2.0 POLITICAL BALANCE REQUIREMENTS

2.1 In determining the membership of committees, account must be taken of the requirements of the Local Government (Committees and Political Groups) Regulations 1990 and 1991 made under sections 15 and 16 of the Local Government and Housing Act 1989. These Regulations require that seats on committees and sub-committees are allocated to the political groups in a way which reflects the overall balance on the Council; with some exceptions to any committees/working groups established under the Constitution. The allocation of seats on ordinary committees must be the same proportion as the number of Members of the Council as a whole. The Council has a duty when allocating or reviewing the allocation of seats on committees to give effect so far as is reasonably practicable to the following four principles:

- (i) all the seats are not allocated to the same political group;
- (ii) the majority of the seats go to the political group in the majority on the full Council;

- (iii) subject to the above two principles, the total number of seats on the ordinary committees of the Council are allocated to each political group in the same proportion as the group's representation on the full Council; and
- (iv) subject to the above three principles, the number of seats on each committee are allocated to each political group in the same proportion as the group's representation on the Council.

2.2 Appendix B provides guidance on determining proportionality for Political Balance and following the District by-election on 2 May 2024 an additional table showing the methodology for making the calculations will be circulated in the additional papers at the meeting.
