced staff in senior positions with responsibility for making capital expenditure, borrowing and investment decisions. For example, the Strategic Director of Resources (Section 151 Officer) and Head of Finance (Deputy Section 151 Officer) are both qualified accountants and the Head of Property Services and Economic Regeneration is a qualified surveyor. The Council pays for junior staff to study towards relevant professional qualifications including Chartered Institute of Public Finance and Accountancy (CIPFA), Association of Accounting Technicians (AAT) and Royal Institute of Chartered Surveyors (RICS).
- 8.2 Where Council staff do not have the knowledge and skills required, use is made of external advisers and consultants that are specialists in their field. The Council currently employs Arlingclose Limited as treasury management advisers, and Wilks, Head and Eve as valuation consultants. This approach is more cost effective than employing such staff directly and ensures that the Council has access to knowledge and skills commensurate with its risk appetite.
- 8.3 Appropriate training will be provided to all charged with investment responsibilities. This includes all those involved in making investment decisions such as members of CSG as well as those charged for scrutiny and governance such as relevant scrutiny committees and the audit committee. Training will be provided either as part of meetings or by separate ad hoc arrangements.
- 8.4 When considering complex and 'commercial' investments, the Council will ensure that appropriate specialist advice is taken. If this is not available internally it will be commissioned externally to inform decision making and appropriate use will be made of the Council's Treasury Management advisers.

Capital Strategy Prudential Indicators

Flexible Use of Capital Receipts Strategy 2024/25

1. Introduction

- 1.1 As part of the November 2015 Spending Review, the Government announced that it would introduce flexibility for the period of the Spending Review for local authorities to use capital receipts from the sale of assets to fund the revenue costs of service reform and transformation. Guidance on the use of this flexibility was issued in March 2016 which applied to the financial years 2016/17 through to 2019/20.
- 1.2 In December 2017, the Secretary of State announced that this flexibility would be extended for a further three years (until 2021-2022) and in February 2021 an additional extension of three years was announced. The latest extension focused on the use of capital receipts to fund transformation or other projects that produce long term savings or reduce the costs of service delivery.

2. The Guidance

- 2.1 Local Government Act 2003 specifies that;
 - Local authorities will only be able to use capital receipts from the sale of property, plant and equipment received in the years in which this flexibility is offered. They may not use their existing stock of capital receipts to finance the revenue costs of reform.
 - Local authorities cannot borrow to finance the revenue costs of the service reforms.
 - The expenditure for which the flexibility can be applied (known as ‘Qualifying Expenditure’) should be the up-front (set up or implementation) costs that will generate future ongoing savings and/or transform service delivery to reduce costs or the demand for services in future years. The ongoing revenue costs of the new processes or arrangements cannot be classified as qualifying expenditure.
 - The key determining criteria to use when deciding whether expenditure can be funded by the new capital receipts flexibility is that it is forecast to generate ongoing savings to an authority’s net service expenditure.
 - In using the flexibility, the Council will have due regard to the requirements of the Prudential Code, the CIPFA Local Authority Accounting Code of Practice and the current edition of the Treasury Management in Public Services Code of Practice.
- 2.2 To make use of this flexibility, the Council is required to prepare a “Flexible use of capital receipts strategy” before the start of the year, to be approved by Full Council. This can form part of the budget report to Council. This Strategy therefore applies to the financial year 2024/25, which commences on 1 April 2024.

3. Examples of qualifying expenditure

- 3.1 There are a wide range of projects that could generate qualifying expenditure and the list below is not prescriptive. Examples of projects include:
 - Sharing back-office and administrative services with one or more other council or public sector bodies;
 - Investment in service reform feasibility work, e.g. setting up pilot schemes;

- Collaboration between local authorities and central government departments to free up land for economic use;
- Funding the cost of service reconfiguration, restructuring or rationalisation (staff or non-staff), where this leads to ongoing efficiency savings or service transformation;
- Sharing Chief-Executives, management teams or staffing structures;
- Driving a digital approach to the delivery of more efficient public services and how the public interacts with constituent authorities where possible;
- Aggregating procurement on common goods and services where possible, either as part of local arrangements or using Crown Commercial Services or regional procurement hubs or Professional Buying Organisations;
- Improving systems and processes to tackle fraud and corruption in line with the Local Government Fraud and Corruption Strategy – this could include an element of staff training;
- Setting up commercial or alternative delivery models to deliver services more efficiently and bring in revenue (for example, through selling services to others);
- Integrating public facing services across two or more public sector bodies to generate savings or to transform service delivery.

4. The Council's 2024/25 Budget Proposal

- 4.1 The Government has provided a definition of expenditure which qualifies to be funded from capital receipts. This is: "Qualifying expenditure is expenditure on any project that is designed to generate ongoing revenue savings in the delivery of public services and/or transform service delivery to reduce costs and/or transform service delivery in a way that reduces costs or demand for services in future years for any of the public sector delivery partners. Within this definition, it is for individual local authorities to decide whether or not a project qualifies for the flexibility."
- 4.2 The 2024/25 budget proposal does not include any proposal to utilise the flexible use of capital receipts. However, if during the year projects are identified that satisfy the definition above these will be considered by Cabinet and approval for the use of capital receipts will be requested through the relevant channels in line with the Council's Budget and Policy Framework Rules.

5. Impact on Prudential Indicators

- 5.1 The guidance requires that the impact on the Council's Prudential Indicators should be considered when preparing a Flexible Use of Capital Receipts Strategy. Capital receipts which are allocated to fund the Council's capital programme have been allocated, will be monitored throughout the year and will not be subsequently used to fund qualifying expenditure. Therefore, there will be no change to the council's Prudential Indicators that are contained in the Treasury Management Strategy Statement.

North West Leicestershire District Council

Treasury Management Strategy Statement 2024/25

1 Introduction

- 1.1 Treasury management is the management of the Council's cash flows, borrowing and investments, and the associated risks. The Council has borrowed and invested substantial sums of money and is therefore exposed to financial risks including the loss of invested funds and the revenue effect of changing interest rates. The successful identification, monitoring and control of financial risk are therefore central to the Council's prudent financial management.
- 1.2 Treasury risk management at the Council is conducted within the framework of the Chartered Institute of Public Finance and Accountancy's Treasury Management in the Public Services: Code of Practice 2021 Edition (the CIPFA Code) which requires the Council to approve a treasury management strategy before the start of each financial year. This report fulfils the Council's legal obligation under the Local Government Act 2003 to have regard to the CIPFA Code.
- 1.3 Investments held locally for service purposes, local regeneration, local investment, and profit to be spent on local public services are considered in a different document, the Investment Strategy.

2 External Context (Provided by Arlingclose, Treasury Management Advisors)

- 2.1 **Economic background:** The impact on the UK from higher interest rates and inflation, a weakening economic outlook, an uncertain political climate due to an upcoming general election, together with war in Ukraine and the Middle East, will be major influences on the Council's treasury management strategy for 2024/25.
- 2.2 The Bank of England (BoE) increased Bank Rate to 5.25% in August 2023, before maintaining this level for the rest of 2023. In December 2023, members of the BoE's Monetary Policy Committee voted 6-3 in favour of keeping Bank Rate at 5.25%. The three dissenters wanted to increase rates by another 0.25%.
- 2.3 The November quarterly Monetary Policy Report (MPR) forecast a prolonged period of weak Gross Domestic Product (GDP) growth with the potential for a mild contraction due to ongoing weak economic activity. The outlook for CPI inflation was deemed to be highly uncertain, with near-term risks to CPI falling to the 2% target coming from potential energy price increases, strong domestic wage growth and persistence in price-setting.
- 2.4 Office for National Statistics (ONS) figures showed CPI inflation was 3.9% in November 2023, down from a 4.6% rate in the previous month and, in line with the recent trend, lower than expected. The core CPI inflation rate declined to 5.1% from the previous month's 5.7%, again lower than predictions. Looking ahead, using the interest rate path implied by financial markets the BoE expects CPI inflation to continue falling slowly, but taking until early 2025 to reach the 2% target before dropping below target during the second half 2025 and into

2026.

- 2.5 ONS figures showed the UK economy contracted by 0.1% between July and September 2023. The BoE forecasts GDP will likely stagnate through 2024. The BoE forecasts that higher interest rates will constrain GDP growth, which will remain weak over the entire forecast horizon.
- 2.6 The labour market appears to be loosening, but only very slowly. The unemployment rate rose slightly to 4.2% between June and August 2023, from 4.0% in the previous 3-month period, but the lack of consistency in the data between the two periods made comparisons difficult. Earnings growth has remained strong but has showed some signs of easing; regular pay (excluding bonuses) was up 7.3% over the period and total pay (including bonuses) up 7.2%. Adjusted for inflation, regular pay was 1.4% and total pay 1.3%. Looking forward, the MPR showed the unemployment rate is expected to be around 4.25% in the second half of calendar 2023, but then rising steadily over the forecast horizon to around 5% in late 2025/early 2026.
- 2.7 Having increased its key interest rate to a target range of 5.25-5.50% in August 2023, the US Federal Reserve appears now to have concluded the hiking cycle. It is likely this level represents the peak in US rates following a more dovish meeting outcome in December 2023.
- 2.8 US GDP grew at an annualised rate of 4.9% between July and September 2023, ahead of expectations for a 4.3% expansion and the 2.1% reading for Q2. But the impact from higher rates has started to feed into economic activity and growth will weaken in 2024. Annual CPI inflation was 3.1% in November.
- 2.9 Eurozone inflation has declined steadily since the start of 2023, falling to an annual rate of 2.9% in October 2023. Economic growth has been weak, and GDP was shown to have contracted by 0.1% in the three months to September 2023. In line with other central banks, the European Central Bank has been increasing rates, taking its deposit facility, fixed rate tender, and marginal lending rates to 3.75%, 4.25% and 4.50% respectively.
- 2.10 **Credit outlook:** Credit Default Swap (CDS) prices were volatile during 2023, spiking in March on the back of banking sector contagion concerns following the major events of Silicon Valley Bank becoming insolvent and the takeover of Credit Suisse by UBS. After then falling back in Q2 of calendar 2023, in the second half of the year, higher interest rates and inflation, the ongoing war in Ukraine, and now the Middle East, have led to CDS prices increasing steadily.
- 2.11 On an annual basis, CDS price volatility has so far been lower in 2023 compared to 2022, but this year has seen more of a divergence in prices between ringfenced (retail) and non-ringfenced (investment) banking entities once again.
- 2.12 Moody's revised its outlook on the UK sovereign to stable from negative to reflect its view of restored political predictability following the volatility after the 2022 mini-budget. Moody's also affirmed the Aa3 rating in recognition of the UK's economic resilience and strong institutional framework.
- 2.13 Following its rating action on the UK sovereign, Moody's revised the outlook on five UK banks to stable from negative and then followed this by the same action on five rated local authorities. However, within the same update the long-term ratings of those five local

authorities were downgraded.

- 2.14 There remain competing tensions in the banking sector, on one side from higher interest rates boosting net income and profitability against another of a weakening economic outlook and likely recessions that increase the possibility of a deterioration in the quality of banks' assets.
- 2.15 . However, the institutions on our adviser Arlingclose's counterparty list remain well-capitalised and their counterparty advice on both recommended institutions and maximum duration remain under constant review and will continue to reflect economic conditions and the credit outlook.
- 2.16 **Interest rate forecast (December 2023):** Although UK inflation and wage growth remain elevated, the Council's treasury management adviser Arlingclose forecasts that Bank Rate has peaked at 5.25%. The Bank of England's Monetary Policy Committee will start reducing rates in 2024 to stimulate the UK economy but will be reluctant to do so until it is sure there will be no lingering second-round effects. Arlingclose sees rate cuts from Q3 2024 to a low of around 3% by early mid-2026.
- 2.17 Arlingclose expects long-term gilt yields to be broadly stable at current levels (amid continued volatility), following the decline in yields towards the end of 2023, which reflects the expected lower medium-term path for Bank Rate. Yields will remain relatively higher than in the past, due to quantitative tightening and significant bond supply. As ever, there will undoubtedly be short-term volatility due to economic and political uncertainty and events.
- 2.18 A more detailed economic and interest rate forecast provided by Arlingclose is in Appendix A.
- 2.19 For the purpose of setting the budget, it has been assumed that new treasury investments will be made at an average rate/yield of 3.61%, and that new long-term loans will be borrowed at an average rate of 5.35%.

3 Local Context

- 3.1 On 31 December 2023, the Council held £60.5 million of borrowing and £54.3 million of treasury investments. This is set out in further detail at Appendix B. Forecast changes in these sums are shown in the balance sheet analysis in Table 1 below. Please note that due to not having the 2021/22 accounts finalised this forecast uses financial data from the draft 2021/22 Statement of Accounts. Where available these figures have been updated with current positions, but the overall position is still subject to some change.

Table 1: Balance sheet summary and forecast.

	31.3.23 Actual £m	31.3.24 Forecast £m	31.3.25 Forecast £m	31.3.26 Forecast £m	31.3.27 Forecast £m
Capital financing requirement	97.1	97.2	98.2	103.0	105.6
Less: External borrowing **	-62.6	-59.9	-58.6	-57.3	-56.0
Internal borrowing	34.5	37.3	39.6	45.7	49.6
Less: Balance sheet resources	-81.2	-70.0	-67.0	-68.0	-69.3
Treasury investments	46.7	32.7	27.4	22.3	19.7

- 3.2 The underlying need to borrow for capital purposes is measured by the Capital Financing Requirement (CFR), while balance sheet resources are the underlying sums available for investment. In other words, the CFR is the total historic outstanding capital expenditure which has not yet been paid for. The Council's current strategy is to maintain borrowing and investments below their underlying levels, sometimes known as internal borrowing.
- 3.3 CIPFA's *Prudential Code for Capital Finance in Local Authorities* recommends that the Council's total debt should be lower than its highest forecast CFR over the next three years. Table 1 shows that the Council expects to comply with this recommendation during 2024/25.
- 3.4 **Liability benchmark:** To compare the Council's actual borrowing against an alternative strategy, a liability benchmark has been calculated showing the lowest risk level of borrowing. This assumes the same forecasts as Table 1 above, but that cash and investment balances are kept to a minimum level of £10m at each year-end to maintain sufficient liquidity but minimise credit risk. This also allows the Council to maintain its professional investor status (known as MIFID) which allows for higher levels of advice from its treasury advisors and investment in a more diverse range of sources.
- 3.5 The liability benchmark is an important tool to help establish whether the Council is likely to be a long-term borrower or long-term investor in the future, and so shape its strategic focus and decision making. The liability benchmark itself represents an estimate of the cumulative amount of external borrowing the Council must hold to fund its current capital and revenue plans while keeping treasury investments at the minimum level required to manage day-to-day cash flow.
- 3.6 Please note that the balance sheet resources figures are based on the 2021/22 unaudited accounts which are yet to be audited. Therefore, it is subject to change.

Table 2: Prudential Indicator: Liability benchmark

	31.3.23 Actual £m	31.3.24 Forecast £m	31.3.25 Forecast £m	31.3.26 Forecast £m	31.3.27 Forecast £m
Loans CFR	97.1	97.2	98.2	103.0	105.6
Less: Balance sheet resources	-81.2	-70.0	-67.0	-68.0	-69.3
Net loans requirement	15.9	27.2	31.2	35.0	36.3
Plus: Liquidity allowance	10.0	10.0	10.0	10.0	10.0
Liability benchmark	25.9	37.2	41.2	45.0	46.3

- 3.7 Following on from the medium-term forecasts in Table 2 above, the long-term liability benchmark assumes capital expenditure funded by borrowing only for the HRA, minimum revenue provision on new capital expenditure based on local decisions on asset life and income, expenditure and reserves all increasing by inflation of 2.5% a year. This measure is shown in the charts below initially for the Council as a whole and then split into the General Fund and HRA together with the maturity profile of the Council's existing borrowing. Please note that as with the above graph these figures are in part using the 2020/21 unaudited accounts and may be subject to change:

- 3.8 The above graph demonstrates the Council's overall forecasted borrowing requirement and anticipated underlying need to borrow. It shows that the Council is funding its CFR through a mixture of both internal and external borrowing.
- 3.9 The following graph shows the Liability Benchmark position for the general fund only. This graph demonstrates that the general fund may need to borrow in the short term. This could be funded through borrowing from the HRA. This situation is subject to change due to a variety of internal and external circumstances.

3.10 The following graph shows the Liability Benchmark position for the HRA. This shows that the HRA will likely require borrowing from 2024/25 to fund the capital programme. As discussed previously this is subject to change and reflects the forecasted position.

4 **Borrowing Strategy**

- 4.1 On 31 December 2023, the Council held £60.5 million of borrowing and £54.3 million of treasury investments a decrease of £2.0million compared to the start of the financial year, as part of its strategy for funding previous years’ capital programmes. The balance sheet forecast in Table 1 shows that the Council’s CFR is due to increase by around £3 million in 2024/25, this increase will need to be financed through internal or external borrowing. The Council may borrow additional sums to pre-fund future years’ requirements, providing this does not exceed the forecast CFR plus any cashflow requirements. This is represented with the authorised limit for borrowing of £110.6 million as outlined below.
- 4.2 **Affordable borrowing limit:** The Council is legally obliged to set an affordable borrowing limit (also termed the authorised limit for external debt) each year. In line with statutory guidance, a lower “operational boundary” is also set as a warning level should debt approach the limit.
- 4.3 Leases limits will come into effect in the 2024/25 financial year with the implementation of IFRS16.

Table 3: Authorised limit and operational boundary for external debt in £m

	31.3.23 Limit	31.3.24 Limit	31.3.25 Limit	31.3.26 Limit	31.3.27 Limit
Operational boundary - borrowing	97.1	97.2	98.2	103.0	105.6
Operational boundary - PFI and leases	0	0	1.0	1.0	1.0
Operational boundary - total external debt	97.1	97.2	99.2	104.0	106.6
Authorised Limit - borrowing	107.1	107.2	108.2	113.0	115.6
Authorised Limit - PFI and leases	0	0	2.0	2.0	2.0
Authorised Limit - total external debt	107.1	107.2	110.2	115.0	117.6

- 4.4 **Objectives:** The Councils chief objective when borrowing money is to strike an appropriately low risk balance between securing low interest costs and achieving certainty of those costs over the period for which funds are required. The flexibility to renegotiate loans should the Council's long-term plans change is a secondary objective.
- 4.5 **Strategy:** Given the significant cuts to public expenditure and to local government funding, the Council's borrowing strategy continues to address the key issue of affordability without compromising the longer-term stability of the debt portfolio. Short-term interest rates are currently at a 15-year high but are expected to fall in the coming years and it is therefore likely to be more cost effective over the medium-term to either use internal resources, or to borrow short-term loans instead.
- 4.6 The benefits of internal / short-term borrowing will be monitored regularly against the potential for incurring additional costs by deferring borrowing into future years when long-term borrowing rates are forecast to rise modestly. Arlingclose will assist the Council with this 'cost of carry' and breakeven analysis. Its output may determine whether the Council borrows additional sums at long-term fixed rates in 2024/25 with a view to keeping future interest costs low, even if this causes additional cost in the short-term.
- 4.7 The Council has previously raised most of its long-term borrowing from the Public Works Loan Board (PWLB) but will consider long-term loans from other sources including banks, pensions, and local authorities, and will investigate the possibility of issuing bonds and similar instruments, to lower interest costs and reduce over-reliance on one source of funding in line with the CIPFA Code. PWLB loans are no longer available to local authorities planning to buy investment assets primarily for yield; the Council intends to avoid this activity to retain its access to PWLB loans.
- 4.8 Alternatively, the Council may arrange forward starting loans, where the interest rate is fixed in advance, but the cash is received in later years. This would enable certainty of cost to be achieved without suffering a cost of carry in the intervening period.
- 4.9 In addition, the Council may borrow short-term loans to cover unplanned cash flow shortages.
- 4.10 **Sources of borrowing:** The approved sources of long-term and short-term borrowing are:
- HM Treasury's PWLB lending facility (formerly the Public Works Loan Board)
 - UK Infrastructure Bank Ltd
 - Any institution approved for investments (see below)
 - Any other bank or building society authorised to operate in the UK.
 - Any other UK public sector body
 - UK public and private sector pension funds (except Leicestershire County Council)

Pension Fund)

- Capital market bond investors.
- retail investors via a regulated peer-to-peer platform
- UK Municipal Bonds Agency plc and other special purpose companies created to enable local Council bond issues.

4.11 **Other sources of debt finance:** In addition, capital finance may be raised by the following methods that are not borrowing, but may be classed as other debt liabilities:

- Leasing
- Hire purchase.
- Private Finance Initiative
- Sale and leaseback
- Similar asset-based finance.

4.12 **Municipal Bonds Agency:** UK Municipal Bonds Agency plc was established in 2014 by the Local Government Association as an alternative to the PWLB. It issues bonds on the capital markets and lends the proceeds to local authorities. This is a more complicated source of finance than the PWLB for two reasons: borrowing authorities will be required to provide bond investors with a guarantee to refund their investment in the event that the agency is unable to for any reason; and there will be a lead time of several months between committing to borrow and knowing the interest rate payable. Any decision to borrow from the Agency will therefore be the subject of a separate report to full Council.

4.13 **Lender's Option Borrower's Option (LOBOs):** The Council holds £3.5 million of LOBO loans where the lender has the option to propose an increase in the interest rate at set dates, following which the Council has the option to either accept the new rate or to repay the loan at no additional cost. £3.5 million of these LOBOs have options during 2024/25, and with interest rates having risen recently, there is now a reasonable chance that lenders will exercise their options. If they do, the Council will take the option to repay LOBO loans to reduce refinancing risk in later years. Total borrowing via LOBO loans will be limited to £3.5 million.

4.14 **Short-term and variable rate loans:** These loans leave the Council exposed to the risk of short-term interest rate rises and are therefore subject to the interest rate exposure limits in the treasury management indicators below. Financial derivatives may be used to manage this interest rate risk (see section below).

4.15 **Debt rescheduling:** The PWLB allows authorities to repay loans before maturity and either pay a premium or receive a discount according to a set formula based on current interest rates. Other lenders may also be prepared to negotiate premature redemption terms. The Council may take advantage of this and replace some loans with new loans, or repay loans without replacement, where this is expected to lead to an overall cost saving or a reduction in risk. The recent rise in interest rates means that more favourable debt rescheduling opportunities should arise than in previous years.

5 Treasury Investment Strategy

5.1 The Council holds significant invested funds, representing income received in advance of expenditure plus balances and reserves held. Since 31 March 2023, the Council's treasury

investment balance has ranged between £68.2 million and £43.3 million. These levels are expected to gradually reduce over the coming year due to planned capital expenditure, use of reserves and repayment of debt.

