

**Priority- This indicator relates to the area of Communities and Housing**

**Outcome- We will aim to be carbon neutral as a Council by 2030, and as a district by 2050**

<b>Measure</b>	There are several key actions to progress this measure: - <ul style="list-style-type: none"> <li>• Progress action plan</li> <li>• Report on Scope 1 (gas, HVO) &amp; Scope 2 (electric) emissions</li> <li>• Development of Scope 3 reporting plan (indirect, purchasing, investments)</li> </ul>	<b>Reviewing Body</b>	This Key performance indicator will be reviewed by: - CLT\Cabinet\Corporate Scrutiny
<b>Definition</b>	Progress in respect of this KPI will be reported Annually	<b>Why this is important</b>	Put simply, net zero means we are not adding new emissions to the atmosphere. Emissions will continue but will be balanced by absorbing an equivalent amount from the atmosphere. Carbon Emissions contribute to climate change and if we continue to pump out the gasses which contribute to global warming, temperatures will rise to a level which threaten the lives and livelihoods of all of us
<b>How will we measure success?</b>	We will have reduced carbon emissions from all our council operations to zero by 2030. We will have delivered our ambitious zero carbon programme, reduced our energy use, reduced our impact on the environment, and reduced our carbon emissions from all Council operations by 2030.	<b>Actions we are taking to ensure success</b>	Various actions as set out in the action plan
<b>History with this indicator</b>			
<b>2022/3 Baseline Data (if available)</b> 982.6 tCO2e 22/23		Will be available at the end of the year – 21/22 figure set out above

<b>Overview of Performance</b>				<b>Actions needed to Improve/Sustain Performance</b>	
<b>Benchmarking</b>					

Priority- This indicator relates to the area of Clean and Green and Zero Carbon District

Outcome- Increasing Biodiversity within our District

<p><b>Measure</b></p>	<p>We will achieve a minimum of 10% biodiversity net gain (BNG) on developments across the District that are subject to the provisions of the Environment Act 2021 through applications approved by the Planning Service.</p>	<p><b>Reviewing Body</b></p>	<p>This Key performance indicator will be reviewed by: - CLT Corporate Scrutiny Planning Committee DLUHC</p>
<p><b>Definition</b></p>	<p>The requirement for BNG is enforced by the 2021 Environment Act, which introduced an automatic new condition to every planning permission granted (with some exemptions including householder applications and permitted development rights) for a biodiversity net gain (BNG) of 10% on large developments (<b>10 or more houses or greater than 1000 sq. meters of floorspace</b>) from November 2023-April 2024 and large and small developments (<b>less than 10 houses and 1000 sq. meters of floor space</b>) from April 2024.</p>	<p><b>Why this is important</b></p>	<p>Biodiversity net gain (BNG) is a strategy to develop land and contribute to the recovery of nature. It is a way of making sure the habitat for wildlife is in a better state than it was before development.</p> <p>Mandatory Biodiversity Net Gain (BNG) will apply to large developments granted planning permission from November 2023 and large- and small-scale developments from April 2024.</p> <p>Under the <a href="#">Environment Act 2021</a>, all planning permissions granted in England (with a few exemptions such as householder developments and permitted development rights) except for small sites will have to deliver at least 10% biodiversity net gain from November 2023. BNG will be required for small sites from April 2024. BNG will be measured using Defra’s biodiversity metric and habitats will need to be secured for at least 30 years.</p>

<b>How will we measure success?</b>	We will have delivered a minimum of 10% biodiversity net gain on all large developments across the District from November 2023 and large and small developments from April 2024	<b>Actions we are taking to ensure success</b>	Updated and increased level service level agreement with Leicestershire County Council to provide support on biodiversity net gain.  Section 106 agreement monitoring  Planning enforcement monitoring

