On the grounds of preventing public nuisance,

I have been in discussions with the applicant and the premises management regarding the control of noise from the premises. Following this the applicant has provided an additional document regarding noise control from the premises.

I object to this application on the grounds of public nuisance relating to noise from the premises.

I would be satisfied with this applications and remove my objection on the following grounds:

1. The existing noise conditions are transferred to this application
2. The document submitted to me and entitled Noise and Customer Dispersal as supplied to the Licensing Authority– March 2016 is added to the licence by way of the following condition:

Prior to the approval of this application the applicant must prepare and submit a Noise and Customer Dispersal Plan for approval by the Licensing Authority. Once approved this document will form the operational parameters under which the premises will be operated and managed. The plan must address the following:

- Noise Pollution
- Dispersal Process
- Add more if necessary

The above plan must be reviewed annually (date to be agreed with Licensing Authority) and the Licence holder shall notify the Licensing Authority of the review commencing. If any amendments are made, such changes shall require the approval of the licensing Authority in consultation with any appropriate responsible authorities.

Signed: *Mary Rose Fitzgerald* Date: 29.03.2016
