1.0 INTRODUCTION

- 1.1 Cabinet considered a the draft Capital Programmes report on 12 December 2017 and this was followed by a report to the Policy Development Group on 10 January 2018. The minutes of the meeting, which include comments made by members in respect of the proposals are include in Appendix E for Cabinet consideration.
- 1.2 By Regulation, all local authorities are required to have regard to the Prudential Code when setting their Capital Programmes. The core objectives of the Code are to ensure that Capital schemes are 'Affordable, Prudent and Sustainable'. This is reviewed in conjunction with the Treasury Management Strategy Statement (TMSS) which contains indicators that evidence compliance with the Code.
- 1.3 The Prudential Code is currently under revision and we will be required to present a Capital Strategy to full Council concurrently with the Capital Programme.
- 1.4 As part of the process of effectively assessing property items for inclusion in the capital programme, the Council has collated a Planned Preventative Maintenance (PPM) Schedule that prioritises works based on a matrix scoring system. Items of a capital nature that are classed as priority 1 have been included in the capital programme in 2018/19.
- 1.5 To supplement the Capital Strategy and PPM, the Asset Management Strategy is to be refreshed to ensure that all decision making surrounding the assets of the Authority has a sound basis.
- 1.6 Appendix "A" shows the proposed General Fund Capital Programme for 2018/19 to 2022/23.
- 1.7 Appendix "B" shows the proposed Special Expense Capital Programme for 2018/19 to 2022/23.
- 1.8 Appendix "C" shows the H.R.A. proposed Capital Programme for 2018/19 to 2022/23.
- 1.9 The Appendices also present the estimated outturn for the current year for approval.

- 1.10 There have been two adjustments to the Capital Programme since the previous report presented to Cabinet on 12 December 2017:
- In 2017/18, the 'Memorial Clock Tower' scheme has been included at £120,000 - Cabinet 19 September 2017
 - In 2018/19, following consultation with CLT, the renewed approval for 'North Service Road car Park' scheme has been reduced by £80,250 to £40,000.
- 1.11 In line with Prudential Code 2017 there is a new requirement for members to approve a Capital Strategy alongside the Capital Programme for the forthcoming year. The Strategy sets out the Council's priorities and approach to capital investment and provides a mechanism by which the Council's capital investment and financing decisions can be aligned with the Council's corporate priorities over a medium term (five year) planning timeframe. The draft Capital Strategy can be found in Appendix D.

2.0 GENERAL FUND - ESTIMATED OUTTURN 2017/18

- 2.1 The projected outturn for 2017/18 on General Fund schemes totals £3,836,722. This is a managed increase of £765,801 on the original budget for the year of £3,070,921.
- 2.2 This managed increase is caused by the following:

- 2.3 There were sufficient funds identified prior to this capital spend being committed.
- 2.4 The carried forward schemes shown in paragraph 2.2 above represents expenditure which was originally expected and budgeted for in 2016/17 but has slipped into 2017/18. The budgeted financing has also been carried forward.

3.0 GENERAL FUND CAPITAL PROGRAMME 2018/19 TO 2022/23 – INDIVIDUAL SCHEMES

3.1 The programme for 2018/19 to 2022/23 is detailed in Appendix A. This programme provides for a continuation of the current Disabled Facilities Grants Scheme (£762,253 in 2018/19) and the Vehicle Replacement Programme.

3.2 Schemes shown as slippage from 2017/18 and carried forward to 2018/19 are detailed in the table in paragraph 2.2 above.

3.3 In addition, the following new schemes are included in the programmes for approval to commence in 2018/19:

3.4 Planned Preventative Maintenance schemes (£310,000)

3.4.1 Moira Furnace – Masonry and Drainage (£170,000)

Moira Furnace is a listed Scheduled Monument. A recent condition survey identified that immediate remedial action including Masonry works and drainage were required. A report has been submitted to CLT. This item is provisional and subject to a separate report being submitted to Cabinet.

3.4.2 Council Offices – Upgrade failing Fire Alarm System – (£30,000)

The age of the existing fire alarm system is outdated with spare parts becoming obsolete. Recent failings during a false alarm have given strong indication a replacement is required.

3.4.3 Council Offices – Lift Works – (£30,000)

The lift relays have been identified as requiring urgent replacement to ensure that the lift remains in good working order. Further works to the lift is scheduled in later years.