<b>Benchmarking</b>					

**Priority- This indicator relates to the area of Planning and Regeneration**

**Outcome – We will adopt a new local plan by 2026**

<b>Measure</b>	The agreement and adoption of a Local Plan by 2026.  Delivery in accordance with up-to-date local development scheme	<b>Reviewing Body</b>	This Key performance indicator will be reviewed by: - CLT Local Plan Committee Cabinet Council			
<b>Definition</b>	Delivery of an up-to-date local plan is a statutory requirement and will provide planning policies to manage new development and growth in the district across the plan period 2020-2040	<b>Why this is important</b>	The Local Plans set out a vision and a framework for the area and provides the Council with control over where new development is located. These are developed in conjunction with the local Community. Once in place, Local plans become part of the statutory development plan, which is the starting point for making decisions on planning applications.			
<b>How will we measure success?</b>	Through annual reporting of the Local Development Scheme to Local Plan Committee.  Adoption of the new local plan following external examination by 2026 with the potential to span over the calendar years of 25/26 and 26/27	<b>Actions we are taking to ensure success</b>	Assessment of workload to ensure that there is an appropriate level of staff/resource to deal with the preparation of the Local Plan.  Briefings with Strategy Group, portfolio holders and members to update them on local plan issues and potential site allocations.

**Outcome- We will effectively manage unauthorised development.**

<b>Measure</b>	Reduce the number of live planning enforcement cases and unauthorised development	<b>Reviewing Body</b>	This Key performance indicator will be reviewed by: - CLT Corporate Scrutiny Planning Committee			
<b>Definition</b>	The planning system regulates the development and use of land in the public interest, under powers set out in the <a href="#">Town and Country Planning Act 1990</a> and the council has various enforcement powers.	<b>Why this is important</b>	When development is carried out without planning permission when required, it does not properly follow the detailed plans or comply with conditions attached to planning permissions, serious harm can be caused to the environment or the way that people live. Residents and businesses have a right to expect that harmful activities and unauthorised developments are dealt with effectively.			
<b>How will we measure success?</b>	A reduction of the number of enforcement cases to a manageable level of two hundred cases	<b>Actions we are taking to ensure success</b>	Recruitment of a new Planning Enforcement Team Leader and Planning Enforcement Officer.			
<b>History with this indicator</b>	Cases have been high due to recruitment issues		Short term use of agency staff to help reduce the number of live planning enforcement cases in 2023/24			
<b>2022/3 Baseline Data (if available) The current baseline is three hundred live planning enforcement cases per annum</b>						
	<b>Annual Target</b>	<b>Q1 April- June</b>	<b>Q2 July- September</b>	<b>Q3 October- December</b>	<b>Q4 January- March</b>	
<b>2023/24</b>	The Planning Advisory Service (PAS) will be engaged to review existing processes and procedures and support service improvements					
<b>2024/25</b>	Develop a new Planning Enforcement policy.

**Priority- This indicator relates to the area of Planning and Regeneration**

**Outcome – We will secure high quality design in new developments.**

<p><b>Measure</b></p>	<p>We will secure high quality design in new developments.</p> <p>Compliance with the requirements of Good Design for North West Leicestershire Supplementary Planning Document for new developments</p>	<p><b>Reviewing Body</b></p>	<p>This Key performance indicator will be reviewed by: - CLT Planning Committee annually External design review on strategic applications</p>
<p><b>Definition</b></p>	<p>The Good Design Guide for North West Leicestershire will provide advice to planning applicants and developers about what the Council requires with respect to the design quality of proposed new developments.</p>	<p><b>Why this is important</b></p>	<p>To ensure all new Developments within the District show excellence and quality in their design.</p> <p>The Good Design for North West Leicestershire gives us the ability to make sure we can be proud of our built environment and the developments we approve to be built.</p> <p>New development offers us the opportunity to use good design to create socially and economically vibrant places that work well for everyone. Well-designed buildings and spaces create meaningful places – places that people are proud of, will last for generations and help to make people’s lives happier and more fulfilling.</p>
<p><b>How will we measure success?</b></p>	<p>We will have developed a new local design guide and new developments will comply with it.</p>	<p><b>Actions we are taking to ensure success</b></p>	<p>Assessment of workload to ensure that there is an appropriate level of resource to produce and adopt the Good Design Guide.</p> <p>Working and engaging closely with stakeholders and partners to ensure support for the document.</p> <p>External design review (Design Midlands) on strategic sites</p>
<p><b>History with this indicator</b></p>	<p>Performance monitored in the last Council was consistently high – see below</p>		

<b>2022/3 Baseline Data (if available)</b> All major residential schemes in 22/23 secured a high-quality design in compliance with the Good Design SPD					
	<b>Annual Target</b>	<b>Q1 April- June</b>	<b>Q2 July- September</b>	<b>Q3 October- December</b>	<b>Q4 January- March</b>
<b>2023/24</b>	Develop a new Design Guide for North West Leicestershire adopting current best practice in accordance with the Governments National design guide.  Undertake public consultation on the new Design Guide for North West Leicestershire.				
<b>2024/25</b>	Adopt the new design guide for North West Leicestershire New development complies with the requirements of the adopted design guide.				
<b>2025/26</b>	New development complies with the requirements of the adopted design guide.				
<b>2026/27</b>	New development complies with the requirements of the adopted design guide.				

