

09.12.20

Dear NWLTC.

Ashby Ivanhoe Football Club

I am writing in response to the Ashby Ivanhoe Football Club requesting further extension times to the socialising on the grounds which are directly opposite my property at No 14 Wrekin Close. I wish to firmly oppose such an extension. I am elderly and living alone at this property and having music and entertainment going on so close to my property would be very disturbing.

another significant problem would be the parking of all the cars attending all the events. Already, when there is a football match playing on these grounds, the cars of the spectators are parked dangerously on the grass verge next to the road and also the parked cars are lining the entrance to Cambrian Way and even Wrekin Close, can you imagine the chaos, noise, disturbances if the new extension hours are granted by the council, going on until the early hours. I therefore oppose the extension times requested by this club

Yours faithfully

(MRS P. WILSON)