3.4.4 Castle Donington All Weather Pitches – Re-surfacing – (£30,000)

Awaiting some narrative from Jason.

3.4.5 Linden Way Depot – Welfare Facilities (£50,000)

Improvements to welfare facilities for operational and office staff at Linden Way to include new and improved showers, toilets and canteen facilities; and general functional improvements to the existing portacabin accommodations.

3.5 New Schemes for consideration (£930,000)

3.5.1 Server and Storage Additional Capacity (£68,000)

Our current SAN (Storage Area Network) contract for maintenance is £32,000 a year, the equipment is also coming to end of life in 2 years' time. The replacement of the equipment including 5 years maintenance is £67,000 over 5 years. As opposed to £150,000 for the current equipment over 5 years.

3.5.2 IDOX Platform (£30,000)

IDOX is currently hosted internally on our infrastructure and ICT are responsible for the support and maintenance of the infrastructure. IDOX provides a hosted version of IDOX

Uniform in their own data centre, which they manage and support including the licences, maintenance and updates on their own hardware. This ensures that the IDOX uniform platform is always updated, and running the latest version. The £30K is the professional services cost element to implement the move to a hosted IDOX and fully supported environment

3.5.3 User PC Screens – Bulk replacement (£25,000)

The Council's PC screens are coming to the end of their economic life. A replacement and upgrading programme enables more efficient working and replacement of obsolete screens.

3.5.4 Finance System (£450,000)

This item is provisional and is subject to a separate report being submitted to Cabinet for a replacement finance system.

3.5.5 Linden Way Depot – Extension (£200,000)

Amend existing planning permission to extend the Linden Way depot by approximately 2,000 square metres for the purpose of enabling adequate storage of material, waste containers and improve parking provision which will ensure sufficient parking as well as allowing for safe vehicle movements in and around the depot area. This item is provisional and subject to a separate report being submitted to Cabinet.

3.5.6 Linden Way Depot – Workshop Extension (90,000)

Proposed extension to existing workshop to allow for maintenance to be carried out on longer refuse collection vehicles, including extending the two extension pits. This is essential to be able to carry out the necessary servicing, maintenance and repairs of larger refuse vehicles.

3.5.7 District Car Parks – LED Lighting Replacement (£25,000)

To upgrade the external lighting installations in NWLDC's public car parks by the replacement of our traditional light fittings with up-to-date light fittings utilising LED (light emitting diode) technology. Traditional external light fittings are now being phased out widely, with major manufacturers planning to cease production of traditional fittings and lamp types. LED light fittings are more energy efficient than traditional types and will require less maintenance, resulting in lower energy consumption and lower running costs.

3.5.8 Replace Hood Park LC Outdoor Learner Pool boiler & Pipework – (£10,000)

The outdoor learner pool boiler and associated pipework at HPLC is over 15 years old and in need of replacement. Whilst the current boiler is serviced regularly in accordance with legislation there can be no doubt that its replacement is now necessary. A new boiler would also be far more efficient with regards to utility consumption and also more effective at heating the pool water..

3.5.9 Hermitage LC – Water Pipework and Tank Upgrade – (£18,000)

The cold water storage tank (potable) located in the loft space above the boiler room has a life expectancy of 35 years and was installed circa 1980 (William Saunders Condition Survey Aug 2010), Replacement of this tank along associated pipework is recommended due to age and the risk a leak would present due to its location.

3.5.10 Hermitage LC - Gym Air Conditioning – Replacement – (£14,000)

Air conditioning units general life expectancy is 10-12 years dependant on their environment. The units within the gym are situated in an area of high use open for 17 hours a day, 7 days a week and were fitted in early 2001 (circa). New units would be more energy efficient and also improve the customer experience within the gym area.

3.6 Approved Schemes that require renewed approval (£40,000)

- 3.6.1 North Service Road Car Park, Coalville (£40,000) – revised as paragraph 1.9
The original scheme for £32,250 was agreed by Cabinet in the capital programme for 2016/17. The slippage from this original budget is included in Table 2.2 above for 2018/19. An increase to this scheme of £7,750 is requested. This revised total allocation of £40,000 is to ensure that the identified essential works can be carried out.

