# **1. Introduction**

## **1.1 Profile of the District**

North West Leicestershire District covers an area of 27,933 hectares. The principal town is Coalville and the other main settlements are Ashby de la Zouch, Castle Donington, Ibstock, Kegworth and Measham.

According to Census data (2011), North West Leicestershire has a population of 93,468. The proportion of young people (0-14 years) is 17.5 per cent and is close to regional and national averages. The District has 17.4 per cent of the population above pension age. The black and minority ethnic population is 7.3 per cent; this compares with 13 per cent for East Midlands and 17.2 per cent for England.

The Council's vision statement is "North West Leicestershire will be a place where people and businesses feel they belong and are proud to call home".

The Council recognises that the entertainment and leisure industry and shopping contribute to the Districts urban and rural economies. These have a part to play in attracting tourists and visitors and are major employers. There were 3,400 tourism-related jobs in 2008. The district is home to a number of major attractions including Donington Park Race Circuit, Snibston Discovery Park, National Forest, Conkers and Ashby Castle.

Pubs and restaurants are an important part of village life, and contribute to the vitality of the Districts towns, together with the arts and entertainments venues throughout the District.

The District has 364 licensed premises. These include approximately 130 pubs, bars and wine bars, 41 restaurants licensed to serve alcohol, 7 night clubs and dance venues. 235 premises are licensed as a late night refreshment house, these premises include takeaways, pubs and restaurants. There are other premises which are licensed which include other cultural venues and shops.

In the past, some licensed premises have caused nuisance to residents, either from noise or from behaviour of customers. All licensees are encouraged to operate premises in a way that minimises future impact on neighbouring residents.

## **1.2 Purpose of the Policy**

This Statement of Licensing Policy explains how the Licensing Authority will carry out its role under the Licensing Act 2003, (the Act). The Licensing Authority will keep this policy under review and may make revisions to the document following consultation with the bodies outlined in paragraph 1.4 below.

It will also:

- Be used as a guide by members of the Licensing Authority in their decision making.
- Inform applicants about how applications will be viewed and how a licensed premise is likely to be able to operate within the area of the Licensing Authority, albeit that each application will be examined and considered on an individual

basis.

- Inform residents and businesses about how applications will be viewed and how their needs will be addressed.
- Be used to support decisions made by the Licensing Authority when these decisions are challenged in a court of law.

### **1.3 History**

The first Statement of Licensing Policy issued by North West Leicestershire District Council came into force on 7 January 2005. It was revised on 8 November 2005 to reflect the adoption of a Special Policy in Ashby de la Zouch and further minor amendments. Issue 3 came into force on 7 January 2008 with minor amendments. Issue 4 with further amendments came into force on the 15 January 2008. The policy remained unaltered until its expiry date on 6 January 2011. The current issue (number 5) of the policy was introduced on 7 January 2011.

### **1.4 Consultation**

In developing this Statement the Licensing Authority has consulted with the bodies set out below, and has taken account of their views (In the final document there will be a definitive list of all those people and groups that have been consulted).

- Police.
- Fire authority.
- Persons representative of local holders of premises licences.
- Persons representative of local holders of club premises certificates.
- Persons representative of local holders of personal licences.
- Persons representative of businesses and residents in its area.

### **1.5 Licensable Activities**

Licensable activities are:

- The sale of alcohol by retail.
- The supply of alcohol by or on behalf of a club, or to the order of, a member of the club.
- The provision of regulated entertainment.
- The provision of late night refreshment.

### **1.6 Live Music**

The Live Music Act 2012 came into force on 1st October 2012.

Its main aim was relax the licensing burden on those licence holders staging or looking to stage live music at their venue.

It removes the licensing requirements for:

- Amplified live music between 8am and 11pm before audiences of no more than 200 people on premises authorised to sell alcohol for consumption on the premises.

- Amplified live music between 8am and 11pm before audiences of no more than 200 people in workplaces not otherwise licensed under the 2003 Act (or licensed only for the provision of late night refreshment).
- Unamplified live music between 8am and 11pm in all venues.

It is possible to reinstate or impose conditions about live music following a review of a premises licence or club premises certificate authorising premises to supply alcohol for consumption on the premises.

The Live Music Act also removes licensing requirements for the provision of entertainment facilities.

In addition, it has widened the licensing exemption for music integral to a performance of Morris dancing or similar, so that the exemption applies to live or recorded music instead of unamplified live music.

Although the changes to the law and the associated benefits to local musicians and their supporters are to be welcomed there is still a requirement that any music should not be loud enough as to cause a nuisance to neighbours.

## **2. Fundamental Principles**

### **2.1 Background**

This Statement of Licensing Policy sets out how the Licensing Authority will carry out its functions under the Licensing Act 2003. However, all decisions relating to licences will be made on the merits of the individual case, having regard to this policy as part of the decision making process.

The Act requires applicants to consider carefully this policy when drafting their applications.

### **2.2 The Licensing Objectives**

The Licensing Authority will carry out its functions with a view to promoting the licensing objectives. The licensing objectives, which carry equal importance, are:

- The prevention of crime and disorder;
- Public safety;
- The prevention of public nuisance; and
- The protection of children from harm.

### **2.3 Balance**

The Licensing Authority will seek to achieve a balance between leisure/entertainment and the needs of residents and other businesses for an acceptable environment and quality of life.

This Policy will not undermine the right of any individual to apply for a variety of permissions and to have any such application considered on its individual merits. Nor will it override the right of any person to make representations on an application

or seek a review of a licence or certificate where provision has been made for them to do so in the Licensing Act 2003.

The Human Rights Act 1998, incorporating the European Convention on Human Rights, makes it unlawful for a Local Authority to act in a way, which is incompatible with a Convention right. The Licensing Authority will have regard to the Human Rights Act when exercising its licensing functions, with particular reference to the following relevant provisions of the European Convention on Human Rights:

Article 6 – In the determination of civil rights and obligations every person is entitled to a fair and public hearing within a reasonable time by an independent and impartial tribunal established by law.

Article 8 – Every person has the right to respect for his home and private and family life.

Article 1 of the First Protocol – Every person is entitled to the peaceful enjoyment of his or her possessions.

