Proposal	Live singers or bands Christmas eve boxing day new years eve and bank Holidays Fridays 12pm- 12am Saturdays 12pm-12.30am indoors

On the grounds of preventing public nuisance,

The Environmental Protection Section has no objection to the granting of this licence, based upon the details contained within the application forming a condition of the licence in addition to the following matters, which have been agreed with the applicant:

1. The applicant has agreed to a finish time of 12am on Fridays and Saturdays for live and recorded music. The purpose of this is to reduce volume of noise in line with hours of the closest comparable business (White Horse). I have no objection to the pub trading slightly longer hours on special occasions eg new years eve, and would ask that the licensing team advise the applicant on how best to apply for this.
2. Add condition to licence of 'Doors and windows must be closed during times of live or amplified music / singing being played, except for the explicit purpose of entry and exit from the premises'.
3. Add condition to licence of 'All entrances / exits to have self closing devices on doors which are not interfered with e.g. doors must not be wedged open, during live or amplified music or singing.'