- 5.2 **Objectives:** The CIPFA Code requires the Council to invest its treasury funds prudently, and to have regard to the security and liquidity of its investments before seeking the highest rate of return, or yield. The Council's objective when investing money is to strike an appropriate balance between risk and return, minimising the risk of incurring losses from defaults and the risk of receiving unsuitably low investment income. Where balances are expected to be invested for more than one year, the Council will aim to achieve a total return that is equal or higher than the prevailing rate of inflation, to maintain the spending power of the sum invested. The Council aims to be a responsible investor and will consider environmental, social and governance (ESG) issues when investing.
- 5.3 **Strategy:** As demonstrated by the liability benchmark above, the Council expects to be a long-term borrower and new treasury investments will therefore be made primarily to manage day-to-day cash flows using short-term low risk instruments. The existing portfolio of strategic pooled funds will be maintained to diversify risk into different sectors and boost investment income.
- 5.4 The CIPFA Code does not permit local authorities to both borrow and invest long-term for cash flow management. But the Council may make long-term investments for treasury risk management purposes, including to manage interest rate risk by investing sums borrowed in advance for the capital programme for up to three years; to manage inflation risk by investing usable reserves in instruments whose value rises with inflation; and to manage price risk by adding diversification to the strategic pooled fund portfolio.
- 5.5 **ESG policy:** Environmental, social and governance (ESG) considerations are increasingly a factor in global investors' decision making, but the framework for evaluating investment opportunities is still developing and therefore the Council's ESG policy does not currently include ESG scoring or other real-time ESG criteria at an individual investment level. When investing in banks and funds, the Council will prioritise banks that are signatories to the UN Principles for Responsible Banking and funds operated by managers that are signatories to the UN Principles for Responsible Investment, the Net Zero Asset Managers Alliance and/or the UK Stewardship
- 5.6 Where practical when making investment decisions ESG will be considered and counterparties with integrated ESG policies and commitments to carbon net zero by 2050 will be favoured by the council.
- 5.7 **Business models:** Under the IFRS 9 standard, the accounting for certain investments depends on the Council's "business model" for managing them. The Council aims to achieve value from its treasury investments by a business model of collecting the contractual cash flows and therefore, where other criteria are also met, these investments will continue to be accounted for at amortised cost.
- 5.8 **Approved counterparties:** The Council may invest its surplus funds with any of the counterparty types in Table 4 below, subject to the limits shown.

Table 4: Treasury investment counterparties and limits

Sector	Time limit	Counterparty limit	Sector limit
The UK Government	5 years	£60m	n/a
Local authorities & other government entities	5 years	£5m	£60m
Secured investments*	5 years	£5m	£60m
Banks (unsecured) *	13 months	£2.5m	£60m
Building societies (unsecured) *	13 months	£2.5m	£5m
Registered providers (unsecured) *	5 years	£2.5m	£12.5m
Money market funds *	n/a	£5m	£60m
Strategic pooled funds	n/a	£5m	£25m
Real estate investment trusts	n/a	£5m	£12.5m
Other investments *	5 years	£2.5m	£5m

This table must be read in conjunction with the notes below:

- 5.9 *** Minimum credit rating:** Treasury investments in the sectors marked with an asterisk will only be made with entities whose lowest published long-term credit rating is no lower than A-. Where available, the credit rating relevant to the specific investment or class of investment is used, otherwise the counterparty credit rating is used. However, investment decisions are never made solely based on credit ratings, and all other relevant factors including external advice will be considered.
- 5.10 For entities without published credit ratings, investments may be made either (a) where external advice indicates the entity to be of similar credit quality; or (b) to a maximum of £5 million per counterparty as part of a diversified pool e.g. via a peer-to-peer platform.
- 5.11 **Government:** Loans to, and bonds and bills issued or guaranteed by, national governments, regional and local authorities and multilateral development banks. These investments are not subject to bail-in, and there is generally a lower risk of insolvency, although they are not zero risk. Investments with the UK Government are deemed to be zero credit risk due to its ability to create additional currency and therefore may be made in unlimited amounts for up to 5 years.
- 5.12 **Secured investments:** Investments secured on the borrower's assets, which limits the potential losses in the event of insolvency. The amount and quality of the security will be a key factor in the investment decision. Covered bonds and reverse repurchase agreements with banks and building societies are exempt from bail-in. Where there is no investment specific credit rating, but the collateral upon which the investment is secured has a credit rating, the higher of the collateral credit rating and the counterparty credit rating will be used. The combined secured and unsecured investments with any one counterparty will not

exceed the cash limit for secured investments.

- 5.13 **Banks and building societies (unsecured):** Accounts, deposits, certificates of deposit and senior unsecured bonds with banks and building societies, other than multilateral development banks. These investments are subject to the risk of credit loss via a bail-in should the regulator determine that the bank is failing or likely to fail. See below for arrangements relating to operational bank accounts.
- 5.14 **Registered providers (unsecured):** Loans to, and bonds issued or guaranteed by, registered providers of social housing or registered social landlords, formerly known as housing associations. These bodies are regulated by the Regulator of Social Housing (in England), the Scottish Housing Regulator, the Welsh Government, and the Department for Communities (in Northern Ireland). As providers of public services, they retain the likelihood of receiving government support if needed.
- 5.15 **Money market funds:** Pooled funds that offer same-day or short notice liquidity and very low or no price volatility by investing in short-term money markets. They have the advantage over bank accounts of providing wide diversification of investment risks, coupled with the services of a professional fund manager in return for a small fee. A £60 million sector limit applies to money market funds, the Council will take care to diversify its liquid investments over a variety of providers to ensure access to cash at all times.
- 5.16 **Strategic pooled funds:** Bond, equity and property funds that offer enhanced returns over the longer term but are more volatile in the short term. These allow the Council to diversify into asset classes other than cash without the need to own and manage the underlying investments. Because these funds have no defined maturity date, but are available for withdrawal after a notice period, their performance and continued suitability in meeting the Council's investment objectives will be monitored regularly.
- 5.17 **Real estate investment trusts (REIT):** Shares in companies that invest mainly in real estate and pay the majority of their rental income to investors in a similar manner to pooled property funds. As with property funds, REITs offer enhanced returns over the longer term, but are more volatile especially as the share price reflects changing demand for the shares as well as changes in the value of the underlying properties.
- 5.18 **Other investments:** This category covers treasury investments not listed above, for example unsecured corporate bonds and company loans. Non-bank companies cannot be bailed-in but can become insolvent placing the Council's investment at risk.
- 5.19 **Operational bank accounts:** The Council may incur operational exposures, for example through current accounts, collection accounts and merchant acquiring services, to any UK bank with credit ratings no lower than BBB- and with assets greater than £25 billion. These are not classed as investments but are still subject to the risk of a bank bail-in, and balances will therefore be kept below £2.5 million per bank. The Bank of England has stated that in the event of failure, banks with assets greater than £25 billion are more likely to be bailed-in than made insolvent, increasing the chance of the Council maintaining operational continuity.
- 5.20 **Risk assessment and credit ratings:** Credit ratings are obtained and monitored by the Council's treasury advisers, who will notify changes in ratings as they occur. The credit rating agencies in current use are listed in the Treasury Management Practices document. Where an entity has its credit rating downgraded so that it fails to meet the approved investment criteria then:

- No new investments will be made,
 - Any existing investments that can be recalled or sold at no cost will be, and
 - Full consideration will be given to the recall or sale of all other existing investments with the affected counterparty.
- 5.21 Where a credit rating agency announces that a credit rating is on review for possible downgrade (also known as “negative watch”) so that it may fall below the approved rating criteria, then only investments that can be withdrawn on the next working day will be made with that organisation until the outcome of the review is announced. This policy will not apply to negative outlooks, which indicate a long-term direction of travel rather than an imminent change of rating.
- 5.22 **Other information on the security of investments:** The Council understands that credit ratings are good, but not perfect, predictors of investment default. Full regard will therefore be given to other available information on the credit quality of the organisations in which it invests, including credit default swap prices, financial statements, information on potential government support, reports in the quality financial press and analysis and advice from the Council’s treasury management adviser. No investments will be made with an organisation if there are substantive doubts about its credit quality, even though it may otherwise meet the above criteria.
- 5.23 **Reputational aspects:** The Council is aware that investment with certain counterparties, while considered secure from a purely financial perspective, may leave it open to criticism, valid or otherwise, that may affect its public reputation, and this risk will therefore be considered when making investment decisions.
- 5.24 When deteriorating financial market conditions affect the creditworthiness of all organisations, as happened in 2008, 2020 and 2022, this is not generally reflected in credit ratings, but can be seen in other market measures. In these circumstances, the Council will restrict its investments to those organisations of higher credit quality and reduce the maximum duration of its investments to maintain the required level of security. The extent of these restrictions will be in line with prevailing financial market conditions. If these restrictions mean that insufficient commercial organisations of high credit quality are available to invest the Council’s cash balances, then the surplus will be deposited with the UK Government, or with other local authorities. This will cause investment returns to fall but will protect the principal sum invested.
- 5.25 **Investment limits:** The Council’s revenue reserves available to cover investment losses are forecast to be £16.5 million on 31 March 2024 and £16.5 million on 31 March 2025. In order that no more than 50% of available reserves will be put at risk in the case of a single default, the maximum that will be lent to any one organisation (other than the UK Government) will be £5 million. A group of entities under the same ownership will be treated as a single organisation for limit purposes.
- 5.26 Credit risk exposures arising from non-treasury investments, financial derivatives and balances greater than £2.5 million in operational bank accounts count against the relevant investment limits.
- 5.27 Limits are also placed on fund managers, investments in brokers’ nominee accounts and foreign countries as detailed in the table below. Investments in pooled funds and multilateral development banks do not count against the limit for any single foreign country, since the

risk is diversified over many countries.

Table 5: Additional investment limits

	Cash limit
Any group of pooled funds under the same management	£12.5m per manager
Negotiable instruments held in a broker's nominee account	£12.5m per broker

5.28 **Liquidity management:** The Council forecasts its cashflow using an excel spreadsheet to determine the maximum period for which funds may prudently be committed. The forecast is compiled on a prudent basis to minimise the risk of the Council being forced to borrow on unfavourable terms to meet its financial commitments. Limits on long-term investments are set by reference to the Council's medium-term financial plan and cash flow forecast.

5.29 The Council will spread its liquid cash over at least three providers (e.g. bank accounts and money market funds) to ensure that access to cash is maintained in the event of operational difficulties at any one provider.

6 Treasury Management Prudential Indicators

6.1 The Council measures and manages its exposures to treasury management risks using the following indicators.

6.2 **Security:** The Council has adopted a voluntary measure of its exposure to credit risk by monitoring the value-weighted average credit rating of its investment portfolio. This is calculated by applying a score to each investment (AAA=1, AA+=2, etc.) and taking the arithmetic average, weighted by the size of each investment. Unrated investments are assigned a score based on their perceived risk.

Credit risk indicator	Target
Portfolio average credit rating	A-

6.3 **Liquidity:** The Council has adopted a voluntary measure of its exposure to liquidity risk by monitoring the amount of cash available to meet unexpected payments within a rolling three-month period, without additional borrowing.

Liquidity risk indicator	Target
Total cash available within 3 months	£2.5m

6.4 **Interest rate exposures:** This indicator is set to control the Council's exposure to interest rate risk. The upper limits on the one-year revenue impact of a 1% rise or fall in interest rates will be:

Interest rate risk indicator	External Borrowing Limit	Internal Borrowing Limit
Upper limit on one-year revenue impact per a 1% <u>rise</u> in interest rates	£550,000	£400,000
Upper limit on one-year revenue impact per a 1% <u>fall</u> in interest rates	£550,000	£400,000

6.5 The impact of a change in interest rates is calculated on the assumption that maturing loans and investments will be replaced at new market rates.

6.6 **Maturity structure of borrowing:** This indicator is set to control the Council's exposure to refinancing risk. The upper and lower limits on the maturity structure of borrowing will be:

Refinancing rate risk indicator	Lower limit	Upper Limit	Position as at 01/04/2023
Under 12 months	0%	70%	43%
12 months and within 24 months	0%	30%	1%
24 months and within 5 years	0%	30%	3%
5 years and within 10 years	0%	30%	2%
10 years and within 20 years	0%	90%	45%
20 years and above	0%	30%	6%
TOTAL			100%

**includes internal borrowing*

6.7 Time periods start on the first day of each financial year. The maturity date of borrowing is the earliest date on which the lender can demand repayment.

6.8 The figures above include internal borrowing. The assumption is made that internal borrowing matures in one working day so the full amount of £34.6 million is all represented in the 'under 12 months' row.

6.9 **Long-term treasury management investments:** The purpose of this indicator is to control the Council's exposure to the risk of incurring losses by seeking early repayment of its investments. The prudential limits on the long-term treasury management investments will be:

Price risk indicator	2024/25	2025/26	2026/27	No fixed date
Limit on principal invested beyond year end	£60m	£10m	£10m	£10m

6.10 The section named 'no fixed date' refers to longer dated investments which have no set maturity point but are anticipated to be held for a period longer than a year e.g., strategic property funds.

7 **Related Matters**

7.1 The CIPFA Code requires the Council to include the following in its treasury management

strategy.

- 7.2 **Financial derivatives:** Local authorities have previously made use of financial derivatives embedded into loans and investments both to reduce interest rate risk (e.g. interest rate collars and forward deals) and to reduce costs or increase income at the expense of greater risk (e.g. LOBO loans and callable deposits). The general power of competence in section 1 of the *Localism Act 2011* removes much of the uncertainty over local authorities' use of standalone financial derivatives (i.e. those that are not embedded into a loan or investment).
- 7.3 The Council will only use standalone financial derivatives (such as swaps, forwards, futures and options) where they can be clearly demonstrated to reduce the overall level of the financial risks that the Council is exposed to. Additional risks presented, such as credit exposure to derivative counterparties, will be taken into account when determining the overall level of risk. Embedded derivatives, including those present in pooled funds and forward starting transactions, will not be subject to this policy, although the risks they present will be managed in line with the overall treasury risk management strategy.
- 7.4 Financial derivative transactions may be arranged with any organisation that meets the approved investment criteria, assessed using the appropriate credit rating for derivative exposures. An allowance for credit risk calculated using the methodology in the Treasury Management Practices document will count against the counterparty credit limit and the relevant foreign country limit.
- 7.5 In line with the CIPFA Code, the Council will seek external advice and will consider that advice before entering into financial derivatives to ensure that it fully understands the implications.
- 7.6 **Housing Revenue Account:** In 2012, the Council notionally split each of its existing long-term loans into General Fund and HRA pools. In the future, new long-term loans borrowed will be assigned in their entirety to one pool or the other. Interest payable and other costs/income arising from long-term loans (e.g. premiums and discounts on early redemption) will be charged/ credited to the respective revenue account. Differences between the value of the HRA loans pool and the HRA's underlying need to borrow (adjusted for HRA balance sheet resources available for investment) will result in a notional cash balance which may be positive or negative. This balance will be measured each month and interest transferred between the General Fund and HRA at the Council's average interest rate on investments, adjusted for credit risk.
- 7.7 **External Funds:** The Council manages S106 funds. These funds contribute towards the investment balances. Therefore, interest earned on S106 balances are repaid to the S106 fund. The value of the S106 funds as at 31 December 2023 equals £6.9 million. Reducing our overall interest earned forecast by an estimated £130,000.
- 7.8 Additionally, the Council holds funds for the Chairman's Charity which is gathered throughout the year and apportioned out to selected charities. These amounts are negligible.
- 7.9 **Markets in Financial Instruments Directive:** The Council has opted up to professional client status with its providers of financial services, including advisers, banks, brokers and

fund managers, allowing it access to a greater range of services but without the greater regulatory protections afforded to individuals and small companies. Given the size and range of the Council's treasury management activities, the Head of Finance believes this to be the most appropriate status.

8 Financial Implications

- 8.1 The risk adjusted budget for investment income in 2024/25 is £981,300, based on an average investment portfolio of £55.8 million at an interest rate of 3.61%. Deductions largely consisting of S106 Balances will reduce this by £189,300 leaving a total forecasted interest income of £792,000.
- 8.2 The allocations of interest to the General Fund and HRA will be worked out based on the average notional investment balances of both funds throughout the financial year the percentage of which will be applied to the overall interest received after deductions. The forecasted notional balances of each fund throughout the year result in a split of 42% for the general fund totalling £335,500 and 58% for the HRA totalling £456,500.
- 8.3 This interest forecast is subject to a great deal of change as it is impacted by cashflow timings, delivery of capital programmes and their subsequent forecasts, grant payments, grant repayments and growth in council tax, business rates and social housing rents. It is also dependent on our base rate forecast being accurate (shown in appendix A and paragraph 2.14) which in turn is impacted by economic factors such as inflation which are notoriously difficult to predict. Therefore, this forecast is likely to evolve throughout the year and can change on a daily basis. As a result of the changeable nature of investment return the above interest income forecast is risk adjusted to be reduced by 20% of actual projections to reduce the risk to the Councils budget of the possible changes.
- 8.4 The budget for debt interest paid in 2024/25 is £2.2 million. Of this £520,000 refers to the General Fund and £1.7 million to the HRA. This is based on a debt portfolio of £58.6 million at an average interest rate of 3.6%. £51.8 million of this forecast is HRA Borrowing and £6.8 million is General Fund.
- 8.5 If actual levels of investments and borrowing, or actual interest rates, differ from those forecasts, performance against budget will be correspondingly different.
- 8.6 Where investment income exceeds budget, e.g., from higher risk investments including pooled funds, or debt interest paid falls below budget, e.g., from cheap short-term borrowing, then 50% of the revenue savings will be transferred to a treasury management reserve to cover the risk of capital losses or higher interest rates payable in future years. This option will be at the discretion of the Chief Financial Officer and will not be taken in periods of outstanding financial pressures or uncertainties.

9 Other Options Considered

- 9.1 The CIPFA Code does not prescribe any particular treasury management strategy for local authorities to adopt. The Head of Finance, having consulted the Cabinet Member for

Finance, believes that the above strategy represents an appropriate balance between risk management and cost effectiveness. Some alternative strategies, with their financial and risk management implications, are listed below.

Narrative	Impact on income and expenditure	Impact on risk management
Invest in a narrower range of counterparties and/or for shorter times	Interest income will be lower	Lower chance of losses from credit related defaults, but any such losses may be greater
Invest in a wider range of counterparties and/or for longer times	Interest income will be higher	Increased risk of losses from credit related defaults, but any such losses may be smaller
Borrow additional sums at long-term fixed interest rates	Debt interest costs will rise; this is unlikely to be offset by higher investment income	Higher investment balance leading to a higher impact in the event of a default. however long-term interest costs may be more certain
Borrow short-term or variable loans instead of long-term fixed rates	Debt interest costs will initially be lower	Increases in debt interest costs will be broadly offset by rising investment income in the medium term, but long-term costs may be less certain
Reduce level of borrowing	Saving on debt interest is likely to exceed lost investment income	Reduced investment balance leading to a lower impact in the event of a default; however long-term interest costs may be less certain

Arlingclose Economic & Interest Rate Forecast – December 2023

Underlying assumptions:

- UK inflation and wage growth remain elevated but have eased over the past two months fuelling rate cuts expectations. Near-term rate cuts remain unlikely, although downside risks will increase as the UK economy likely slides into recession.
- The MPC's message remains unchanged as the Committee seeks to maintain tighter financial conditions. Monetary policy will remain tight as inflation is expected to moderate to target slowly, although some wage and inflation measures are below the Bank's last forecasts.
- Despite some deterioration in activity data, the UK economy remains resilient in the face of tighter monetary policy. Recent data has been soft but mixed; the timelier PMI figures suggest that the services sector is recovering from a weak Q3. Tighter policy will however bear down on domestic and external activity as interest rates bite.
- Employment demand is easing. Anecdotal evidence suggests slowing recruitment and pay growth, and we expect unemployment to rise further. As unemployment rises and interest rates remain high, consumer sentiment will deteriorate. Household and business spending will therefore be weak.
- Inflation will fall over the next 12 months. The path to the target will not be smooth, with higher energy prices and base effects interrupting the downtrend at times. The MPC's attention will remain on underlying inflation measures and wage data. We believe policy rates will remain at the peak for another 10 months, or until the MPC is comfortable the risk of further 'second-round' effects have diminished.
- Maintaining monetary policy in restrictive territory for so long, when the economy is already struggling, will require significant loosening in the future to boost activity.
- Global bond yields will remain volatile. Markets are currently running with expectations of near-term US rate cuts, fuelled somewhat unexpectedly by US policymakers themselves. Term premia and bond yields have experienced a marked decline. It would not be a surprise to see a reversal if data points do not support the narrative, but the current 10-year yield appears broadly reflective of a lower medium-term level for Bank Rate.
- There is a heightened risk of fiscal policy and/or geo-political events causing substantial volatility in yields.

Forecast:

- The MPC held Bank Rate at 5.25% in December. We believe this is the peak for Bank Rate.
- The MPC will cut rates in the medium term to stimulate the UK economy but will be reluctant to do so until it is sure there will be no lingering second-round effects. We see rate cuts from Q3 2024 to a low of around 3% by early-mid 2026.
- The immediate risks around Bank Rate have become more balanced, due to the weakening UK economy and dampening effects on inflation. This shifts to the downside in the short term as the economy weakens.
- Long-term gilt yields are now substantially lower. Arlingclose expects yields to be flat from here over the short-term reflecting medium term Bank Rate forecasts. Periodic volatility is likely.

North West Leicestershire District Council

Minimum Revenue Provision Statement 2024/25

1. Annual Minimum Revenue Provision Statement 2024/25

- 1.1 Where the Council finances capital expenditure by debt, it must put aside resources to repay that debt in later years. The amount charged to the revenue budget for the repayment of debt is known as Minimum Revenue Provision (MRP), although there has been no statutory minimum since 2008. The *Local Government Act 2003* requires the Council to have regard to the former Ministry of Housing, Communities and Local Government's *Guidance on Minimum Revenue Provision* (the MHCLG Guidance) most recently issued in 2018.
- 1.2 The broad aim of the MHCLG Guidance is to ensure that capital expenditure is financed over a period that is either reasonably commensurate with that over which the capital expenditure provides benefits, or, in the case of borrowing supported by Government Revenue Support Grant, reasonably commensurate with the period implicit in the determination of that grant.
- 1.3 The MHCLG Guidance requires the Council to approve an Annual MRP Statement each year and recommends a number of options for calculating a prudent amount of MRP. The following statement incorporates options recommended in the Guidance.
 - Capital expenditure funded by borrowing incurred before 1 April 2008 MRP will be determined in accordance with the former regulations that applied on 31 March 2008, incorporating an "Adjustment A" of £606k.
 - For capital expenditure funded by borrowing incurred between 1 April 2008 and 31 March 2019, MRP will be determined as 4% of the capital financing requirement in respect of that expenditure. This will be charged on a straight-line basis over 25 years.
 - For capital expenditure funded by borrowing incurred after 31 March 2019, MRP will be determined by charging the expenditure over the expected life of the relevant asset. This will be on a straight-line basis for financial years 2020/21 and 2021/22, then on the remaining balance, as the principal repayment on an annuity equal to the average relevant PWLB rate for year of expenditure, starting in the financial year 2022/23. MRP in purchases of freehold land will be charged over 50 years. MRP on expenditure not related to fixed assets but which has been capitalised by regulation or direction will be charged over 20 years.
 - For capital expenditure funded by borrowing incurred after 31 March 2022, MRP will be determined by charging the expenditure over the expected life of the relevant asset as the principal repayment on an annuity equal to the average relevant PWLB rate for year of expenditure, starting in the year after the asset

becomes operational. MRP in purchases of freehold land will be charged over 50 years. MRP on expenditure not related to fixed assets but which has been capitalised by regulation or direction will be charged over 20 years.