## **2.4 Extent of Control**

Licensing is about the control of premises and places being used for licensable activities. The conditions attached to various authorisations are focused on relevant matters that are within the control of the licence holders and others with relevant authorisations. This means those matters occurring at, and in the vicinity of premises, and the direct impact they have on nearby residents and businesses. Whether or not incidents can be regarded as being “in the vicinity” of licensed premises is a question of fact and will depend on the particular circumstances of the case.

Licensing law is not a mechanism for the general control of anti-social behaviour by individuals once they are beyond the direct control of the individual, club or business holding the licence, certificate or authorisation concerned. However, the Licensing Authority expects every holder of a licence, certificate or authorisation to be responsible for minimising the impact of the activities and anti-social behaviour by their patrons within the immediate vicinity of their premises and will require licence holders to demonstrate that they have taken appropriate action.

## **2.5 Determination of Applications**

When the Licensing Authority receives an application it will initially determine whether the application has been made properly in accordance with the provisions of the Licensing Act 2003 and the relevant regulations. Amongst other things the Licensing Authority will consider whether the application has been properly advertised in accordance with the regulations.

All applications for new premises licences and variations need to be supported by an operating schedule. The schedule must specify (amongst other things) the steps which the applicant proposes to promote each of the four licensing objectives. Applicants are advised to discuss their application with a member of the licensing team and to have regard to sections 3, 4, 5 and 6 of this policy when completing their application form.

A hearing will not be required where an application for a new premises licence, club premises certificate or variation has been properly made and no responsible authority or other persons has made a representation. In these cases the Licensing Authority

must grant the application in the terms sought, subject only to conditions which are consistent with the operating schedule submitted with the application and relevant mandatory conditions contained in the Licensing Act 2003.

The responsible authorities who must be notified of applications and are entitled to make representations to the Licensing Authority in relation to an application are:

- Chief Officer of Police.
- Local Fire & Rescue Authority.
- Licensing Authority.
- Enforcement Agency for the Health & Safety at Work etc Act 1974.
- Local Authority with responsibility for Environmental Health.
- Local Planning Authority.
- A body that represents those who are responsible for, or interested in, matters relating to the protection of children from harm (Local Safeguarding Children Board).
- Local Trading Standards Department.
- Local Health Boards.
- Canal & River Trust.

The Local Authority name for each of the Responsible Authorities is provided at Appendix 3. Current contact details including postal address and telephone contact numbers is provided on the Councils website.

‘Other Persons’ are the bodies or individuals who are entitled to make representations to the Licensing Authority on applications and consist of:

- Any person;
- A body representing persons;
- A person involved in a business;
- A body representing persons involved in such businesses;

In order to be accepted by the Licensing Authority a representation must be relevant. A representation will only be relevant if it relates to the likely effect of the application on the promotion of at least one of the licensing objectives

A representation by a Responsible Authority or ‘other persons’ cannot be accepted if it is frivolous or vexatious. The Licensing Authority will determine whether any representation is frivolous or vexatious on the basis of the ordinary meaning of those words and the statutory guidance.

Where, however, there are relevant representations to an application or variation, then a hearing before a Licensing Sub-Committee will normally follow. At the hearing the Sub-Committee must, having regards to the representations, take such steps as it considers appropriate to promote the four licensing objectives. These may include refusing the application either in full or in part or adding to or modifying the conditions proposed in the operating schedule.

## **2.6 Effective service of applications**

Where reference is made to working days this is defined at Section 193 of the Licensing Act as ‘any day other than a Saturday, a Sunday, Christmas Day, Good Friday or a day which is a bank holiday under the Banking and Financial Dealing

Act 1971 in England and Wales.

For the purposes of this policy non-statutory closures of the Council are not considered to be working days.

The Councils working day is 08:45 to 17:00. Applications received after 17:00 shall be deemed to be received on the following working day.

The Council accepts the following methods of service:

- Postal
- Electronic submission (online GOV.UK website)
- Electronic submission (email)

An application that is submitted electronically during the course of a working day will be deemed as received at the time of receipt. This shall include applications submitted online or by email.

An application that is submitted electronically outside of the working day will be deemed as being received on the first working day following submission.

An application submitted by post will be served on the day of receipt or if there is no receipt deemed as if served on the second working day after being placed in a postal system. Proof of service will be required to confirm the date of posting.

Where an electronic application is received by the Council there is a requirement for the Council to serve a copy on all Responsible Authorities. Service can be made both by email and by post with the preferred method of service being by email. The above definitions of 'service' will apply. An application for a review falls outside of this process. This is explained further within the Statutory Guidance.

## **2.7 Licensing Authority (Responsible Authority Role)**

The Licensing Authority is included in the list of responsible authorities and in common with the other responsible authorities it is for the Licensing Authority to determine when it considers it appropriate to act in that capacity.

The Licensing Authority will not make a representation or apply for a review at the request of another Responsible Authority or Other Person.

There may be occasions when the Licensing Authority may decide to make a representation or apply for a review based on evidence and information collated from other Responsible Authorities even though those other Responsible Authorities have chosen not to make a representation.

The Licensing Authority is unlikely to intervene where the basis for the intervention falls within the remit of another Responsible Authority. For example, the police should make representations where the representations are based on concerns about crime and disorder.

Where the Licensing Authority does make representations it will ensure that there is a proper separation of responsibilities. The Licensing Officer preparing papers for a sub-committee hearing will be different to the Licensing Officer making the representations on behalf of the Responsible Authority. The Licensing Officer acting

for the Responsible Authority will not be involved in the administrative process of the application or review and will not discuss the merits of the case with those involved in making the determination by the Licensing Authority. Communication between these Licensing Officers in relation to the case will remain professional and consistent with communication with other Responsible Authorities.

The Licensing Officers administering the application will be allowed to conduct negotiations between the Licensing Officer making the representation and the applicant.