3.7 Fleet Replacement Programme

- 3.7.1 With regard to the Fleet Replacement Programme, each year a number of vehicles either come to the end of their useful economic life or if leased, their lease period when each of these vehicles are reviewed based on its age, condition, mileage or potential risk of major repairs (due to being out of warranty). A decision is made to replace the vehicle or to extend its life for a further period.
- 3.7.2 These decisions are made in the previous year in order to allow a suitable lead-in period from order to delivery in April, particularly for large items such as refuse vehicles. Many of these vehicles are built to order and these orders have to be placed before October for delivery the following April.
- 3.7.3 Due to service requirements, approval is sought to amend the 2018/19 fleet budget from £935,000 to £1,095,000; a net increase of £160,000. This increase consists of the addition of two vehicles, a recycling Collection vehicle - £165,000 and a 7 tonne tipper lorry - £35,000; the cost of a baler has been revised down from £80,000 to £50,000; the cost of the mowers have been revised down from £70,000 to £60,000.
- 3.7.4 The total fleet budget for 2018/19 is now as follows:

Vehicles / Plant & Equipment	Original Budget £	Revised Budget £
3 x Refuse/Recycling Collection Vehicles plus 1 New Recycling	485,000	650,000
14 x Housing Medium Vans	210,000	210,000
1 x Tipper 7.0 Tonne – new Vehicle for Grounds maintenance team	0	35,000
1 x Street Cleansing Box Lorry 7.5 Tonne	40,000	40,000
1 x Sweeper	50,000	50,000
1 x Baler	80,000	50,000
2 x Mowers	70,000	60,000
TOTAL	935,000	1,095,000

- 3.7.5 In order to progress with the 2019/20 purchases, approval is sought for the following vehicles:

Vehicles / Plant & Equipment	Budget £
2 x Refuse / Recycling Vehicles	425,000
2 x Vans	30,000
4 Medium Vans - Housing	80,000
2 x Mowers	65,000
Total	600,000

3.7.6 Waste, Street Cleansing and Grounds Maintenance Services; (approx £505,000)
The existing vehicles, including one refuse collection vehicle, one workshop van and two ride on mowers are to be replaced and an additional refuse vehicle purchased as part of the rolling vehicle replacement programme to ensure reliability and cost effectiveness of waste, street cleansing and grounds maintenance service delivery.

3.7.7 Medium Vehicles (approx £95,000)
Five further vans are to be replaced. These consist of four for housing and one for Environmental Health's Pest Control Section, as part of the rolling vehicle replacement programme. These are essential for service delivery and to control maintenance costs of increased repairs to ageing vehicles.

3.8 The General Fund Capital Programme (2018/19) will be funded by:

Funding Stream	£
Disabled Facilities Grants	572,989
Revenue Contribution	50,000
Reserves	194,264
Capital Receipts	30,000
Unsupported Borrowing - Internal	2,290,000
Total	3,137,253

4.0 COALVILLE SPECIAL EXPENSES – ESTIMATED OUTTURN AND INDIVIDUAL SCHEMES

4.1 There were no identified Special Expense capital schemes for 2017/18.

4.2 The following new scheme is included to commence in 2018/19:

4.3 Owen Street Football Floodlights – (£50,000)

This scheme is provisional and subject to a report being submitted to the Coalville Working Party.

5.0 H.R.A. CAPITAL PROGRAMME – 2018/19 - 2022/23 INDIVIDUAL SCHEMES

5.1 The HRA Capital programme (Appendix "B") covers in detail the capital schemes for the period 2018/19 to 2022/23.

5.2 Planned spend in 2018/19 and onwards mainly consists of:-

5.2.1 Home Improvement Programme (HIP)

The Council brought all of its homes up to the Decent Homes standard in 2014/15 and is forecast to spend £2.0m on maintaining decency in 2017/18. Each year will require further investment to ensure that 100% of homes remain at this minimum quality standard.

The Home Improvement Programme for 2018/19 will invest £2.8 million in improving tenants' homes.

5.2.2 Other Planned Investment Programme (PIP)

In addition to delivering the Homes Improvement Programme, there are a wide range of other investments (of £0.8m) required to maintain and enhance tenants homes and associated services and assets, which are outside the government's definition of Decent Homes works. This includes car parking improvements.