- For transferred debt from Hinckley and Bosworth Borough Council, MRP will be determined as being equal to the element of the rent or charge that goes to write down the balance sheet liability.
 - Where former operating leases have been brought onto the balance sheet on 1 April 2024 due to the adoption of the *IFRS 16 Leases* accounting standard, and the asset values have been adjusted for accruals, prepayments, premiums and/or discounts, then the annual MRP charges will be adjusted so that the total charge to revenue remains unaffected by the new standard.
 - For capital expenditure loans to third parties, the Authority will make nil MRP unless (a) the loan is an investment for commercial purposes and no repayment was received in year or (b) an expected credit loss was recognised or increased in-year but will instead apply the capital receipts arising from principal repayments to reduce the capital financing requirement instead. In years where there is no principal repayment on loans that are investments for commercial purposes, MRP will be charged in accordance with the MRP policy for the assets funded by the loan, including where appropriate, delaying MRP until the year after the assets become operational. Sufficient MRP will be charged to ensure that the outstanding capital financing requirement (CFR) on the loan is no higher than the principal amount outstanding less the expected credit loss. This option was proposed by the government in its recent MRP consultation and in the Authority's view is consistent with the current regulations.
 - No MRP will be charged in respect of assets held within the Housing Revenue Account but depreciation on those assets will be charged instead in line with regulations.
 - MRP in respect of the £80 million payment made in 2012 to exit the Housing Revenue Account subsidy system will be determined as being equal to the principal amount repaid on the loans borrowed to finance that payment.
- 1.4 Capital expenditure incurred during 2024/25 will not be subject to a MRP charge until 2025/26.
- 1.5 MRP will only be charged once the asset is fully operational and will not be charged whilst the asset is under construction. The MRP charge will commence the year after the asset becomes operational.

- 1.6 Based on the Council's latest estimate of its capital financing requirement (CFR) on 31 March 2024, the budget for MRP has been set as follows:

	31.03.2024 Estimated CFR	2024/25 Estimated MRP
	£m	£m
Capital expenditure funded by borrowing before 01.04.2008	7.7	0.3
Capital expenditure funded by borrowing between 01.04.2008 and 31.03.2019	4.1	0.2
Unsupported capital expenditure after 31.03.2019	33.7	1.1
Transferred debt	0.1	0.0
Total General Fund	45.5	1.5
Assets in the Housing Revenue Account	3.3	0.0
HRA subsidy reform payment	48.4	1.3
Total Housing Revenue Account	51.7	1.3
Total	97.2	2.8

North West Leicestershire District Council

Non-Treasury Investment Strategy Report 2024/25

1. Introduction

1.1 The Council invests its money for three broad purposes:

- Because it has surplus cash as a result of its day-to-day activities, for example when income is received in advance of expenditure (known as **treasury management investments**),
- To support local public services by lending to or buying shares in other organisations (**service investments**), and
- To earn investment income (known as **Commercial investments** where this is the main purpose). It is important to stress that the primary goal of the commercial investments held by the Council and discussed in this report is not generation of profit but instead supporting local growth, local regeneration and the efficient use of local assets. Investment income is a secondary objective which is reinvested in local services.

1.2 Although not classed as a category of investment the Council also invests its own funds to finance capital expenditure funded through borrowing. This is known as internal borrowing.

1.3 This investment strategy meets the requirements of statutory guidance issued by the government in January 2018 and focuses on the second and third of these categories.

1.4 The statutory guidance defines investments as “all of the financial assets of a local authority as well as other non-financial assets that the organisation holds primarily or partially to generate a profit; for example, investment property portfolios.” The Authority interprets this to exclude (a) trade receivables which meet the accounting definition of financial assets but are not investments in the everyday sense of the word and (b) property held partially to generate a profit but primarily for the provision of local public services. This aligns the Authority’s definition of an investment with that in the 2021 edition of the CIPFA Prudential Code, a more recent piece of statutory guidance.

2. Treasury Management Investments

2.1 The Council typically receives its income in cash (e.g., from taxes and grants) before it pays for its expenditure in cash (e.g., through payroll and invoices). It also holds reserves for future expenditure and collects local taxes on behalf of other local authorities and central government. These activities, plus the timing of borrowing decisions, lead to a cash surplus which is invested in accordance with guidance from the Chartered Institute of Public Finance and Accountancy. The balance of treasury management investments is expected to fluctuate between £43.3 million and £68.2 million during the 2024/25 financial year.

2.2 **Contribution:** The contribution that these investments make to the objectives of the Council is to support effective treasury management activities.

2.3 **Further details:** Full details of the Council's policies and its plan for 2024/25 for treasury management investments are covered in a separate document, the Treasury Management Strategy Statement 2024/25.

3. **Service Investments: Loans**

3.1 **Contribution:** The Council does not currently, but may in the future, lend money to various organisations including its subsidiaries or trading companies, suppliers, local businesses, local charities, housing associations, local residents and its employees to support local public services and stimulate local economic growth.

3.2 **Security:** The main risk when making service loans is that the borrower will be unable to repay the principal lent and/or the interest due. In order to limit this risk, and ensure that total exposure to service loans remains proportionate to the size of the Council, upper limits on the outstanding loans to each category of borrower have been set as follows:

Table 1: Loans for service purposes in £ millions

Category of borrower	31.3.2023 actual			2024/25
	Balance owing	Loss allowance	Net figure in accounts	Approved Limit
Subsidiaries	Nil	Nil	Nil	Nil
Suppliers	Nil	Nil	Nil	Nil
Parish councils	Nil	Nil	Nil	Nil
Local businesses	Nil	Nil	Nil	Nil
Local charities	Nil	Nil	Nil	Nil
Housing associations	Nil	Nil	Nil	Nil
TOTAL	Nil	Nil	Nil	Nil

3.3 Loans made for service purposes will be undertaken on a case-by-case basis and require approval by Full Council. Therefore, there is no approved limit for these loans outlined in the above table, but the option is available following a proper risk and benefit review.

3.4 Accounting standards require the Council to set aside loss allowance for loans, reflecting the likelihood of non-payment. The figures for loans in the Council's statement of accounts are shown net of this loss allowance. However, the Council makes every reasonable effort to collect the full sum lent and has appropriate credit control arrangements in place to recover overdue repayments.

3.5 **Risk assessment:** The Council assesses the risk of loss before entering into and whilst holding service loans by:

- Requesting a business case to support the service loan and reviewing the business case for validity and robustness;
- Completing a financial appraisal of the business case;
- Seeking external advice where necessary to ensure compliance with for example state aid/subsidy law and creditworthiness of the counterparty seeking a service loan;
- Monitoring and undertaking regular reviews of counterparties for credit risk.

4. **Service Investments: Shares**

4.1 **Contribution:** The Council does not currently, but may in the future, invest in the shares of its subsidiaries or trading companies, its suppliers, and local businesses to support local public services and stimulate local economic growth.

4.2 **Security:** One of the risks of investing in shares is that they fall in value meaning that the initial outlay may not be recovered. In order to limit this risk, upper limits on the sum invested in each category of shares have been set as follows:

Table 2: Shares held for service purposes in £ millions

Category of company	31.3.2023 actual			2024/25
	Amounts invested	Gains or losses	Value in accounts	Approved Limit
Subsidiaries	Nil	Nil	Nil	Nil
Suppliers	Nil	Nil	Nil	Nil
Local businesses	Nil	Nil	Nil	Nil
TOTAL	Nil	Nil	Nil	Nil
	Nil	Nil	Nil	Nil

4.3 As in Table 1 there are no approved limits for investments of this kind. Applications will be dealt with on a case-by-case basis and require approval by Full Council following a comprehensive review.

4.4 **Risk assessment:** The Council assesses the risk of loss before entering into and whilst holding shares by:

- Requesting a business case to support the investment and reviewing the business case for validity and robustness;
- Completing a financial appraisal of the investment;
- Seeking external advice where necessary to ensure the creditworthiness of the counterparty; and
- Monitoring and maintain regular review of counterparties for credit risk.

4.5 **Liquidity:** To maintain liquidity, the council determines the maximum period for which funds may be prudently committed through financial planning in the Medium-Term Financial Strategy and the Treasury Management Strategy Statement. The Council's cash flow is monitored and reviewed to inform these strategies.

4.6 **Non-specified Investments:** Shares are the only investment type that the Council has identified that meets the definition of a non-specified investment in the government guidance. The limits above on share investments are therefore also the Council's upper limits on non-specified investments. The Council has not adopted any procedures for determining further categories of non-specified investment since none are likely to meet the definition.

5. Commercial Investments: Property

5.1 **Contribution:** The Council invests in local commercial property with the primary aim of supporting local growth, regeneration and efficient use of local assets. The secondary aim is investment income that will be spent on local public services. Currently the Council only holds commercial investments within the district boundaries in line with these aims.

Table 3: Property held for investment purposes in £ millions

Property	31.3.2022 actual		31.3.2023 actual	
	Gains or (losses)	Value in accounts	Gains or (losses)	Value in accounts
Industrial Units	-5.19	7.72	-0.32	7.4
Market Hall	0.26	0.45	0	0.45
Whitwick Business Centre	-0.01	1.82	-1.15	0.67
Land	0	0.26	0.08	0.34
TOTAL	-4.94	10.25	-1.39	8.86

5.2 **Security:** In accordance with government guidance, the Council considers a property investment to be secure if its accounting valuation is at or higher than its purchase cost including taxes and transaction costs. An assessment of the council's investment property portfolio is undertaken each year in the Final Accounts year-end process.

- Where the value in the accounts is at or above purchase cost: the property investment is deemed to be secure as the property could be sold to cover the purchase cost.
- Where the value in the accounts is below the purchase cost: the investment property portfolio is no longer sufficient to provide security against loss.

5.3 **Risk assessment:** The Council assesses the risk of loss before entering into and whilst holding property investments by:

- Assessment of the business case on a case by case basis, reviewing for validity and robustness;
- Financial appraisal of the business case;
- Seeking external expertise and advice where necessary; and
- Assessing the market competition including barriers to entry or exit; market needs; nature and level of competition; ongoing investments required;

- The council will also take into consideration any impact on local businesses before entering into new investments. This is to protect local business's interest in the local market.

5.4 **Liquidity:** Compared with other investment types, property is relatively difficult to sell and convert to cash at short notice and can take a considerable period to sell in certain market conditions. To ensure that the invested funds can be accessed when they are needed, for example to repay capital borrowed, the Council has minimised this risk by holding a minimal investment portfolio.

6. **Proportionality**

6.1 The Council generates income from investment activity to achieve a balanced revenue budget. Table 4 below shows the extent to which the expenditure planned to meet the service delivery objectives and/or place making role of the Council is dependent on achieving the expected net profit from investments over the lifecycle of the Medium-Term Financial Plan.

6.2 The below table outlines the investment income from commercial investments against the net service expenditure. A more appropriate measure would be the gross service expenditure as that figure would not already be adjusted for income and show a truer reflection of the extent to which income from these commercial investments support the Council's overall revenue expenditure. The gross expenditure figures are not currently available for this report. The below uses net service expenditure to give the reader an idea of the overall scale.

Table 4: Proportionality of Investments £'000

	2022/23 Actual	2023/24 Forecast	2024/25 Budget	2025/26 Budget	2026/27 Budget
Investment income	624	608	410	200	200
Net revenue expenditure	16,121	17,629	18,156	17,673	17,792
Proportion	4%	3%	2%	1%	1%

7. **Borrowing in Advance of Need**

7.1 Government guidance is that local authorities must not borrow more than or in advance of their needs purely in order to profit from the investment of the extra sums borrowed. The Council does not have any plans to borrowing in advance of need in 2024/25.

8. **Capacity, Skills and Culture**

8.1 **Elected members and statutory officers:** The Council recognises the importance of ensuring that all Elected Members and Officers involved in investment decisions are fully equipped to undertake the duties and responsibilities allocated to them and have

the appropriate capacity, skills and information to enable them to make informed decisions e.g. as to whether to enter into a specific investment. There is a requirement to understand:

- The context of the Council's corporate objectives;
- The Council's risk appetite and risk assessment framework;
- The Prudential Framework;
- The regulatory regime within local authorities operations.

8.2 The Council will, therefore, seek to appoint individuals who are both capable and experienced and provide training for staff to enable them to acquire and maintain an appropriate level of expertise, knowledge and skills. The following measures are in place:

- Identification of officer training needs on commercial investment related issues through the reflection process;
- Attendance at relevant training events, seminars and workshops; and
- Support from the Council's treasury management advisors, Arlingclose.

8.3 Elected members' training needs are assessed through the Member Development Group. The Council will also specifically address this important issue by:

- Periodically facilitating workshops or other training for members on commercial investment issues; and
- Interim reporting and advice to members.

8.4 Where necessary the Council will engage external advisers for investment advice, property surveys and due diligence checks. The cost of any such advice will be taken into account when developing business cases and when assessing the overall viability of projects.

8.5 **Commercial deals:** The Council has a decision-making framework which is aligned to the requirements of the Statutory Guidance relating to Local Authority Investments. A Commercial Board would be constituted if the requirement arises. The Commercial Board will consider any future commercial opportunities. The guiding principles that will be used will require future commercial projects to:

- Meet the Council's corporate priorities;
- Deliver community benefit
- Require minimum investment for maximum return;
- Be primarily within the District boundaries, consideration will be given to opportunities outside these boundaries if the benefit to the Council or North West Leicestershire is significant;
- Grow the business base;
- Deliver a diversified portfolio of projects that balance risk and return.

- 8.6 The Commercial Board will assess future commercial investment against the Investment Strategy. All investments will be subject to rigorous scrutiny and successful schemes will result in the provision of a report to Council for approval. Schemes will be considered for investment against the following criteria;
- Economic Impact – in particular; jobs, business growth and new housing;
 - Impact on Market Towns – in terms of vibrancy, footfall and heritage;
 - Financial Implications – value for money, affordability and return of investment; and
 - Deliverability – the ability to deliver the proposals and the associated risks.
- 8.7 **Corporate governance:** It is important that the Council has sound arrangements in place to ensure accountability, responsibility and authority for decision making on investment activities within the context of the Council's values. In terms of governance, the Commercial Board will consider all new commercial investment proposals. The Commercial Board may determine an application under delegated powers or may recommend a project to Council for approval. Full Council is responsible for the approval of the Investment Strategy and for monitoring performance against it.
- 8.8 The Council's values include transparency in decision-making. To facilitate that, the following arrangements are in place:
- This Corporate Investment Strategy will be made available on the Council's website;
 - Meetings of the Full Council will be open to the public and the agendas and minutes from such meetings will be shown on the Council's website.

9. Investment Indicators

- 9.1 The Council has set the following quantitative indicators to allow elected members and the public to assess the Council's total risk exposure as a result of its investment decisions.
- 9.2 **Total risk exposure:** The first indicator shows the Council's total exposure to potential investment losses. This includes amounts the Council is contractually committed to lend but have yet to be drawn down and guarantees the Council has issued over third-party loans.

Table 5: Total investment exposure in £ millions

Total investment exposure	01.12.2023 Actual £m	31.03.2024 Forecast £m	31.03.2025 Forecast £m
Treasury management investments	55.5	35.9	31.6
Commercial investments: Property	10.0	8.5	8.5
TOTAL INVESTMENTS	65.5	44.4	40.1
Commitments to lend	0	0	0
Guarantees issued on loans	0	0	0
TOTAL EXPOSURE	65.5	44.4	40.1

9.3 **How investments are funded:** Government guidance is that these indicators should include how investments are funded. Since the Council does not normally associate particular assets with particular liabilities, this guidance is difficult to comply with. However, the following investments could be described as being funded by borrowing. The remainder of the Council's investments are funded by usable reserves and income received in advance of expenditure.

9.4 These figures have been worked out by using the actual and forecast percentage of the overall capital financing requirement (CFR) that is funded by external borrowing and applying that to the value of the investments in Table 5.

Table 6: Investments funded by borrowing in £ millions

Investments funded by borrowing	31.03.2023 Actual £m	31.03.2024 Forecast £m	31.03.2025 Forecast £m
Treasury management investments	4.9	2.9	2.7
Service investments: Loans	0	0	0
Service investments: Shares	0	0	0
Commercial investments: Property	1.8	1.1	1.0
Total Funded by Borrowing	6.7	4.0	3.7

9.5 **Rate of return received:** This indicator shows the investment income received less the associated costs, including the cost of borrowing where appropriate, as a proportion of the sum initially invested. Note that due to the complex local government accounting framework, not all recorded gains and losses affect the revenue account in the year they are incurred.

Table 7: Investment rate of return (net of all costs)

Investments net rate of return	2022/23 Actual	2023/34 Forecast	2024/25 Forecast
Treasury management investments	2%	4%	4%
Commercial investments: Property	4%	4%	4%

NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL

CABINET – WEDNESDAY, 31 JANUARY 2024

Title of Report	GENERAL FUND BUDGET AND COUNCIL TAX 2024/25	
Presented by	Councillor Nick Rushton Corporate Portfolio Holder PH Briefed <input type="checkbox"/> Yes	
Background Papers	General Fund Budget and Council Tax 2023/24 – Council 23 February 2023 Draft General Fund Budget 2024/25 - Cabinet 9th January 2024 Corporate Scrutiny Minutes – 4th January 2024	Public Report: Yes Key Decision: Yes
Financial Implications	<p>This report sets out the General Fund, Special Expenses Revenue and Capital Programme for 2024/25 to 2028/29, which are needed for the Council to continue to deliver its services to residents, tenants and businesses.</p> <p>It also seeks approval for a wide range of fees and charges for 2024/25 which are set out in Appendix 3(a) to (c).</p> <p>Signed off by the Section 151 Officer: Yes</p>	
Legal Implications	<p>There are no direct legal implications arising from this report.</p> <p>Signed off by the Monitoring Officer: Yes</p>	
Staffing and Corporate Implications	<p>The report and its appendices set out plans to create new posts and remove vacant posts from the establishment.</p> <p>Signed off by the Head of Paid Service: Yes</p>	
Purpose of Report	For Cabinet to review the General Fund and Council Tax 2024/25 report and recommend to Council for approval and to also approve the 2024/25 Fees and Charges.	
Reason for Decision	To allow the Council to approve the 2024/25 budget.	
Recommendations	THAT CABINET: 1. ENDORSES THE ATTACHED COUNCIL REPORT (APPENDIX A) AND RECOMMENDS IT TO COUNCIL FOR APPROVAL AT ITS MEETING ON 22 FEBRUARY	

	<p>2024.</p> <p>2. APPROVES THE FEES AND CHARGES AS SET OUT IN APPENDIX 3.</p> <p>3. DELEGATES AUTHORITY TO THE SECTION 151 OFFICER, IN CONSULTATION WITH THE CORPORATE PORTFOLIO HOLDER TO MAKE AMENDMENTS TO THE COUNCIL REPORT PRIOR TO CONSIDERATION AT COUNCIL ON 22 FEBRUARY 2024.</p>
--	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND

- 1.1 The General Fund and Council Tax 2024/25 report is due to be approved by Council on 22 February 2024.
- 1.2 Cabinet is requested to review the General Fund and Council Tax 2024/25 Council Report (Appendix A) and recommend it to Council for approval.
- 1.3 Cabinet are requested to approve the Fees and Charges for 2024/24 as set out in Appendix 3 of the attached Council Report. The fees and charges have been increased by 7% which was slightly higher than the September CPI of 6.7%. This is in line with the Corporate Charging Policy and supports cost recovery where the Council has not increased charges in previous years. There are also some charges where the charge has been increased above the 7% which are included in the budget options on Appendix 2 of the Council Report.
- 1.4 Delegation is also sought to enable the Section 151 Officer, in conjunction with the Corporate Portfolio Holder, to make amendments to the Council report prior to consideration at Council on 22 February 2024.

Policies and other considerations, as appropriate	
Council Priorities:	The budget provides funding for the Council to deliver against all its priorities.
Policy Considerations:	None
Safeguarding:	None
Equalities/Diversity:	There have been equality impact assessments conducted by services on relevant proposals during this period.
Customer Impact:	Customers are likely to be impacted by the changes to fees and charges and District and special expenses precepts set out in this report.
Economic and Social Impact:	Detail any economic or social impact as a result of the decision.
Environment, Climate Change and Zero Carbon:	The budget sees investment of £1.5m in the replacement of council vehicles and reducing our carbon emissions. There is £0.8m investment in bins and recycling containers to increase recycling from households.

	The Council also has a permanent Climate Change Programme Manager post
Consultation/Community/Tenant Engagement:	Corporate Scrutiny Committee – 4 January 2024 Public consultation - 10 January to 23 January 2024 Parish and town councils, trade unions and the Federation of Small Businesses - 10 January to 23 January 2024. The results of the above consultations are detailed in this report.
Risks:	The budgets will be monitored throughout the year to ensure the Council remains within its funding envelope and planned budget savings are delivered. Key risks to the budget are discussed in further detail in section 5 of the report.

NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL
COUNCIL – THURSDAY 22 FEBRUARY 2024

Title of Report	GENERAL FUND BUDGET AND COUNCIL TAX 2024/25	
Presented by	Councillor Nick Rushton Corporate Portfolio Holder	
Background Papers	General Fund Budget and Council Tax 2023/24 – Council 23 February 2023 Draft General Fund Budget 2024/25 - Cabinet 9th January 2024 Corporate Scrutiny Minutes – 4th January 2024	Public Report: Yes
Financial Implications	<p>This report sets out the General Fund, Special Expenses Revenue and Capital Programme for 2024/25 to 2028/29, which are needed for the Council to continue to deliver its services to residents, tenants and businesses.</p> <p>Signed off by the Section 151 Officer: Yes</p>	
Legal Implications	<p>There are no direct legal implications arising from this report.</p> <p>Signed off by the Monitoring Officer: Yes</p>	
Staffing and Corporate Implications	<p>The report and its appendices set out plans to create new posts and remove vacant posts from the establishment.</p> <p>Signed off by the Head of Paid Service: Yes</p>	
Purpose of Report	To allow the Council to approve the 2024/25 budgets.	
Recommendations	<p>COUNCIL IS RECOMMENDED:</p> <ol style="list-style-type: none"> 1. TO APPROVE THE GENERAL FUND REVENUE BUDGET FOR 2024/25 AS SUMMARISED IN SECTION 2 OF THIS REPORT. THIS INCLUDES INCREASING THE DISTRICT COUNCIL'S SHARE OF COUNCIL TAX IN 2024/25 BY 2.75% 2. TO NOTE THE GENERAL FUND REVENUE INDICATIVE BUDGET FOR 2025/26 TO 2028/29 (APPENDIX 1). 3. TO NOTE THE GENERAL FUND FEES AND CHARGES (APPENDIX 3). 4. TO APPROVE THE PROPOSED GENERAL FUND CAPITAL PROGRAMME (APPENDIX 4) FOR 2024/25 AND PLANNED FINANCING, AS SET OUT IN 	

	<p>SECTION 3 OF THIS REPORT.</p> <p>5. TO NOTE THE REMAINING ELEMENTS OF THE GENERAL FUND CAPITAL PROGRAMME 2025/26 – 2028/29.</p> <p>6. TO APPROVE THE SPECIAL EXPENSES REVENUE BUDGET FOR 2024/25 (APPENDIX 6) AS SUMMARISED IN SECTION 4, INCLUDING SETTING THE SPECIAL EXPENSE BAND D COUNCIL TAX AT THE LEVELS DETAILED IN TABLE 4 OF THIS REPORT.</p> <p>7. TO APPROVE THE CONTINUATION OF NWLDC IN THE LEICESTER AND LEICESTERSHIRE ENTERPRISE PARTNERSHIP (LLEP) BUSINESS RATES POOL IN 2024/25.</p> <p>8. TO APPROVE THE DRAWDOWN FROM RESERVES TO FUND THE ONE-OFF BUDGET PROPOSALS AS DETAILED IN THE GENERAL FUND BUDGET SUMMARY 2024/25 TO 2028/29 (APPENDIX 1).</p> <p>9. TO APPROVE THE CONTRIBUTION FROM RESERVES AS DETAILED IN THE GENERAL FUND BUDGET SUMMARY 2024/25 TO 2028/29 (APPENDIX 1).</p> <p>10. DELEGATE RESPONSIBILITY TO THE CHIEF EXECUTIVE IN CONSULTATION WITH THE DIRECTOR OF RESOURCES (SECTION 151 OFFICER) AND THE RELEVANT PORTFOLIO HOLDER TO SPEND £500K FROM THE MEDIUM-TERM FINANCIAL PLAN (MTFP) RESERVE ON THE TRANSFORMATION PROGRAMME.</p>
--	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND AND DISCUSSION

1.0.1 The Medium-Term Financial Plan (MTFP) sets out the financial strategic direction for the Council and is updated as it evolves and develops throughout the year, to form the framework for the Council’s financial planning.

1.0.2 The purpose of the MTFP is to set out the key financial management principles, budget assumptions and service issues. It is then used as the framework for the detailed budget setting process to ensure that resources are effectively managed and are able to deliver the aspirations of the Council, as set out in the Council Plan, over the medium term.

1.1 Context

1.1.1 The Council is setting its budget at a time when it faces a range of issues to contend with. In broad terms these can be split into three categories; economic, local government and locally in North West Leicestershire. Each of these is explored below:

1.2 Economic

- 1.2.1 The recent report by the Office of Budget Responsibility (OBR) in respect of the Economic and Fiscal Outlook describes how the economy has proved to be more resilient to the shocks of the Covid pandemic and energy crisis than anticipated. GDP stood nearly 2% above its pre-pandemic level and around 3% above the OBR March forecast but is now expected the economy will grow more slowly over the medium term.
- 1.2.2 Inflation was expected to fall below 5% by the end of the calendar year, which was achieved with the Consumer Prices Index (CPI) being confirmed at 4.0% in December 2023. However, it is not forecast to return to its 2% target until the first half of 2025.

1.3 Local Government

- 1.3.1 High inflation, energy prices and pay awards have put substantial financial pressure on councils. The Local Government Association has estimated that councils face a funding gap of £2.4bn in 2023/24 and £1.6bn in 2024/25. These gaps relate to funding needed to maintain services at their current level.
- 1.3.2 The Autumn Statement 2023 announced in November 2023 was silent on wider issues in respect of local government funding for 2024/25 and beyond, including council tax referendum principles, grant funding and total increase in spending power. However, there were announcements welcomed by district councils including:
- Increasing the Local Housing Allowance (LHA) rate to the 30th percentile of local market rents from April 2024, The LHA is designed to ensure that people receive enough housing benefit to cover the cost of renting a typical home in their area that is large enough for their needs.
 - £120m funding for local authorities in England and the devolved administrations to invest in homelessness prevention, including to support Ukrainian households who can no longer remain in sponsorship.
 - Extending 'thank you' payments for Homes for Ukraine sponsors into a third year.
 - Creating the flexibility for Local Planning Authorities to charge a locally-set premium fee for major planning applications, allowing them to recover the full cost.
 - £110m Local Nutrient Mitigation Fund for councils to mitigate the impact of nutrient pollution in waterways and deliver thousands of homes that have been on hold. The Council would use monies secured from the Local Mitigation Fund to appoint specialist consultants to develop a detailed mitigation strategy and to identify short, medium and long term potential mitigation measures that could enable phosphate nutrient neutrality to be achieved for anticipated new housing and economic development in the River Mease Special Area of Conservation catchment.
- 1.3.3 Ahead of the Provisional Local Government Finance Settlement, the Government released a Policy Statement 2024 to 2025. It sets out the Government's intentions for the Local Government Finance Settlement 2024/25. It confirmed the Council Tax referendum principles for 2024/25, this being a principle of up to 3% or £5, whichever is higher, for shire district councils.

- 1.3.4 In addition, the Statement confirmed that all local authorities will see at least a 3% increase in their Core Spending Power before any decision they make about organisational efficiencies, use of reserves and Council Tax levels through a funding guarantee. Core Spending Power includes revenue from Council Tax, business rates, grants and other sources.
- 1.3.5 The Provisional Local Government Finance Settlement was announced on 18 December 2023 and has been incorporated into the budget position for 2024/25. There are no details of funding streams for 2025/26 onwards.

1.4 Local – North West Leicestershire

- 1.4.1 North West Leicestershire District Council continues to face increased costs from high inflation and pay awards.
- 1.4.2 In recent years the Council has seen growth in its business rate income as new companies have moved into the area due to its location and excellent communication links. This has led to the Council being the largest beneficiary in England from the business rates growth retention scheme. The business rates growth has enabled the Council to fund services without increasing council tax.
- 1.4.3 This continues to present the Council's highest financial risk as government has indicated that it is looking to reset the business rates growth baseline and redistribute resources to councils across the country with a fair funding review which is expected to be implemented in 2026.
- 1.4.4 Recognising the wider context within which the budget is being set, the Council made improvements to financial management in the last 12 months and has continued to use processes to develop its budget plans for 2024/25 and over the medium term. This recognises the greater focus within the organisation on its finances. The process, coupled with that used in previous years, has involved:
- Services completing budget proposals to justify the need for any changes to the budget.
 - Budget STAR Chamber sessions between Directors and Heads of Service.
 - Regular reporting to the Corporate Leadership Team on the Council's overall budget position.
 - Engagement with councillors through Portfolio Holder briefings, Strategy Group and an all-councillor budget briefing.
 - Further engagement through scrutiny and consultation with the public.

1.5 Principles Underpinning the Budget Strategy

- 1.5.1 The Council has a number of agreed principles as a basis for financial management and budget planning as follows:

Guiding Principles	Key Strategies for Developing Budget 2024/25 and MTFP 2024-29
Financial Stability and Sustainability	<ul style="list-style-type: none"> • Plan ahead for potential Government funding changes (including Business Rates Reset) • Do not become overly reliant on Business Rates funding for on-going service provision

	<ul style="list-style-type: none"> Use future surpluses in Business Rates funding for future one off investment to reduce ongoing revenue costs or generate income
Resources Focussed on Priorities	<ul style="list-style-type: none"> Align resources to Council Delivery Plan objectives
Maximising Our Sources of Income	<ul style="list-style-type: none"> Fees and Charges maximised in accordance with the Corporate Charging Policy (increased by inflation)
Managing our Risks	<ul style="list-style-type: none"> Acceptable level of risk tolerance Review of reserves strategy and position

1.6 Budget Assumptions

1.6.1 The following budget assumptions have been built into the forecast:

- Pay award – additional 2.75% for 2023/24 (4% had been included within the 2023/24 budgets), 3% in 2024/25 and 2% thereafter.
- Contracts have been linked to the CPI/Retail Prices Index (RPI) as per individual agreements.
- Inflation – fuel and utilities inflation are very volatile which was reflected in the large increases in the budget in 2023/24 (see table below). After reviewing the current prices and future indications based on the best information available, the decision has been taken that there is sufficient budget in 2024/25 to meet demand.

Cost	Increase in Budget 2023/24
Fuel	30%
Gas	86%
Electricity	100%

- Fees and charges – where relevant, budgets have been increased by 7% which was slightly higher than the September CPI of 6.7%. This is in line with the Corporate Charging Policy and supports cost recovery where the Council has not increased charges in previous years. There are also some charges where the charge has been increased above the 7% which are included in the budget options on Appendix 2. See section 2.4 for more detailed information on fees and charges.
- In broad terms other expenditure has not had any inflationary factor applied with a few exceptions where material costs have had to be increased to keep up with rising prices (e.g. Grounds Maintenance).

2.0 GENERAL FUND BUDGET 2024/25

2.1 General Fund Budget Summary

2.1.1 Appendix 1 shows the general fund budget position for 2023/24 and the budget for approval for 2024/25, as well as an indicative budget for 2025/26 to 2028/29.

2.1.2 Table 1 below highlights that in 2024/25 the net revenue expenditure has increased by £804k compared to 2023/24 and the anticipated funding has also increased by (£206k). However, it should be noted that £771k of this sum relates to one-off expenditure and will be funded from reserves.

Table 1: Changes to the General Fund budget from the previous year

	2023/24	2024/25	Movement
	£'000	£'000	£'000
Total Funding	(17,087)	(17,293)	(206)
Net Revenue Expenditure	17,353	18,157	804
Funding (surplus)/deficit	266	864	598
Contributions to/(from) reserves	(266)	(864)	(598)

2.1.3 To balance the budget in 2024/25, £864k is being met from reserves. Of this £771k is to fund one-off budget expenditure proposals which are discussed in further detail in section 2.2 below and is being met from the MTFP reserve. A further £93k is a contribution from the Business Rates Reserve (BRR) to fund the current budget gap in 2024/25.

2.1.4 The forecast financial position for the medium term is set out in Appendix 1. Although the Council currently has a balanced budget for 2024/25 with the shortfall of £93k being funded from the BRR, there is uncertainty for the future as the budget gap for 2025/26 is £380k, increasing to £1,885k in 2028/29. It is not part of the Council's financial strategy to continue to use the BRR to fund revenue expenditure as detailed above in section 1.5.1.

2.1.5 It should be noted that this is a much-improved position from last financial year when the budget gap for 2024/25 was £1,628k, increasing to £3,905k in 2027/28. The budget options proposed for 2024/25 have helped to reduce the base funding position. However, there is still a funding gap over the medium-term coupled with an uncertain economic climate and ambiguity in respect of the local government finance funding regime.

2.1.6 A robust corporate and financial plan is required to bridge the funding gap and ensure the Council can balance its budget for 2025/26 and over the medium term. This plan should initially focus on being more efficient with the aim of having the same service outcomes at a lower cost. However, it needs to be flexible enough to adapt to potential national changes to local government funding, which may require reductions in service levels in the future. There is a Transformation Programme planned to support this which is detailed in section 2.3.1 below.

2.2 Budget Changes to the MTFP

2.2.1 Appendix 2 sets out the most significant planned changes to the general fund budgets for 2024/25 to 2028/29.

2.2.2 Looking at 2024/25 specifically, the total budget proposals show an overall saving of £489k and include:

- **Cost pressures totalling £1.2m.** The most significant cost pressures relate to:
 - pay related costs which are due to increase by £0.5m, due to a combination of funding the unbudgeted balance of the pay award for 2023/24 and incremental increases for 2024/25. These additional costs have been offset by an increase in the vacancy allowance saving of 1% (from 2% to 3%) which provides an additional £200k saving to offset the increased budgeted pay costs in 2024/25 of 3%. This is based on historical data and forecasted trends.
 - service pressures of £886k which includes £700k for one off-costs funded from reserves, the largest being £500k investment to provide capacity for the Transformation Programme. Other significant pressures include £40k increase on insurance costs due to the additional premiums mainly in relation to property and motor due to inflation and the Council's claim history, £60k for additional finance systems administration support required for the finance system and £32k for additional security costs required for Council premises.

- **Budget Options totalling (£277k)** – these are net savings which have been identified across all service areas and are detailed in Appendix 2. Heads of Service were tasked with trying to achieve 10% net saving across their services. These are discussed in further detail in section 2.3 below. The main areas of savings/increased income are:
 - **Housing £120k** – £50k reduction in temporary accommodation demand along with £70k increase in income from a change to the temporary accommodation charging policy.
 - **Property Services £68k** – achieved through the closure of the Council Offices at Whitwick Road.
 - **Planning £67k** – reduction in contribution to the Strategic Growth Plan.

- **Changes to income, which see a net income increase of £373k.** The largest increase in income relates to investment income of £275k due to higher interest rates and investment balances previously predicted, along with increased income of £90k from a 7% increase on fees and changes which is set out in paragraph 1.6.1 above. Other changes to income relate to changes to recharges to both the Housing Revenue Account (HRA) and Special Expenses. There are some changes to income which have been included as part of Budget Options.

- **Budget efficiencies totalling £46k.** This is where the Council has identified where some budgets can be decreased by identifying efficiencies from centralisation and removal of nominal budgets to achieve budget savings.

- **Technical Adjustments totalling £1m.** The main area adjusted is Financing Costs (cost of debt) which shows a reduction of £1m, due to the outturn of the 2022/23 being lower than originally predicted for the general fund capital programme and the 2023/24 programme being funded from the business rates reserve.

2.3 The Year Ahead by Service Area

2.3.1 Transformation

2.3.1.1 The transformation programme aims to improve the performance, efficiency and effectiveness of the Council. It may involve redesigning processes, systems and structures, as well as changing the culture, behaviours and skills of the workforce.

2.3.1.2 The benefits of the transformation programme include better outcomes for citizens, customers and stakeholders, as well as reduced costs and increased productivity. It will align with the priorities as set out in the Council Delivery Plan (CDP).

2.3.1.3 A transformation programme requires significant investment in terms of time, resources and money. This one-off investment is necessary to enable the changes to be implemented and sustained, as well as to overcome the challenges and risks that may arise during the transition. Therefore, it is important to justify the investment by demonstrating how it will contribute to the strategic objectives and priorities of the Council. One of the main priorities, as set out in the CDP, is to close the funding gap over the medium-term that has resulted from reduced central government grants, the planned business rates reset, increased demand for services and rising costs.

2.3.1.4 If the funding gap is left unaddressed, it could lead to financial instability, service deterioration and statutory failure. The transformation programme can help to close the funding gap by delivering efficiencies and savings across the Council. By streamlining processes, eliminating waste and duplication, and optimising resources, the programme can reduce the operational costs of delivering services. By enhancing quality, responsiveness and innovation, the programme can increase customer satisfaction, loyalty and retention, as well as generate new income streams.

2.3.1.5 By aligning services with needs, expectations and preferences, the programme can improve outcomes for citizens, communities and partners, as well as reduce demand for costly interventions. Therefore, investing in the transformation programme is not only desirable but essential for the future sustainability and success of the Council. It will enable the Council to achieve its vision of being a modern, efficient and customer-focused organisation that delivers value for money and excellent services for all.

2.3.1.6 The programme aims to achieve the following outcomes:

- Streamline processes and reduce duplication of work across departments and functions;
- Enhance collaboration and communication among staff, partners and stakeholders;
- Implement innovative solutions and best practices to deliver better outcomes for our customers; and
- Increase customer satisfaction and trust in the local government services.

- 2.3.1.7 The transformation programme requires an upfront investment to cover the costs of planning, designing and implementing the changes. However, this investment will be offset by the savings and benefits that will be generated by the programme in the long term.
- 2.3.1.8 One of the key aspects of the transformation programme is to ensure that the Council listens to and involves staff in the process. That is why several workshops and feedback sessions were recently held with senior leaders and staff where they had the opportunity to share opinions, concerns and suggestions about areas of focus for transformation. The feedback will help the Council to identify the main challenges and opportunities that it faces as an organisation, and to prioritise the actions and initiatives that will enable the Council to achieve our strategic goals.
- 2.3.1.9 The workshops focused on the following themes:
- Culture and Values
 - Getting the Basics Right, Doing the Basics Well
 - Delivering Our Priorities
 - Customer Experience
 - Value for Money
 - Financial Sustainability
- 2.3.1.10 The initial feedback included the following:
- Ensuring visible leadership at every staff location
 - Sharing knowledge
 - Streamlining ICT systems
 - Improving digital access for staff and customers
 - Rolling programme of service reviews to optimise the customer experience
 - Reviewing all assets
 - Ensuring customer insight and feedback drives continuous improvement in process and provision
 - Engaging customers consistently across the Council
 - Reviewing current service providers and suppliers to prioritise key contracts for essential services
 - Identifying and maximising commercial opportunities
 - Ensuring fees and charges are aligned to the market.
- 2.3.1.11 The Council has already commenced work to review all of its contracts to establish where procurement savings can be made. There are also service reviews in train which include waste and housing.
- 2.3.1.12 A Steering Group made up of senior officers will be a key governance mechanism that provides strategic direction, oversight and decision-making for the programme. The Group will:
- Define the vision, objectives, scope and benefits of the transformation programme;
 - Approve the programme plan and priorities, budget, resources and the risk management strategy;
 - Monitor and review the programme progress, performance and outcomes;
 - Resolve any issues, conflicts or dependencies that arise during the programme;
 - Ensure alignment and coordination with other programmes and projects within the Council;

- Communicate and engage with internal and external stakeholders to secure their support and feedback; and
- Manage any changes or deviations from the original programme plan.

2.3.1.13 It is proposed that an investment of £500k will be spent on the programme to provide the necessary resources to align with the programme's objectives and priorities. It is recommended that responsibility for spending the £500k is delegated to the Chief Executive, in consultation with the Director of Resources (Section 151 Officer) and relevant Portfolio Holder. The investment will be met from the Medium-Term Plan Reserve. There will be further reports to the Corporate Scrutiny Committee and Cabinet.

2.3.2 ICT

2.3.2.1 Moving to a hybrid/agile working operating model has meant that the service supports 350 officers, as well as councillors, which is a pressure on ICT services. There is a greater focus on IT audits and this will continue over the short and medium term to ensure that the Council is compliant with ICT standards and practices.

2.3.2.2 There are a number of ICT systems which require upgrades as the software reaches end of life or end of contract.

2.3.2.3 There are likely to be several projects emerging from the Transformation Programme which will require ICT support.

2.3.2.4 The service will review the numerous ICT contracts in places across the Council with a view to reducing them, as well as ensuring that the systems deliver value for money.

2.3.3 Finance

2.3.3.1 During 2024/25, the finance team will continue to develop the Unit 4 finance system which went live in April 2023. Further development will allow more tasks to be completed in the system, such as budget monitoring and forecasting and continue to automate processes. To aid the development, two service pressures have been requested, £60k in relation to enable Embridge Consulting to support with Systems Administration and £50k for additional resources for Phase 3 of the project.

2.3.3.2 Key objectives for the year will be to ensure that the team is fully resourced, and the Statutory Accounts and Returns are completed in a timely manner. The team will also be leading on the procurement of the corporate insurance contract which will be live from October 2024. A £40k budget pressure has been included in the budget for the insurance contract until September 2024. The Council is looking for savings from the new contract commencing in October 2024.

2.3.4 Legal and Support Services

2.3.4.1 A priority for the Democratic Services Team will be to manage the Local Government Boundary Commission Review of Electoral Arrangements. Additional capacity has been secured to support this work through the Association of Electoral Administrators. This cost has been managed through existing budgets within the service. The Democratic Services Team will also be managing elections (PCC and

Parliamentary) in 2024. Strong project management is in place for forthcoming elections.

2.3.4.2 In terms of Legal Services, there remains a vacant post on the establishment which is currently filled with locum support. This cost is being met from existing budgets within the service. Work is ongoing with the Head of Human Resources and Organisational Development to review the approach to recruitment of this post.

2.3.4.3 The resources and structure of the Internal Audit team were reviewed in 2023 to ensure that appropriate audit coverage was provided to the Council, both in terms of General Fund and Housing Revenue Account (HRA). The number of Audit days per year was increased from 130 to 315. This was necessary to provide an appropriate level of audit assurance to managers and members of Audit and Governance Committee. It is necessary to review the level of recharges to the HRA to ensure that they are commensurate with the number of audit days provided to the Housing Service.

2.3.5 Organisational Development

2.3.5.1 A key focus for the HR team in the next few years will be recruitment and retention issues affecting parts of the workforce and ensuring the Council remains an attractive employer to both new applicants while retaining existing employees. The Council will also be seeking to achieve greater efficiency through the reduction of sickness absences.

2.3.6 Strategic Housing

2.3.6.1 There continues to be increasing demand for the Council's statutory homelessness service. This has led to increasing expenditure in recent years, in particular in relation to emergency accommodation.

2.3.6.2 This year the Council has developed a new Homelessness Strategy and revised the allocations policy to place a greater emphasis on reducing demand for temporary accommodation and ensuring on those occasions that such provision is required it is delivered in the most cost-effective way possible. The budget has been adjusted to reflect the expected impact of that work.

2.3.6.3 The Housing Choices Service is the only section of the Council to be accessible through freephone numbers. As communication preferences have changed it is felt that this is no longer necessary to ensure that the service is accessible.

2.3.7 Community Services

2.3.7.1 As a front facing function within the Council incorporating waste, parks, car parks, toilets, burials, leisure, markets, licencing, environmental health, community safety, community focus, environmental protection and fleet, the service continues to be affected by significant inflationary pressures related to contracts, fuel, materials, vehicle costs and utilities.

2.3.7.2 Other service changes anticipated focus on the service areas of Disabled Facilities Grants, public toilets, burials, trade waste, pest control and the parking service. Work is also underway to ensure that the new checks carried out on goods entering Great

Britain from the EU are carried out on a full cost recovery basis at East Midlands Airport.