### **3. Policies Supporting Each of the Four Licensing Objectives**

Applications for the grant or variation of a licence or certificate must be accompanied by an operating schedule that includes the steps that the applicant proposes to take to promote the licensing objectives. These policies are intended to help applicants by setting out the **criteria** and **considerations** that they should bear in mind when drawing up the Operating Schedule. The criteria, because they relate to the licensing objectives, will apply to all applications to some degree; the considerations listed may not necessarily apply, or apply equally, to all applications. The list contains considerations that Responsible Authorities are likely to consider when deciding whether to make representations on an application or whether to call for a review. Applicants for licences are recommended to discuss their proposals with the Responsible Authorities prior to submitting an application. This will enable them to obtain advice on the production of their operating schedule and may avoid representations and the need for a hearing.

### **4. Prevention of Crime and Disorder**

#### **4.1 The Policy**

To prevent crime and disorder, the Licensing Authority will apply the following criteria and take into account the following considerations, where relevant, in determining applications and reviews:

#### **4.2 Criteria**

Whether the premises makes or will make a significant contribution to levels of crime and disorder, and whether the Operating Schedule is based on an adequate risk assessment, undertaken by the applicant, of the likelihood of crime and disorder occurring as a result of the grant of the application.

#### **4.3 Considerations**

The levels of crime and disorder in and around the venue.

The proposals contained in the operating schedule.

The level of compliance with conditions on existing licences.

#### **4.4 Conditions**

The Secretary of State's Guidance issued under Section 182 of the Licensing Act 2003 (as amended) (The Guidance) sets out matters that may be relevant to the

imposition of conditions relating to crime and disorder on licensed premises. The Licensing Authority will tailor appropriate conditions for premises licences and club premises certificates. The seeking of and any imposition of conditions and their extent will depend upon the risks of crime and disorder at the particular premises.

In the context of this licensing objective the essential purpose of a licence or certificate is to regulate the behaviour of people while on, or in the immediate vicinity of the premises and as they seek to enter or leave. Conditions attached to licences cannot seek to manage the behaviour of customers once they are beyond the direct control of the licence holder and their staff or agents.

The Licensing Authority may consider if any steps are appropriate to promote the prevention of crime and disorder. It will also consider representations made by Responsible Authorities that conditions are applied to licences to require those steps.

When preparing their operating schedules, applicants are encouraged to consider including the following items of best practice:

- Prohibiting the sale of alcohol in glass bottles for consumption on the premises to prevent their use as weapons.
- Prohibiting alcohol in open containers being taken from premises - This approach will discourage drinking in the streets and will also prevent the use of these containers as offensive weapons.
- Consider using drinking vessels made of plastic or toughened glass.
- Prohibiting irresponsible drinks promotions - The Licensing Authority will support an approach to the marketing of alcohol and the management of licensed premises that promotes responsibility in the consumption of alcohol.
- Consider the provision of CCTV surveillance equipment particularly in town centre locations and other large venues. The presence of CCTV cameras can be an important means of deterring and detecting crime at and immediately outside, licensed premises. Should you deem it appropriate to install CCTV at your premises it is suggested that any system should be installed and maintained on advice from the Leicestershire Police Crime Prevention Officer.
- Warning signs about crime prevention measures.
- Consider the provision of text pagers to connect persons employed at premises, particularly in town centre locations, to the police.
- Appropriate measures to prevent overcrowding in premises or parts of the premises.
- The provision of staff to control admission and to control persons inside the premises. When such staff are engaged they must be licensed by the Security Industry Authority.
- Appropriate measures to prevent the supply and consumption of illegal drugs, including any search procedures and entry policies.

The above items of best practice need only be included in an operating schedule where relevant to the premises. In addition to the above items of best practice applicants are also encouraged to refer to the Council's pool of licence conditions when producing an operating schedule.

The steps volunteered in the operating schedule will become conditions of the licence or certificate, and therefore applicants should consider carefully the steps appropriate for the promotion of this licensing objective at their particular premises.

## **5. Public Safety**

### **5.1 The Policy**

To promote public safety, the Licensing Authority will apply the following criteria and take into account the following considerations, where relevant, in determining applications and reviews:

### **5.2 Criteria**

Whether appropriate and satisfactory general and technical risk assessments, management procedures and certificates have been made available to the relevant Responsible Authority and to the Licensing Authority, that demonstrate that the public will be safe within and in the vicinity of the premises.

### **5.3 Considerations**

Whether the premises has undertaken a risk assessment and identified the maximum number of people who can be present in various parts of the premises, so that they can be operated safely and can be evacuated safely in the event of an emergency.

Whether there are procedures proposed to record and limit the number of people on the premises.

Whether patrons can arrive and depart from the premises safely.

Whether the premises will use equipment or special effects that may affect public safety (e.g. vehicles, pyrotechnics, strobe lights, smoke machines, temporary structures etc).

Whether due regard has been given to the measures outlined in the 'Safer Clubbing' guide published by the Home Office – January 2002, in applications for facilities for music and dancing. The key areas identified are:

- Prevention of overcrowding
- Air conditioning and ventilation
- Availability of drinking water
- Affordable cloak rooms
- Further measures to prevent patrons overheating

Whether there are defined responsibilities and procedures for medical and other emergencies and for calling the emergency services.

### **5.4 Conditions**

The Guidance sets out matters which relate to conditions on public safety, and includes a Safer Clubbing checklist. These will be used to tailor appropriate conditions for premises licences and club premises certificates.

The Licensing Authority may consider if any steps are appropriate to promote public safety. It will also consider representations made by Responsible Authorities that conditions be applied to licences to require those steps.

When preparing their operating schedules, applicants are expected to consider the following items of best practice:

- Checks on equipment at specified intervals.
- Equipment and facilities to be maintained in accordance with recognised standards.
- Reliable method to count and control the number of persons on the premises.
- Adequate levels of door supervision to control access to and egress from premises in order to ensure public safety.
- Provision of training for current and future staff in matters relating to public safety, where not already required by other legislation.
- Maintaining and making available a record of inspections, pre-opening and during performance, of fire doors, escapes, and appliances and of the number of people on the premises.
- Prevention of injury – Consider a policy of using plastic, polycarbonate or toughened glass.
- Ensuring that floors are kept from becoming slippery from spillages or condensation.
- Measures to prevent climbing onto ledges, balconies and speakers.
- Measure to keep sound levels below levels where damage to the hearing of staff and customers is likely to occur.
- Measures to reduce the risk of dancers and others overheating (chill-out rooms, affordable cloakrooms, free water, breaks from fast dance rhythms, identifying people who may be in distress).
- Provision of facilities for people who are taken ill or injured to contact friends or family, to recover, or be kept safe while awaiting medical assistance.

