(Please tick the box to confirm)

4. Details of association of the above premises with serious crime, serious disorder or both: [Please read guidance note 2]

Disorder occurred on Market Street in Ashby following the first two England World Cup matches and so a joint visit was carried out by police and the licensing authority during which advice was given, which included the use of plastic glasses.

During the third England match (28/06/18) there was further disorder, including a female being struck on the head with a glass and a male being stabbed in the back. The latter amounts to a GBH.

Notes for guidance:

1. A certificate of the kind mentioned in the form must accompany the application in order for it to be valid under the terms of the Licensing Act 2003. The certificate must explicitly state the senior officer's opinion that the premises in question are associated with serious crime, serious disorder or both. Serious crime is defined by reference to section 81 of the Regulation of Investigatory Powers Act 2000.

In summary, it means:

- conduct that amounts to one or more criminal offences for which a person who has attained the age of eighteen and has no previous convictions could reasonably be expected to be sentenced to imprisonment for a term of three years or more; or
- conduct that amounts to one or more criminal offences and involves the use of violence, results in substantial financial gain or is conduct by a large number of persons in pursuit of a common purpose.

Serious disorder is not defined in legislation, and so bears its ordinary English meaning.

2. Briefly describe the circumstances giving rise to the opinion that the above premises are associated with serious crime, serious disorder, or both.

CERTIFICATE UNDER SECTION 53A(1)(b) OF THE LICENSING ACT 2003

I hereby certify that in my opinion the premises described below are associated with both serious crime and serious disorder.

Premises: The White Hart, 82 Market Street, Ashby De La Zouch

Premises licence number (if known): NWL20038

Name of premises supervisor (if known): James Timms

I am a Superintendent employed by Leicestershire Police.

I am giving this certificate because I am of the opinion that other procedures under the Licensing Act are inappropriate in this case, because disorder occurred following the first three England World Cup matches between 18th and 28th June 2018 and I anticipate further problems during subsequent matches.

Officers visited on 25th June, following the second match and advice was given, which included the use of plastic glasses. This advice appears not to have been followed.

There was escalation following the third match on 28th June resulting in a member of the public being struck on the head with a glass and a further victim of crime being stabbed in the back; all within the premises covered by the granted licence.

I am satisfied that the use of an expedited process is proportionate based on the escalation of incidents over a short time period, the clear expectation that further events due to the current World Cup will provide an opportunity for further concerns if not addressed promptly.

I am Police Constable 1845 of Leicestershire Police. I have been granted Delegated Authority by the Chief Constable Simon Cole, in order that I may carry out functions within the Licensing Act 2003, on his behalf.

On 29th June 2018, I submitted an application for the review of a premises licence under Section 53A Licensing Act 2003, in relation to The White Hart, Market Street, Ashby De La Zouch. I am supplying this statement to supplement that application. The information I am including in this statement has been obtained from a combination of police information systems and body worn video footage.

The White Hart is known locally as the best place to watch football in Ashby and they have a large screen and seating area to the rear of the premises for that purpose. Police identify the premises as being the busiest during football matches.

At the time of writing, the football World Cup is in progress. England have had three matches so far and each match has led to serious problems on Market Street in Ashby:

ENGLAND v TUNISIA - 18th June

Around 2145hrs on 18th June, following England's first match, police received the report of "Chaos in the street"; that around 100 people were in the street shouting, swearing, drinking, kicking footballs around the road and throwing glasses at passing cars.

ENGLAND v PANAMA - 24th June

Around 1500hrs on 24th June, following England's second match, police received the report of 200 to 300 people in the road, chanting and blocking the road. Reportedly, some were fighting and many were drinking from glasses.

A single-crewed police officer was first to arrive at the scene and whilst trying to ensure the safety of everyone there, he was surrounded by the crowd and was subsequently struck in the face by a glass bottle. His body worn video footage was recording throughout and gives an insight into what he was faced with.

Flares were also set off in the street during this incident.

Following this, on 25th June, a joint visit was made to several licensed premises in the area by police and the licensing authority. During their visit to the White Hart, officers were told that they would have 4 SIA door supervisors on duty and plastic glasses would be used. They were given advice regarding flares being set off on the premises.

ENGLAND v BELGIUM - 28th June

During England's third game on 28th June, England conceded a goal just after 2000hrs. A few minutes later, police started to receive reports of a fight at The White Hart.

What we know about that evening is as follows:

- a. Glass was supplied to customers of The White Hart, despite the assurance to police that it would not be.
- b. A female was struck over the head with a glass bottle whilst watching the match in the rear of the premises. She went to hospital and a male was arrested in relation to this.
- c. Meanwhile, a large fight occurred in the rear of the premises, involving what appears to be two groups of males. During the fight a male was stabbed in the back, resulting in a large wound between his shoulder blades. A witness reported seeing more than one knife being brandished by the other group, but at this time we do not know whether it was a knife or glass that was used to cause the injury.

d. Flares were set off in the rear of the premises and in the street outside.

The application for summary review was submitted because serious crime and disorder have occurred at the premises, despite the joint efforts to reduce the likelihood of these occurring, and we are concerned about the likelihood of further escalation as England progress through the competition.

We feel that not enough was done to prevent crime and disorder, particularly during the third match. We asked for simple steps to be taken and this was not done. Subsequently at least two people were hurt; both of which could have been a lot more serious than they are.

In considering what has happened over the last 2 weeks, I have considered the history of the premises and note that in general, we are not especially concerned and that the crime and disorder seems directly attributable to England football matches.

For that reason, I do not believe it is necessary or proportionate to seek suspension of the licence or removal of the DPS. What I do believe is proportionate and appropriate to the situation I have presented to you is the modification of the conditions of the premises licence. The condition I suggest is as follows:

1. England world cup matches will not be shown on any television or screen within any part of the premises to which the public have access.

This condition does not impact on the normal, everyday activities carried out at the premises: I propose it as a means to tackle the problem at hand, which is the crime and disorder associated with the premises when England matches are shown.

In anticipation of the hearing tomorrow we w enclose by way of service upon you schedule of conditions which we will be asking the subcommittee to add to the licence by way of interim steps to promote the 4 licensing objectives and thereby allow the White Hart to continue to show the England game to their customers on the 3rd July.

On capacity I am advised that the old capacity for the site was 360 but that this did not take into account the rear room, thus current capacity is around 400. For tomorrow it is proposed that this should be reduced and a cap of 325 be set.

We will be at the council office for 10am and we would be pleased to discuss the content of the proposed conditions with you further at that time.