- 2.3.7.3 Work continues on zero carbon measures across the Council and new schemes will be rolled out as business cases are developed for the Council's fleet and buildings particularly in order that the Council can meet its aspiration to be zero carbon by 2030 for its own operations.

2.3.8 Planning and Development

2.3.8.1 The Planning Skills Delivery Fund refers to the £24m of government funding available to local authorities over two years to help with the implementation of the proposed reforms in the Levelling Up and Regeneration Act. This fund has been allocated in recognition of the fact that support is needed to help planning services deal with a variety of issues currently facing the planning system. Local Authorities in England were given the opportunity to apply for funding of up to £100k to help support the processing of planning applications. The Planning and Development Team has been awarded a grant of £95k to contribute to some additional Urban Design and heritage resource and support with validation of planning applications.

2.3.8.2 With the recent cancellation of the eastern leg of HS2 from Birmingham to East Midlands Parkway, the existing budget of £25k for the consultants who have been supporting the Council (SLC Rail) support will no longer be required.

2.3.8.3 The key service issue for the Planning Policy team is to continue to progress the Local Plan Review. There are associated risks with this work, including any unanticipated requirement for additional evidential work over and above that currently budgeted for. As a result of upcoming changes to Regulations, the Local Plan will need to be submitted by the end of June 2025. If it is not possible to meet this deadline, then some of the existing evidence is at risk of being dated and so will need to be renewed at a significant cost to the Council. The new Regulation may also result in the need for new evidence or requirements which would add to the cost. Should this deadline be met there is a risk that the Local Plan Examination is longer and more contentious than might be anticipated and as such more expensive with the increased risk of the plan being found unsound.

2.3.8.4 The key service issue for the Planning and Development Team is to maintain the high level of performance achieved in meeting government targets for the determination of planning applications. Planning application fee income has dropped significantly so far in the first three quarters of 2023/24 because of the current economic situation and cost of living crisis. However, planning application fees increases of 35% for majors and 25% for all other applications came into force on 6 December 2023 and the impact of this in Quarter 4 of 2023/24 and also in 2024/25 will continue to be closely monitored. Officers are aware of a small number of major planning applications expected in 2024/25 which could secure up to half of the projected fee income for the year. Any additional fee income received over and above the projected budget will be put in reserve to manage workload peaks and troughs and to balance the Planning and Development budget in future years.

2.3.9 Property Services and Economic Regeneration

2.3.9.1 The Council's portfolio of properties suffers from a backlog of maintenance issues as a result of historic funding challenges within the public sector. The stock also

continues to age, presenting increased maintenance needs. It will be necessary to continue to prioritise repair and refurbishment works going forward which will be assisted by the planned introduction of a new Asset Management system, alongside the development of an improvement planned preventative maintenance plan.

2.3.9.2 The Council's historic prioritisation of economic growth has delivered a local economy with higher employment rates and job availability than many comparable areas. The district is also a highly attractive area to potential inward investors. A priority set out in the Council Delivery Plan is to develop a district-wide regeneration framework which will help ensure that future activities are focused on the most important challenges or greatest opportunities.

2.4 Fees and Charges

2.4.1 The Council provides a large number of services to local residents and businesses that incur a fee. Appendix 3(a) to 3(c) sets out key changes to fees and charges for 2024/25.

2.4.2 The fees and charges have been increased by 7% which is slightly higher than the September CPI of 6.7%. Where appropriate, it has been considered, areas where demand has changed which impacts on the income.

2.4.2 There have been some changes to the income targets for 2024/25 which are detailed as part of the Budget Options shown in Appendix 2.

2.5 Funding

2.5.1 The funding position for the General Fund is based on the Provisional Local Government Finance Settlement (LGFS) announced in December 2023. The key funding changes are:

- **Reduction in New Homes Bonus** - Removal of the final legacy payment is now expected in 2025/26.
- **Minimum Funding Guarantee** - This is estimated as £1.6m in 2024/25 and £2.2m in 2025/26. This grant is to ensure the Council is not significantly affected by the reduced New Homes Bonus Grant and the loss of the Lower Tier Services Grant in 23/24.
- **Increase in Business Rates** - Business rate income used to fund the budget is expected to decrease by £100k. Growth has increased and other than the £93k used to fund the budget gap it is recommended that the additional income is set aside within the business rates reserve to fund the capital programme. This is due to the risk North West Leicestershire faces from a potential business rates reset which could happen in 2026/27. North West Leicestershire has seen the biggest growth above its business rates baseline in all local authorities in England and therefore, could face a significant reduction in funding if and when such a policy is implemented.
- **Revenue Support Grant** – There is estimated to be a small increase of £6k in this grant in 2024/25 to £96k but reducing to £80k in 25/26.

- **Reduction in Services Grant** - It is estimated that this grant will reduce from £93k in 2023/24 to £15k in 2024/25 and will cease after 2025/26.
- **Council Tax income is assumed to increase by £270k** - This is caused by growth in the district, an increase in Council Tax 2.75% and an increase in collection rate of 0.5%. This has been set based on the council tax base calculated for 2024/25.

2.6 General Fund Reserves

2.6.1 The MTFP reserve is to help manage deficits and funding volatility. The value of this reserve is forecast to be £7.9 million as at 31 March 2024.

2.6.2 In addition to these reserves, the Council also has earmarked reserves estimated to be £2.6m as at 31 March 2024, falling to £2m by 31 March 2025 and general balances of £1.5m. A summary of these reserves can be found in table 2 below.

Table 2: Summary of estimated reserves 2024/25 – 2028/29

Reserve Name	Estimated Balance as at 1/4/24 £	Commitments & Budget Proposals 24/25 £	Estimated balance as at 31/3/25 £	Future commitment incl budget proposals 25/26 to 28/29 £	Estimated Balance 31/3/29 £
Earmarked reserves - General Fund	2,639,807	(679,648)	1,960,159	(632,122)	1,328,037
MTFP Reserve	7,936,684	(700,000)	7,236,684	0	7,236,684
Business Rates Reserve	3,081,378	(127,590)	2,953,788	5,027,762	7,981,550
General Balance (minimum level of reserves) - General Fund	1,544,493	0	1,544,493	0	1,544,493
TOTAL ALL RESERVES - GENERAL FUND	15,202,362	(1,507,238)	13,695,124	4,395,640	18,090,764

2.6.3 Earmarked reserves are those reserves that have been earmarked for a specific purpose. The estimated balances include items currently committed and also £112k used to fund one off budget proposals over the four years from 2024/25 to 2027/28. A table showing details by service can be found in Appendix 5.

2.6.4 The MTFP reserve is expected to be £7.2m after taking into account the funding of one-off budgets for 2024/25. It will be used to mitigate unbudgeted pressures (including anticipated Government funding reduction), pump-priming invest to save opportunities and the transformation programme, and funding the capacity to deliver a medium-term financial plan.

2.6.5 Contributions into the business rates reserve are expected to be £7.9m in 2024/25 and £8.5m in 2025/26. As mentioned above in 2.5.1, this is due to Business Rates growth, Leicestershire Business Rates Pool allocations and Freeport allocations. It is proposed to use this reserve to fund the capital programme. The figures in Table 2 are net of forecast funding of the capital programme.

2.6.6 General balances are the minimum level of reserves that is prudent to hold.

3.0 CAPITAL PROGRAMME 2024/25 TO 2028/29

3.1 General Fund and Special Expenses Capital Programme

3.1.1 Capital Strategy

3.1.2 The Capital Strategy includes a number of key changes and improvements for the 2024/25 and future years' programme.

3.1.3 A key change introduced in 2023/24 is a move away from using external borrowing to fund programmes. This eliminates the Council's exposure to increases in interest rates. Schemes would be funded from internal sources such as reserves, (mainly the MTFP and the Business Rates Reserves), capital receipts, and revenue contributions. External grant applications would be made for schemes which qualify for such funding.

3.1.4 The capital programme is divided into two parts – active projects and schemes in a development pool. The active projects are schemes which have been approved by Council (in-year or in previous years) and currently being delivered. Some new schemes have been added to the active pool as part of the budget process and these are proposed to be approved by Council when the budget is considered in February 2024.

3.1.5 Projects in the development pool are subject to a full business case being developed before moving to the active category. The business case is scrutinised by the Capital Strategy Group before going onto Cabinet or Council for full approval in line with the Constitution.

3.1.6 These planned improvements to managing schemes through their project lifecycle will contribute towards better financial management and governance.

3.1.7 The Capital Strategy is available within the Capital Strategy, Treasury Strategy and Prudential Indicators report on the same agenda.

3.2.1 2024/25-2028/29 Capital Programme

3.2.2 The proposed General Fund capital programme is outlined in Appendix 4. The five-year programme totals £22 million, a £3.8 million increase on the previous five-year programme.

- **Stenson square public realm:** This is a £2m investment to create a new public realm. This scheme will invest in Council owned land at Stenson square and London Road car park to create improved facilities for the general public.
- **Investment in Council owned land:** Investment of £3.7m. Business cases will be developed to explore further developments to support regeneration and bring employment to the district as well as generate income to support council services.
- **UK Shared Prosperity Investment Programme:** The Council has been awarded £1.3m capital grant from the Department of levelling-up, housing and communities to undertake various projects in the district. This is year three of a three-year programme to deliver schemes including refurbishment of Moira

furnace, development at memorial square to provide new office accommodation and the creation of an eco-park among other schemes.

- **Fleet replacement programme:** A programme to replace old vehicles with environmentally friendly fleet for services such as waste, parks and housing. The old vehicles would be sold and the receipts from sales re-invested in the programme. This is year three of this programme. A business case is currently in progress for investment required for future years.
- **Marlborough Centre purchase and renovation:** The Council acquired the Marlborough centre property in 2022/23. The building will be redeveloped to provide residential apartment properties and commercial units. The residential units will be sold after completion to generate capital receipts and the commercial units will be let to businesses to generate income to support service provision.

3.3 Funding the Capital Programme

3.3.1 Each capital programme is funded from a variety of sources, including revenue, reserves and grants. Table 3 below summarises the current identified funding sources for each year of the general fund capital programme.

Table 3: Sources of funding for the General Fund capital programme

	24/25 Budget £'000	25/26 Indicative £'000	26/27 Indicative £'000	27/28 Indicative £'000	28/29 Indicative £'000
Capital Receipts	48	0	0	0	0
Government Grants	3,756	670	670	670	670
Reserves	8,078	4,845	2,229	301	0
Revenue Contributions	34	0	0	0	0
Total	11,916	5,515	2,899	971	670

3.3.2 The monies set out in the Reserves line in the table above will be drawn down from the Business Rates Reserve. As per paragraph 2.5.5, there is forecast to be sufficient monies in the reserve to finance the capital programme commitments in both 2024/25 and 2025/26.

4.0 SPECIAL EXPENSES 2024/25

4.1 During 2023/24, the Council operated ten special expense accounts where it provides additional services specific to some areas of the district. The Council's Special Expense Policy sets out the criteria and services that are classified as special expenses.

4.2 The special expenses budget includes a five-year Planned and Preventative Maintenance (PPM) programme which should provide sufficient budget to cover future planned maintenance along with a programme for play equipment replacement. The PPM programme has been reviewed and updated as part of the budget preparation.

- 4.3 It should be noted any increases in council tax for special expense areas are considered as part of the District Council's proportion of the council tax when calculating and considering the Referendum Principles for increases in Council Tax.
- 4.4 As part of the budget process the net expenditure requirements for each special expense area have been reviewed against the level of funding available through precepts, grants, S106 Funding and earmarked reserves. In line with statutory requirements for the Council it is important that each special expense area produces a balanced budget and is financially sustainable. A key element of good practice financial sustainability is to have a minimum level of balances for each special expense area, which is recommended at circa 10% of reoccurring expenditure.

4.5 2024/25 Budget Setting

- 4.5.1 As part of the process of setting the 2024/25 budget for special expenses and the requirement to set a balanced budget, the Director of Resources requested a root and branch review of all income and expenditure in relation to special expenses. During this review and after seeking legal advice it was identified that the expenditure in relation to 'Closed Churchyards' and the subsidy in relation to grounds maintenance at Owen Street Coalville has been incorrectly treated as a special expense rather than General Fund expenditure.
- 4.5.2 The special expenses areas affected are: Appleby Magna, Coalville, Coleorton, Hugglescote and Donington-le-Heath, Lockington-cum-Hemington, Measham, Ravenstone with Snibston, Stretton-en-le-field and Whitwick.
- 4.5.3 For 2024/25 the expenditure in relation to 'Closed Churchyards' has been removed from the special expenses and included in the General Fund. For four special expense areas (Appleby Magna, Lockington-cum-Hemington, Measham, Ravenstone with Snibstone, Stretton-en-le-field) this was the only expenditure. Therefore, the precept for 2024/25 has been removed. This will reduce the special expense areas to six.
- 4.5.4 For Coleorton, Hugglescote and Donington-le-Heath, Ravenstone with Snibstone and Whitwick the expenditure for 'Closed Churchyards' has been removed from future budgets and the precept has been reviewed and reduced accordingly.
- 4.5.5 The subsidy in relation to grounds maintenance at Owen Street Coalville has been removed from future Coalville special expense budgets and included in the general fund.
- 4.5.6 Due to the short budget setting timetable and the need to undertake further work on the treatment of previous years expenditure, a report will be taken through the governance process (Corporate Scrutiny, Cabinet and Council (if necessary) in summer 2024.
- 4.5.7 A budget requirement covering the period 2024/25 to 2028/29 has been produced for each special expense area and is available at Appendix 6. The special expense budget requirements areas include a budget for PPM which should provide sufficient funding to cover future planned maintenance along with a programme for play equipment replacement (where applicable). The PPM programme has been updated as part of the budget preparation.

4.6 Special Expense Precepts 2024/25

- 4.6.1 The Council is required to set a balanced budget for each special expenses account. It is good practice to have a minimum level of balances, which is recommended at circa 10% of reoccurring expenditure. With the exception of Oakthorpe, Donisthorpe and Acresford, all special expense accounts have sufficient balances forecast for 2024/25.
- 4.6.2 In relation to Oakthorpe, Donisthorpe and Acresford, there is a deficit balance brought forward from 2022 due to the replacement of fencing at the play area. The proposal is to increase the precept to enable the recovery of the deficit over the next three years.
- 4.6.3 Table 4 below shows the proposed Band D Council Tax for the special expense areas.

Table 4 – Band D Annual Precept for each Special Expense Area

Special Expense Area	Council Tax Band D 2023/24	Increase/ (Decrease)	Council Tax Band D 2024/25
Appleby Magna	7.08	-7.08	0.00
Coalville	73.81	5.17	78.98
Coleorton	10.63	-7.12	3.51
Hugglescote/Donington-le-Heath	15.27	-6.44	8.83
Lockington-Cum-Hemington	13.72	-13.72	0.00
Measham	1.87	-1.87	0.00
Oakthorpe, Donisthorpe & Acresford	6.10	6.10	12.20
Ravenstone with Snibstone	1.29	-0.13	1.16
Stretton-en-le-field	73.11	-73.11	0.00
Whitwick	9.55	-2.90	6.65
Note: The table excludes funding from localised council tax support grant, Section 106 contributions, income (e.g. event or rents) and earmarked reserves.			

- 4.6.4 Special expense budgets, just like all Council budgets, are subject to the inflationary pressures of the current economic environment. To ensure a balanced budget is proposed and mitigate any funding gaps, action has been taken to minimise PPM expenditure. As well as seeking to increase income from Section 106 contributions and fees & charges.
- 4.6.5 There are potential risks in these mitigating actions. For example, minimising PPM expenditure in 2024/25 by deferring non-essential spend to future years, may lead to higher routine maintenance in the short term. This may take time to implement the impact of reductions in service levels which could lead to short term cost pressure on the wider general fund.

5.0 KEY RISKS TO THE BUDGET

- 5.1 Table 5 below provides an assessment of the key risk areas to determine the robustness of the estimates and adequacy of reserves included in the General Fund budgets:

Table 5: Key Risks to the Budget

Area	Y/N	Comments
Is performance against the current year's budget on track and where	Y	The 2023/24 financial monitoring is showing a projected overspend of £252k on the

Area	Y/N	Comments
variances are evident, ongoing and unavoidable, are they appropriately reflected in the plans?		General Fund. Work is currently on-going within services to mitigate these pressures and minimise any drawdown from reserves. The on-going and unavailable pressures, alongside potential reductions in reserve levels, have been factored into budget plans for 2024/25 and the medium term.
Are arrangements for monitoring and reporting performance against the savings plans robust?	Y & N	<p>In recent years the Council has not been required to make significant savings to maintain its financial position. Therefore, clear savings plans and delivery has not been required.</p> <p>With such a significant funding gap estimated for 2024/25, there are a range of budget options proposed for the General Fund Budget 2024/25. Where it is appropriate, delivery of savings/efficiencies will be monitored throughout the financial year and reported to stakeholders alongside the financial monitoring reports on a quarterly basis.</p> <p>As part of the Council's Transformation Programme, project management principles will be adopted with a suite of guidance and templates to support good practice, which, in turn will help the Council manage and monitor large scale transformation programmes.</p>
The reasonableness of the underlying budget assumptions	Y	<p>All budget proposals have been justified by service managers, reviewed by finance and subject to budget challenge sessions in the new process.</p> <p>External review has also been undertaken by the treasury advisers, Arlingclose, on the Treasury Management Strategy.</p>
The alignment of resources with the Council's service and organisational priorities	Y	<p>Resources are aligned to the current priorities of the Council.</p> <p>A new Council Delivery Plan (CDP) has been developed and was approved by Council on 14 November 2023. The CDP is aligned to the resources available and risks faced by the Council.</p> <p>The Council's ambition to be carbon neutral by 2030 is likely to require additional investment, however, the Council will look to maximise grant funding made available to it to support this priority. An exercise to identify the costs of getting to net zero will be completed in 2024/25.</p>
A review of the major risks associated with the budget	Y	The major risks within the budget have been assessed and are set out in the budget report, including mitigations and strategies about how these are being managed.

Area	Y/N	Comments
The availability of un-earmarked reserves to meet unforeseen cost pressures	Y	<p>The Council has a minimum level of reserves for General Fund of (£1.5m). In the Audit Commission's 'Striking a Balance' report published in 2012, the majority of Chief Finance Officers at the national level regarded an amount of between three and five per cent of Council's net spending as a prudent level for risk-based reserves. Over the medium term the Council's forecast figure is between £264k and £1,556k.</p> <p>The General Fund position has been risk assessed to take account of potential unforeseen pressures.</p>
Have realistic income targets been set and 'at risk' external funding been identified?	Y	<p>An assessment of income targets has been undertaken as part of the development of the draft budget.</p> <p>The income areas which have the greatest risk (including business rates, council tax, planning and leisure) have had greater focus for this work and focus in the budget challenge sessions.</p> <p>Fees and charges have been increased, where it is appropriate to do so, in accordance with the Council's Corporate Charging Policy.</p>
Has a reasonable estimate of demand cost pressures been made?	Y	<p>The enhanced budget process used in the development of the draft budget has improved the reasonableness of estimates.</p>
Has a reasonable estimate of future income been made?	Y	<p>The budget proposals presented by services were reviewed by finance and subject to budget challenge sessions.</p>
Have one-off cost pressures been identified?	Y	<p>All pressures have been reviewed to assess if they are one-off or ongoing in nature. One-off proposals are to be funded from reserves. Services will need to ensure exit plans exist for one off expenditure.</p>
Are arrangements for monitoring and reporting performance against the budget plans robust?	Y	<p>For 2023/24, quarterly financial reporting to Cabinet and Scrutiny Committee has been introduced.</p> <p>The new finance system is intended to bring enhanced financial reporting for budget holders to support robust and regular monitoring of budgets.</p> <p>The Council will also need to enhance its development, monitoring and delivery of its plans to deliver balanced budgets over the</p>

Area	Y/N	Comments
		medium term.
Is there a reasonable contingency available to cover the financial risks faced by the Council?	Y	The Council has incorporated estimates for pay award, inflation and demand pressures into its budget. It has also made provisions for key income streams not materialising for business rates and council tax.
Is there a reasonable level of reserves, which could be used to mitigate any issues arising and are they reducing as the risks decrease?	Y	The Council has a range of earmarked, MTFP and minimum levels of reserves to ensure its financial stability.
The strength of the financial management function and reporting arrangements?	Y & N	The Council implemented a new financial system in April 2023 to improve its reporting. Further enhancements to the system are required in the short-term to deliver this. A review of the Financial Procedures Rules is planned.
Have the previous years Accounts been signed off by external audit to verify balances?	N	The Council's Accounts for 2021/22 are currently being audited. The audit for the 2022/23 accounts will commence in Spring 2024. Budget estimates and reserves balances for 2024/25 and beyond are based on the latest information incorporated into the 2021/22 and 2022/23 accounts.
Has there been a degree and quality of engagement with colleagues and councillors in the process to develop and construct the budget?	Y	There has been a continuation of the improvements introduced to the budget setting process last year. This has included a series of budget challenge sessions between the Directors and Heads of Service, as well as engagement with Corporate Leadership Team, Portfolio Holders, Strategy Group and an all councillor briefing.

6.0 CONSULTATION

6.1 Consultation with Members

6.1.1 The Corporate Scrutiny Committee considered the draft general fund budget at the meeting on the 4 January 2024. Members asked a number of questions around the proposals, and more detail can be seen in the minutes for the meeting, which are included as a background paper to this report.

6.1.2 There were also further questions which were taken away by officers to answer following the meeting which are detailed in Appendix 8 of this report.

6.2 Public Consultation

- 6.2.1 As part of the budget consultation, the Council launched an online survey on 10 until the 23 January 2024 to seek the views of residents and businesses on the main changes within the budget. The survey was promoted via social media and set out the key changes to the budget and asked responders to state the extent to which they supported the proposed changes. Residents could also provide additional comments if they wanted to.
- 6.2.2 As part of the budget consultation, officers also wrote to representatives of the trade unions, parish and town councils and the federation of small businesses. These groups were asked to provide written comments or to complete the online survey in line with the timescales for the public consultation.
- 6.2.3 At the time of writing the report, the consultation has not ended. This section of this report will be updated prior to the Council meeting and an addendum will be provided to the Cabinet meeting on 31 January 2024.

7.0 CONCLUSIONS

- 7.1 Based on the assumptions made in the Budget 2024/25 and MTFP 2024-29 for income and expenditure, the Council can set a balanced proposed budget for 2024/25.
- 7.2 Further work will need to be carried out going forward on balancing the budget gap for future years from 2025/26 onwards.
- 7.3 There has been equality impact assessments conducted by services on relevant proposals during this period.