The above items of best practice need only be included in an operating schedule where relevant to the premises. In addition to the above items of best practice applicants are also encouraged to refer to the Council's pool of licence conditions when producing an operating schedule. If applicants elect not to include best practice items in the operating schedule, they are strongly advised to include information explaining the reason for their decision. This might be because a risk assessment has shown that the step is not appropriate. If such information is not included, it is more likely that a relevant representation will be made, leading to the cost and delay of a hearing before a licensing sub-committee.

The steps volunteered in the operating schedule will become conditions of the licence or certificate, and therefore applicants should consider carefully the steps appropriate for the promotion of this licensing objective at their particular premises.

## **6. The Prevention of Public Nuisance**

### **6.1 The Policy**

To prevent public nuisance the Licensing Authority will apply the following criteria and take into account the following considerations, where relevant, in determining applications and reviews:

### **6.2 Criteria**

The potential for nuisance associated with the style, characteristics and activities of the business to be carried on at the premises and the potential steps which could be taken to reduce the risk of nuisance occurring. This will particularly apply in areas of residential accommodation and where there is a mixed commercial / residential use with residential accommodation in the proximity of the premises.

Under the Act, “public nuisance” retains its broad common law meaning. Public nuisance could therefore include low-level nuisance perhaps affecting a few people living locally as well as a major disturbance affecting the whole community.

### **6.3 Considerations**

#### **6.3.1 Noise and Vibration**

Whether Operating Schedules contain adequate measures to prevent noise and vibration, generated from within the premises, outside it, or from an open site, that may cause disturbance to people in the vicinity. Stricter conditions will be imposed on premises licences in areas that have denser residential accommodation or have residential accommodation close to them.

Measures to limit noise and vibration

Applicants will be expected to have considered the inclusion of measures in their Operating Schedules that make adequate provision to:

- Restrict the generation of noise within the premises and from activities associated with the premises in the vicinity, or from an open air site.
- Limit the escape of noise from the premises or open air site.
- Restrict noise emissions to below levels that could affect people in the vicinity going about their business, at work and when at home both while relaxing and whilst sleeping.
- Minimise and control noise from customers arriving at the premises, or open air site outside it and departing from it.
- Minimise and control noise from staff, contractors, and suppliers and their activities.
- Minimise and control noise from vehicles associated with and providing services

to the premises or open air site and their customers.

- Monitor the noise levels and its impact.
- Make a contact number available to any person wishing to report noise disturbance.

### **6.3.2 Eating, Drinking and Smoking Outside Premises**

Whether people standing or sitting outside the premises are likely to cause obstruction or other nuisance.

Whether the premises are under or near to residential accommodation.

The hours of sale of alcohol in open containers or food for consumption outside the premises.

Measures to make sure that customers move away from outside premises when such sales cease.

Measures to collect drinking vessels and crockery, cutlery and litter.

The extent and location of areas proposed to be set aside for the consumption of food and alcoholic drink and for smoking.

Whether there is a need for door supervisors to prevent or to control customers congregating in outdoor areas to smoke, consume food or drink, between certain hours or at all times.

### **6.3.3 Other Environmental Impacts**

Whether Operating Schedules contain adequate measures to prevent:

- Litter, smells, fumes, dust, tobacco or other smoke, or other emissions.
- Light pollution arising from the proposed licensable activity.

Whether the proposal will be likely to cause nuisance by congesting the pavement or the roadway.

Whether the proposal would lead to the need for increased refuse storage or waste collection.

Whether measures would be undertaken to prevent nuisance caused by the storage, handling and collection of refuse.

Whether the sale of take-away food is proposed and the measures planned to prevent littering in the vicinity and to clear up any litter that occurs. Litter includes both chewing gum and smoking related litter. Premises may need to make provision for patrols to clear up litter.

Whether queuing is likely and the steps proposed to prevent queuing, or to divert queues away from residential properties.

The measure proposed for the management of people leaving premises to smoke and for their readmission.

Whether other measures to prevent nuisance such as the use of CCTV or the employment of registered door supervisors are appropriate.

#### **6.4 Conditions**

The Guidance sets out a pool of conditions that relate to the prevention of public nuisance. In addition the Licensing Authority has devised a pool of conditions which can be found on the Council's website.

With regard to existing premises with non-audibility conditions the enforceability of these is now in question. In the event that premises subject to such a condition were found to be breaching that condition a review of all enforcement options would be undertaken to decide on the most appropriate course of action. If this results in a review of the licence a suitable condition would be added taking into account current noise guidance.

Hours of opening and hours for each licensable activity must be included in Operating Schedules. Conditions will be attached relating to the hours when premises are permitted to open in order to prevent public nuisance. Conditions could be appropriate to limit the times when certain licensable activities take place, although the premises may be open to the public at such times. For example, there may be reason to have a condition specifying the time at which music ceases to be played in a bar or at an open air concert, which is prior to the end of other licensable activities. Stricter conditions will be applied in areas of denser residential accommodation.

Conditions will be attached to premises where appropriate. These conditions are designed to reduce the impact of a public nuisance arising from the operation of the premises. The conditions may include the following:

- Maximum noise levels over particular time periods – Noise controls and limits specified within the licence will be set in line with relevant guidance currently the Noise Council Guidance and the World Health Organisation Guidelines for Community Noise.
- Installation of sound limiters.
- Acoustic lobbies.
- Provision of signs.
- Publicity and verbal advice to patrons to leave quietly.
- Controlling nuisance from light pollution.
- Taking food and drink outside the premises.
- Fly posting.
- Distribution of leaflets.
- Litter and cleaning outside of the frontage and in the vicinity of the premises.

## **7. The Protection of Children from Harm**

## **7.1 The Policy**

To protect children from harm, the Licensing Authority will apply the following criteria and take into account the following considerations, where relevant, in determining applications and reviews:

## **7.2 Criteria**

Whether there are appropriate measures in place to protect children from harm

The admission of children to premises holding a premises licence or club premises certificate will normally be freely allowed without restricting conditions unless the Licensing Act 2003 imposes such a restriction or there are good reasons to restrict entry or to exclude children completely.