5.2.3 New Build/Affordable Housing Programme

The current programme comprises -

Former Cocked Hat site, Cropston Drive	- up to 12 homes
Linford and Verdon Crescent, Coalville	- 17 new homes
Willesley estate, Ashby	- 7 homes
Sites under negotiation	- 32 homes
Total	= up to 68 homes

The above schemes will see a total investment of £5.0m over the two years of 2017/18 and 2018/19, with a further £2.8m investment planned in 2019/20.

5.2.4 Other Schemes / Miscellaneous

There are various other schemes with brief notes in the Housing capital programme as per Appendix B.

In relation to the proposed sale of higher value empty homes, the £1m provision originally included in the 2017/18 capital programme will be revised to nil in the absence of further guidance from DCLG. To match this, the income target, which supported that commitment, has been reduced.

5.2.5 Future Funding

The long term HRA business plan continues to be based on 1% rent reductions from 2016 for four years and then, following recent guidance from the Government, at CPI plus 1% increases for five years, then reverting to CPI plus 0.5% for the remainder of the 30 year period the plan covers. The recent guidance on future rent increase levels provides greater certainty for the five-year period following rent reductions, and additional efficiencies will continue to be sought.

6.0 CAPITAL RESOURCES

6.1 The resources estimated to be needed to finance the **General Fund** programme 2018/19 to 2022/23 totals £29,699,159 and is as follows:

	£
2018/19	3,137,253
2019/20	14,280,489
2020/21	9,612,439
2021/22	1,760,989
2022/23	907,989
Total	29,699,159

6.2 Details of the planned funding of the programmes are included in Appendix A.

6.2.1 Funding is in place in 2018/19 for the Disabled Facilities Grants Scheme (£762,253) consisting of £572,989 Disabled Facilities Grants, £139,264 of reserves and £50,000 of revenue contribution.

6.2.2 The IDOX Platform, £30,000 and User Screen replacement, £25,000 are being funded from reserves.

6.2.3 For 2018/19, £30,000 of capital receipts from vehicles sold will be used to supplement the Fleet programme.

6.2.4 The remaining schemes (£2,290,000) can be funded by either leasing or borrowing depending on value for money and for which, provision has been made in the 2018/19 Revenue Budget.

6.3 The following resources are budgeted to be available for financing the **Housing Revenue Account programme** in 2018/19:

	£
Usable Balances	7,155,953
Retained Right to Buy Receipts	245,501
Right to Buy Receipts – Attributable debt	1,008,000
Use of Right to Buy ‘One for One’ reserve	405,338
Major Repairs Allowance	3,126,730
Asset Disposals (Capital Allowance)	400,000
Total Resources	12,341,522
Less Budgeted Expenditure	10,084,533
Surplus to be carried forward to 2019/20	2,256,989

7.0 PROCUREMENT ROUTES

7.1 Where the authority is required to enter into a contract which has a value of £100,000 or more, Cabinet authority is sought prior to award of the contract. As Cabinet is considering the budgetary implications of the Capital Programmes, it is efficient for Cabinet to consider the award of subsequent high-value contracts at the same time. Cabinet may also be asked to address a request for a waiver to the Contract Procedure

Rules (CPR) for a particular selection of contract opportunities. Each will be considered in turn.

- 7.2 Although the procurement processes may be commenced sooner, the contract award will not take place before Council has approved the budget for the Capital Programmes. The authority's procurement documentation gives it a right not to award a contract, should Council not approve the budget.
- 7.3 Each year, as part of the Fleet, Plant and Equipment Replacement Programme, replacements will need to be made to some of the Council's vehicles, equipment and plant. Officers will select the most appropriate public sector framework or procurement route for each item, considering which offers value for money for the Council at the time of procurement.
- 7.4 Cabinet is asked to delegate award of the subsequent contracts for vehicles, equipment and plant to the Strategic Director of Place in consultation with the Portfolio Holder.
- 7.5 Where not using pre-existing contracts or frameworks all procurement processes for contracts over £25,000 will be advertised and available for local suppliers to submit bid for should they be of interest.

8.0 CONSULTATION

- 8.1 The Cabinet's draft Capital Programmes were presented to the Policy Development Group at its meeting on 10 January 2018. The comments of the Policy Development group are included in the minutes attached at Appendix E.