Policies and other considerations, as appropriate	
Council Priorities:	The budget provides funding for the Council to deliver against all its priorities.
Policy Considerations:	None
Safeguarding:	None
Equalities/Diversity:	There have been equality impact assessments conducted by services on relevant proposals during this period.
Customer Impact:	Customers are likely to be impacted by the changes to fees and charges and District and special expenses precepts set out in this report.
Economic and Social Impact:	The General Fund capital programme allocates £7.9m to investing in Coalville Regeneration Projects over five years. £3.7m is being invested in Council owned land to support regeneration and bring employment to the district. The Council has been awarded £1.3m in government grants to undertake regeneration projects in the district. This includes refurbishment

Policies and other considerations, as appropriate	
	of Moira Furnace and provision of office spaces.
Environment, Climate Change and Zero Carbon:	<p>The budget sees investment of £1.5m in the replacement of council vehicles and reducing our carbon emissions. There is £0.8m investment in bins and recycling containers to increase recycling from households.</p> <p>The Council also has a permanent Climate Change Programme Manager post</p>
Consultation/Community/Tenant Engagement:	<p>Corporate Scrutiny Committee – 4 January 2024 Public consultation - 10 January to 23 January 2024 Parish and town councils, trade unions and the Federation of Small Businesses - 10 January to 23 January 2024.</p> <p>The results of the above consultations are detailed in this report.</p>
Risks:	<p>The budgets will be monitored throughout the year to ensure the Council remains within its funding envelope and planned budget savings are delivered. Key risks to the budget are discussed in further detail in section 5 of the report.</p>

General Fund Budget Amendments to the MTFP 2024/25 to 2028/29

Change to MTFP	Proposal Description & Service Impact	Directorate	2024/25	2025/26	2026/27	2027/28	2028/29
			£	£	£	£	£
Pay Award 23/24	Budget 4%, actual £1,925 per FTE	Various	367,830	0	0	0	0
Pay Award Future Years	Including NI & Pension & other minor amendments	Various	14,120	8,320	0	0	0
Other Pay	Other salary adjustments	Various	(52,848)	0	0	0	0
Incremental increases		Various	132,140	0	0	0	0
Vacancy Allowance Increase	Applied a consistent 2% across the general fund	Various	(195,960)	(10,860)	0	0	0
Members allowances - Pay Award	Pay award	Chief Executives	20,000	0	0	0	0
Total Pay Related Costs			285,282	(2,540)	0	0	0
Increase in Legal Services Budget	Required for specialist legal advice	Chief Executives	5,000	0	0	0	0
Members allowances - Special Responsibility Allowance	Possible creation of a Scrutiny Commission SRA and levels of subsistence	Chief Executives	3,200	0	0	0	0
Local Resilience Forum	Increase in our contribution to the Local Resilience Forum	Chief Executives	2,000	0	0	0	0
Security costs	Additional costs for security required at Council Premises	Place	31,500	0	0	0	0
Insurance	Increased insurance costs net of recharge to HRA	Resources	40,000	40,000	0	0	0
ICT Firmstep Licences	Firmstep licences - entering into a 3 year contract which will mean a £5.5k increase from 23/24-25/26.	Resources	5,500	0	0	0	0
Finance System Admin Support	System admin support required for Unit 4	Resources	60,000	0	(60,000)	0	0
External Audit Fees	Increase in audit fees net of recharge to HRA	Resources	22,460	0	0	0	0
Transformation (one off costs)	Service Transformation Project Team - funded from the MTFP reserve	Resources	500,000	(500,000)	0	0	0
System Improvements (one off costs)	Finance System - Phase 3 - funded from the MTFP reserve	Resources	50,000	(50,000)	0	0	0
Feasibility Funding (one off costs)	Feasibility for Capital Projects - funded from the Business Rates Reserve	Place	150,000	(150,000)	0	0	0
Community Services	Community Safety Support Officer (focused upon significant ASB increases in the district)	Communities	17,000	0	0	0	0
Total Service Pressures			886,660	(660,000)	(60,000)	0	0
Audit Recharges to HRA	Review the HRA recharges to reflect the allocation of Audit days to HRA	Chief Executives	(29,000)	0	0	0	0
Project External Consultancy Support	This was originally set aside for corporate project support but has not been used as project support has been factored into the business cases assessment process where needed. This will continue to be the case in future projects.	Chief Executives	(20,000)	0	0	0	0
Emergency Planning	This is a highly unpredictable budget as it is difficult to predict emergency planning events, and as part of our Category 1 responder role we would be obliged to find any budget needed to support our communities in the event of a major incident. In quiet years the budget has not been spent historically.	Chief Executives	(2,000)	0	0	0	0
Corporate Training	Central training budget saving	Chief Executives	(15,000)	0	0	0	0
Housing Income	Charging policy for temporary accommodation	Communities	(5,000)	0	0	0	0
Housing Income	New temporary accommodation provision	Communities	(70,000)	0	0	0	0

Change to MTFP	Proposal Description & Service Impact	Directorate	2024/25	2025/26	2026/27	2027/28	2028/29
			£	£	£	£	£
Community Services	Increase pest control charges by 3% (7% inflation dealt with via fees and charges)	Communities	(500)		0	0	0
Community Services	Set new port health charges to ensure full cost recovery (new port health regime to be introduced in April 2024 following EU exit)	Communities	(23,000)	0	0	0	0
Community Services	Back-office administration Cost Savings - various	Communities	(24,600)	(1,400)	0	0	0
Community Services	Leisure Contract – net impact of costs associated with the contract	Communities	264,000		0	0	0
Community Services	Leisure Contract – net impact of income associated with the contract	Communities	13,170	1,940	1,370	2,370	(197,630)
Community Services	LED Lighting installations on council car parks	Communities	(4,000)	0	0	0	0
Community Services	Revise SLA with Castle Donington College meaning the school retain all the income with costs risk transfer	Communities	0	(1,000)	(1,000)	(1,000)	(1,000)
Housing	Reduction in temporary accommodation demand	Communities	(50,000)	0	0	0	0
Housing Choices	Removal of freephone number - we now have a customer services centre to provide access	Communities	(2,500)	0	0	0	0
Community Services	Adjust the budget to reflect the re-introduction of charges to use Ashby and Coalville public conveniences in early 2024 as well as operational savings as per the capital programme report approved at Full Council in September 2023	Communities	(27,000)	0	0	0	0
Community Services	Stop providing a toilet service in Ashby from April 25 and seek the asset and service transfer of Ashby public toilets	Communities	0	(21,000)	(5,000)	0	0
Community Services	Delete the Council's budget for the Free Tree Scheme. This would mean that the National Forest area will be the only part of the district benefiting from free trees fully funded by the National Forest Company	Communities	(9,000)	0	0	0	0
Community Services	Increase the charge for any additional garden waste bins to align with charges across Leicestershire. Inflation of 7% will be applied to this charge through fees and charges. (total increase from £45 pa to £57pa)	Communities	(13,000)	0	0	0	0
Community Services	No longer print and distribute annual waste collection calendars to every house in the district and instead promote Councils website. Savings amount to staff time, printing costs and travel costs which will all reduce carbon emissions	Communities	(15,000)	0	0	0	0
Community Services	Reduce the Council's Community Grant Funding budget: Age UK £21,990 reduce by a third each year over three years to zero. Citizens Advice £62,000 to remain and Small Grants Scheme £19,500 to be reviewed in 2025/26 following implementation of community lottery scheme	Communities	(7,330)	(7,330)	(7,330)	0	0
Community Services	Reduce the Council's contribution to the running of Ibstock Leisure Centre to Zero over three years. The grant in 23/24 is £15k	Communities	(5,000)	(5,000)	(5,000)	0	0
Planning Skills Grant	Planning Skills Grant (one-off) – bid to assist with validation of planning applications for urban design and conservation processes. Total grant £95k shown net of expenditure.	Place	(3,155)	3,155	0	0	0
HS2 Consultancy	HS2 – budget for consultants no longer required	Place	(25,000)	0	0	0	0
Closure of Council Offices	Council Offices Budget – to reflect closure of Whitwick Road Council offices	Place	(67,600)	0	0	0	0
Town Centre WiFi	Town Centre Wifi – service provider has decided to withdraw from the market	Place	(11,000)	0	0	0	0
Ashby Museum Grant	Ashby Museum – removal of grant	Place	(1,460)	0	0	0	0
Strategic Growth Plan	NWLDL contribution to work in connection with Strategic Growth Plan	Place	(67,000)	0	0	0	0
ICT	Resources to match demand and efficiencies from contracts	Resources	(51,800)	(60,400)	0	0	0
ICT	Increase costs due to SAN Network less maintenance savings	Resources	(5,000)				
Total Budget Options			(276,775)	(91,035)	(16,960)	1,370	(198,630)

Corporate Scrutiny Committee 4 January 2024 – Response to Questions Raised

	Question	Response
1	In respect of Local Nutrient Mitigation Fund – was this addressing existing problems or future problems?	Both as it will address existing problems preventing new development coming forward and with nutrient pollution, and address future problems to allow development to come forward in the future and with future nutrient pollution issues.
2	What is the Liability Benchmark?	<p>The Liability Benchmark is effectively the Net Borrowing Requirement of a local authority plus a liquidity allowance. In its simplest form, it is calculated by deducting the amount of investable resources available on the balance sheet (reserves, cash flow balances) from the amount of outstanding external debt and then adding the minimum level of investments required to manage day-to-day cash flow.</p> <p>CIPFA recommends that the optimum position for external borrowing should be at the level of the Liability Benchmark (i.e., all balance sheet resources should be used to maximise internal borrowing). If the outputs show future periods where external loans are less than the Liability Benchmark, then this indicates a borrowing requirement thus identifying where the authority is exposed to interest rate, liquidity and refinancing risks. Conversely where external loans exceed the Liability Benchmark then this will highlight an overborrowed position which will result in excess cash in the organisation requiring investment thus exposing the authority to credit and reinvestment risks and a potential cost of carry. The treasury strategy should explain how the treasury risks identified by the Liability Benchmark are to be managed over the coming years.</p>
3	Further details of assumptions used in the MTFP to provided?	<ul style="list-style-type: none"> • Place Directorate decreased due to one-off £150k capital feasibility. • Joint Strategic Planning decreased due to increased income from partners to cover pay inflation that is shown within Corporate.

		<ul style="list-style-type: none"> Finance decreased due to one-off £110k new finance system consultancy in 2024/25 (now amended to £50k removed in 25/26 and £60k in 26/27). ICT decreased due to development options. Business change decreased due to funding for these posts to be found from savings. Most of these are funded from reserves. Community Services decreased due to increased fees from leisure contract 																				
4	What was the forecast outturn for 2022/23?	<table border="1"> <thead> <tr> <th>GENERAL FUND REVENUE</th> <th>2022/23 Revised Budget £'000</th> <th>Provisional Outturn £'000</th> <th>Variance £'000</th> </tr> </thead> <tbody> <tr> <td>Net Revenue</td> <td>15,811</td> <td>16,121</td> <td>312</td> </tr> <tr> <td>Expenditure</td> <td></td> <td></td> <td></td> </tr> <tr> <td>Total Funding</td> <td>17,006</td> <td>17,030</td> <td>24</td> </tr> <tr> <td>General Fund Surplus/(Deficit)</td> <td>1,195</td> <td>909</td> <td>(288)</td> </tr> </tbody> </table> <p>Link to report: NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL</p>	GENERAL FUND REVENUE	2022/23 Revised Budget £'000	Provisional Outturn £'000	Variance £'000	Net Revenue	15,811	16,121	312	Expenditure				Total Funding	17,006	17,030	24	General Fund Surplus/(Deficit)	1,195	909	(288)
GENERAL FUND REVENUE	2022/23 Revised Budget £'000	Provisional Outturn £'000	Variance £'000																			
Net Revenue	15,811	16,121	312																			
Expenditure																						
Total Funding	17,006	17,030	24																			
General Fund Surplus/(Deficit)	1,195	909	(288)																			
4	Sensitivity analysis on the pay awards of 4%, 5% and 6%	The additional cost per 1% above the current estimate of 3% in 2024/25 would be an additional £175k in the budget for 2024/25. Therefore, an estimated pay award of 5% would require an additional £350k and 6% an additional £525k in the budget.																				
5	Request for details of headroom on the HRA.	Until 2018 the HRA for NWLDC was subject to a debt cap of £90.262m. Following the removal of the debt cap in 2018, Councils are able to set their own limit and borrow prudentially. In NWLDC, the maximum debt is now set taking into account the total value of loans outstanding and the level of borrowing required to fund the proposed capital programme. This is subject to the HRA being able to pay the financing costs over the term of the borrowing. This can be explored or future years in the work being undertaken for the Asset Management and Business Plan for the HRA.																				

6	Further detail requested on Stenson Square	A meeting was held on 17 January 2024 with Cllrs Blunt, Rushton, Sheahan, Lambeth, Moulton and Wyatt with officers in attendance.																		
7	The £3.7m investment in Council owned land – how much of the £3.7m has been allocated	As above.																		
8	Discrepancies in the HRA report – e.g. questioned the brought forward balances.	These will be corrected for the Final Budget Report to be presented to Cabinet on 31 January 2024.																		
9	What are the assumptions for Council Tax increases over the medium term?	<p>There is an assumed Council taxbase increase in each of the years of MTFP based on historical data and forecasts provided by external advisers. The taxbase increases assumed are set out in the table below:</p> <table border="1"> <thead> <tr> <th></th> <th>2024/25</th> <th>2025/26</th> <th>2026/27</th> <th>2027/28</th> <th>2028/29</th> </tr> </thead> <tbody> <tr> <td>%</td> <td>2.7%</td> <td>2.1%</td> <td>2.4%</td> <td>2.2%</td> <td>2.3%</td> </tr> <tr> <td>Band D</td> <td>1,174</td> <td>789</td> <td>921</td> <td>864</td> <td>923</td> </tr> </tbody> </table> <p>In addition, a Council Tax increase of 2.75% is assumed for each of the above years.</p>		2024/25	2025/26	2026/27	2027/28	2028/29	%	2.7%	2.1%	2.4%	2.2%	2.3%	Band D	1,174	789	921	864	923
	2024/25	2025/26	2026/27	2027/28	2028/29															
%	2.7%	2.1%	2.4%	2.2%	2.3%															
Band D	1,174	789	921	864	923															
10	Why has the increase for Ashby public conveniences gone in 2024/25 when the increase was agreed this year?	Income budget for 2023/24 was only £5k, therefore the budget increased by £11k to reflect increased charges at both sites and operational savings from vacant posts of £16k.																		
11	Why is the contribution to the strategic growth plan being cut by £67k?	This is the North West Leicestershire share of Joint Strategic Planning projects. The budget was increased in 2023/24, but there is nothing in the pipeline for 2024/25 and so is no longer required.																		
12	Further detail required of the £264k net cost of the leisure contract	These are the estimated costs of utilities benchmarking under the leisure contract and increased cost of business rates at Whitwick and Coalville Leisure centres. Members of the Committee have had previous briefings on this issue.																		
14	What are the efficiencies on the £1.8m in the HRA?	£1.2m Responsive Repairs £0.5m Domestic Renewable Heat Initiative

	<p>2. APPROVES THE FEES AND CHARGES AS SET OUT IN APPENDIX 3 OF THE COUNCIL REPORT.</p> <p>3. DELEGATES AUTHORITY TO THE SECTION 151 OFFICER, IN CONSULTATION WITH THE CORPORATE PORTFOLIO HOLDER TO MAKE AMENDMENTS TO THE COUNCIL REPORT PRIOR TO CONSIDERATION AT COUNCIL ON 22 FEBRUARY 2024.</p>
--	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND

- 1.1 The Housing Revenue Account (HRA) Budget and Rents for 2024/25 are due to be approved by Council on the 22 February 2024.
- 1.2 Cabinet is requested to review the Housing Revenue Account (HRA) Budget and Rent Setting 2024/25 Council Report (Appendix A) and recommend it to Council for approval.
- 1.3 Cabinet are requested to approve the Fees and Charges for 2024/25 as set out in Appendix 3 of the Council report.
- 1.4 Delegation is also sought to enable the Section 151 Officer, in conjunction with the Corporate Portfolio Holder, to make amendments to the Council report prior to consideration at Council on 22 February 2024.

Policies and other considerations, as appropriate	
Council Priorities:	The budget provides funding for the Council to deliver against the priorities for the HRA.
Policy Considerations:	None
Safeguarding:	None
Equalities/Diversity:	There have been equality impact assessments conducted by services on relevant proposals during this period.
Customer Impact:	Customers are likely to be impacted by the changes to rents, Fees and charges.
Economic and Social Impact:	The HRA capital programme allocates £41.6m over five years to improve homes and in the same period, £17.7m on new homes to give home to more people.
Environment, Climate Change and Zero Carbon:	The budget includes a capital programme of Zero Carbon works to dwellings worth £12.5m.
Consultation/Community/Tenant Engagement:	Draft Budget: Corporate Scrutiny Committee – 04/01/24 Cabinet – 09/01/24 Public consultation between 10 January and 23 January 2024 Parish and town councils, trade unions and the Federation of small business between 10 January and 23 January 2024

Risks:	The budgets will be monitored throughout the year to ensure the Council remains within its funding envelope and planned budget savings are delivered. Key risks to the budget are discussed In further detail in section 6 of the Appendix A report.

Appendix A

NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL
COUNCIL – THURSDAY, 22 FEBRUARY 2024

Title of Report	HOUSING REVENUE ACCOUNT (HRA) BUDGET AND RENT SETTING 2024/25	
Presented by	Councillor Andrew Woodman Housing, Property and Customer Services Portfolio Holder	
Background Papers	Housing Revenue Account Budget and Rents 2023/24 – Council 23 February 2024 Draft Housing Revenue Account (HRA) and Rents 2024/25 – Cabinet 9 January 2024 Draft Minutes of the Corporate Scrutiny Committee – 4 January 2024	Public Report: Yes
Financial Implications	<p>This report sets out the Housing Revenue Account (HRA) budget including both capital and revenue for 2024/25 to 2028/29.</p> <p>It also sets out the proposed increase in rents for 2024/25 along with other planned changes to the fees and charges levied by the Council for some services delivered within the scope of the HRA.</p> <p>Signed off by the Section 151 Officer: Yes</p>	
Legal Implications	<p>No direct legal implications arising from this report.</p> <p>Signed off by the Monitoring Officer: Yes</p>	
Staffing and Corporate Implications	<p>No direct Staffing and Corporate implications arising from this report.</p> <p>Signed off by the Head of Paid Service: Yes</p>	
Purpose of Report	To allow the Council to approve the 2024/25 Housing Revenue Account budget and rents.	
Recommendations	<p>COUNCIL IS RECOMMENDED:</p> <ol style="list-style-type: none"> TO APPROVE THE HOUSING REVENUE ACCOUNT (HRA BUDGET FOR 2024/25 (APPENDIX 1) AS SUMMARISED IN SECTION 2 OF THIS REPORT, INCLUDING THE INCREASING OF RENTS BY 7.7%. TO NOTE THE FEES AND CHARGES APPROVED BY CABINET ON 31 JANUARY 2024 (APPENDIX 3). 	

	<p>3. TO NOTE THE HRA BUDGET FOR 2025/26 TO 2028/29 (APPENDIX 1).</p> <p>4. TO APPROVE THE PROPOSED HRA CAPITAL PROGRAMME FOR 2024/25 (APPENDIX 4) AND PLANNED FINANCING, AS SET OUT IN SECTION 3 OF THIS REPORT.</p> <p>5. TO NOTE THE HRA CAPITAL PROGRAMME FOR 2025/26 TO 2028/29 (APPENDIX 4).</p>
--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND

1.1.1 The Housing Revenue Account (HRA) Medium Term Financial Plan (MTFP) sets out the financial strategic direction for the HRA and is updated as it evolves and develops throughout the year, to form the framework for financial planning.

1.1.2 The purpose of the HRA MTFP is to set out the key financial management principles, budget assumptions and service issues. It is then used as the framework for the detailed budget setting process to ensure that resources are effectively managed and are able to deliver the aspirations of the Council, as set out in the Council Plan, over the medium term.

1.2 Context

1.2.1 The Council is setting the HRA budget at a time when it and residents face a range of issues to contend with. In broad terms these can be split into two categories: economic and housing. Each of these is explored below:

Economic

1.2.2 The recent report by the Office of Budget Responsibility (OBR) in respect of the Economic and Fiscal Outlook describes how the economy has proved to be more resilient to the shocks of the Covid pandemic and energy crisis than anticipated. GDP stood nearly 2% above its pre-pandemic level and around 3% above the OBR March forecast but it is now expected the economy will grow more slowly over the medium term.

1.2.3 Inflation is expected to fall below 5% by the end of the calendar year but not returning to its 2% target until the first half of 2025.

Housing

1.2.4 In response to health and safety issues which came in to focus following the 2017 Grenfell tragedy as well as several disrepair cases and fatalities highlighted in the media, the Social Housing Act (2023) has received royal assent. The Act gives greater enforcement powers to the Regulator for Social Housing on breaches of consumer standards.

1.2.5 Recognising the wider context within which the budget is being set, the Council made improvements to financial management in the last 12 months and has continued to use processes to develop its draft budget plans for 2024/25 and over the medium term. This recognises the greater focus within the organisation on its finances. The process, coupled with that used in previous years, has involved:

- Services completing budget proposals to justify the need for any changes to the budget.
- A zero-based approach to budgeting in the HRA. Each line has been reviewed and amended based on expected levels of activity etc.
- Budget STAR Chamber sessions between Directors and Heads of Services.
- Regular reporting to the Corporate Leadership Team on the Council's overall budget position.
- Engagement with councillors through Portfolio Holder briefings, Strategy Group and an all councillor briefing,
- Further engagement has taken place through Scrutiny and consultation with the public.

1.3 Budget Assumptions

1.3.1 The following budget assumptions have been built into the forecast:

- Pay award – additional 2.75% for 2023/24 (4% had been included within the 2023/24 budgets), 3% in 2024/25 and 2% thereafter.
- Each budget line for the HRA has been reviewed to reflect the forecast actual value for future years, taking into account contract values, expected activity levels and previous years' expenditure. With inflation added as per contracts.
- Staffing requirements have been considered to ensure the delivery of an effective housing service with best outcomes for tenants.
- Contracts have been linked to the Consumer Price Index (CPI)/ Retail Price Index (RPI) as per individual agreements.
- Inflation – fuel and utilities inflation are very volatile which was reflected in the large increases in the budget in 2023/24 of between 30% and 100%. After reviewing the current prices and future indications based on the best information available, the decision has been taken that there is sufficient provision in the 2024/25 budget in to meet demand.
- Fees and charges – there have been some fees and charges increased by inflation and where appropriate these have been taken into account where demand has changed (please see section 2.4 for more detailed information on fees and charges).
- Rents are assumed to increase as per the rent standard at the 12-month CPI from September 2023 which was 6.7% plus 1%, a total increase of 7.7%.
- Number of properties sold through Right to Buy is assumed to reduce from previous years' estimate of 44 down to 20 per year. Lower numbers of homes have been sold through Right to Buy so far in the current financial year. This can be viewed in the context of cost-of-living increases and high interest rates.
- Future borrowing is assumed to cost 4.65% in interest.