## **7.3 Considerations**

Whether there are effective means to check the age of those young people who appear under 21, or under 25, to ensure that alcohol is not sold to those under 18 and those under 16 are accompanied in alcohol led premises.

Whether the supply of alcohol for consumption on the premises is the exclusive or primary purpose of the services provided at the premises.

Whether accompanied children under 16 on the premises of which the primary purpose is supply of alcohol for consumption on the premises are taking a table meal or are being entertained by a live performance.

The hour to which accompanied children under 16 are proposed to be on the premises where the exclusive or primary purpose of the services provided at the premises is the supply of alcohol for consumption on the premises.

Whether due regard is paid to industry codes of good practice on the labelling and display of alcoholic drinks. The Licensing Authority supports the Portman Group Code of Practice on the Naming, Packaging and Promotion of Alcoholic Drinks. It is recommended premises licensed for the sale of alcohol comply with the Code.

Whether there are adequate procedures for identifying unaccompanied or lost children and ensuring that they are kept safe and adequately supervised until they can be handed over to a responsible adult.

The likelihood of children being attracted to the premises; e.g. by the nature of activities or facilities provided whether or not these are licensed.

Whether there is evidence of heavy, binge or underage drinking on the premises.

Whether there is evidence of drug taking or dealing on the premises.

Whether the premises commonly provides entertainment or services of an adult or sexual nature.

Whether there is a strong element of gambling on the premises (but not, for example,

the presence of a small number of cash prize gaming machines).

Whether films are to be shown and the measures to restrict children from viewing age restricted films classified according to the recommendations of the British Board of Film Classification or the Council itself.

If performances or activities are likely to attract children, the number of adults required for the supervision of children.

Where play facilities are provided if an adequate risk assessment has been made and appropriate measures taken.

The measures taken to ensure that those supervising or having significant contact with children have been appropriately vetted to ensure that they pose no risk to children.

Proposals for the provision or arrangement for safe transport of children.

#### **7.4 Conditions**

The Guidance sets out suggestions for conditions that venue operators may offer relating to the protection of children from harm. This includes the protection of children from moral, psychological and physical harm. In addition the Licensing Authority has devised a pool of conditions which can be found on the Council's website.

In line with the Guidance conditions may be attached relating to the access or, where necessary, the exclusion of people under the age of 18 to a premises licence or club premises certificate where there is:

- A history of offences relating to underage drinking.
- A known association with drug taking or dealing.
- A strong element of gambling on the premises.
- Entertainment of an adult or sexual nature is commonly provided.
- Films shown with age restricted classification.

In line with the Guidance, where they are appropriate, conditions limiting the access of children should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions could include:

- Requirements for adequate procedures to check ages in premises where alcohol is served.
- Limitations on the hours when children may be present.
- The exclusion of children under certain ages when particular specified activities are taking place.

- Age restrictions (below 18).
- Requirements for accompanying adults.
- Restrictions on the parts of premises to which children may have access.
- Full exclusion of people under 18 from the premises when any licensable activities are taking place

As a Licensing Authority the Council will impose conditions on film exhibitions in order to protect children from inappropriate exposure to portrayals of violence or sexual activities, strong language and sexual expletives.

At premises and performances which are likely to attract a substantial number of children, the Licensing Authority may attach conditions requiring the presence of a sufficient number of adult staff on the premises to ensure the well being of the children during an emergency.

## **8. Early Morning Restriction Orders (EMRO)**

A Licensing Authority can introduce an EMRO in a particular area if they are satisfied it is appropriate for the promotion of the licensing objectives. An EMRO can restrict sales of alcohol in the whole or part of the Licensing Authority's area for any specified period between 12 midnight and 6 a.m. If an EMRO is introduced it would apply to premises licences, club premises certificates and temporary event notices that operate within the specified area and period.

The introduction of an EMRO could be suggested by the public or the Police. A Licensing Authority is required to advertise any proposal to make an EMRO and demonstrate that they have evidence to justify doing so, as well as considering any representations.

The Licensing Authority will review the need for EMRO's at least every five years in line with the review of this policy to see if circumstances have changed and any are needed, however, the Licensing Authority would consider an EMRO at any time if circumstances changed and evidence supported this course of action.

There are currently no EMRO's in place within North West Leicestershire District.

## **9. Late Night Levy**

A late night levy enables Licensing Authorities to raise a contribution from late-opening alcohol suppliers towards policing the night-time economy. It is a power that Licensing Authorities can choose whether or not to exercise.

The levy must cover the whole of the Licensing Authority's area. The Licensing Authority will choose the period during which the levy applies every night, between midnight and 6 a.m., and decide what exemptions and reductions should apply.

The Licensing Authority should discuss the need for a levy with the relevant Police and Crime Commissioner and the relevant Chief Officer of Police. The Licensing Authority will then decide whether to move to the next stage in the process and

consult on its proposal to introduce a late night levy.

Should a Licensing Authority be considering the introduction of a levy, they will prepare and publish a consultation document stating its intention to introduce a levy, its proposed design and the services to be funded with the levy revenue. A Licensing Authority will then consider all consultation responses with a final proposal being put to full Council for their consideration.

The Licensing Authority will review the need for a Late Night Levy at least every five years in line with the review of this policy to see if circumstances have changed and whether a levy is needed, however, the Licensing Authority would consider a Late Night Levy at any time if circumstances changed and evidence supported this course of action.

A Late Night Levy is not considered appropriate for the promotion of the licensing objectives.

## **10. Special Policy on Cumulative Impact (Stress Area)**

Cumulative impact is the potential impact on the licensing objectives of a significant number of licensed premises concentrated in one area.

In certain areas the number, type and density of premises selling alcohol may be associated with serious problems of crime and disorder and/or public nuisance. If this is the case the Licensing Authority may adopt a special policy.

The Licensing Authority in considering whether to adopt a special policy has taken the following steps:

- Identify concern about crime and disorder or public nuisance in the area.
- Consider whether there is good evidence that crime and disorder or nuisance are happening and caused by the customers of licensed premises, or that the risk of cumulative impact is imminent.
- Where it can be demonstrated that disorder or nuisance is arising as a result of customers of licensed premises, the boundaries of the disorder or nuisance of that area will be identified.
- Consult with those specified in section 5(3) of the Licensing Act 2003, and subject to the outcome of the consultation,
- Adopt a special policy, and publish details in the licensing policy statement.

