Recommendations	THAT POLICY DEVELOPMENT GROUP COMMENT ON THE DRAFT INVESTMENT STRATEGY – SERVICE AND COMMERCIAL 2019/20 WHICH WILL BE PRESENTED TO FULL COUNCIL FOR APPROVAL ON 26 FEBRUARY 2019

1.0 INTRODUCTION

1.1 The council invests its money for three broad purposes:

- i. Because it has surplus cash as a result of its day-to-day activities, for example when income is received in advance of expenditure (known as treasury management investments);
- ii. To support local public services by lending to or buying shares in other organisations, including loans made by a local authority to one of its wholly-owned companies or associates, to a joint venture, or to a third party (service investments); and
- iii. To earn investment income (known as commercial investments where this is the main purpose).

1.2 The investment strategy attached as Appendix A is a new report for 2019/20, meeting the requirements of statutory guidance issued by the government under in January 2018 under section 15(1)(a) of the Local Government Act 2003.

1.3 The Investment Strategy – Service and Commercial, focuses solely on service investments and commercial investments (as outlined in 1.1 ii. and iii. above). Treasury management activities (as per paragraph 1.1 i. above) are detailed within the council's separate Treasury Management Strategy.

1.4 When considering security and liquidity of loans, local authorities should set limits for their total exposure. The proposed approved limits in relation to Service Investments: Loans and Shares are presented in the strategy for approval.

1.5 This strategy supports the Council's wider strategic framework, including the council's Commercial Strategy and considers financial implications and risks of any investments for a service or commercial purpose.
