<b>Purpose of Report</b>	To consider and agree the Council's response to a Statement of Common Ground which has been prepared covering Leicester and Leicestershire to deal with the issues of unmet housing and employment needs from Leicester City.

## **1 BACKGROUND**

- 1.1 Members will be aware that the Leicestershire authorities have known since February 2017 that Leicester City does not have sufficient land available to accommodate its housing and employment land needs in full.
- 1.2 Members will also be aware that all local planning authorities are under an obligation under the Duty to Cooperate to "*cooperate with each other, and with other prescribed bodies, on strategic matters that cross administrative boundaries*" (National Planning Policy Framework (2021), paragraph 24). To demonstrate such cooperation, the NPPF requires authorities to "*prepare and maintain one or more statements of common ground, documenting the cross-boundary matters being addressed and progress in cooperating to address these*".
- 1.3 To address the issue of unmet need from Leicester City, all of the Leicester and Leicestershire authorities have been working together under the auspices of the Member Advisory Group (MAG) to prepare a Statement of Common Ground (SoCG). MAG does not have decision making powers. Therefore, when it met on 28 April 2022 it agreed that the SoCG should be considered by each of the Leicester and Leicestershire authorities through their own governance procedures.
- 1.4 Whether this Council should support the SoCG will be determined by Council at its meeting on 21 June 2022, thus providing an opportunity for all members to consider the SoCG.
- 1.5 The Local Plan Committee (LPC) is responsible for overseeing the preparation of the Council's Local Plan, although final decision on the Local Plan resides with Council. The SoCG has significant implications for the current Local Plan review as it will determine the

amount of development that needs to be provided for. Therefore, the SoCG was considered by the LPC at its meeting on 25 May 2022 when it agreed. A copy of the report and appendices considered by LPC is attached at Appendix 1 to this report.

1.6 The following points were made by the Local Plan Committee:

- The level of growth set in the SoCG has potential implications in terms of infrastructure which needs to be provided in advance of development.
- The City Council should be approached to support the provision of infrastructure, such as the National Forest line, outside of the City in recognition of the assistance being provided by this Council to meet the city's unmet need.
- Why wasn't the unmet need simply redistributed based on an equal share basis?
- Lack of functional relationship between North West Leicestershire and Leicester City
- There is a need to ensure that whatever housing is provided meets the needs of local communities including more affordable housing.
- Some of the evidence is based on 2011 census but noted that there is nothing more up-to-date. Will an increase in home working have any implications?
- The SoCG is not about where development will go in North West Leicestershire, that is a matter for the local plan.

1.7 Cabinet, in its executive role, is also invited to consider the SoCG with a view to its comments being forwarded to Council for consideration alongside those of the Local Plan Committee.