The Licensing Authority recognises that there can be confusion about the difference between “need” and “cumulative impact” of premises on the licensing objectives, for example, on crime and disorder. “Need” concerns the commercial demand for another pub, restaurant, etc. This is not a matter for a Licensing Authority in discharging the licensing functions or for this statement of licensing policy.

Any special policy will not be used to:

- Revoke a licence or certificate when representations are received about problems with existing premises.
- Justify the rejection or variation of a licence or certificate except where the modifications are directly relevant to the policy.
- Adopt quotas or set terminal hours in a particular area that pre-determine the

individual merits of any application.

The Licensing Authority recognises that once away from licensed premises, there is always a risk that a minority of consumers will behave badly and unlawfully. In these circumstances, there are other mechanisms available for addressing such issues for instance:

- Planning controls.
- Positive measures to create a safe and clean town centre environment in partnership with local businesses, transport operators and other departments of the local authority.
- The provision of CCTV surveillance in town centres, ample taxi ranks, provision of public conveniences open late at night, street cleaning and litter patrols.
- Powers of local authorities to designate parts of the Local Authority area as places where alcohol may not be consumed publicly.
- Police enforcement of the general law concerning disorder and anti-social behaviour, including the issuing of fixed penalty notices.
- The prosecution of any personal licence holder or member of staff at such premises who is selling alcohol to people who are drunk.
- The confiscation of alcohol from adults and children in designated areas.
- Police powers to close down instantly for up to 24 hours any licensed premises or temporary event on grounds of disorder, the likelihood of disorder or noise emanating from the premises causing a nuisance.
- The power of the police, other responsible authorities or a local resident or business to seek a review of the licence or certificate in question.

## **Special Policy – Cumulative Impact – Ashby de la Zouch Town Centre**

Having had regard to the legislation, guidance, representation from the Leicestershire Police and following the necessary consultation, the Licensing Authority has determined that a special policy should apply in respect of Ashby de la Zouch town centre. Evidence supporting the necessity of the special policy made reference to both crime and disorder and public nuisance. The area of the special policy is marked on the map at Appendix 1. Premises fronting these roads are deemed to be within this area.

The special policy was initially adopted by the Licensing Authority in November 2005 and has been regularly reviewed. The special policy in respect of Ashby de la Zouch town centre has been retained following reviews of the policy in 2008, 2011 and 2013.

The effect of the Ashby de la Zouch Town Centre special policy is the creation of a rebuttable presumption that applications for **new premises licences or club premises certificates or variations** will normally be refused, following relevant representations, unless the applicant can demonstrate in their operating schedule that there will be no negative cumulative impact on one or more of the licensing objectives. This special policy applies to applications from **all types of premises** operating between **20:00 and 06:00**

The presumption contained in the special policy does not relieve responsible authorities or other persons of the need to make a relevant representation before the

Licensing Authority may lawfully consider giving effect to the special policy. If no representation is received, it remains the case that any application must be granted in terms that are consistent with the operating schedule submitted.

This special policy adopted by the Licensing Authority will be regularly reviewed.

The Licensing Authority recognises that this policy cannot be absolute and will continue to consider each application properly on its merits and those that are unlikely to contribute to the cumulative impact problems will be granted.

Where the Licensing Authority decides that an application should be refused, it will still need to show that the grant of the application would undermine the promotion of one of the licensing objectives and that appropriate conditions would be ineffective in preventing the problems involved.

## **11. Licensing Hours**

It is recognised that flexible licensing hours are important to ensure that concentrations of customers leaving licensed premises simultaneously are avoided. This can help to reduce the potential for disorder at fast food outlets, taxi ranks and other sources of transport.

However any licensable activity does have the potential to impact adversely on the surrounding area due to disturbance or crime and disorder. Customers may be noisy when leaving or leave litter. The impact of these activities can be particularly intrusive at night when ambient noise levels are much lower.

The Licensing Authority welcomes the development of a wide ranging and culturally diverse night-time economy where this can be achieved whilst the businesses are promoting the four licensing objectives.

Under the Act there are no permitted hours for the sale of alcohol. Applicants are able to suggest in their operating schedule the hours they wish to open and to apply to vary their existing licences if they wish to open beyond their current permitted hours.

Restrictions may be made to the proposed hours of use where, after receiving relevant representations, the Council considers it appropriate for the promotion of the licensing objectives to do so.

In relation to shops and other retail outlets supplying alcohol for consumption off the premises, the general policy will be to allow sales of alcohol at all times that the outlet is open for business. Any decision not to allow sales of alcohol at particular times will be based on the promotion of the licensing objectives.

The Licensing Authority will seek to avoid arbitrary restrictions on hours of opening that would undermine the principle of flexibility.

## **12. Lapsed Licences, Insolvency and Death**

In cases where licences have lapsed through insolvency or death, the Council will generally grant a new licence on similar terms to the lapsed licence as a replacement.

Any reapplication will be treated in the same way as other applications. Should representations be received and not resolved the matter will be decided by a hearing.

The Council will take into account the previous history of the premises, the length of time the premises has been closed, and any problems at the premises, and will impose conditions that reflect current good practice for the type of business proposed at the premises.

### **13. Variation of Licences**

Variations to premises licences or club premises certificates that do not/will not impact adversely on the licensing objectives are subject to a simplified 'minor variations' process.

Minor variations will generally fall into four categories: minor changes to the structure or layout of premises; small adjustments to licensing hours; the removal of out of date, irrelevant or unenforceable conditions or the addition of volunteered conditions; and the addition of certain licensable activities.

On receipt of an application for a minor variation, the Licensing Authority will consider whether the variation could impact adversely on the licensing objectives. When considering an application, the Licensing Authority will consult relevant Responsible Authorities and take into account their views if there is any doubt about the impact of the variation on the licensing objectives.

The Licensing Authority will consider any relevant representations received from Other Persons in arriving at a decision. There is no right to a hearing.

