Subject: EXTERNAL: Ivanhoe football club

Hi Paul

Following the information that was sent via post, I feel the absolute need to address a few things to you. I live on Wrekin close, opposite the football pitch. I am a nurse who works predominantly nights over the weekend and my partner is a truck driver who gets up during the week at 4.45 am. Therefore it would affect my sleeping on a sat & sun morning which I absolutely need. Plus my partner goes to bed early and is up at the crack of dawn! The bar/noise would have a major impact on our sleeping & well being, whether its bar is open during the week or weekend. I am often woken up with noise from kids playing football on a Saturday morning. I do long 12 hr nightshifts therefore sleep is definitely a necessity.

Hope you understand & welcome our concerns.

Thank you

Yours sincerely

Margi Edward's