2.0 HOUSING REVENUE ACCOUNT (HRA) BUDGET AND MTFP 2024/25 TO 2028/29

2.1 HRA Budget Summary

2.1.1 Appendix 1 shows the HRA budget position for 2023/24 and the budget for 2024/25 to 2028/29.

2.1.2 Table 1 below highlights that in 2024/25 the budgeted operating expenditure has increased by £3.2m compared to 2023/24 with the anticipated income increasing by £1.5m.

Table 1: Changes to the Housing Revenue Account budget from previous year

	2023/24	2024/25	Movement
	£'000	£'000	£'000
Income	-20,139	-21,613	-1,474
Operating Expenditure	17,077	20,226	3,149
Operating (surplus)/deficit	-3,062	-1,387	1,675
Appropriations	7,541	4,005	-3,536
Net (surplus)/deficit	4,479	2,618	-1,861

2.1.3 The appropriations in the table are the use of the HRA working balance to fund the capital programme as well as contributing to the loan repayment reserve. These appropriations are significantly lower in 2024/25 as the HRA balance has a lower capacity to fund capital.

2.2 Rents

2.2.1 As a self-financing account, the HRA's main source of income is the rents tenants pay for their homes. From 2016/17 to 2020/21 the Welfare Reform Act (2016) required all social rents to be reduced by 1% each year. This negatively impacted on the budget and the Council's ability to fund improvements. In 2023/24 a rent cap was imposed which capped rent increases at 7% which was 3.1% below inflation. This real terms rent cut further impacted on available funding.

2.2.2 For 2024/25 the Council proposes to increase the rents by 7.7% which is in line with the Rent Standard of CPI +1% for 2024/25. (The rent standard is a policy that registered providers of social housing in England must comply with and is overseen by the Regulator of Social Housing.) The increase is expected to result in a total rental income of £20.2 million in 2024/25.

2.2.3 The average weekly rent for the 3,965 Social Rent properties, will increase from £92.98 to £99.28, an average increase of £6.30 per week. Those tenants who are more vulnerable are protected via benefits increases above this level, meaning that the worst off in the district will be no worse off.

2.3 Budget Amendments

2.3.1 Appendix 2 summarises the most significant proposed changes to the HRA budgets. Looking at 2024/25 specifically, the total amendments of £1.68m include:

- **Net increase in income totalling £1.47m.** This is largely due to the increased rental income of £1.1m described in paragraph 2.2.2 and also includes income of £0.3m from grant for use of lower carbon heating.
- **Cost pressures totalling £3.68m.** The most significant cost pressures relate to:
 - repairs backlog costs totalling £2m.
 - Inflation of £0.37m which is mainly £0.34m inflation on recharges from the general fund.
 - pay related costs are due to increase by £0.3m, to ensure staffing matches the demand for the service.
 - corporate pressures totalling £0.77m which is mainly the increase in depreciation costs which increase due to inflation and the changing number of properties and works.
- **Other Amendments overall reducing expenditure by £0.39m.** This is a result of the comprehensive review of all budget lines ensuring all income and all expenditure is budgeted for at the correct level. The main item is Responsive Repairs £0.40m.

2.4 Fees and Charges

2.4.1 In addition to the rental charged for dwellings, there are a number of other fees and charges in relation to services provided within the HRA. Some properties have service charges, on top of the rent, to pay for specific services relevant to their properties. The proposed fees and charges for 2024/25 are listed in Appendix 3. The main changes are listed below:

- Most service charges increased by 6.7%, September CPI in line with the corporate charging policy.
- A new charge for storage of and charging for mobility scooters. The amount of charge depends on the scheme.

3.0 HRA CAPITAL PROGRAMME 2024/25 TO 2028/29

3.1 Summary HRA Capital Programme

3.1.1 The proposed HRA capital programme is outlined in Appendix 4. In 2023/24 governance improvements were made via the Capital Strategy for managing capital programmes through their life cycle. In 2024/25, the programme has again been split into Approved and Development Pool to allow development schemes in early stages to go through further governance before being allocated a budget appropriate to complete each stage of development. A summary of the capital programme is shown in Table 2.

Table 2: Summary Capital Programme

	2024/25 Budget £'000	2025/26 Indicative £'000	2026/27 Indicative £'000	2027/28 Indicative £'000	2028/29 Indicative £'000	Total £'000
Stock Investment	10,425	7,800	7,800	7,800	7,800	41,625
Estate Improvements	670	500	500	500	500	2,670
Fleet Replacement	0	100	300	0	0	400
Other Capital	1,430	600	600	600	600	3,830
Total Approved Programme	12,525	9,000	9,200	8,900	8,900	48,525

	2024/25 Budget £'000	2025/26 Indicative £'000	2026/27 Indicative £'000	2027/28 Indicative £'000	2028/29 Indicative £'000	Total £'000
Total Development Pool	3,400	5,810	2,640	1,190	4,660	17,700
Housing Revenue Account Total	15,925	14,810	11,840	10,090	13,560	66,225

3.1.2 Over the five-year period, the total programme comes to £66.23m, an increase of £3.7m over the previous five-year programme. The difference is mainly due to a £3.8m increase in New Supply, a new budget of £2m over 5 years to tackle asbestos, £2m increase in Home Improvement Programme. These are offset by a £1.6m reduction on Major Aids and Adaptations, a £1.3m reduction in the Zero Carbon budget and a £1.2m reduction across the Estate Improvement budgets.

- **New Supply:** The programme has been extended to include sites being initially developed by registered providers.
- **Home Improvement Programme:** The increase of £2m is to cover the cost of a backlog of works.

3.1.3 Work has commenced on a revised Asset Management and Business Plan for the HRA. This will be completed during 2024/25 and will inform the future programming of the HRA in future years.

3.2 Funding the Capital Programme

3.2.1 The capital programme is funded from a variety of sources, including revenue, grants, capital receipts and borrowing. Table 3 below summarises the funding sources identified for each year of the proposed HRA capital programme.

Table 3: Sources of funding for the capital programme

	2024/25 Budget £'000	2025/26 Indicative £'000	2026/27 Indicative £'000	2027/28 Indicative £'000	2028/29 Indicative £'000
Reserves	4,349	3,996	3,601	3,360	3,072
Capital Receipts	6,230	2,968	2,452	2,001	3,389
Revenue contributions	1,513	245	315	351	414
External Borrowing	3,833	7,601	5,472	4,378	6,685
Housing Revenue Account Total	15,925	14,810	11,840	10,090	13,560

3.2.2 Table 3, above, shows a borrowing requirement of £28m over five years to fund the programme. This has increased by £3.6m compared to the five-year plan from 2023/24. The increase is due to a combination of reserves being used to fund 2023/24 as well as the impact of inflation and other service pressures on the availability of revenue contributions to capital.

4.0 DEBT

- 4.1 The loan balance for the HRA is forecast to be £51.1m at the end of 2023/24. There are annuity loan repayments of approximately £1.2m to make each year, these repayments are usually funded from working balances but once working balances reach the £1m minimum, they will be funded from other capital resources.
- 4.2 There are also loans to be repaid at maturity. The next of these to repay is a £10m repayment in 2036/37. In accordance with the strategy agreed in 2012 when self-financing for the HRA was introduced, the Council sets aside funding each year in a Debt Repayment Reserve to ensure there is sufficient funding to repay debt when it matures. The budget assumes £2.5m is set aside in 2024/25 from capital resources in order to make the scheduled repayments at maturity, this increases each year as there is further borrowing to finance the capital programme.
- 4.3 The HRA business plan is to be reviewed over the next few months and it will be investigated whether the approach of using a debt repayment reserve presents the best approach for a well-funded HRA and best use of resources. The findings will be presented to Scrutiny and Cabinet.

5.0 RESERVES

- 5.1 The Council has a number of reserves for the use of the HRA. Most of the reserves are used for capital financing as shown in 3.2.1. Table 4 shows the projected reserve balances over the MTFP period.

Table 4: Reserve balances

Reserve	31.3.25 £000	31.3.26 £000	31.3.27 £000	31.3.28 £000	31.3.29 £000
Major Repairs Reserve	0	0	0	0	0
Capital Receipts	3,544	2,276	2,550	3,274	2,610
Debt Repayment Reserve	4,591	7,275	10,339	13,677	17,233
Total Capital Reserves	8,135	9,551	12,889	16,951	19,843
HRA Reserve	1,000	1,000	1,000	1,000	1,000
Earmarked Reserves	510	510	510	510	510
Total Revenue Reserves	1,510	1,510	1,510	1,510	1,510

6.0 KEY RISKS TO THE BUDGET

- 6.1 Table 5 provides an assessment of the key risk areas to determine the robustness of the estimates and adequacy of reserves included in the HRA budgets:

Table 5: Key Risks to the Budget

Area	Y/N	Comments
Is performance against the current year's budget on track and where variances are evident, ongoing and unavoidable, are they appropriately reflected in the plans?	Y	The 2023/24 financial monitoring is showing a projected overspend of £0.436m on the HRA. Work is currently on-going within services to mitigate these pressures and minimise any drawdown from reserves. The on-going and unavailable pressures, alongside potential reductions in reserve levels, have been factored into budget plans for 2024/25 and the medium term.
The reasonableness of the underlying budget assumptions	Y	External review has also been undertaken by the treasury advisers, Arlingclose, on the Treasury Management Strategy.
The alignment of resources with the Council's service and organisational priorities	Y	Resources are aligned to the current priorities of the Council. A new Council Delivery Plan (CDP) has been developed and was approved by Council on 14 November 2023. The CDP is aligned to the resources available and risks faced by the Council.
A review of the major risks associated with the budget	Y	The major risks within the budget have been assessed and are set out in the budget report, including mitigations and strategies about how these are being managed.
The availability of un-earmarked reserves to meet unforeseen cost pressures	Y	The Council has a minimum level of reserves for HRA (£1m). This level is to be reviewed as part of the HRA business planning process.
Have realistic income targets been set and 'at risk' external funding been identified?	Y	An assessment of income targets has been undertaken as part of the development of the draft budget. The most significant area of income is from dwelling rents. The budget for this is produced with reference to current stock levels and expected stock loss, reconciling data and changes from previous year to current year. Fees and charges have been increased, where it is appropriate to do so, in accordance with the Council's Corporate Charging Policy.
Has a reasonable estimate of demand cost pressures been made?	Y	The enhanced budget process used in the development of the draft budget has improved the reasonableness of estimates.

7.0 CONSULTATION

7.1 Consultation with Members

7.1.1 The Corporate Scrutiny Committee considered the draft HRA budget at the meeting on the 4 January 2024. Members asked a number of questions around the proposals, and more detail can be seen in the minutes for the meeting, which are included as a background paper to this report.

7.1.2 There were also further questions which were taken away by officers to answer following the meeting which are detailed in Appendix 8 of the General Fund Budget and Council Tax 2023/24 report also presented at this meeting.

7.2 Public Consultation

7.2.1 As part of the budget consultation, the Council launched an online survey on 10 until the 23 January 2024 to seek the views of residents and businesses on the main changes within the budget. The survey was promoted via social media and set out the key changes to the budget and asked responders to state the extent to which they supported the proposed changes. Residents could also provide additional comments if they wanted to.

7.2.2 At the time of writing the report, the public consultation has not ended. This section of this report will be updated prior to the Council meeting and an addendum will be provided to the Cabinet meeting on 31 January 2024.

Policies and other considerations, as appropriate	
Council Priorities:	The budget provides funding for the Council to deliver against the priorities for the HRA.
Policy Considerations:	None
Safeguarding:	None
Equalities/Diversity:	There have been equality impact assessments conducted by services on relevant proposals during this period.
Customer Impact:	Customers are likely to be impacted by the changes to rents, fees and charges.
Economic and Social Impact:	The HRA capital programme allocates £41.6m over five years to improve homes and in the same period, £17.7m on new homes to give home to more people.
Environment, Climate Change and zero carbon:	The budget includes a capital programme of Zero Carbon works to dwellings worth £12.5m.
Consultation/Community Engagement:	Draft Budget: Corporate Scrutiny Committee – 04/01/24 Cabinet – 09/01/24 Public consultation between 10 January and 23 January 2024 Parish and town councils, trade unions and the Federation of small business between 10 January and 23 January 2024 Final Budget: Cabinet – 31/01/24

Risks:	The budgets will be monitored throughout the year to ensure the Council remains within its funding envelope and planned budget savings are delivered. Key risks to the budget are discussed in further detail in section 6 of the report.

NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL

CABINET – WEDNESDAY, 31 JANUARY 2024

Title of Report	FORMER TENANT RENT ARREARS, CURRENT TENANT RENT ARREARS, COUNCIL TAX, NON-DOMESTIC RATES AND SUNDRY DEBTS	
Presented by	Councillor Nick Rushton Corporate Portfolio Holder PH Briefed <input type="checkbox"/> Yes	
Background Papers	All information used in compiling the report contain exempt information under paragraph 3 of Part 1 to Schedule 12A Local Government Act 1972.	Public Report: Yes
		Key Decision: No
Financial Implications	There are no additional financial impacts as all the debts are met from the Council's bad debt provision for previous years' arrears or from in-year income if the debts relate to the current financial year.	
	Signed off by the Section 151 Officer: Yes	
Legal Implications	There are no direct legal implications from this report.	
	Signed off by the Monitoring Officer: Yes	
Staffing and Corporate Implications	None identified.	
	Signed off by the Head of Paid Service: Yes	
Purpose of Report	To approve write offs over £10,000.	
Reason for Decision	To comply with proper accounting practices.	
Recommendations	THAT CABINET APPROVES THE NON-NATIONAL DOMESTIC RATES WRITE OFFS THAT ARE OVER £10,000.	

1.0 BACKGROUND

- 1.1 The purpose of this report is to seek approval to write off debts over £10,000. This report details write-offs in relation to business rates. There are no write offs for consideration for any other fund that have a value of over £10,000.
- 1.2 Details of overall write offs will be reported annually.

- 1.3 Writing off debts is only considered where appropriate recovery and enforcement options have been taken, or, where the Council is legally prohibited from pursuing the debt. These include:
- bankruptcy or a Debt Relief Order is in place;
 - deceased – no assets within the assets;
 - debtor absconded or no trace;
 - company in liquidation/dissolved or ceased trading with no assets;
 - severe hardship and/or serious health issues;
 - statute barred i.e. the Council cannot legally pursue the debt as there has been six years since the debt fell due and no action has been taken to collect the debt;
 - uneconomical to collect i.e. it is not financially viable to take further action for example due to the low level of the debt or they have gone abroad.

2.0 NATIONAL NON-DOMESTIC RATES (NNDR)

- 2.1 There are four NNDR debts over £10,000 for which Cabinet approval is sought amounting to £65,954.68. Summary information is provided in Appendix A.
- 2.2 Writing off debt is only ever considered as a last resort. In the above instances when companies, sole traders or partnerships become insolvent, the Council is prohibited from taking any further action as all of their outstanding debts are included within the Administration, Liquidation or personal bankruptcy.

3.0 OTHER FUNDS

- 3.1 There are no write offs for consideration for any other fund that have a value of over £10,000.

Policies and other considerations, as appropriate	
Council Priorities:	Not applicable
Policy Considerations:	Not applicable
Safeguarding:	Not applicable
Equalities/Diversity:	Not applicable
Customer Impact:	Not applicable
Economic and Social Impact:	Not applicable
Environment, Climate Change and Zero Carbon:	Not applicable
Consultation/Community/Tenant Engagement:	Not applicable
Risks:	Regular reviews of debts for write off mitigates the risk that the Council's accounts do not reflect the true level of recoverable income. It is also part of an effective arrears management strategy.
Officer Contact	Anna Crouch Head of Finance anna.crouch@nwleicestershire.gov.uk

Background Papers	Agenda Document for Coalville Special Expenses Working Party, 20/12/2023 18:30 (nwleics.gov.uk)	Public Report: Yes
		Key Decision: Yes
Financial Implications	As set out in the reports to the CSEWP on 20 December 2023.	
	Signed off by the Section 151 Officer: Yes	
Legal Implications	Legal advice was provided during the drafting of all reports to the CSEWP on 20 December 2023.	
	Signed off by the Monitoring Officer: Yes	
Staffing and Corporate Implications	There are no staffing or corporate implications arising from the report.	
	Signed off by the Head of Paid Service: Yes	
Purpose of Report	To share the minutes of the Coalville Special Expenses Working Party from 20 December 2023.	
Reason for Decision	So that the decisions of the Coalville Special Expenses Working Party can be considered.	
Recommendations	THAT CABINET: 1) NOTES THE MINUTES OF THE COALVILLE SPECIAL EXPENSES WORKING PARTY AT APPENDIX 1. 2) CONSIDERS ANY RECOMMENDATIONS MADE BY THE WORKING PARTY AT ITS MEETING ON 20 DECEMBER 2023.	

1.0 BACKGROUND

- 1.1 The Coalville Special Expenses Working Party consists of all ward members from the Coalville Special Expenses Area and meets as often as is required to meet business demands, which is usually quarterly.

1.2 As the Working Party reports directly to Cabinet, all recommendations made are to be sent to the first available Cabinet meeting for final approval.

2.0 TERMS OF REFERENCE

2.1 To consider budget and financial issues which either solely or predominantly affect the Coalville Special Expenses Area and to make recommendations to Cabinet.

2.2 To receive reports and examine possible project options on which recommendations will be made to Cabinet.

3.0 RECOMMENDATIONS TO CABINET FROM THE MEETING ON 20 DECEMBER 2023

3.1 Draft 2024/25 Coalville Special Expenses Budget

3.1.1 No recommendations were made.

3.2 Events Update

3.2.2 The following recommendation was made: 'That a sub-group to examine the Christmas lights situation be formed.'

Policies and other considerations, as appropriate	
Council Priorities:	<ul style="list-style-type: none"> - A Well Run Council - Clean, Green and Zero Carbon - Communities and Housing - Planning and Regeneration
Policy Considerations:	Taken into consideration in drafting of reports to CSEWP.
Safeguarding:	Taken into consideration in drafting of reports to CSEWP.
Equalities/Diversity:	Taken into consideration in drafting of reports to CSEWP.
Customer Impact:	Taken into consideration in drafting of reports to CSEWP.
Economic and Social Impact:	The reports and proposals presented to CSEWP will have positive economic and social impacts.
Environment, Climate Change and Zero Carbon:	Taken into consideration in drafting of reports to CSEWP.
Consultation/Community/Tenant	Taken into consideration in drafting of reports to

Engagement:	CSEWP.
Risks:	None identified.

MINUTES of a meeting of the COALVILLE SPECIAL EXPENSES WORKING PARTY held in the Abbey Room, Stenson House, London Road, Coalville, LE67 3FN on WEDNESDAY, 20 DECEMBER 2023

Present: Councillor M B Wyatt (Chairman)

Councillors M Burke, D Everitt, J Geary, J Legrys, J Windram and L Windram

In Attendance: Councillors S Sheahan (Observer), A Barker (Observer) and P Moulton (Observer)

Officers: Mr P Wheatley, Mr T Devonshire and Mr P Stone

19. APOLOGIES FOR ABSENCE

Apologies were received from Councillor M French and J Page.

20. DECLARATIONS OF INTEREST

Councillor M Wyatt declared a registerable interest in all items as the owner of two businesses in Coalville.

Councillor J Geary declared a registerable interest as the Council's representative for Coalville Town Football Club.

21. MINUTES OF THE PREVIOUS MEETING

It was moved by Councillor J Geary, seconded by Councillor L Windram and

RESOLVED THAT:

Subject to amendment, the minutes of the meeting held on 10 October 2023 be confirmed as an accurate record of proceedings.

22. DRAFT 2024/25 COALVILLE SPECIAL EXPENSES BUDGET

The Strategic Director of Resources presented the report.

A Member asked what the proposed Council Tax rise amounted to as a percentage and the Head of Finance advised that it was 7%. Officers then advised the Committee on the flexibility available to adjust rates, the impacts potential changes could have, and the place of Special Expenses within the budget setting process. Officers were also happy to clarify the nature of on-costs with a Member after the meeting.

A Member felt the public should be told about the oncost of providing services for Coalville Specials, in the February budget.

The Chairman sought clarification whether the contribution of local businesses to Coalville in Bloom was detailed in the budget. Officers agreed to follow this up outside of the meeting.

The Chair thanked Members for their comments.

23. 2023/24 EVENTS UPDATE

The Head of Property and Economic Regeneration presented the report.

A Member expressed concern with the increased expenditure on Christmas lights, to £34,000, and the fact that despite the investment there were still problems with them. In response, the Head of Property and Economic Regeneration advised that this figure included the storage and maintenance of the stock during the year. A sum of £4,000 was the figure spent on lights, which was not enough to solve all the problems in the stock which the Working Party was already aware of.

The Member felt that this indicated that the maintenance process was inadequate. The Chairman interjected and said that he had witnessed some of the contractors at work and was happy with them. Nevertheless, he felt a sub-group to examine the lights should be created, as the problem had been an ongoing one and needed resolving.

Members welcomed the Chairman's suggestion.

The Chairman suggested that the fayre complemented the rest of the event. He also suggested next year there could be more child focused stalls. Overall, it was a busy event with broadly positive feedback.

Several Members expressed concern with the laser show, which they suggested had been underwhelming, as the Head of Property and Economic Regeneration had noted.

A Member said the event was pleasingly patronised although he was concerned with the parking provisions.

A Member asked who the contractor was for the lights. The Head of Property and Economic Regeneration advised that it was Field & Lawn, but local contractors were used in any repairs which were needed. Officers would investigate how issues with the lights could be resolved.

A Member asked what was the plan with the light columns which were predicted to fail in 2024. The Chairman said this was one of the issues he was proposing that a sub-group should tackle.

The Chairman said that there should be greater communication with regards to car parking at town centre events; furthermore, people should also be encouraged to walk where possible. The Head of Property and Economic Regeneration advised Members that it was a trade-off between using car parks for events and for parking; this would be examined in the future as to what the appropriate balance was. He added that an effort was made to communicate with the public.

A Member suggested that an approach should be made to Leicestershire County Council to utilise their site at Snibston in the future. The Head of Property and Economic Regeneration advised Members that this site had been identified as one to potentially use and would be considered again in the future.

A Member inquired whether the cost of the celebration of the fifty-year anniversary of North West Leicestershire District Council was coming solely out of Special Expenses budget. In response, Officers clarified that the whole budget for the celebration of the fifty-year anniversary of North West Leicestershire District Council would come from the General Fund. This would furthermore provide an opportunity, as the celebration would almost certainly take place in Coalville.