2027/28	New development complies with the requirements of the adopted design guide.

**Priority- This indicator relates to the area of Communities and Housing**

**Outcome-Our private rental tenants across the district are able to live safely in their homes.**

<b>Measure</b>	Compliance of Private Landlords with Minimum Energy Efficiency Standards (MEES) at E or above)	<b>Reviewing Body</b>	This Key performance indicator will be reviewed by: - CLT\Cabinet\Corporate Scrutiny		
<b>Definition</b>	This will be measured quarterly	<b>Why this is important</b>	We are a customer focussed organisation therefore the safety of our residents is important to us		
<b>How will we measure success?</b>	At least 90% of our private landlords will reach minimum energy efficiency standards for their home by 2028. We will have published a Private Sector Housing Charter to clearly set out our expectations of landlords and what tenants can expect	<b>Actions we are taking to ensure success</b>			
<b>History with this indicator</b>	This is a new indicator				
<b>2022/3 Baseline Data (if available)</b> 68% Private Landlord compliance with the MEES standard as at June 2023					
	<b>Annual Target</b>	<b>Q1 April- June</b>	<b>Q2 July- September</b>	<b>Q3 October- December</b>	<b>Q4 January- March</b>
2023/24	70%				
2024/25	75%				
2025/26	80%				
2026/27	85%				
2027/28	90%

**Priority- This indicator relates to the area of Communities and Housing**

**Outcome-We will have reviewed our waste service so that it is easy for the public to use and our recycling performance will be improved.**

<b>Measure</b>	The Department for Environment, Food and Rural Affairs (Defra) has released the UK's statistics on waste from 2021 and release the recycling rate figures annually.	<b>Reviewing Body</b>	This Key performance indicator will be reviewed by: - CLT\Cabinet\Corporate Scrutiny			
<b>Definition</b>	The official figure is released by DEFRA annually- this KPI will also be tracked quarterly.	<b>Why this is important</b>	Recycling is important to the environment because it: - <ul style="list-style-type: none"> <li>• Reduces waste that is sent to landfills and incinerators, therefore cutting back on harmful greenhouse gas emissions that contribute to climate change and global warming.</li> <li>• Conserves important natural resources.</li> <li>• Prevents the spread of pollution.</li> <li>• Saves energy.</li> <li>• Produces lower carbon emissions by using less energy on sourcing and processing new raw materials.</li> </ul>			
<b>How will we measure success?</b>	Households in our district will recycle at least 52% of their waste (not including food waste) or at least 60% (including food waste) by 2028.	<b>Actions we are taking to ensure success</b>				
<b>History with this indicator</b>	46.6% recycling rate (2021/22 Defra figure)					
<b>2022/3 Baseline Data (if available) Not available until end of year</b>						
	<b>Annual Target</b>	<b>Q1 April- June</b>	<b>Q2 July- September</b>	<b>Q3 October- December</b>	<b>Q4 January- March</b>	
<b>2023/24</b>	<b>47%</b>					

2024/25	48%				
2025/26	49%				
2026/27	50%				
2027/28	52% by 2028 without food or 60% with food

**Priority- This indicator relates to the area of a well-run Council**

**Outcome- We will provide value for money services**

<b>Measure</b>	The Council's Services provide value for money and we are efficient and effective in our use of resources.	<b>Reviewing Body</b>	This Key performance indicator will be reviewed by: - CLT\Cabinet\Corporate Scrutiny			
<b>Definition</b>	This measure will consist of an unqualified opinion from an external Auditor and will be reported annually.	<b>Why this is important</b>	Our focus is on our customers and providing value for money means that we are making the most efficient use of public money and ensuring the financial sustainability of the Council.			
<b>How will we measure success?</b>	We will have been independently assessed by our external auditors and been given a clean bill of health	<b>Actions we are taking to ensure success</b>				
<b>History with this indicator</b>	<b>Unqualified VFM opinion from Mazars for 2020/21</b>					
<b>2022/3 Baseline Data (if available)</b>