The Licensing Authority will not use an application for the variation of a licence as a means to review the licence conditions already granted.

### **14. Transfer of Licences**

When considering an application for the transfer of a premises licence, the Licensing Authority will only have regard to the individual circumstances of the case as set out in any objection raised by the police on the grounds that the transfer will undermine the crime prevention objective.

### **15. Provisional Statements**

An application for a provisional statement will be considered in the same way as would an application for a premises licence or club premises certificate, on the assumption that the works are completed as per the schedule of works submitted by the applicant.

### **16. Review of Licences**

At any stage, following the grant of a premises licence or a club premises certificate a Responsible Authority or any Other Person may apply to the Licensing Authority for a review of the licence or certificate. A member of the club may also apply for review of a club premises certificate.

The application for review must relate to particular premises for which a premises licence or club premises certificate is in existence and must be relevant to the promotion of the licensing objectives.

Where an application for review is made the Licensing Authority will initially consider whether the application is relevant, vexatious, frivolous or repetitious. A repetitious representation is one that is identical or substantially similar to:

- A ground for review specified in an earlier application for review made in relation to the same premises which has already been determined.
- Representations considered by the Licensing Authority when the licence or certificate was first granted.
- Representations which would have been made when the application for the licence or certificate was first made and which were excluded by reason of the prior issue of a Provisional Statement

A reasonable interval must have elapsed since an earlier review or the grant of the licence. The Licensing Authority considers that a review originating from any Other Person should not normally be permitted within a period of 12 months on similar grounds.

## **17. Personal Licences**

The Licensing Authority recognises the important role that personal licence holders have to play in the promotion of the licensing objectives at premises selling alcohol. For this reason personal licence holders are required to have prescribed training and not have relevant convictions, which would indicate their unsuitability.

Every sale of alcohol at a licensed premises is required to be made or authorised by a personal licence holder.

When applying for a personal licence, the Licensing Authority require applicants to produce a Disclosure Scotland certificate that is no older than one month. All applicants are also expected to make a clear statement as to whether or not they have been convicted of a relevant offence or an equivalent foreign offence outside England and Wales.

## **18. Permitted Temporary Activities**

Where a person wishes to use premises for one or more licensable activities for a period not exceeding 168 hours, that person can serve a:

- Standard Temporary Event Notice (TEN) on the Licensing Authority notifying it of the event. The TEN must be served on the Licensing Authority and a copy served on the Police and Environmental Health, as Responsible Authorities no later than ten clear working days before the event is to begin. To avoid confusion, the ten working days does not include weekends, public holidays, the day of receipt of the TEN and the day of the event itself.
- Late Temporary Event Notice (LATE TEN) on the Licensing Authority notifying it of the event. The TEN must be served on the Licensing Authority and a copy

served on the Police and Environmental Health, as Responsible Authorities no later than 5 working days before the first day of the event and no earlier than 9 working days before the first day of the event. To avoid confusion, the ten working days does not include weekends, public holidays, the day of receipt of the TEN and the day of the event itself.

Whilst the Licensing Authority recognise that 10 working days is the minimum notice that may be given in respect of a TEN, the Licensing Authority would encourage such notices to be given at least 28 days before the event.

The maximum number of persons allowed on the premises at the same time during the temporary event is 499.

If alcohol is to be supplied, all supplies must be carried out by or under the authority of the person serving the TEN, and that person need not hold a personal licence.

Only the Police and Environmental Health may object to the staging of a temporary event. If they believe that any of the four licensing objectives will be undermined by the event they will issue an 'Objection Notice'.

Where an Objection Notice is received in relation to a standard TEN, a licensing sub-committee will be held to determine the notice within seven working days of the Objection Notice being issued. A hearing may not be necessary if an agreement can be reached beforehand.

Where an Objection Notice is received in relation to a LATE TEN, the event will automatically be refused authorisation. There is no right of appeal in this instance.

There are limitations on the number of TENS that individuals can give and which can be given in relation to a particular premises.

The Act provides that only the Licensing Authority can impose conditions (from the existing conditions on the premises licence or club certificate) to a TEN. The Licensing Authority can only do so:

- If the Police or Environmental Health have objected to the TEN.
- If the objection has not been withdrawn.

## **19. Integrating strategies**

The Licensing Authority will seek to achieve integration with the other strategies related to the availability and consumption of alcohol and the reduction of crime and disorder and will consult with the appropriate organisations to achieve this.

### **19.1 Safer North West Partnership**

The Licensing Authority recognises its responsibility to address issues relating to crime and disorder and is committed to working together, with other partners, to make North West Leicestershire a safe and attractive area in which to live, work, study and socialise.

The Licensing Authority, in making decisions will consider the Community Safety Strategy and the work undertaken by the Safer North West Partnership, especially relating to tackling crime and anti-social behaviour.

## **19.2 Planning**

The Licensing Authority will ensure that planning and licensing regimes are properly separated. Applicants must bear in mind that it may be necessary to obtain both planning permission and an appropriate licence/certificate. In such cases applicants are encouraged to seek planning permission first. However, applications for Licences and Certificates may be made before any relevant planning permission has been sought or granted by the Planning Authority.

## **19.3 Building Control**

The Building Regulation process is a separate system to the licensing regime.

Applicants should ensure that all necessary approvals have been obtained before the premises begin operating.

## **19.4 Promotion of Equality**

In developing this strategy, the Licensing Authority has recognised its responsibility, under the Equalities Act 2010 to consider the need to eliminate unlawful discrimination and to promote equal opportunity and good race relations between persons of different racial groups.

## **19.5 Disabled Access**

The Licensing Authority would remind operators of premises of their duties under the Equalities Act 2010. This includes a duty that any person who provides a service to the public must make reasonable adjustments to enable a disabled person to access the service.

## **19.6 Transport**

The Transport Strategy is set out in the Local Transport Plan (LTP) produced by the Leicestershire County Council. The plan sets out the main proposals for achieving an integrated transport system to tackle the adverse impacts of traffic growth. The intention is to encourage greater use of public transport, walking and cycling by making these more attractive.

# **20. Related Policies**

## **20.1 Street Trading Policy**

North West Leicestershire District Council administers a Street Trading Consent scheme. Various areas within this District are deemed consent areas within which traders require a consent.