A Member sought clarification on precisely what the celebrations would be, and the Head of Property and Economic Regeneration advised that the details were still being worked through and would be discussed by the envisaged events working party. District-wide contributions would be solicited from Members.

A Member asked for the full balance sheets of every event to be presented to the Working Party and Officers were happy to provide that.

It was agreed that the Events sub-group meeting would be on 25 January 2024.

It was moved by Councillor J Geary seconded by Councillor L Windram, and

RESOLVED THAT:

- 1) The progress on the 2023/2024 events programme be noted.
- 2) The proposed Member Engagement for 2024/2025 events be noted.
- 3) That a sub-group to examine the Christmas lights situation be formed.

The meeting commenced at 6.30 pm

The Chairman closed the meeting at 7.15 pm

This page is intentionally left blank

NORTH WEST LEICESTERSHIRE DISTRICT COUNCIL

CABINET – WEDNESDAY, 31 JANUARY 2024

Title of Report	HOUSING IMPROVEMENT BOARD AND SCRUTINY TASK AND FINISH MOULD AND DAMP RECOMMENDATIONS	
Presented by	Councillor Andrew Woodman Housing, Property and Customer Services Portfolio Holder PH Briefed ████	
Background Papers	<u>Corporate Scrutiny Report (Feb 24) - Task & Finish</u>	Public Report: Yes
	<u>Corporate Scrutiny Report (Nov 23) – Housing Performance</u>	Key Decision: No
Financial Implications	Financial implications are summarised with further details in respect of policies, communications and benchmarking recommendations, considered in the Housing Revenue Account Budget 2024/25 and the Appointment of Housing Contractors report both of which are presented at this meeting.	
	Signed off by the Section 151 Officer: Yes	
Legal Implications	There are no legal implications directly from this report.	
	Signed off by the Monitoring Officer: Yes	
Staffing and Corporate Implications	Ensuring the Council's Housing Service is fit for purpose is a key driver of the actions set out in this report. Plans are in development via third parties and the in-housing resourcing to deliver these.	
	Signed off by the Head of Paid Service: Yes	
Purpose of Report	To respond to the Corporate Scrutiny Task and Finish Report on Mould and Damp, and also to update Cabinet on wider actions to improve the Housing Service.	
Reason for Decision	To comply with the constitution regarding a Task and Finish Report, and to update Cabinet on wider work to improve the Housing Service.	
Recommendations	THAT CABINET: 1. THANKS THE SCRUTINY TASK AND FINISH GROUP FOR ITS WORK INTO THE EXAMINATION OF MOULD AND DAMP DURING THE LAST QUARTER.	

	<p>2. AGREES THE RESPONSES TO THAT REPORT AS SET OUT IN PARAGRAPH 2.2 OF THIS REPORT</p> <p>3. NOTES AND ENDORSES THE ACTIONS BY THE PORTFOLIO HOLDER WITH THE STRATEGIC DIRECTOR AND HEAD OF HOUSING IN ADDRESSING THE IMPROVEMENT OF THE HOUSING SERVICE, AS SET OUT IN PARAGRAPH 3.3 ONWARDS IN THIS REPORT.</p>
--	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1.0 BACKGROUND

1.1 This report provides an update on improvements within the Housing Service and addresses the conclusion of the work of the Scrutiny Task and Finish group in relation to mould and damp.

2.0 MOULD & DAMP TASK & FINISH INVESTIGATION

2.1 At the meeting of Cabinet on 25 April 2023, several questions were asked in relation to cases of mould and damp within the Council’s housing stock. During discussion the Leader of the Council requested that Corporate Scrutiny Committee form a Task and Finish Group to review the matter following the local elections in May 2023. This work took place in quarter 3 of this financial year and was reported and endorsed by Corporate Scrutiny Committee on the 4 January 2024. A copy of the report including its recommendations are set out in Annex A to this report and can be accessed via the link in the header of this report.

2.2 The Task and Finish Group developed five recommendations for Cabinet to consider. These are set out below with a suggested officer response.

Task and Finish Group Recommendation 1

“A stand-alone policy on damp and mould is produced and agreed as soon as possible”

Cabinet Response : Agreed - It is accepted that a separate policy for damp and mould would provide greater clarity for tenants. The service will develop a draft policy as suggested and consult with tenants and members of the Task and Finish Group. This policy will be delivered within Q1 of 2024/25.

Task and Finish Group Recommendation 2

“Steps are taken to improve the materials provided to tenants about damp and mould drawing on best practice as outlined in this report”.

Cabinet Response : Agreed - The service has already redrafted some elements of the communication material to tenants but will take on board the comments from the Task and Finish Group and its comments on the form and style of these. This will launch alongside the new policy once developed as set out above.

Task and Finish Group Recommendation 3

“The Council participates in benchmarking of damp and mould cases as soon as such benchmarking is available through Housemark and build the results into its standard reporting arrangements.”

Cabinet Response : Agreed – this was always the intention to ensure that the Council are aware of where its service sits within the wider work of all housing providers. This action is, however, dependant on third party data publication but will be included as an indicator within the Housing Service Plan which forms part of the wider performance management framework of the Council.

Task and Finish Group Recommendation 4

“The Housing Service is instructed to scope a specification to use external contractors to supplement the inhouse workforce capacity to specifically address the damp and mould cases and associated repairs and works and to proceed to procure a preferred contractor.”

Cabinet Response : Agreed – supplementing in-house resources via third party has been under consideration for some time. Elsewhere on this Cabinet meeting’s agenda the appointment of a contractor for such services (and to address overall levels of high work in progress jobs) is to be considered. Subject to that item being agreed by Cabinet, work to mobilise the contractor should commence in February 2024.

Task and Finish Group Recommendation 5

Cabinet notes the outcome of the review and identifies if it wants the Task and Finish Group to continue its work on damp and mould in any capacity

Cabinet Response : The work of the Group is noted and gratefully received. Regarding further specific action, the proposed policy in Recommendation 1 above will come back to the Task and Finish group in due course to provide comment on. Cabinet is also aware that a further update on Housing Repairs progress is due to come to the Committee later this year. In that report officers will also provide an update on progress with these actions. As such Cabinet is content that the work has been completed and nothing in addition to those set out in this response is required at the current time.

- 2.3** Assuming Cabinet as a whole agrees the proposed recommendations, these will be reported to the Committee via an Information Paper to ensure members are aware of the decision taken.

3.0 HOUSING SERVICE IMPROVEMENT

- 3.1** Whilst reporting on the Task and Finish work, it is also worthy of updating Cabinet on the work to improve the Council’s housing service overall. A series of update reports have been received by Corporate Scrutiny regarding the challenges and services provided by the service. The most recent in November last year and a link to this is provided in the header to this report.

- 3.2** In essence, that report sets out the challenges facing the service and the actions that are being taken to address these. At a high level these are:

- Demand – the service’s biggest current challenge is that demand is outstripping supply of resources. This largely stems from the cessation of works during the Covid pandemic of circa £12-18m which is leading to a work-in-progress backlog of circa 5,500 work orders (the backlog would normally be in the region of approximately 500).
- Resources - recruitment for the in-house team has always been challenging. The Council is trying to recruit to particular trades in a highly contested marketplace which

post Covid has seen a step change. With a number of people reducing their hours or leaving the maintenance sector, in turn making them harder to recruit. This is a recognised national and cross sector issue affecting most providers from house building companies through to private and social landlords alike and is not unique to the Council.

- Inflationary cost pressures - whilst earlier this year there were some supply issues for key components, this has improved. However, the significant increase in inflation has impacted on both the cost of goods (from building supplies through to issues such as glass, doors and windows). But it is also having an impact on any services via third parties, for example, support contractors and outsourced services (such as the majority of Gas works). There still remains some volatility in supply.
- Availability of robust data – some key data (for example asbestos surveys) are required to ensure the smooth planning of non-urgent works. An Asset Management team restructure has been undertaken but there remain the resourcing issues identified above. In view of this, a complete stock condition survey has been commissioned to enable the data on Council properties to be refreshed, and in doing so this will improve knowledge of these. Improved work specification and scheduling should follow.

3.3 The main actions being taken to address these include:

- Appointment of various new contracts to ensure the Council is able to continue to provide key services. Importantly (and a feature of a separate report on this meeting's agenda), is the appointment of a consultant to provide services to supplement the in-house resource to tackle the "work in progress" backlog.
- Changes to the IT systems to ensure that these are fit for service providing a better outcome for tenants by improving processes.
- Engaging more with tenants and with Council staff to ensure a culture of customer service is embedded.
- Updating a number of policies (and plans for more) to ensure policies and procedures are up to date and fit with current practise, expectations and regulations.
- HRA Budget for 2024/5 has been aligned to ensure the delivery of these actions.

3.4 To oversee these changes an initial action plan has been developed (Annex B). This has been endorsed by Corporate Scrutiny. This will be further refined as the programme of change develops. To oversee these changes the Cabinet Member working with the Strategic Director and Head of Service will be implementing a 'Housing Improvement Board'. The purpose of the board will be to:

- To create and then deliver the full housing improvement plan
- To provide oversight, guidance, and rigour to the improvement of the housing service and hold the service to account for delivery against the Housing Improvement Plan
- To ensure there is a sufficient focus and resources within and supporting the housing service to drive forward the changes needed to deliver the improvement plan
- To monitor Risks within the Board's remit and to help in providing assurance on delivery of the planned improvements.

It is envisaged the board will first meet before Easter 2024, once the mobilisation of key contracts set out above has commenced. Reporting through the normal CDP reporting mechanisms will continue and a further update report to Corporate Scrutiny is planned for later this year.

4.0 FINANCIAL IMPLICATIONS

- 4.1 The costs of producing the policies, communications and benchmarking for recommendations 1 to 3 will be contained within the budgets for 2024/25 which will be presented under a separate item at this meeting.
- 4.2 The external contractor procurement is part of the Housing Contracts report also being presented to this meeting. The damp and mould work is incorporated into this contract which also covers other backlog works referenced in 3.2 above. There is specific 2024/25 revenue budget growth of £2m requested for the backlog works in the HRA Budget and Rents Report 2024/25 to 2028/29, which is also being presented at this meeting. In the same report there is a £2m increase in capital budgets in 2024/25 for the Homes Improvement Programme to cover the backlog of works.

Policies and other considerations, as appropriate	
Council Priorities:	<ul style="list-style-type: none"> - Communities and Housing - A Well Run Council
Policy Considerations:	None specific – however, a planned Damp and Mould policy is recommended within the report.
Safeguarding:	None specific but this is a key part of delivery of the service overall.
Equalities/Diversity:	None Specific but will be considered in detailed action – such as the development of policy
Customer Impact:	The changes envisaged in the report will impact on improving the service to customers
Economic and Social Impact:	None direct – however the service does seek to use local contractors and suppliers where possible
Environment, Climate Change and Zero Carbon:	The Housing Asset Management Plan is key to the delivery of the Council's Climate Change and Zero Carbon commitments. Actions set out in this report all are assisting to deliver the Housing Management Plan and improvements to our overall housing stock and tenants' day to day lives.
Consultation/Community/Tenant Engagement:	None specific – however, in development of the proposed policy tenant engagement will be undertaken
Risks:	The actions outlined in this report will assist in mitigating the risk of noncompliance with current legalisation/regulation and will ensure that a good service is being delivered to tenants.
Officer Contact	Andy Barton Strategic Director Andy.Barton@nwleicestershire.gov.uk

Corporate Scrutiny Committee

January 2024

Title: Report From Damp and Mould Task and Finish Group

Author: Cllr Alison Morley, Chair of the Task and Finish Group

Supported By: Jane Rochelle, Head of Housing, Officers Louise Austin and Michela Walker

Background

A Task and Finish Group was formed to assess the Council's position in relation to this sector-wide problem in Autumn 2023.

Damp and Mould issues were highlighted in the Housing Ombudsman's Report "Spotlight on Damp and Mould: It's not lifestyle" (Oct 2021). Then sadly, the tragic death of two-year-old Awaab Ishak in December 2020, served to reinforce the risk of non-compliance in the area of damp and mould. The inquest into Awaab's death concluded on 15 November 2022, with the Coroner finding Awaab died as a result of a severe respiratory condition due to prolonged exposure to mould in his home environment. Awaab and his family lived in a social housing flat in Rochdale.

The Group was tasked to "review the work which the Council is doing in relation to damp and mould in Council-owned housing". Officers were also asked to respond to the four questions posed in the above Ombudsman's report, which directed senior management of any regulated landlord services organisation to consider the Governance and audit of policies, processes and outstanding complaints relating to damp and mould.

The Ombudsman's 2021 report also provided 26 recommendations which landlords might adopt to ensure they are doing all possible to ensure damp and mould repairs are managed robustly. As part of the Task and Finish group's work, the Officers carried out a self-assessment against all 26 points. This highlighted some good practice, alongside areas of weakness which need to be addressed.

Key issues for consideration

Once terms of reference were agreed and a Chair appointed (Cllr Morley, a unanimous decision) the group agreed the following principal areas for review:

- a) Benchmarking data for national picture
- b) The Council's current policies in relation to Damp and Mould
- c) The information being given to tenants.
- d) Complaints in relation to DMC over the last five years including stage reached, resolutions, actions and lessons learnt
- e) Disrepair claims in relation to damp and mould - process (not details of actual complaints)

Findings

a) Benchmarking data for national picture

Completing a benchmarking exercise proved to be unfruitful as this is not a specific area that landlords have been asked to provide data on as a key performance indicator to date. The Council subscribes to

Housemark, the leading data and insight company for the housing sector and submit data regularly to enable comparison. In future, Housemark will be collecting data on damp and mould and providing benchmarking data.

From the Ombudsman report the following information can be gleaned:

- The vast majority of people living in social housing have homes that are largely free from damp and mould. This is consistent with other data sources, such as the [English Housing Survey](#). However, living with damp and mould can have a serious impact on tenants' health and wellbeing, and it is essential that providers identify and address these issues promptly and effectively.
- From information the Ombudsman received they were able to extrapolate estimates that deepen the understanding of damp and mould issues in social housing. Their best estimates are that 3-4% of the four million social housing homes have at least some notable damp and mould, 1-2% have serious, Housing Health and Safety Rating System (HHSRS) category 2 damp and mould problems, and less than 0.2% have the most serious, HHSRS category 1 level, problems which would fail the [Decent Homes Standard](#).
- These are not acceptable conditions for tenants to be living in, even if the proportions are relatively small.
- Local authorities reported proportionately more cases than private registered providers.

Below are some selected extracts from the English housing survey:

- Damp is less prevalent, (than Cat 1 Hazards) with 4% of households (935,000) living in a home with a damp problem.
- Households in the private rented sector are more likely to live in poor quality housing than social renting and owner-occupied households.
- Damp is most prevalent in the homes of private renters, with 11% of households living in a home with a damp problem, compared with 2% of owner occupiers, 5% of local authority renters, and 4% of housing association renters.
- Overcrowded households are more likely to fail the Decent Homes Standard, have a HHSRS Category 1 hazard and have damp problems than households that are not overcrowded.

By comparison, the following number of cases reported have been reported to the Council:

NUMBER OF NWLDC OWNED STOCK WHERE DMC WAS REPORTED SINCE APRIL 2018

There were 2,596 orders relating to damp, mould and/or condensation and these related to 1260 properties, equating to 30% of Council-housing stock over the five year period.

Out of this 1260 total, 694 properties were identified as having no existing open works orders linked to damp, mould, and/or condensation. This suggests that in approximately 55% of cases reported since 2018, effective treatment and resolution of the underlying causes were achieved.

Out of the remaining 566 properties with still outstanding works orders concerning damp, mould, and/or condensation, it was observed that 244 of these properties had no historical instances of recurring issues.

Among the 566 properties (around 6% of properties which is line with the national average) with outstanding works orders related to damp, mould, and/or condensation, it was noted that 13% had a history of five or more related orders i.e. related items of property disrepair (or if using three+ 42%). This higher frequency of orders indicates a greater likelihood of an underlying property defect contributing to the recurrence. Processing time from survey to completion is currently around four to eight months. The commissioning of an updated Stock Condition Surveys is due to commence in early 2024, this will also significantly improve the data known about the Council's Housing Stock.

New control measures have been put in place to ensure all cases of DMC are picked up, this includes tenancy audits and an addition of DMC reporting function now being available on the operative mobile form. This means that a case can be escalated if necessary.

b) The Council's current policies in relation to Damp and Mould

The Council does not have a stand-alone policy on damp and mould. The current Housing Repairs and Maintenance Policy makes no mention of damp and mould. The policy was produced in March 2020 and is under review. Consideration needs to be given as to whether to encompass DMC within the new Repairs and Maintenance policy or produce a stand-alone policy to avoid further delay. It is a clear recommendation of the Task and Finish Group that a stand alone policy is needed for issues of Damp, Mould and Condensation.

c) The information being given to tenants

The Council has information and advice available for tenants on how to reduce and treat damp and mould within the home. This appears in hard copy, on the website and is a regular featured article for “In Touch” tenants’ quarterly magazine. On review it was felt that the language and emphasis on who has responsibility for DMC should be improved upon. A selection of “best in class” examples from other Councils and upper quartile social housing providers has been collated to feed into the review of literature the Council produces. A leaflet to inform of the processes and disturbance that may be caused when treating DMC is being produced. This aims to prepare tenants by outlining the stages and timescales of treating different types of DMC and will ensure that tenants are aware of the disruption likely to occur in their home. In serious cases tenants will, of course, be offered the option to decant to another property whilst the work is undertaken. Although this does happen, in most cases people are reluctant to move out of their own home.

Once the literature has been reviewed and improved, it will be published on the Council’s website and provided to each new resident when they start their tenancy. Embedding an approach of prevention, not problem.

d) Complaints in the last five years including stage reached, resolutions, actions and lessons learned.

Due to the complaints process being reviewed and changed in between 2018 and 2022 it has not been possible to clearly identify at what stage historically complaints were resolved. The updated complaints process does allow us to do this going forward. One complaint of damp and mould has reached the Housing Ombudsman Service over this period of time. The complaint was upheld, an apology for delay in tackling the outstanding works was made and compensation paid.

The graph shows a notable increase in number of complaints – this is relative to the general trend for complaints received. Several factors may be deemed responsible for the uptick in complaints since 2018. Overall, it was felt by the members of the Task Group that this increase is a good indicator. It may be interpreted that the awareness of the problems damp and mould bring has grown amongst tenants and officers, and that the new complaints process to better promote how to complain, then track and monitor complaints, has assisted this increase. The simple fact that the Council can identify and track complaints related to DMC and demonstrate good knowledge and information management were

all positives and aligns with the government's 'Make it right' campaign on these issues and is in line with the culture of welcoming complaints as opportunities to improve.

e) Disrepair claims in relation to damp and mould - process (not details of actual complaints)

Dis-repair claims have increased in number generally. There is no particular increase in cases related directly to damp and mould, though it can be said these are sometimes cited as symptoms of the overdue works that caused the disrepair, for example, not fixing a leaking roof or chimney. A case tracker is now in operation and the Asset Team operates in conjunction with Housing Management, Legal, Repairs and Head of Housing to ensure the Council abides by the pre-action protocol. The Council always tries to maintain the relationship and communication directly with tenants. The tracker is visible across the officers who need it, including Legal who also operate their own case management software. Crucially, the detail about the property, the household and the status of the case is managed within the Housing Services team. Of the total twenty-three current cases, this is the status shown for each:

It is hoped that any further changes to resources take account of the need to balance internal and external expertise.

The Council's surveyor has this week conducted an inspection for a disrepair where the claim had been withdrawn by the tenant's representative - since the tenant was not keeping in communication with them.

A change in the disrepair strategy means that even if withdrawn, the case will not be closed until resolved. The Council now takes the stance that any indication of an outstanding repair is treated as "putting landlord on notice" and an inspection must take place, even if this means having to issue notices of tenancy breach or threaten an injunction to gain access to the property.

On this occasion the property was in such poor condition the tenant has been decanted immediately. This may sound surprising that tenants "give up" However, quite often, living in a state of disrepair can affect mental health and well-being to such an extent that tenants feel overwhelmed and despairing that anything can be done to fix it. It is imperative that such cases are identified and resolved to restore not only the property but the people living there too.

Financial implications

The Housing Revenue Account (HRA) budget is agreed by Council each year. The issues covered in this review should be included in that process. The Group also notes that the Asset Management Plan is being updated and again these issues should be factored into that review going forward. A realignment of budget to support a specialist in-house team that can prioritise damp and mould cases is supported by the Task and Finish Group in any changes to resource.

The required follow-up works to remediate major work undertaken when fixing root causes of damp and mould is also generating the need for additional resource in the shape of a major contractor who can support the internal repairs team to clear the backlog and meet increased demand. Taking the pressure off internal delivery team, whilst mobilising updates to the Housing Repairs ICT management system QL. Once the asset management plan is refreshed a longer-term financial plan will be required to support the planned renewal of components and cyclical maintenance programmes which will in turn reduce the occurrence of damp, mould and disrepair. Other works may also aid in supporting some of these outcome for example investment in works to help deliver Carbon improvements.

Risks

Not making any change to the current responsive repairs team will inevitably lead to an increase in aged work in progress (WIP) jobs and impede the Council's ability to react quickly to damp and mould jobs. For the stock numbers held by the Council, a healthy WIP would be around 400 jobs outstanding. Currently the WIP is well above this figure at approximately 5,500 and weekly demand is around 40% above what the current team can comfortably clear. In the short-term, external resource, in the shape of a major contractor, could be brought in, but a long-term solution would be to overhaul the current working regime. Tenant's safety is a priority and the main risk of inaction, along with negative publicity and long-term reputational damage.

Policy and communication considerations

The renewed stock condition survey data once available will feed into the Asset Management Strategy and in turn drive forward investment decisions to increase thermal comfort, make homes more affordable to keep warm and reduce condensation – one of the main causes of damp and mould. A standalone policy on damp and mould is recommended for Officers to develop and Members to approve. A review of the housing repairs and maintenance policy is also due.

Communication by all means with, and literature supplied to tenants needs updating in line with the content of the report.

Required Outcome/ Direction

This paper concludes the review work delegated to the Task and Finish Group.

The Group recommends to Cabinet that:

1. A stand alone policy on damp and mould is produced and agreed as soon as possible
2. Steps are taken to improve the materials provided to tenants about damp and mould drawing on best practice as outlined in this report
3. The Council participates in benchmarking of damp and mould cases as soon as such benchmarking is available through Housemark and build the results into our standard reporting arrangements
4. The Housing Service is instructed to scope a specification to use external contractors to supplement the inhouse workforce capacity to specifically address the damp and mould cases and associated repairs and works and to proceed to procure a preferred contractor.
5. Cabinet note the outcome of the review and identifies if they want the Task and Finish Group to continue its work on damp and mould in any capacity

Annex B – Housing Repairs Action Plan Jan 24
