Coaville

Dear Sir/Madam,

Objection to Extension of Opening Hours for Bulls Head Garden, Ashby

The application to extend the licencing hours in the garden of the Bull's Head to 2.00am is unwarranted and unreasonable.

It is very likely that excessive noise will be made at times and the very fact that the garden is open and that people can consume alcohol up to 2.00am outdoors seems antisocial especially to the people living nearby.

Admittedly there are not many inhabitants nearby but there are some and they should be looked after.

Having drink served outdoors so late will surely lead to vandalism around this area of town? We note there has been some windows broken in the town lately linked with such behaviour,

At a recent meeting of the Civic Society 35 people agreed that we should object to this plan.

Yours sincerely,

K.G.Ward

Chairman
