

## **COUNCIL – 6 SEPTEMBER 2022**

### **QUESTIONS FROM COUNCILLORS**

#### **QUESTION FROM COUNCILLOR D BIGBY TO COUNCILLOR A WOODMAN**

"What is the estimated cost of repairs expected to be necessary to ensure Hood Park Lido remains open to the public for the medium to long term?"

#### **RESPONSE FROM COUNCILLOR A WOODMAN TO COUNCILLOR D BIGBY**

"The Council's leisure partner, Everyone Active (EA), has identified a potential issue with the lido pool tank at Ashby Leisure Centre and Lido. Under the terms of the contract and the lease, EA has a responsibility to ensure facilities are maintained and kept open to the public, and they continue to do that. In order to understand the nature of the issues, EA has so far had one contractor visit site who has offered an opinion as to what the issue is, a potential solution and an indicative cost rather than a formal quotation. As this information has been supplied to EA by a contractor, the Council is unable to share it due to the commercially sensitive nature.

EA is also seeing what alternative options may be available and so have engaged additional contractors to understand if the issue is as identified, and to fully understand any different solutions that could be considered."