Those street traders who provide hot food or drink between 23:00 and 05:00 hours also require a premises licence under the Licensing Act 2003.

Street traders equipped with a mobile catering vehicle may apply for a premises licence to supply late night refreshment but as part of the application process will be required to provide the details of the area in which they want to trade. This trading area will be quite well defined within the broader landscape and will act as the 'premises'. Trading will not be allowed outside the 'premises' area. The applicant will also be required to provide a description including photographs of their mobile catering vehicle.

To make a change to the vehicle or the 'premises' trading area a licence holder will be required to submit a fresh premises licence application.

## **20.2 Sex Establishment Venues (SEV)**

The Council introduced its SEV policy on 29 March 2011 and although there is an understanding that no SEV licences will be granted the policy does accept there may be exceptional circumstances where this principle may be overturned. Should a SEV licence be granted its conditions will be integrated with any Licensing Act authorisation.

Licence holders taking advantage of the facility to have up to 11 events in any 12 month period must take all measures to comply with the four licensing objectives. Failure to comply may result in the premises licence/club premises certificate being reviewed.

## **21. Avoiding Duplication**

The Licensing Authority will seek to avoid duplication with other regulatory regimes (e.g. Health and Safety at Work Act) insofar as attaching conditions to premises' licences and club premises certificates.

Conditions will only be attached where they are necessary and proportionate for the promotion of the licensing objectives. If duties are already imposed by other legislation it cannot be considered necessary to impose the same or similar duties in the context of the Licensing Act 2003.

## **22. Standardised Conditions**

The Licensing Authority will only attach conditions to premises licences and club premises certificates that are tailored to the individual style and characteristics of the premises and events concerned and where they are appropriate and proportionate for the promotion of one or more of the licensing objectives.

The Guidance contains a pool of conditions from which the Licensing Authority may draw appropriate conditions to cover particular circumstances. However, it is not intended to be an exhaustive list and other specific conditions may be appropriate.

A number of conditions are mandatory and are required to be applied to some licences or certificates. These relate to such things as the requirement for a designated premises supervisor where alcohol is to be sold, preventing under age admission to age restricted films and the requirement that door supervisors are licensed by the Security Industry Authority. The list of mandatory conditions can be

found within the legislation and Guidance.

## **23. Enforcement**

The Licensing Authority will carry out its responsibilities for enforcement so as to promote each of the four licensing objectives.

The Licensing Authority will develop and review enforcement protocols in consultation with the police and other relevant enforcing authorities.

Enforcement activities will be targeted in terms of risk and so as best to promote the licensing objectives. In addition account will be taken of the general enforcement policy of the Licensing Authority, which aims to ensure that enforcement is transparent, fair, reasonable and proportionate.

The Licensing Authority will investigate complaints relevant to the four licensing objectives in relation to licensed premises. In the first instance, complaints will be encouraged to raise the complaint directly with the licensee or business concerned. Where a Responsible Authority or any other person has made:

- Valid representations about licensed premises; or
- A valid application for a licence to be reviewed;

then the Licensing Authority may initially arrange a mediation meeting to address, clarify and try to resolve the issues of concern.

North West Leicestershire District Council will continue to support and participate in the Leicester and Leicestershire Licensing Best Practice Group – The licensing group aims to:

- Develop consistency in approach and procedure between Licensing Authorities and Responsible Authorities.
- Develop liaison with agencies and other relevant organisations.
- Promote best practice.

North West Leicestershire District Council will continue to support and participate in the Leicester and Leicestershire Regulatory Services Partnership – The Partnership aims to:

- Act as a strategic forum for licensing.
- Enhance the potential for sharing resources.

## **24. European Union Services Directive**

The EU Services Directive provides a mechanism for its citizens to apply for alcohol licences in other member states. That mechanism allows an applicant to make an application electronically, through the Licensing Authority's web site. Payments can also be made electronically. Where applications are made through this system the Licensing Authority will notify all responsible authorities on behalf of the applicant.

The Licensing Authority's EU Services Directive web pages can be found at

[www.nwleics.gov.uk/pages/licences](http://www.nwleics.gov.uk/pages/licences) and street trading.

## **25. Delegation of Functions**

The following will be determined by either the Licensing Committee or one of its sub-committees:

- Application for a personal licence where there are relevant unspent convictions.
- The review of a premises licence or club premises certificate.
- Decision to object when the Local Authority is the consultee and not the relevant authority considering the application.
- Determination of a Police objection to a temporary event notice.
- Determination of an Environmental Health objection to a temporary event notice.

The following will be determined by either the Licensing Committee or one of its sub-committees where a relevant representation has been made:

- Application for a personal licence.
- Application for a premises licence or club premises certificate.
- Application for a provisional statement.
- Application for variation to a premises licence or club premises certificate.
- Application to vary a designated premises supervisor.
- Application for transfer of a premises licence.
- Application for interim authority.

The Licensing Authority will ensure that all members appointed to serve as members on the Licensing Committee have undergone appropriate training before they act in that capacity.

A table of delegations of licensing functions is detailed at Appendix 2

## **26. Appeals**

Applicants and those making representations in respect of applications and reviews to the Licensing Authority have the right of appeal to the Magistrates' Court against the Licensing Authority's decisions. Further information on how to appeal can be obtained by contacting Leicester Magistrates Court, The Court House, 15 Pocklington Walk, Leicester LE1 6BT

## **27. Fees**

Following amendments that came into force in October 2012 the Licensing Act 2003 requires a Licensing Authority to suspend a premises licence or club premises certificate if the annual fee is not paid when it is due.

## **28. Period of Validity and Review**

This statement of licensing policy will come into force on **DATE TO BE INSERTED** and be valid for five years, subject to review.

The policy will be kept under review during that period and if necessary amendments

made.

## **29. Contacts**

Anybody wishing to contact the Licensing Authority with regard to this Policy Statement can do so as follows:

In writing to: Environmental Health - Licensing  
North West Leicestershire District Council  
Council Offices  
Coalville  
Leicestershire  
LE67 3FJ

By e-mail to: [licensing@nwleicestershire.gov.uk](mailto:licensing@nwleicestershire.gov.uk)
