1. INTRODUCTION

- 1.1 Local Authorities are required to approve a treasury management strategy (TMSS) and an investment strategy before the start of each financial year, in line with the Chartered Institute of Public Finance and Accountancy's Treasury Management in the Public Services Code of Practice 2017 Edition (the CIPFA Code).
- 1.2 CIPFA have responsibility for the Treasury Management Code of Practice and Prudential Code. The Ministry for Housing, Communities and Local Government

(MHCLG) is responsible for preparing the guidance on Local Authority Investments and the guidance for Minimum Revenue Provision.

- 1.3 Investments held for service purposes or for commercial profit are considered in the Investment Strategy Report which is a separate item on the agenda.
- 1.4 In accordance with MHCLG Guidance, Council will be asked to approve a revised Treasury Management Strategy Statement should the assumptions on which the statement is based, change significantly.
- 1.5 CIPFA has defined Treasury Management as 'the management of the organisation's investments and cash flows, its banking, money market and capital market transactions, the effective control of the risks associated with these activities, and the pursuit of optimum performance consistent with those risks'.
- 1.6 This report fulfils the council's legal obligation under the Local Government Act 2003 to have regard to the CIPFA Code and MHCLG Investment guidance. All treasury activity will comply with relevant statute, guidance and accounting standards.
- 1.7 The TMSS (Appendix 1) sets out:
 - a) Organisational roles and responsibilities (section 2).
 - b) The role of the Authority's treasury advisor (section 3).
 - c) Reporting and monitoring of treasury management activity (section 4).
 - d) Background information used to determine borrowing and investment requirements (sections 5 and 6).
 - e) Borrowing (Appendix A) and debt rescheduling (Appendix B) strategies. Total Authority's interest payments on existing debt are estimated at £2,663,301 in 2021/22.
 - f) Treasury Management Investment Strategy (Appendix C). Security of capital is the first and most important investment policy objective.
 - g) Apportionment of Interest Strategy (Appendix D). Total investment income is estimated at £9,260 in 2021/22 (General Fund - £5,876, HRA - £3,384).
 - h) Treasury Management and Prudential Indicators for 2021/22 to 2023/24 (Appendix E). These are designed to monitor borrowing limits, debt levels and investment returns.
 - i) Annual Minimum Revenue Provision Statement for 2021/22 (Appendix F). General Fund MRP is estimated at £1,001,506.
- 1.8 Members should note that the strategy is currently aligned to the Draft Capital Programmes 2021/22-2025/26 and therefore is subject to change as part of the presentation of the final budget to Cabinet and Council on 2 and 23 February 2021 respectively.
- 1.9 The treasury management function ensures that the Council's cash is organised in accordance with the relevant professional codes, so that sufficient cash is available to meet this service activity and the Council's capital strategy. This will involve both the organisation of the cash flow and, where capital plans require, the organisation of appropriate borrowing facilities.
- 1.10 To enable the council to maintain 'Professional' status, it is required under the MiFID (Markets in Financial Instruments Directive 2004/39/EC) regulations to maintain an investment level of at least £10m. It is the intention of the council to maintain balances

at this level for investment, to allow it to continue to access the full range of investment options that it currently has access to and this position will be monitored on an ongoing basis. Should the council drop below the £10m investment limit, it would no longer be able to access investments including but not limited to shares, bonds, debentures, units in collective investment schemes and money market funds.

- 1.11 The balance sheet forecasts indicates that only £1m would be available for investment in 2021/22 and will therefore require short term borrowing to maintain 'Professional Status' based on a £10m minimum investment. Forecasts shows the borrowing will also be required in future years to maintain the status. The council's cash flow is monitored daily for significant movements in expenditure and income. This provides a forecast of daily cash balances which determines any scope for investment as well as the need for short term borrowing. Any short term borrowing requirement for this purpose will require authorisation by the Head of Finance.
